

How to access Patient Keeper on IOS devices

For Patient Keeper access or questions, please email Robert Leung. Alex Peskovski, Malaika Chikazunga and Shamar Garcia

- 1. Go to the Apple App Store app.
- 2. Search for Patient Keeper
- 3. Select and install the app "PatientKeeper" not "PK8"
 - <u>iOS</u>

- 4. Once installed, open application
- 5. Tap Allow for the Notification prompt.

6. Enter your NetID in the Username Field and Password Field then tap Login.
