Participation in Annual Research Day is mandatory for all students in the School of Graduate Studies in SUNY Downstate Health Sciences University past their second year are required to make a presentation and graduate students in year 1 or 2 are encouraged to participate. Participation is encouraged for SUNY Downstate College of Medicine students, Public Health students, College of Nursing students, School of Health Professions students, post-doctoral fellows, graduate medical fellows, residents and undergraduates who are associated with SUNY Downstate Medical Center faculty members. Only students in the School of Graduate Studies are eligible to compete for awards or present at the platform session, but other entities on the campus may use the Research Day mechanisms to score and award prizes to their students or employees at the poster sessions. *Chairs or heads of departments should contact the School of Graduate Studies to identify their participants and who will be receiving the data.*

For the poster sessions, the size of the posters is not larger than 60' wide x 40' top to bottom, and the applicant is responsible for producing their own poster.

Eligibility is based on receipt of a full application (below) between **Monday, March 11th, 2024 and Wednesday, March 27th, 2024** and availability to present work at the poster session on **Wednesday, April 17th, 2024**.

2024 Awards
Faculty and alumni of Downstate Health Sciences University will judge the abstracts and presentations of the students in the School of Graduate Studies. **The School of Graduate Studies will competitively award a number of travel awards ranging from up to $250 to up to $2500 to eligible students in the School of Graduate Studies only.**

The deadline for this application is **March 27 at midnight**. **By submitting this application, you declare your intention to present at 2024 Annual Research Day.**
_____

Graduate Students will be judged using the following criteria. Other schools or departments are welcome to use the Graduate School scoring system and mechanism:

Presenter's contribution to the presented work: 30pts
Knowledge of Subject/Understanding of Scientific Significance: 20pts
Experimental Design for research studies or case description for case studies: 15pts
Abstract: 15pts
Clarity of Presentation 20pts
_____

Only one entry will be honored per person for competition. If more than one entry is entered, the last entry (entry with the most recent date) will be the one used. In rare cases, the Dean of the School of Graduate Studies will allow the display of an additional non-competitive poster, but this must be prearranged. Joint presentations may be allowed, but are are considered non-competitive for awards in the School of Graduate Studies.
