The State University of New York Downstate Health Sciences University does not discriminate on the basis of race, sex, sexual orientation, color, creed, age, national origin, handicap, marital status or status as a disabled veteran or veteran of the Vietnam era, in the recruitment and employment of faculty or staff, in the recruitment of students or in the operation of any of its programs and activities, as specified by Federal and State Laws or regulations. Applications are encouraged and welcomed from New York State residents, out-of-state students, and from members of underrepresented minority groups. New York State residents receive preference for admission. For more information, contact the Downstate's Office of Diversity and Inclusion at 718-270-1738. The information in this Handbook is as accurate as possible at the time of printing.

Front & Back cover Photos by Dr. Jeffrey S. Putman.

SUNY Downstate Health Sciences University reserves the right to alter existing rules and regulations, and academic programs, as deemed necessary by the institution. SUNY Downstate Health Sciences University expressly reserves the right, whenever deemed advisable: (1) to change or modify its schedule of tuition and fees; (2) to withdraw, cancel, or reschedule, or modify any course, program of study, degree or any requirement or policy in connection with the foregoing; and (3) to change or modify any academic or other policy. Essential changes of information in this Student Handbook concerning new academic regulations, policies, or programs will be published in newsletters or other University publications. It is the responsibility of each student to ascertain current information that pertains to the individual's program, particularly with regard to satisfaction of degree requirements by consultation with the student's advisor, the student's program, the office of the student's dean, the Office of Student Affairs, the Registrar's Office, and other offices as appropriate. In preparing this Student Handbook, every effort has been made to provide pertinent and accurate information; however, SUNY Downstate Health Sciences University assumes no liability for errors or omissions.

Special thanks and acknowledgment to the following institutions for permitting the replication and use of sections from their student handbooks and publications: SUNY Upstate Medical University, SUNY Albany, and SUNY Binghamton.

Wayne J. Riley, M.D., MBA, MPH, MACP
President

Dear SUNY Downstate Students:

Welcome to SUNY Downstate Health Sciences University for the 2020-2021 academic year! Older than the Brooklyn Bridge itself, Downstate celebrates a long and prestigious history of being at the forefront of medical education for more than 150 years!

Downstate is a center of academic excellence where you will acquire a solid foundation of the sciences, broad clinical knowledge, and a focused understanding of community and public health essential for success in the growing and changing medical, healthcare, scientific, nursing, and public health workforces. Our faculty believe strongly in developing each student's potential and encouraging independence of thought based on knowledge, reason, and responsible judgment.

The journey at Downstate will help define you as a professional. You will be thoroughly prepared for the dizzying pace of scientific discovery and new technologies, along with the challenge of becoming emerging leaders in your respective fields. Downstate is a special place with time honored values of professionalism, respect, innovation, diversity, and excellence. We improve lives by providing education for healthcare professionals, advancing research in biomedical science, health care and public health, and delivering high quality, patient-centered care.

Healthcare is a calling, not just a career. Compassionate, generous, humanistic, and empathetic towards others and the community are among the many qualities of individuals who chose healthcare as a profession. While at Downstate, you will find numerous inspiring examples in your classmates, preceptors, researchers, faculty, and staff with whom you will work closely.

This handbook provides valuable resources to aid in your success. Take some time to carefully review the information. We strive to provide the best possible resources for you, but if ever you should encounter difficulties, I encourage you to seek assistance from your Academic Dean or the Office of Student Affairs. Your success is our success!

Once again, welcome to the 2020-2021 academic year at Downstate. I wish you the very best and hope that your experience is one of great reward!

Kindest regards,

Wayne J. Riley, M.D.

Jeffrey S. Putman, Ed.D.
Vice President for Academic and Student Affairs

Dear SUNY Downstate Student:

On behalf of the Division of Student Affairs, and our entire faculty, staff, and administration, welcome to SUNY Downstate Health Sciences University! Whether you are a new student or a returning student, we're pleased to have you as part of the Downstate community.

Your entry into a health care profession marks the beginning of an exciting journey. We offer many unique opportunities at SUNY Downstate, the most important being the ability to make an impact in the lives of those across the world who are in critical need of health care, along with those right here, in our own community. Your education provides valuable first-hand experience to those committed to promoting health in urban communities with underrepresented populations and little or no access to health care.

All of us look forward to helping to facilitate your journey toward a successful and rewarding career in healthcare. Professional education is rewarding, fulfilling and challenging, all at once. In the Division of Student Affairs, our job is to make this journey as seamless for you as possible by helping you navigate a rigorous academic curriculum. We provide guidance, support and administrative assistance for many of your academic and non-academic needs. The Division is full of people ready to help you with professional development, academic initiatives, financial education, student life and much more.

I encourage you to take full advantage of the many support services our division prides itself on, putting Students First! This Student Handbook provides information about many of the critical services designed to support your academic success during your tenure as a student at SUNY Downstate Health Sciences University. It also contains updated information, rules and regulations that pertain to this academic year. The Handbook is organized into a general information section and appendices which pertain to students in all colleges & schools, and then individual college/school sections specific to your academic program.

The Division of Student Affairs has also joined social media, and I encourage you to interact with us on-line as well as in-person. You can friend us on Facebook (DownstateSLS) or follow us on twitter (@DownstateSLS).

If you find a section you don't understand or would like a statement clarified, please feel free to schedule an appointment with a staff member in the Office of Student Affairs (718 270-2187 / studentaffairs@downstate.edu) or contact your individual academic program.

Once again, we welcome you to the 2020-2021 academic year at Downstate and wish you the very best and hope that your experience is deeply rewarding.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeffrey S. Putman', written over a light blue horizontal line.

Jeffrey S. Putman, EdD
Vice President for Academic & Student Affairs

UNIVERSITY SERVICES

DIVISION OF STUDENT AFFAIRS

The Division of Student Affairs encompasses several offices— Office of Admissions, Office of Financial Aid, Office of Student Affairs, and the Office of the Registrar, which provide student services to students in all five colleges and schools. While many of you may be fairly self-sufficient, and require little or no assistance during your educational experience, others may need assistance from these offices. Several of the offices have extensive information on our institutional website ([www. downstate.edu](http://www.downstate.edu) then go to “Student Life and Services”). Check the website first. The section which follows also provides a guide for you. Office hours within the Division vary. Consult the posted hours for each office (current information listed below.)

OFFICE OF STUDENT ADMISSIONS

The Office of Student Admissions provides services to prospective students, applicants and accepted applicants to the Colleges of Nursing and Medicine, and the Schools of Health Professions and Public Health. Admission to the School of Graduate Studies is through the School of Graduate Studies and its departments. Following your admission into SUNY Downstate Health Sciences University, the Office of Student Admissions seeks students who are passionate about highlighting and sharing their experiences at SUNY Downstate with prospective students and accepted applicants. As a currently enrolled student, you may help recruit other students to our schools by assisting with:

- Conducting campus tours and taking part in student panels on and off campus.
- Communicate with prospective students and accepted applicants by phone, e-mail, and online chat.
- Speak with interviewees to relieve their apprehension about matriculating to SUNY Downstate.
- Participate in regularly scheduled activities and events such as student hosting, shadow-a-student, information sessions, research day, or peer-to-peer conversations.

If you would like to participate in any of these activities, please contact the Office of Student Admissions via email admissions@downstate.edu; alternatively, you may visit the office in the Basic Science Building, Room 1-131 during their office hours 9am - 5pm Monday – Friday or contact them at 718-270-2446.

OFFICE OF FINANCIAL AID

The Office of Financial Aid is part of the Division of Student Affairs and is in the Student Services Center - Basic Science Building, Room 112. The telephone number is 718-270-1010 and our email address is financialaid@downstate.edu. Our office hours are 9:30am to 5pm or by appointment. Additional information regarding financial aid policies and procedures is located on the financial aid web site: http://sls.downstate.edu/financial_aid/

The mission of Downstate Health Sciences University’s financial aid program is to assist students in obtaining the necessary funds to offset the costs related to enrolling in their academic program. Financial Aid consists of loans, New York State and Federal grants, Federal work study, and a limited amount of institutional grants and scholarships. Students wishing to be considered for an institutional grant or scholarship must supply parental, financial data on the Free Application for Federal Student Aid (FAFSA).

The primary responsibility for financing higher education rests with the student and his/her family. Financial Aid from Downstate is offered as a supplement to the contribution of students and families. The total amount of aid offered for a given academic year cannot exceed the total cost of attendance which includes tuition and fees, room and board, books and supplies, as well as other miscellaneous expenses related to attending school.

Students who are experiencing financial difficulties or who have questions regarding financial aid are encouraged to visit the Office of Financial Aid to discuss funding opportunities with a member of our staff.

Eligibility and How to Apply

The Free Application for Federal Student Aid (FAFSA) is available on line as early as October 1st on www.fafsa.ed.gov. The priority deadline for filing the FAFSA is March 1st for the upcoming academic year. Downstate Health Sciences University’s federal code is 002839.

Undergraduate	Graduate
<i>Must register for 6 or more credits each semester to receive aid</i>	<i>Must have 5 or more credits to receive loans</i>
<i>Must be registered for 3 or more credits to meet the Pell Grant eligibility requirements (see our web site)</i>	<i>Must have 9 or more credits to receive grants</i>
TAP or NYS scholarship students must be enrolled in 12 credits to retain eligibility for their award. TAP is not available to graduate students.	

In addition to affecting initial eligibility for federal loans, the number of credits for which a student is enrolled affects the estimated cost of attendance used to determine the amount and type of aid that can be offered.

The enrollment level of all students is reviewed each semester and students who do not meet eligibility requirements for the aid they have been offered will have their award adjusted accordingly.

Students enrolled in the Colleges of Medicine and Graduate Studies are subject to individual reviews of academic progress by the appropriate academic Grades and Promotions committee.

Satisfactory Academic Progress

To maintain eligibility for federal, state, and institutional financial aid, students must maintain good academic standing and make satisfactory academic progress towards the completion of their degree. Standard policies have been adopted by the School of Health Professions, the College of Nursing and the School of Public Health, that define the minimum acceptable grade point average, number of credits that must be completed in a semester, and the total number of credits accumulated while enrolled in the college. Students who encounter academic difficulties, including failure of one or more courses, or a cumulative grade point average below what is required by their program are encouraged to consult the Office of Financial Aid to determine the possible impact that their academic status may have on their continued eligibility for financial aid. You can find more information on our Satisfactory Academic Progress policies here: https://sls.downstate.edu/financial_aid/sap/index.html.

Withdrawals and Return of Title IV funds

Any student who withdraws from all their course work for a semester, or who fails to earn a passing grade in at least one of their courses for a semester is subject to a review to determine the amount of Federal Financial Aid that was earned for that semester. Any unearned portion must be returned to the appropriate Federal Financial Aid program. You are advised to visit our web site and consult the Office of Financial Aid if you are considering withdrawing from all your courses so that you will know the impact this will have on your Federal Financial Aid for that semester.

Managing Your Finances

All students should undertake a financial inventory as they prepare to enter their academic program. It is imperative that students consider their credit history and strive to reduce their consumer debt as much as possible prior to enrolling. Review your credit card bills, personal loans, car payments, etc. as these prior debts will not be covered by the financial aid you anticipate for your upcoming academic year.

Visit the debt management sections of Downstate's Financial Aid website for information on debt and credit issues.

While student loans represent a significant resource for you to help offset the cost of attendance, anything you can do to minimize your reliance on borrowing will enable you to reduce your loan payments upon the completion of your degree. Investigate all the resources you may have at your disposal to help pay for your education. Have you saved or invested for your education? Do family members have resources you can utilize for your education? Does your employer provide tuition remission benefits?

Financial Literacy Tools

SUNY Smart Track®

Smart Track resources cover the spectrum of personal financial literacy, from budgeting, responsible credit card use and avoiding identify theft to the basics of banking, borrowing and it offers a bigger advantage to your college financial planning. Please visit: <https://www.suny.edu/smarttrack/literacy/>.

AAMC

The Association of American Medical Colleges (AAMC) offers practical advice regarding the monetary decisions you make before/ during/after medical school.

OFFICE OF THE UNIVERSITY REGISTRAR

The Office of the Registrar is part of the Division of Student Affairs and is in the Student Services Center on the first floor of the Basic Science Building in the Student Services Center - Room 112. Office hours are 9:30 am - 5 p.m. daily (special appointments are available by request). The email address is registrar@downstate.edu. The office is responsible for class schedules, registration, course selection, course adds/drops, grades, transcripts, certification of student status, certification of academic good standing, loan deferments, veterans' affairs, licensure certification, and the maintenance of all academic records. Additional information regarding fees, charges and records policies are in the Appendix of this Student Handbook.

Current students may review their academic records by requesting to do so by sending an email from their downstate.edu email address to registrar@downstate.edu and requesting an appointment. Appointments can normally be made in 1-2 business days.

**Changes in local mailing address, including phone number, must be made on-line through Banner Self-Service.
Changes in permanent address must be reported promptly, in writing, to the Office of the Registrar.
Proof must accompany this request.**

Change of Name

Current students who wish to change their name officially on school records must present an original proof of change (e.g., court order, marriage license) to the Office of the Registrar. Name changes are not granted after graduation or separation from SUNY Downstate.

Change of Residency

Returning/continuing students who wish to apply for New York State Residency for tuition billing purposes, must file the appropriate application and supporting documentation with the Office of the Registrar, in accordance with the dates posted on the academic calendar.

Add/Drop Fee

Students who add or drop a course after the established deadline are subject to a \$20.00 fee.

Holds on the Academic Record

A hold on your academic record may prevent future registration, the processing of documents such as transcript requests or issuance of diploma and should be resolved as soon as possible.

Late Registration Fee

A late registration fee of \$40.00 (subject to change) will be assessed to students who fail to complete payment arrangements with the Bursar's Office during the official registration period. Registration consists of completion of registration AND tuition payment. Completion of only one-half of the process will constitute non-registration and is subject to late charges.

State Licensure/ Registry Examination

There is a \$15.00 fee payable in advance to "SUNY Downstate" for the processing of State licensure applications. The Office of the Registrar is responsible for certification of State licensure applications.

Transcripts

Your SUNY Downstate transcript is securely linked to the TranscriptsPlus System hosted by Credentials, Inc. You may find the link to TranscriptsPlus on our web site and obtain more information at: <https://sls.downstate.edu/registrar>. There is no fee to order a transcript.

Diplomas

Diplomas are issued four times each year: May 31, June 15, August 31 and December 31. For all Colleges and Schools, diplomas are mailed to students 6-8 weeks after all grades have been received following one of the four (4) issuing dates and a diploma address has been entered on-line through Banner Self-Service. If students fail to provide a diploma mailing address, the diploma will be sent to the Office of the Registrar and held for a period of one year, after which they will be destroyed. Duplicate diplomas may be ordered for a fee of \$30.00, which includes a certified mail fee. Acceptable reasons for requesting a duplicate diploma include a lost, stolen or damaged diploma. A notarized letter explaining the reason for the request is required.

Diplomas are issued in the student's official name at the time of graduation, and are not re-issued with a name that changes officially after the student's graduation date.

Graduation Application

Each December, students with expected graduation dates within that calendar year are required to file a graduation application to initiate a check of degree requirements and to order a diploma. Failure to file a graduation application in a timely fashion will result in a delay in the receipt of the diploma.

OFFICE OF STUDENT AFFAIRS

The Division of Student Affairs advocates for student success and empowers students to grow as professionals, as well as individuals, by providing a wide range of support services. We work with students across all five schools and colleges to explore ways to enhance the entire student experience and to develop solutions to issues and concerns, both individual and collective. With a **Students First** approach, the office serves as the student mentor, advocate and voice from the admissions process to matriculation to graduation.

The Goals of the Office of Student Affairs include:

- Serve as a central source of information
- Contribute to the academic mission by collaborating with faculty to positively enhance the student experience.
- Provide current and accurate programming and advising
- Ensure that the needs of students are met and relevant policies are developed or clarified as needed.
- Serve as the liaison for schools and colleges on issues that pertain to the student body.
- Support events that commemorate milestones and celebrate achievements

Stop by the Office of Student Affairs for assistance. The Office is located in the Student Services Center - Basic Science Building, Room 112. Telephone 718-270-1010, Email studentaffairs@downstate.edu. Office Hours are 9:30am to 5pm or by appointment.

The Office also serves as the Dean of Students' Office for students in all five colleges. Students in the College of Medicine should see the College of Medicine section for specific information about the role of the Dean of Students in the College of Medicine.

International Student Services

Assistance is provided only for immigration forms, and only for matriculated F-1 students. J-1 Visa Holders are assisted in the Department of Human Resources.

United States Citizenship & Immigration Services (USCIS – formerly known as the U.S. Immigration and Naturalization Service): <http://uscis.gov>. Many forms are available for downloading from the site; the Employment Authorization Card may be applied for electronically.

American Immigration Center: www.us-immigration.com

Immigration Lawyers on the Web: www.ilw.com

Jury Duty

Students who are summoned for jury duty may come to the Office of Student Affairs to request a letter stating their student status and request to have jury duty postponed. Allow 1-2 business days for the letter. There is no guarantee that students will have their jury duty postponed and being a student is not accepted as an automatic excuse. If the court imposes service, the student must serve. Students should notify course directors/instructors should this occur.

After two excused absences, students are generally required to serve on the third summons. It is recommended that the student identify a time period when he/she can serve (e.g. during a vacation period), and notify the court of those dates at the time of the first and no later than at the third excused absence. ***Students should not elect to postpone jury service via phone or other methods, but should always request to mail in their summons using this process.***

Letters of Recommendation

Letters of attendance and good standing (generally for health insurance eligibility, loan deferments, and away electives) are available through the Office of the Registrar. Letters of recommendation for scholarships, educational programs, or other academic activities requiring a more extensive letter may be requested by completing the form in the Office of Student Affairs. Allow a minimum of 5 business days for completion of the letter.

Students with Disabilities

Students with disabilities who wish to request accommodations for their academic program are required to complete the appropriate form prior to matriculation. The Office of Student Affairs coordinates arrangements for students with disabilities.

Students who wish to request accommodation(s) after they have matriculated into the college are required to complete the appropriate form available from the Office of Student Affairs. Please note that accommodations may require time to process or to put in place.

Students with disabilities may request assistance from the Office of Student Affairs to complete the New York State voter registration form or to file a form appropriate for their state of residence.

Student Health Insurance

SUNY Downstate Health Sciences University (DHSU) requires that the following registered, matriculated students have health insurance:

- All medical students
- All full-time undergraduate students (12 or more credits)
- All full-time graduate students (9 or more credits)
- All part-time students engaged in any clinical course work

Students must be enrolled at SUNY Downstate or on a registered leave of absence (and have requested coverage) in order to remain eligible for coverage, except as specified below.

Any student who currently has health insurance through the SUNY Downstate School plan, and will not have other coverage through a residency position on August 1, is eligible to purchase continuing coverage from the broker who handles our insurance. You only have 30 days from the end of coverage (July 31), to complete your enrollment. Please contact:

Ms. Daryl Hall
 Health Sciences Assurance Consulting, Inc.
 2477 Stickney Point Road, Suite 207B
 Sarasota, Florida 34231
 (888) 978-8355
 E-mail: Daryl@hsac.com

Information about the mandatory health insurance school policy for all enrolled students is available in the Office of Student Affairs and on our web site. United Healthcare Student Resources is the insurance carrier for the policy and specific questions regarding enrollment or benefits should be directed to DHSU's insurance broker, Ms. Daryl Hall, Health Sciences Assurance Consulting, Inc. The toll-free telephone number is (888) 978-8355.

United Healthcare Student Resources also provides a personal website to access things like claims status, printing ID cards, EOB's and the ability to locate providers. To register, simply select the "Create Your Online Account Now" link from the top right corner of the home page <http://www.uhcsr.com> under the brown header labeled "Direct Links." You should only need your name, date of birth and email address (try personal if your school email doesn't work) to sign-up. If you are trying to register, and have received your medical ID card, you can use your SR ID number instead of your email to complete the registration process.

Students who have an alternative comparable health insurance policy can waive the student health insurance charge up to the last day to add/drop for any given semester. (Students who remain enrolled on their student account after the last day for add/drop for a given semester will be ineligible for a refund and must pay the premium for the entire semester. It is the responsibility of the student to check their bill and ensure that a waiver has been processed.) Students can only waive or add coverage during designated enrollment periods in August and January, except for students approved for state-sponsored insurance programs approved through the NY State Health Care Exchange (or equivalent). Students who lose/change alternative health insurance coverage must inform the Office of Student Affairs immediately.

OFFICE OF ACADEMIC SUPPORT SERVICES AND ADVISEMENT

The primary goal of the programs offered by the Office of Academic Support Services and Advisement (OASSA) is to help SUNY Downstate Health Sciences University students achieve their full academic potential. In order to achieve this goal, OASSA provides counseling, content tutorials, and testing in both group settings to students in all schools and colleges at SUNY Downstate Health Sciences University, including College of Health-Related Professions, College of Medicine, College of Nursing, School of Graduate Studies, and the School of Public Health.

The OASSA works closely with students, deans and faculty by offering programs on efficient and effective approaches to learning in all schools and colleges. Seminars, workshops, and/or individual training are provided in the following areas:

Exam Taking Strategies: Students learn new exam taking skills which enable them to complete program and board exams in a timely manner and avoid careless errors. Problem solving and reasoning skills are addressed in this context. Seminars on how to prepare for exams, and individual counseling regarding overcoming exam taking anxiety are also available.

Memory Strategies: Approaches to improving working memory and effort regulation are presented to help ensure effective, long-term mastery of the plethora of facts and details. Instruction on how to organize, select resources for, and implement an efficient learning review is offered.

Reading Efficiency: Advice is offered on how to use, read and integrate texts with other study resources.

Resource Management: Strategies for the use of a multitude of learning resources, including lectures, labs, textbooks, class handouts, computer programs, small group instruction, and problem sets are provided. Students are advised on methods to develop time-effective and organized approaches to learning using these resources.

Self-Regulated Learning Strategies: Students are advised on methods of knowledge organization, elaboration, rehearsal and integration of information to facilitate long term retention of information and effective problem solving.

Time Management: Approaches to implementing an efficient study program that includes effective organization and management of time are offered to help students learn to plan their classes, study time, leisure and day to day living activities in order to attain high levels of productivity. Advice on time management for studying efficiently is offered.

Tutorial program: Peer tutorial programs are available to all students. Upper level students, who are trained and supervised as tutors, provide both individual and group tutorials.

Staff in the office includes:

Seth Langley PhD, Assistant Vice President, Academic Support Services and Advisement

Gerard Robertson, PhD, Associate Director, Academic Support Services and Advisement

Susan Kane, PhD, Assistant Director, Academic Support Services and Advisement

Cheryl Corn, MPH, Assistant Director, Academic Support Services and Advisement

Sze-Ying Lee, BA, Office Coordinator, Academic Support Services and Advisement

For further information, contact:

OTHER STUDENT SERVICES

BIOMEDICAL COMMUNICATIONS

Media Production/Web Development/New Media

Poster Sessions/Electronic Publishing:

Department of Biomedical Communications combines design skills with current electronic publishing technology to produce a variety of materials, from original concept to finished product. Biomedical Communications will assist with the production of computer graphics, medical illustrations, booklets and brochures, newsletters, and computer color prints. Poster sessions, signs and banners can be output via a large display, high resolution, full color printer (42" wide roll). Fee based service.

Video Production & Videoconferencing

Biomedical Communications provides a wide range of production and video conferencing services including digital editing. We also schedule lecture, guest speaker, training and event video coverage. Approved recorded content may be archived and viewed on Biomedical Communication's YouTube or iTunesU accounts.

"Health Center", a cable talk show, is produced in Biomedical Communications' studio. Biomedical Communication also provides "real time" interactive communication via PolyCom and GoToMeeting. Meeting setup can be remote or arranged in one of our several meeting room locations. Fee based service.

Digital Photography:

Biomedical Communications has expertise in documenting subjects that are unique to the medical and scientific fields and offer a variety of photographic techniques to capture both medical and non-medical subjects. We also offer scheduling of event and lecture photography coverage. Fee based service.

Web Design & Database Integration

Biomedical Communications provides website development, web graphic design services and custom database integration to be placed on Downstate's Web Site. Fee based service.

Other Services Include:

Computer Imaging:

Department of Biomedical Communications is able to image graphics from paper originals, legacy slides, or digital files. Images can be retouched, composited and color corrected for customized presentations.

Fee based service.

Image Scanning:

Department of Biomedical Communications provides services for scanning prints for duplication, as well as color printing and digital output for specific file types.

Fee based service.

Name: **John Zubrovich**, Director

Office: Biomedical Communications

Telephone number: **718-270-7550**

Location: Health Science Education Building (HSEB), 3rd Floor, main office-room 312

Fax: 718-270-7549

Web: <http://www.downstate.edu/bc>

BOOKSTORE

The University Bookstore stocks all required and recommended texts, reference and review books at a discounted price and are tax exempt for students. Special orders are accepted for books not stocked and these are also obtained at a discount and tax exempt. There is no extra charge for shipping and handling. Use our new textbook rental program, available now.

In addition to books, the bookstore offers medical instruments at a discount, stationery, sundry items, lab coats, jackets, scrubs, drug items, swimming supplies, master locks, batteries, film, books of stamps, casual school clothing, Metrocards and much, much more.

Location: Student Center, 394 Lenox Road, Room 232

Hours*: Mon. & Thurs. 9:30 am-6 pm
Tues, Wed, Fri. 9:30 am-5pm

*During academic break & holiday periods, call for current schedule of hours.

Telephone 718-270-2486

Fax 718-270-4598

Return policy: Returns must be in clean/saleable condition and accompanied by the original cash register receipt.

Cash Sales – refund by cash.

Check Sales- a credit memo (can be exchanged for cash after 15 business days)

Credit Card Sales, credit will be issued to the same credit card account.

Textbooks: 3 business days. Exceptions: review/reference/special orders and specially marked textbooks “not returnable” as per publisher, are final sales.

All other items: 3 business days.

Other Exceptions: medical supplies/diagnostic equipment, stationary.

Manager: Marva Romeo, 718-270-3787

BURSAR'S OFFICE

The Office collects all monies except hospital patient receipts. These collections include tuition, residence hall rents, registration deposits, library fines and fees, and residence hall damage fees. The office also disburses all checks made available through all federal loan and scholarship programs, state scholarships and TAP awards, local center loan and scholarships, and guaranteed loans.

The cashier's window of the Bursar's office is open 10:00am to 4:00pm

The Bursar's Office accepts Visa, MasterCard and the Discover cards in person and online for payment of tuition, fees, and residence hall rent charges. Students with questions concerning the calculation, deferment, or payment of their charges can call us Monday through Friday from 9 A.M. to 4 P.M. at (718) 270-1078 or 270-3048.

Students are not considered registered for the term unless they have settled their institutional charges. The exact due date is on the invoice. This invoice can be obtained on-line approximately one month prior to the due date. The student is also informed of the due date by email and the student can also review due date information on the Bursar's webpage.

New: Students receiving refunds in excess of tuition, fees and other charges can now sign up for Direct Deposit of Student Refunds. Please monitor your Downstate email account for important information regarding billing deadlines.

THE CHILDREN'S CENTER AT SUNY BROOKLYN

Located at 440 Lenox Road, this is an on-site day care center, which offers developmentally appropriate early childhood education for children from age 8 weeks to five years. The Center offers Universal Pre-Kindergarten (UPK) to four year olds. The Center has a sliding fee scale ranging from \$160/week (for earnings up to \$30,000) to over \$280. Center hours are from 7:30 a.m. to 5:30 p.m. Our director and staff are fully qualified to teach young children. There is a \$20 non-refundable application fee to put your name on the waiting list. SUNY students receive priority placement. For more information, call the Center at 718 221-6160/6165.

CLASSROOM SERVICES

Classroom Services is located within the Medical Research Library of Brooklyn. Classroom Services provides a "ONE STOP SERVICE CENTER" which allows you to schedule the room for your event in addition to the audio-visual equipment that is needed. Classroom Services request forms may be submitted via mail or fax (x7471), or online at <http://classrooms.downstate.edu>. Scheduling services are available Monday - Friday, 9:00 A.M. - 5:00 P.M. Fees may apply to events that are not part of the curriculum.

Audio Visual Services

Allow at least two business days' notice for all anticipated events and equipment needs. Audio- Visual Technicians are provided as required. We do not provide projectionists. Technicians are available Monday-Friday, 8:00 A.M. to 5:30 P.M. After 5:30 pm technicians are available with at least a 2-day advance notice.

Quality Assurance Checks

Classroom Services performs quality assurance checks for Lecture Halls in the Health Science Education Building and Basic Sciences Building. Prior to each scheduled activity equipment will be checked to ensure good repair and maintenance.

Contact Numbers

Emergency Audio Visual Support: 718-270-1215

Classroom Services Office: 718-270-2639

Fax number: 718-270-7471

Location: Advanced Learning Resource Center

E-mail: Classroom.Services@downstate.edu

Website: <http://classrooms.downstate.edu>

THE MEDICAL RESEARCH LIBRARY OF BROOKLYN

History

The library traces its roots to 1845 when the Library of the Medical Society of the County of Kings was established in response to physician demand for current information necessary to practice medicine. The Library of the Long Island College of Medicine had its roots in the Hoagland Library of the Long Island College Hospital (Collegiate Division), which began educating students in 1860. The merger of the libraries of these two institutions in 1962 created the fifth largest medical library and third largest medical school library in the nation at that time. In November 1991, the Medical Research Library of Brooklyn moved to a 65,00 sq. ft., 200 seat, self-contained facility in the Health Sciences Education Building. In August 2010, the Library Information Commons opened to provide 24/7 access to study spaces and electronic resources.

Hours

Library Staff Hours

Mon.-Thurs 8:30 am – midnight

Fri. 8:30 am – 5 pm

Sat. 9 am – 5 pm

Sun. Noon – midnight

Holiday Hours are posted on the web at <http://library.downstate.edu>

The Library Information Commons is open 24/7 and is accessible during non-staff hours to SUNY Downstate ID card holders with a PIN code. Please inquire at the service desk for the PIN code.

Collections

The collections of the library support the clinical, research, and curricular (medicine, nursing allied health and public health) missions of the institution. There are over 261,064 journal volumes (Print 151,470 and Electronic 109,594) and over 54,491 monographs (Print 52,716 and Electronic 1,775). Total journal titles are 7,367 (Print Electronic 3,231) with over 4,357 (Print 52 and Electronic 4,305) current titles. The library continues to expand its electronic resources in books, journals and databases, which facilitates access 24/7. X7450

Archives and Special Collections

This unit houses materials, which document the history, achievements, and activities of SUNY Downstate Health Sciences University. The Archives also contains manuscript collections of prominent Brooklyn physicians and materials, which document the history of medicine, health care and medical education in Kings County.

STAFF (Unit Heads)

The Library staff is available to provide access to educational and informational resources. If you have questions, please contact us.

Interim Library Director

Mohamed Hussain, Interim Director of Libraries
 Telephone number: 718-270-7450
 Fax: 718-270-7413
 Location: 1-002F
 E-mail: Mohamed.Hussain@downstate.edu

LIBRARY SERVICES**Access Services/Inter-Library Loan**

Staff will register patrons for borrowing privileges and manage the Reserve Room. The Reserve Room handles the General Reserve collection (core textbooks) and Special Reserve (course specific and instructor selected materials) in hard copy. The Inter-Library Loan service uses the ILLIAD system that allows users to create personal accounts and monitor their requests for material not owned by the library. Delivery is usually in electronic format. This service is available to anyone with a SUNY Downstate ID card. X7401

Reference staff provides help on demand and are available on call from Monday - Friday and via web request: <http://library.downstate.edu/directory/reform.htm>. One on one and group consultations are also available upon request. Online tutorials for using the resources are available via the library's web page. x7405

Technical Services staff is responsible for acquiring, licensing, and paying for the information resources of the library. They ensure the currency and accuracy of resources held within the collection, including the catalog. They are also responsible for preserving the collection. X7430

The Advanced Learning Resource Services includes The Advanced Learning Resource Center, Classroom Services, AV Delivery/Support and Center for Healthcare Simulation. The Learning Resource Center is designed to meet small group and independent learning needs. There are over 50 computer carrels, and the PC training room. X7423.

Classroom Services and AV Delivery is a one-stop service that facilitates the booking of rooms and technical support for AV equipment. Service request forms may be submitted via fax (x7471) or online (<http://classrooms.downstate.edu>). Fees may apply to events that are not curriculum related. Please allow at least two business days' notice for all events and equipment needs. Technical support, except for projectionists, is provided. X1215

Education Services provides curriculum-related and clinical support classes. Courses in evidence-based health care are provided. Expert searching is available for researchers who need in-depth search and analysis in their subject areas. This service is also available for the assistance in grant applications, by request. X7433

Web and Expert Searching Librarian

Advanced Learning Resource Center

Jennifer Brown-Charles, Administrator
 Telephone number: 718-270-7633
 Location: B-034A
 Email: Jennifer.Brown@downstate.edu

Interlibrary Loan (ILL)/Document Delivery

ILL is a service offered to Downstate students, faculty and staff that provides electronic scans of articles and book chapters, monographs, and audiovisual materials that are not owned by the Library. Document Delivery is a service that provides the electronic versions of articles and electronic book chapters for items that are available in our collection.

Copyright

Copyright services is a service that educates faculty, staff and students on the application of copyright law and provide information about copyright on campus. The copyright manager assists with questions concerning course packs, classroom handouts, electronic course material and library reserves, as well as what materials can or cannot be uploaded for student use.

Photocopying/Printing

Photocopying and printing cost 15 cents per page. Color printing is available for 75 cents per page. One card for printing and photocopying is available for \$1. Value may be added to the cards at dispensers located on the main and lower levels of the library. Users may also scan to email or USB drives at no cost.

Visitor Policy

Application forms for visitors may be obtained from the Access Services Desk. Completed applications must be received 5 business days prior to the day of the planned visit to be processed for approval.

NOTE: Children are not allowed in the library.

Food/Beverages

The front of the Library Information Commons is a designated food area. Food is NOT allowed in any other part of the Library. Beverages in LIBRARY-APPROVED spill-proof containers are allowed in the library. Further inquiries may be made of any library staff member.

RESIDENTIAL LIFE

For additional information concerning housing, please feel free to write or telephone:

Office of Residential Life and Services
 SUNY Downstate Health Sciences University
 450 Clarkson Avenue, Box 115
 Brooklyn, NY 11203
 Telephone: 718- 270-1466
 Fax: 718- 270-1467
 E-Mail: Residentiallife@Downstate.edu
 Web: http://sls.downstate.edu/residential_life/

ON-CAMPUS LIVING

SUNY Downstate Health Sciences University believes that the experience of living in the Residence Halls has a significantly positive impact on students' personal development and academic success.

The mission is simple: To provide a safe & secure living environment that supports our student's academic and personal success. We accomplish this mission by providing well maintained facilities and excellent customer service.

Our residential community is an inclusive, academic support environment which emphasizes both individual freedom and community responsibility. We seek to foster an environment where students can create bonds that will last them long after their time at the university is successfully completed.

Peer Resident Directors and Resident Assistants share in the responsibility of creating an environment that fosters growth and development, particularly in activities outside of the classroom experience. Full-time professional and cleaning staffs support our paraprofessionals and manage the day-to-day operations of the department. We also collaborate with our Facilities Management & Development and University Police Departments to provide safe, secure, and well maintained facilities for our residents.

Two residence halls, located at 811 and 825 New York Avenue, and directly across the street from academic facilities, accommodate up to 400 students. Assignments for the academic year are made during spring semester. All students are expected to sign a contract for the duration of the academic year. Information regarding procedures and policies for living in the residence halls can be found in the Residential Life and Services Student Handbook, which is available on-line to resident students.

Types of On-Campus Living Accommodations

Standard Room (Single or Double occupancy)

Each Standard Room contains a bed, desk, dresser, closet and lamp for each occupant. Toilet facilities are shared with the adjoining room. Standard rooms are located on the second and third floors in each building and are same gender floors. Community shower rooms are provided for the residents on these floors. Community kitchens for students on these floors are located on the first floor. Single occupancy units may be available based on demand and availability.

Studio Apartment (Single or Double occupancy)

Each studio apartment contains a bed, desk, desk chair, dresser, and closet for each occupant plus a standing floor lamp. Each apartment contains a compact kitchen, dining table and private bathroom. Single occupancy units may be available based on demand and availability.

Two-Bedroom Apartment (Double occupancy)

Each bedroom contains a bed, desk, desk chair, dresser, and closet plus a standing floor lamp. The apartment also contains a compact kitchen, dining table and private bath.

OFF-CAMPUS HOUSING

The Office of Residential Life and Services provides interested students with information on available housing options outside of the residence halls. An off-campus housing list is maintained by the Office of Residential Life and Services as a service to Downstate students and staff. SUNY employees do not inspect, approve/supervise any off campus premises. SUNY Downstate Health Sciences University does not become a party to any private landlord/tenant matters. (See Appendix for Small Claims Court Procedures.)

For more information, contact:

Off-Campus Housing
Office of Residential Life and Services
450 Clarkson Avenue, Box 115
Brooklyn, New York 11203

STUDENT ACTIVITIES

Student Center Mission Statement

The Student Center has been established to further the educational mission and goals of SUNY Downstate Health Sciences University by offering programs and services, which provide for the personal, professional, social and cultural development of the students, staff, faculty and alumni of SUNY Downstate Health Sciences University. In pursuit of this objective, the Student Center will:

- PROVIDE programs and services which enhance the educational experience of students and which promote the successful accomplishment of academic goals
- DESIGN and implement programs and services, which contribute to the growth and development of individual students, student groups, and the campus community as a whole
- COORDINATE, develop and implement programs, resources and services to assist members of the campus community in the planning and presentation of events
- ENCOURAGE, develop and employ strategies for increasing interaction among the many diverse groups within our multicultural community
- ENSURE that the Student Center effectively serves its role as the campus community center, thereby creating and strengthening a strong sense of campus identity; and
- PROVIDE and coordinate opportunities for the students to explore (and enhance) their individual skills and talents outside the classroom

Student Activities Office

The Student Activities office is located in the Student Center room 2-06. The staff will be happy to answer questions for any student or group of students on matters of concern to them. The following is within their area of responsibility: methods and procedures for organizing an event, club/organization registration, the Student Center calendar, and alcohol policy and facility capabilities as they relate to student events and activities, as well as any inquiries regarding the Mini-Course Program or Intramural Activities.

FACULTY STUDENT ASSOCIATION (F.S.A.)

Visit us on the web at www.downstate.edu/FSA

Located in the Student Center, Room 2-09, the Faculty Student Association (FSA) is the campus auxiliary service corporation providing many business and accounting services to the Downstate Health Sciences University community as an independent, not-for-profit IRS 501(c)3 corporation with a Board of Directors comprised of administrative, faculty, and student representatives. The FSA administers the student activity fees and sponsors special programs and projects for the general welfare of the campus community.

Zipcar Service

Save and help the environment more when you share your rides and errands with fellow students!

For ALL Downstate Students, Faculty, Staff, and affiliated entities. Gas & insurance are included. Being a member of Zipcar eliminates maintenance, car payments, parking and parking tickets amongst other things. We all know the hassles of owning a car while on campus and we wanted to give you a solution: Zipcar. You can avoid the pains of having your own car on campus all while helping the environment because Zipcar, the world's largest car sharing organization, offers a convenient and ecofriendly alternative to owning an automobile. FSA has collaborated with Zipcar to bring "wheels when you want them" to Downstate. The zipcars are located at the Kings County Parking Garage Procedure - 581 Clarkson Avenue Brooklyn NY 11203 (btwn E.39th & E.40th Streets). Low DHSU discounted membership rate is \$25/ yr - that is a 42% savings over the Zipcar standard rate of \$60/yr). Usage rates start at \$9 per hour & \$83 per day (weekends start at \$9.75/hr. & \$108/day) not inclusive of tax and tolls. Questions? Call Zipcar at: **1-866-4ZIPCAR (1-866-494-7227)**

Banking

Visit us online at <http://www.downstate.edu/fsa/atm.html>

ATM (Automated Teller Machine) services from JP Morgan/Chase, contracted through the Faculty Student Association, are located outside the Student Services Center (BSB 1-112) in the Basic Science Building.

STUDENT CENTER

The Student Center, located at 394 Lenox Road, is the focal point of campus social, cultural and recreational activities. The Center provides rooms for meetings and small lounges for reading or just relaxing. Two pianos are available as well as a DVD with cable TV.

Students are automatically members. Spouses and children of students may be included at no cost.

Recreational facilities include a gymnasium, swimming pool, sauna, squash courts, an outdoor tennis court, billiards, foosball and table tennis. Physical fitness equipment includes a multi-station gym, bar bells, and an array of bodybuilding and cardio equipment.

The University Bookstore (718 270-2486) and the Faculty Student Association Office (718 270-3187) are located in the Student Center. Descriptions of these services are provided under separate titles elsewhere in this Handbook.

Hours of Operation: M-F, 7 a.m. to 10 pm; Saturday 10 a.m.-6 p.m.; Sunday 3 p.m.-10 p.m.

Student Center Policies

Any student or group of students planning an event on campus should be aware of the following policies:

1. Alcohol

Consumption of alcoholic beverages is permitted in public areas in the Student Center only through registration of the event at the Student Activities Office. (For Student Center Alcohol & Events Policy see Appendix)

2. Room Reservations

All Student Organization events held on campus must be approved and scheduled in advance to ensure space availability and appropriate implementation. Space may be reserved by registered Student Organizations for approved meetings, social, and recreational events by filing an application at the Student Center. Reservations are not accepted by telephone.

Space is limited - reservations should be made a minimum of two weeks in advance, except for large events, which require one month's notice.

3. All sponsored events must be registered, so they will appear on the Student Center calendar of events, for the sake of communication and avoidance of conflicting schedules.

4. Private Parties: Please note that SUNY policy prohibits the use of space for private parties.

STUDENT COMPUTING

Additional information on computing resources also appears in the Library section of this Student Handbook.

Help for common problems can be found online at our Frequently Asked Questions (FAQ) page:

<http://studenthelp.downstate.edu>

Academic & Library Computing (ALC) is responsible for development, maintenance, training and use of educational applications/technology such as Blackboard LMS, Vocacord web meeting, Aperio Spectrum virtual microscopy, and iClicker audience polling systems.

Educational Desktop & Testing Services (EDTS) can assist you if you are having trouble accessing or using:

- Computerized examination and related software such as ExamSoft,
- Campus computers & printers, or
- Connecting your laptop or mobile device to the campus wireless network.
- SAS or SPSS access

You can request assistance on any of these areas by using the following methods:

- edts@downstate.edu,
- 718-270-7416.
- Stop by the Answer Desk (in the Medical Library Commons) Monday to Friday, during posted hours.

Be sure to provide the following information in your help request.

- Your name, Downstate student ID number, college and degree program;
- System that you are trying to access (Blackboard, Banner Self-Service, virtual microscopy, etc);
- Course/block number & title; name and location of the course/unit/block materials that you are trying to use (if applicable);
- Web browser/version that you are using;
- Brief description of the problem;
- Contact information such as your phone number.

The Medical Research Library of Brooklyn:

The Library provides a wealth of information resources. Please refer to the Library Information Resources under the Medical Research Library of Brooklyn. [http:// library.downstate.edu](http://library.downstate.edu)

COMPUTING RESOURCES AVAILABLE TO STUDENTS:

Student Username and Password

Students are issued a username and password pair that works with several key systems. Students use their nine-digit Downstate student ID number (SID) as their username for logging on to campus email, Blackboard and to Banner Self-Service.

Blackboard

Blackboard is the Learning Management System (LMS) used at SUNY Downstate Health Sciences University to put educational materials and activities online. Most courses use Blackboard to make documents available for download, to host Discussion Forums, to upload student submissions into DropBoxes and to host computerized exams.

Look at the myDownstate page for key information such as browser compatibility.

Banner Self-Service

The Banner student information system allows students to register online for upcoming courses, view final course grades, and update their personal information inside Banner. To log into Banner Self-Service, open a web browser and navigate to the Office of the Registrar home page at <http://sls.downstate.edu/registrar>. Click on the link titled "Student Registration". Review crucial information on the next page before you click through to the myDownstate page to log into Banner. Your username is your Downstate student ID number; your password is the same as the one you use for your Downstate email account.

Computer Labs

Computer labs are located on the 6th, 7th and 8th floors of HSEB, in the 3rd floor of the Basic Sciences Building, and in the Residence Hall. Each lab is dedicated to use by the students of different Colleges, except for the computer lab in the Residence Hall/ COM – HSEB.

SOHP - all programs HSEB 7-045

SOHP – Medical Informatics HSEB E8-027

Nursing – HSEB E8-033

Graduate Studies – BSB 3-116

Residence Hall – Building 816 Study Room, first floor

Hours of Availability: 24 hours per day, 7 days per week except for the 8th floor College of Nursing lab which is available from 9 am to 5:30 pm. Access to the labs is via a door with a combination lock code, which is changed yearly. The computer labs are equipped with computers running Windows 7. In some cases Apple computers are also available. Printing is available in all labs (except the Medical Informatics lab), using PHAROS, the SUNY Downstate fee-based printing service. Students must purchase a PHAROS printing debit card from vending machines in the Medical Library or in the computer labs. Most labs are equipped with a document scanner. Additional computers are located in various student classrooms, carrels and public areas throughout the 5th, 6th, 7th and 8th floors of HSEB and in the Medical Library.

Educational Software

Some Web-based software is available from all public locations via either Blackboard or the ALC website at <http://alc.downstate.edu>. Other computer-based software such as SPSS is available on certain labeled computers in the computer labs or in the Learning Resource Center (LRC) in the Medical Library.

Network access via wireless (WiFi) networks

Computers and other mobile devices can access the SUNY Downstate's wireless network on the 5th, 6th, 7th or 8th floors of HSEB, in the Medical Library, in the Residence Halls and in the cafeteria.

Troubleshooting assistance can be provided by the Answer Desk in the Medical Library Commons area, Monday to Friday, as per their posted hours.

Classroom Audiovisual Resources

In many cases classrooms are equipped with mobile or ceiling- mounted LCD projectors, which can be accessed by computer or by VCR/DVD players mounted in the room.

Training

Small group or individual assistance on any computer-related topic is available by appointment.

Work Study Employment

Students eligible for work study who enjoy working with computers are encouraged to inquire about work availability at the ALC or CATS office in Library B020A.

STUDENT COUNSELING SERVICES

Student Counseling Services is part of the Student Health Service and provides counseling and psychological services to full-time matriculated students in the Colleges of Medicine and Nursing and Schools of Health Professions, Public Health and Graduate Studies.

It is staffed by licensed Clinical Psychologists who have extensive academic and professional experience in the field of academic clinical counseling. Counseling Services is not a part of the administration of the University. All information revealed to the counselor is strictly **confidential** and cannot be shared with another person without the student's consent; any exception is shared with the student before counseling begins. Limitations of confidentiality are also outlined within the Student Counseling web pages.

In addition, Counseling Services offered at Downstate are **free** of charge to matriculated students. Student Counseling Services has been established to help students deal with academically related stress as well as with any other personal problems that can interfere with their performance in school. Some of these problems include anxiety and fear, depression, low self-esteem, interpersonal difficulties, family problems, habit control problems (e.g. overeating, alcoholism, drug abuse, etc.).

To accommodate the varied needs of students, the following services are provided:

- Initial evaluation intake and screening: The first few sessions are devoted to assessing the nature of the problem and to determine the best method of dealing with it
- On-site individual counseling: Short term counseling lasting from 8-12 sessions is provided for specific and situational problems.
- Groups: Groups geared to address specific problems such as stress management and relaxation, assertiveness training, coping skills, etc. are conducted.
- Education services: Seminars, lectures, guest speakers, films and videos of topics in mental health are occasionally offered to provide information and encourage prevention of emotional problems.

Psychological Counseling and Psychiatric Care: Some problems require a referral to an outside facility. Some examples of these are long-term psychotherapy, psychiatric follow-up with medication, marital and couple's therapy (if one of the spouses is not a student). If a referral is made to an outside facility or practitioner, any cost for which the student is not insured will be borne by the student.

Students in need of psychiatric care may contact the Director of the Student Counseling Services, who will assist in identifying psychiatrists in the community

A network of qualified psychotherapists, who offer their services at moderate fees, is available to those students in need of or interested in intensive psychotherapy or special services. For advice or care with a substance abuse problem, the Director of the Student Counseling Services may also be contacted. A referral service of approved substance abuse programs is available to those students in need of help with these problems as well.

The Student Counseling office is located at 440 Lenox Road, Room 1M. Counseling services are available daily with evening hours Monday through Friday. For help after hours or weekends, students may contact the Emergency Services unit of University Hospital, SUNY Downstate, 470 Clarkson Avenue. Additional information is also located on the SUNY Downstate web page under Student Life and Services/Student Counseling.

For further information, contact:

Director of Student Counseling

Tel: 718-270-1408

E-Mail: counseling@downstate.edu

http://sls.downstate.edu/student_counseling/

STUDENT HEALTH

The Student Health Service provides primary care for acute conditions, illnesses, and injuries to fulltime and part-time matriculated students at SUNY Downstate Health Sciences University. It also provides routine health clearances, immunizations and tuberculin testing when needed.

Student Health also includes, at no extra charge, a Student Counseling Service for all matriculated students.

The Student Health Fee is mandated by the State University of New York.

Services are not provided to students not paying the Student Health fee, students on leave of absence, or to the families of matriculated students.

The Student Health Service makes available to matriculated students preventive, therapeutic, and consultative medical care. Although there is no charge for the office visit to the Student Health Service, the coverage provided by Student Health does not include the cost of medications, hospitalization, laboratory fees, radiology fees, psychiatric care (other than initial evaluation and counseling by an on-campus clinical psychologist), dental care, or consultation with physicians other than the Student Health Service physicians. All full-time students and part-time students enrolled in clinical course work are required to obtain health insurance, and may purchase the policy offered by the school, or provide documentation of equivalent or better coverage from another insurance company. If you choose outside health insurance, you are responsible for the adequacy of this coverage in paying all medical bills including laboratory, x-ray, private consultation fees, hospitalization, ambulatory surgery, emergency room and ambulance expenses. You should carry your health insurance card at all times.

Students in the School of Graduate Studies who are covered by the SUNY Graduate Student Employee Health plan may come to Student Health for primary care.

Medical care is offered to students on a voluntary basis, and it is not the policy of Student Health to interfere with care rendered by the students' personal physicians. However, it is to the students' advantage to make known to Student Health any illness or absence due to illness. While details of illnesses are strictly confidential, if the student requests and gives written authorization, information can be released to designated members of the College's academic administration.

Location, Hours and Staffing

The Student Health Service is located at 440 Lenox Road, Apt. 1S. Current hours of operation are Mondays through Fridays 9 a.m. to 4 p.m. Telephone numbers: (718) 270-2018; (718) 270-1998 and 270-3896 for instructions when closed.

It should be noted that the Student Health Service also serves as the Employee Health Service to the entire SUNY Downstate Health Sciences University work force and is therefore apt to be quite busy. Patients are usually seen by physicians or nurse practitioners, in order of arrival, but severely ill/contagious patients will be given priority.

The professional medical staff of the Student Health Service are:

Mona Pervil-Ulysse, MD	Director, Student/Employee Health Service
Danielle Carrenard, FNP-BC, RN	Nurse Practitioner
Michelle Pink, FNP-BC, RN	Nurse Practitioner
Grace Akpan, DNP, FNP-BC, RN	Nurse Practitioner

Services Available Through Student Health

Primary care, including the assessment and management of acute illnesses and injuries.

- Referral to subspecialists or specialty clinics, as necessary.
- Referral to gynecologist for routine care including contraception.
- Referral to psychiatrist or psychologist
- Annual health assessments, tuberculin tests (available at any time, required annually), immunizations as required by New York State.
- Health clearance for clinical affiliations.
- Influenza vaccine. Other vaccines, including varicella and those needed for travel if available.
- Health education (good health practices, diet counseling, blood pressure monitoring, drug and alcohol counseling).
- Confidential HIV testing and counseling, no charge

Services provided to you by outside physicians, laboratories, or hospitals, and when you are not on campus, are not covered by the Student Health Service, and should be covered by private insurance.

Health Forms/Regulations

To facilitate the care of health problems arising during the course of your attendance in school and in order to be in compliance with the New York State Health Code, you are required to submit a completed and current health form to the Student Health Service before you register for the first time. This form must be filled out by you and your private physician.

Registration by continuing/returning students for any subsequent year at Downstate is dependent upon satisfactory annual health clearance, including an annual tuberculin test, by the Student Health Service at SUNY Downstate Health Sciences University. Students with potential exposure to patients in respiratory isolation are required to be fitted for a NIOSH-approved TB mask, as per OSHA regulations. This will be done by the Student Health Service.

Proof of immunity to measles, mumps and rubella is required by New York State Public Health Law 2165 prior to matriculating. Proof of such immunity is described in the Student Health Form. In addition, students are required by New York State to complete and submit a meningitis Information Response form. For students working in patient care areas where they will be exposed to blood or body fluids, the hepatitis B vaccine should be taken prior to matriculation unless the student is already immune.

The student health history, physical examination, and immunization and laboratory test report form the foundation of the medical record in the Student Health Service. This record is initially reviewed by the Student Health Service medical staff. Any deficiencies or abnormalities are then reported to you for follow up prior to your matriculation. After you have enrolled at SUNY Downstate Health Sciences University this record serves as a reference for future care given by the Student Health Service or by outside medical consultants.

The information in your health record is entirely confidential and is accessible only to the professional staff of the Student Health Service and any medical consultants caring for you. In addition, as required by the New York State Health Code, information regarding your immunity to infectious diseases, your tuberculin status, chest x-ray and, possibly in the case of contagious disease, otherwise confidential information will be given to you to bring to appropriate infection control personnel in any medical facility in which you work as part of your curriculum. In all other cases, information will be released only with your written authorization in compliance with HIPAA regulations, or pursuant to a lawfully issued subpoena. All records made by the Director of Student Counseling are separate from the Student Health Service record and are likewise entirely confidential.

Diagnostic and Therapeutic Medicine

When in the judgment of a health provider in Student Health a diagnostic evaluation of the student's health becomes necessary, an exam will be carried out in Student Health and/or referral will be made to consultant(s) in University Hospital of Brooklyn. This includes gynecologic care. In addition, contraceptive services are offered by the Student Contraceptive Cooperative (SCCOOP) and appointments may be arranged through the Student Health Service staff. Routine and specialized laboratory tests as well as x-ray or other imaging studies are available through Student Health but will entail charges by the hospital and radiologist. All medications are to be obtained at an outside pharmacy and are to be paid for by the student.

Medical Emergencies

If you have a medical emergency when the Student Health Service is closed, you should go to the nearest emergency room.

If you are in the vicinity of Downstate Health Sciences University, and the Student Health Service is closed, and you have an urgent medical situation, you may visit the Emergency Services Department in the University Hospital of Brooklyn, and inform the physician that you are a student at Downstate Health Sciences University. All visits to an emergency room should subsequently be reported to the Student Health Service.

1. **Always** carry your insurance card.
2. Use the University Hospital of Brooklyn emergency room only for true emergency situations. For other illness, go to the Student Health Service during the hours of 9 a.m. to 4 p.m., Monday through Friday.
3. When you register as a patient at the UHB ER, make certain that the computer reflects your current name, address and telephone number and current insurance coverage (if you have used the UHB ER in previous years, they may have your old insurance coverage information on file). Be sure to identify yourself as a SUNY Downstate Student when being seen at UHB. **Note that there is a \$50 co-pay on the school insurance plan.** UHB's ER and its Emergency Medicine physicians are participating providers in the school-sponsored health insurance plan (United Healthcare), which includes coverage for ER visits. There should be no charge other than the \$50 co-pay for ER services for students enrolled in the school-sponsored health insurance program.
4. All visits to the ER at UHB will be billed to the student's insurance plan.
 - a) If you have a question about the school-sponsored insurance coverage for a bill, call Daryl Hall at **1-888-978-8355**. (Email Daryl@hsac.com). She will investigate the claim and make certain that you have received all benefits to which you are entitled. Note: The policies and procedures regarding the school sponsored health insurance plan are subject to change. Consult the student affairs website/student health insurance for current information.
 - b) If you have other insurance coverage (*not* the student plan), you are responsible for investigating/paying the bill if there is one.
5. Any residual bills (**other than the \$50 co-pay on the school insurance plan**) not paid by the school-sponsored insurance plan should be brought to the attention of the Director of the **Student Health Service (SHS)**. You must bring your bill and the Explanation of Benefits to the SHS at 440 Lenox Road. See the Director or designee in person to discuss the bill. Do not just drop the bill off and leave.
6. **Do not ignore** a bill from the hospital or from a physician. It will invariably go to a collection agency.

IMPORTANT HEALTH INFORMATION

SUNY Downstate Health Sciences University and its affiliated hospitals have protocols for exposure to blood and body fluids. It is important for you to be aware of the procedure no matter where you are.

EXPOSURE TO BLOOD AND BODY FLUIDS

If you receive a needle stick injury or blood exposure while on a clinical rotation, it is important to follow these steps:

1. Immediately cleanse the area with soap and water. If your eyes or mucus membranes are involved, flush with saline. Bring any wound needing suturing to the attention of the appropriate emergency facility.
2. Report all exposures to your supervisor, the Student Health Service and/or the Infection Control Department (718-270-1940) as soon as possible. They will initiate the proper reporting procedure and treatment, if required.
3. If an exposure occurs during evenings, nights, weekends or holidays, come to the Emergency Services Department at University Hospital at Brooklyn (UHB). If you are at another hospital, report immediately to your supervisor and/or the emergency room. Identify yourself as a SUNY Downstate Health Sciences University student. If you are at Kings County Hospital, go immediately to the Emergency Room at Kings County Hospital.
4. Report the exposure to the Student Health Service at the first possible opportunity. The Student Health Service will provide immediate and/or follow up care to you. The Health Service will also attempt to make contact with the proper authorities at the hospital where the exposure occurred in order to obtain information regarding the possibility of contagious disease in the source patient.

IF YOU WILL BE WORKING WITH PATIENTS OR HANDLING POTENTIALLY INFECTIOUS HUMAN MATERIALS AND YOU ARE NOT ALREADY IMMUNE TO HEPATITIS B, YOU ARE URGED TO TAKE THE HEPATITIS B VACCINE. AT THE PRESENT TIME IT IS PROVIDED FREE OF CHARGE IN THE STUDENT HEALTH SERVICE. IF YOU DO NOT WANT TO TAKE THE VACCINE, YOU ARE REQUIRED TO SIGN A DECLINATION FORM.

ANNUAL LECTURES BY HOSPITAL EPIDEMIOLOGY ARE MANDATORY FOR ALL STUDENTS AT SUNY DOWNSTATE WHO HAVE PATIENT CONTACT (OSHA REGULATIONS). THESE LECTURES EXPLAIN IN DETAIL THE ABOVE PROCEDURE AND PROVIDE VALUABLE INFORMATION ON PROTECTING YOURSELF AGAINST SUCH EXPOSURES.

IMPORTANT TELEPHONE NUMBERS

Student Health Service

718 270-2018 (days)

718 270-1998 (days)

718 270-3896 when Student Health Service is closed

718 270-2901, 2477 Student Health Service fax

Student Counseling Service

718 270-1408

Substance Abuse Program for Students

718 270-4545

Infection Control:

718 270-1940

Emergency Dept., University Hosp. Downstate (UHB – Univ. Hosp. Brooklyn)

718 270-4577

Psychological Counseling and Psychiatric Care

Psychological counseling is provided on a full-time basis by the Director of Student Counseling Services. Consultations and short term counseling is free of charge to matriculated students.

Medical Records Upon Graduation

Upon request, the Student Health Service will provide you with copies of your immunization records, tuberculin testing, and laboratory reports. The Student Health Service will not perform pre-employment exams or laboratory tests required by other institutions.

Student Health Advisory Committee

The Student Health Advisory Committee includes members of the faculty, Student Health Service, administrators, and students. The role of the Committee includes making recommendations regarding health services, health insurance, the utilization of the yearly student health fee and any other student health issues. The Committee serves as an advisory body. Students with questions or suggestions are encouraged to speak to the Director of the Student Health Service or the Office of Student Affairs.

STUDENT ORGANIZATIONS

Alpha Omega Alpha (AOA)

Alpha Omega Alpha (AOA) is the only national medical honor society. The society was created to honor students, residents, and alumni who have demonstrated excellence in the study and practice of medicine. The AOA chapter at SUNY Downstate Health Sciences University is the Eta chapter for New York. AOA is open to all medical students in the top quarter of the class but limited to a number equal to one sixth of the class.

The student members of AOA are involved in a number of on-campus activities. AOA annually sponsors the Subspecialty Information Forum and the Student to Student Forum, to assist in residency preparation. AOA helps run peer tutoring sessions and review classes for COM students. Other activities include recruitment for the medical school, community service, Research Day, Alumni Association events and the annual AOA guest lecture and dinner. The annual lecture precedes the dinner and is given by a distinguished guest on a pertinent topic.

American Medical Association (AMA)

The American Medical Association (AMA) medical student section is dedicated to representing medical students, improving medical education, developing leadership and promoting activism for the health of America. Organized in 1972, the AMA-MSS has over 44,000 members nationwide and represents students from 144 accredited schools. The AMA-MSS strives to be the medical students' leading voice for improving medical education. Its four core values are advocacy, leadership, excellence, and integrity. AMA is open to all COM students.

American Medical Student Association (AMSA)

The American Medical Student Association (AMSA) is a national and local organization of medical and pre-medical students. It is the nation's oldest independent medical student organization run by and for medical students. There are over 28,000 members nationally. The organization is dedicated to giving medical students a voice in public policy as well as providing medical, social, and community service oriented programs. AMSA is open to all COM students.

With AMSA, the students make up the organization. Students shape the views, students become the leaders, and students forge the path for their own future using the resources that we offer.

The Downstate chapter of AMSA has programs and activities from September to June. On the national level AMSA sponsors programs through the year such as National Primary Care Day, which is held in October, as well as, a National AMSA Convention in March.

Asian Pacific American Medical Student Association (APAMSA)

The Asian Pacific American Medical Student Association is Downstate's chapter of the national organization that aims to address those issues important to Asian-American medical students.

One part of our mission is to bring together Asians and others interested in the health issues that affect Asians so that we may have a strong, collective, public and political voice. We are interested in both directly promoting the health and well-being of the Asian community as well as in helping all health care workers who work with these communities understand how to care for the Asian patient in a culturally sensitive manner. Finally, APAMSA provides an important forum for APA medical students to meet, exchange information and experiences and develop personally and professionally.

Chinese American Medical Society (CAMS)

The Chinese American Medical Society was conceived by a group of New York City Chinese Physicians in 1964 as a network for health professionals. Today the organization is dedicated to promoting the scientific association of medical professionals, to advancing medical knowledge and scientific research with emphasis on aspects unique to the Chinese, and to promoting the health status of Chinese Americans. The purpose of the Chinese American Medical Society is to unite medical students dedicated to promoting the health status of, and raising awareness for the special health needs of the Chinese-American community. Membership is extended to all students of SUNY Downstate interested in reaching out to the Chinese-American community.

Daniel Hale Williams Society

The Daniel Hale Williams Society (DHWS) is SUNY Brooklyn's chapter of the Student National Medical Association (SNMA); an organization dedicated to healthcare education, leadership development, networking, and community outreach. The organization is named for an African-American physician who was the first to perform open-heart surgery in which the patient survived. The SNMA is comprised of ten regions. Our chapter is part of Region IX, which is one of the largest regions in the SNMA. Region IX encompasses all the medical schools in New Jersey and New York. The DHWS is open to all COM students

The DHWS' mission is undertaken with the understanding that medical students of African-American, Caribbean, and Latino descent have unique obstacles which create a common ground of need even in the face of diverse histories, cultures, and languages of these peoples. In order to help fulfill this need a democratic organization of underrepresented medical students is a necessary part of finding and implementing potential solutions.

DHWS is more than an organization, we are a family. Members support each other emotionally, as well as, educationally. All new entering students are assigned a big brother or sister and a faculty mentor through the Office of Minority Affairs. During the year, DHWS holds monthly meetings to discuss relevant medical school issues and exchange ideas. We often invite prominent physician and professional guest speakers to share their experience.

Annually, we host a Premedical Conference and participate in the celebration of Latino and Black History Months. We are active in community events such as, health fairs, preventive medicine outreach programs, and mentorship to various high schools and colleges in the Brooklyn area. The highlights of the year are the SNMA National Convention held in the spring each year and the Annual Senior Dinner we host as a farewell to our graduates.

Dr. Daniel Hale Williams was one who returned to help his community. It was with his people that he identified both intellectually and emotionally. In his words, "My greatest reward is knowing I can help my fellow man, especially those of my own race, who so deserve a better way of life." In this spirit our membership is responsive to both our own and fellow classmates' academic development and excellence. We create opportunities to aid and assist minority students who seek a profession in medicine. We invest our energies in educating our community and ensuring that they will have a better and healthier way of life. In these efforts, we envisage and manifest the full richness of Dr. Daniel Hale Williams' legacy.

Dermatology Club

The purpose of the Dermatology Club is to foster a broad educational goal of raising awareness of the field of dermatology. The club is both a social and cultural organization, determined to design and execute community outreach programs to educate various populations about various dermatologic conditions prevalent in those areas.

Downstate Christian Fellowship

The Downstate Christian Fellowship (DCF) is SUNY Downstate's chapter of the Christian Medical and Dental Associations (CMDA), the national associations of Christian physicians and dentists. We are an inter-denominational group of students, faculty, and staff from the Downstate community who meet weekly to study the Bible, pray, and share our experiences with one another. Our purpose is to deepen our love for God and for one another, to share the Good News of saving the love of Jesus Christ through various events and personal witness, as well as to tend to our patient's spiritual needs while caring for them physically. Individual membership in CMDA is encouraged but not required for DCF membership. DCF is open to ALL Downstate students.

As part of our ministry, we meet in fellowship with Christians from other New York City medical schools, invite Christian speakers, and reach out to the community through events such as the Christmas gift donation and caroling at the Kings County Hospital and the University Hospital Pediatric wards. Through the DCF, our hope is to understand our God's plan concerning our roles as health care providers. If you are interested or want further information, please utilize our mailbox at the Student Center.

Downstate Music Club

The Downstate Music Club exists to increase the awareness of performance and visual arts and to offer opportunities for participation and expression in the arts. Membership is open to all SUNY Downstate students.

Downstate Students For Choice

Downstate students for Choice is a national organization representing approximately 100 medical schools. Concerned students all across the United States formed to increase our educational opportunities and ensure women receive comprehensive reproductive health care in the future.

Downstate Surgery Society

The purpose of the Surgery Society is to provide students early exposure to the field of surgery. Students have the opportunity to take part in workshops and group discussion with specialists in the field of surgery. The Surgery Club is open to all SUNY Downstate students.

Talks are planned at which surgeons will explain new advances in the field. Surgeons will benefit by discussing their work with interested students. Students will be encouraged to scrub in on cases.

The Surgery Society continues to explore avenues through which students can gain a greater awareness of issues facing surgery as we enter the 21st century. The outcome of these experiences and interactions will be a more educated student with a greater understanding of the field of surgery.

Ethics Society

The purpose of "Students Ethics Society" is to promote the exploration and discussion of ethical issues that affect the lives of medical students and members of the healthcare profession.

Global Health Club

The Global Health Club is a forum for students who are interested in global health to share ideas and resources. We also aim to increase awareness of global health issues and opportunities to study or work abroad for the larger body of students at SUNY Downstate.

Iatros, College Of Medicine Yearbook

Iatros is the College of Medicine yearbook. Iatros is open to all COM students.

Latino Medical Student Association (LMSA)

The Downstate Latino Medical Student Association (LMSA) chapter is a Latino based student group representing the various medical and health related professions. Its mission is to educate the public and one another about Latino health issues, advocate for increased Latino representation in health related areas, and promote awareness about social, political, and economic issues as they relate to Latino health. In addition, LMSA serves as a support network for Latino students. The chapter however, is not limited to Latinos, but open to anyone willing to expand their cultural horizon.

Maimonides Society

The Maimonides Society is a student run organization whose purpose is to promote Jewish life at SUNY Downstate Health Sciences University. It is intended to increase awareness and education about various Jewish events throughout the year and to provide programs to enhance Jewish life on campus. The organization is open to all students and faculty. The Maimonides Society is open to all SUNY Downstate students.

In addition to prayer services for its members, the Maimonides Society sponsors an annual Sukkoth party in our Sukkah. Join us when we decorate the Sukkah! During Sukkoth you can attend the Sukkah Bash and feast while listening to a holiday drash (talk). On Purim day, the Society sponsors the reading of the Megillah along with a luncheon.

The Maimonides Room serves as our Beit Midrash and is a wonderful place for any student to come and learn. Many students find partners and learn on their own. If you would like to learn with a partner, please contact us. We encourage individuals at all learning levels to seek partners. The Maimonides Society is also organized a Bikur Cholim program in which students visit patients in the hospital.

Medical Artists' Guild (MAG)

Our main purpose is to have a club that will allow students and other members of the Downstate community to express their ideas or thoughts through writing, poetry, and art. With our publications/online magazine, we want to foster an environment including poetry readings and art exhibitions on campus.

Muslim Student Association

The Muslim Student Association is designed to support Muslim students of the Downstate Health Sciences University and to present Islam to the Downstate community as a comprehensive way of life. It also provides an educational forum regarding its creed.

Meetings are discussions on Islamic topics of interest and are open to all members of the Downstate community. The MSA is open to all SUNY Downstate students.

Occupational Therapy (OT) Club: Student Occupational Therapy Association (SOTA)

The SOTA is an affiliate of the Assembly of Student Delegates of the American Occupational Therapy Association (AOTA). It is open to all OT students in the OT Program at SUNY Downstate. The purpose of the group is to organize social, fundraising, political advocacy, community service and professional development activities in order to facilitate camaraderie and peer support, connect OT to the Downstate community and develop leadership within the OT Program. SOTA holds regular monthly meetings as well as smaller committees to plan and organize student activities. SOTA is run by an elected board of officers, elected each fall to serve for the subsequent year.

Oncology Club

The Oncology Club seeks to develop our interests in the field of oncology through student, community, and patient education and outreach. Each year, the club runs a Room Makeover for one Pediatric Oncology patient and completely transforms a room in their home. They are also working with the Ronald McDonald house in establishing a room at Kings County Hospital.

Ophthalmology Club

The purpose of the Ophthalmology Club is to educate and expose members of the Downstate community to the field of Ophthalmology. The Ophthalmology Club is open to all SUNY Downstate students. An annual eyeglass drive is one of the many events, which they sponsor.

Orthopedic Surgery & Sports Medicine Club

The Orthopedics Surgery & Sports Medicine Club is designed to educate and expose members of the Downstate community to the various issues and opportunities in Orthopedics & Sports Medicine. The Orthopedics Surgery & Sports Medicine Club is open to all SUNY Downstate students.

Otolaryngology Club/ENT

The Otolaryngology Club is designed to educate and expose members of the Downstate community to the various issues and opportunities in Otolaryngology.

Peds R Us

Downstate's pediatrics club is a forum for all university students to learn about and contribute to children's healthcare and wellness issues through educational and recreational activities. Academically, from lectures and panels by professionals, we hope to gain useful knowledge that can be applied in clinical and other interactive settings with children. Other activities include a reading hour in the pediatric ward, conducting health education in neighborhood schools, and sponsoring a cooperative community fair with other organizations.

Physical Therapy Club

The Physical Therapy (PT) Club promotes awareness of the physical therapy profession within SUNY Downstate Health Sciences University and its general community. Its primary goals are to involve its members in: 1) serving the community, 2) supporting the physical therapy profession, and 3) providing a social atmosphere for its members to interact with other future health care professionals. Some activities that the club has been involved with are: promoting PT month, helping with resumes and interviewing skills, helping to stretch and massage the runners of the NYC Marathon and also sponsoring a Happy Hour. The PT Club is open to all SOHP students.

Physician Assistant Club

The Physician Assistant (PA) Club was established in the spring of 1997 on behalf of the PA class of '98 and future PA classes. The club promotes PAs, does fund raising, arranges National PA Day activities, and participates in University activities as one of the programs in the School of Health Professions. The PA club has organized monthly meetings and discussions on present and future practices. Through all of our activities, we hope to unify the students in the PA program as well as establish more of an understanding of the PA program as well as the PA profession. The PA Club is open to PA students.

Pride Club

This organization works to confront discrimination and obstacles arising from prejudice at the University and in our various professions by increasing awareness of homophobia and having direct input into the ways it can be confronted and eliminated. We work to address these issues as they affect ourselves as students and professionals and as they affect the quality of care provided to patients. The Pride Club is open to all SUNY Downstate students, faculty, and staff.

One of our primary goals is to provide a healthier, more open and tolerant atmosphere on campus and to reduce the sense of isolation felt by many lesbian, gay and bisexual people because of prevailing homophobia.

PSYCHSIG

PSYCHSIG is designed to educate and expose members of the Downstate community to the various issues and opportunities in Psychiatry. PSYCHSIG is open to all SUNY Downstate students.

Students For A National Healthcare Program

The Downstate chapter of the Students for A National Healthcare Program (SNHP) is designed to educate physicians, healthcare workers, students, and the general public on the need for a comprehensive, high-quality, publicly-funded healthcare program, equitably-accessible to all residents of the United States. The SNHP is open to all SUNY Downstate students.

Student Interest Group In Neurology (SIGN)

SIGN is the American Academy of Neurology's Student Interest Group in Neurology. SIGN's purpose is to introduce medical students to the field of neurology through discussions by neurologists, seminars, learning materials and other relevant activities. SIGN will help students become aware of opportunities and activities related to the field of neurology.

Students For Social Responsibility

The Students for Social Responsibility (SSR) is a student run organization open to all students within the SUNY Downstate community. It is the only organization committed solely to community service activities. SSR promotes healthcare, reduction of violence, flu shot program and education within the Brooklyn Community. Major activities include visits to homeless shelter clinics, health education programs, and a high-school anti-violence program.

Tharos, School of Health Professions Yearbook

Tharos is the School of Health Professions yearbook. Tharos is open to all SOHP students. For more information, please contact the SOHP Council.

Wilderness Medicine Club

This organization is a way for students to learn how to perform basic first aid, safety and medical treatments in the wild. The group will travel to parks and other locations to practice techniques. The group invites lectures to come talk to students about different types of wilderness medicine.

For more information regarding Clubs and Organizations, please contact the Student Center at 270-2485.

OTHER UNIVERSITY OFFICES**FACILITIES MANAGEMENT & DEVELOPMENT**

FM&D maintains all Downstate Health Sciences University buildings and campus spaces, cleans the BSB and the HSEB, and manages campus design and construction, as well as environmental health and safety. FM&D depends on your cooperation to keep classrooms, hallways, and restrooms clean and safe.

Work order requests for routine building repairs can be phoned in to 718-270-1212 between 8 a.m. and 4 p.m., Monday through Friday.

Primary emergency requests for situations such as flooding, or loss of essential utilities for life support or health and safety, may be reported 24 hours per day, seven days per week by calling 718-270-1212 or 718-270-2810. FM&D responds to such calls immediately.

Secondary emergency requests such as for clogged toilets/sinks and broken windows also can be reported by calling 718-270-1212, and will be corrected weekdays during the 8 a.m. to 4 p.m. shift. For light bulb replacement, call 718-270-1222.

FM&D depends on the faculty, staff and students of the Downstate community to remain aware of the environmental aesthetics of the campus, and urges them to promptly report any maintenance deficiencies that require correction or repair.

Telephone 718-270-2376 to report cleaning and housekeeping concerns in BSB and HSEB restrooms, lecture halls, 5th and 6th floor carrels, and other student study areas.

If you are holding an event or an organizational/group meeting, remember to request large plastic bags from the FM&D Housekeeping staff for your refuse. Clean up your meeting room following your meeting, and straighten out the furniture, restoring the room to the condition you would like to find if you were entering the area.

OFFICE OF COMMUNITY AND GOVERNMENT RELATIONS

The Office of Community and Government Relations acts as liaison to Federal, State and City elected officials and governmental offices. This office also works closely with community-based organizations, providing assistance, information and support for a wide variety of projects and initiatives. This office provides information about volunteer opportunities in the community and supports a wide a variety of departmental and student organized outreach initiatives.

The Director of Government Relations should be contacted prior to any contact with elected officials unless it is of a personal nature at: BSB 1-101, Ext. 1490.

OFFICE OF DIVERSITY AND INCLUSION

Compliance with the equal opportunity laws and regulations listed below is within the scope of responsibilities of this office.

- Title VI of the Civil Rights Act of 1964 as amended - Prohibits discrimination on the basis of race, color or national origin in admissions, access to courses or programs, and student policies;
- Title IX of the Educational Amendments of 1972 - Prohibits exclusion from participation in, or denial of benefits, or subjection to discrimination on the basis of sex in any education program or activity receiving federal financial assistance.
- Section 504 of the Rehabilitation Act of 1973 - Prohibits discrimination on the basis of physical or mental handicap in any federally assisted program or activity;
- Age Discrimination Act of 1975 - Prohibits discrimination on the basis of age in programs or activities receiving federal financial assistance;
- Under *State Education Law S224-a*, no person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that (s)he is unable, because of his/her religious beliefs, to attend classes or to participate in any examination, study or work requirements on a particular day or days. Moreover, the *Religious Freedom Restoration Act of 1993* - requires federal, state and local governments to demonstrate a compelling interest before burdening an individual's exercise of religion.
- State of New York, *Executive Order 28* establishes that no State agency or department shall discriminate on the basis of sexual orientation against any individual in the provision of any services or benefits by such State agency or department.
- Americans with Disabilities Act of 1990 (Titles II-V) and American with Disabilities Amendment Act of 2008 - Prohibits discrimination on the basis of disability in public service and public transportation, public accommodations, telecommunications and miscellaneous provisions.

Students are invited and encouraged to consult with the Office of Diversity & Inclusion informally when situations or problems relating to perceived discriminatory treatment or sexual misconduct occur.

In addition, the complaint procedure process may be used by any Downstate Health Sciences University employee, student, or third party in activities on and off campus. Equal Opportunity protected categories include, but are not limited to: race, gender (including pregnancy), color, religion, creed, age, national origin, disability, marital status, status as a disabled veteran or a veteran of the Vietnam era, sexual orientation, gender identity, gender expression, status as a victim of domestic /intimate partner/dating violence, predisposing genetic characteristic, or retaliation. This process is not intended to replace, duplicate, or supplant any other grievance procedure, nor does it deprive a complainant of the right to file with an outside enforcement agency. This document should be considered a supplemental mechanism for the investigation and resolution of allegations of unlawful discrimination or sexual misconduct for the benefit staff, faculty, students, visitors and the administration.

The complaint procedure and policy may be found in the Appendix.

In keeping with efforts to establish an environment in which the dignity and worth of all members of the campus community are respected, sexual misconduct that affects SUNY Downstate Health Sciences University students and employees is unacceptable conduct and will not be tolerated. Sexual Misconduct includes any behavior that is: any unwanted verbal or physical sexual advance, sexually explicit derogatory statements, or sexually discriminatory remarks which are offensive or objectionable to the recipient or which causes the recipient discomfort or humiliation, or which interfere with the recipient's education, or which creates an intimidating, hostile, or offensive educational environment.

Sexual harassment is a form of Sexual Misconduct and is a violation of Title IX of the Educational Amendments of 1972. Under the law, there are two forms of sexual harassment: quid pro quo conduct occurs when specific academic benefits are withheld or penalties are imposed as a means of coercing sexual favors; hostile environment sexual harassment occurs when a person in authority either creates or condones an academic environment in which sexual harassment is present. A sexual harassment complaint may be filed not only by an individual directly victimized by sexual harassment, but also by any other individual who objects to the behavior, and/or fears that such behavior may adversely affect their educational status or prospects. (Additional information in the Appendix.)

Downstate Health Sciences University is committed to the prompt and equitable resolution of allegations of discrimination on the basis of sexual harassment. Students may consult and/or file a complaint with the Office of Diversity & Inclusion utilizing the complaint procedure process mentioned above and described in the Appendix.

PARKING

For information, please contact Brian Corby in the Parking Office at 815 New York Avenue, 1st floor, Monday-Friday, 7am - 3pm, 718 270-3163. The University Police Department will strive to ensure that parking accommodations will continue to be provided to every extent possible.

PERSONAL SAFETY COMMITTEE

The Downstate Personal Safety committee is charged with the examination and assessment of existing policies, procedures, practices and programs, including those relating to safety education, that impact on the personal safety of students, faculty, and staff, in and around campus. The focus of the Committee is to review and discuss matters pertaining to the security of individuals, including critical incidents, and make recommendations for the improvement of personal safety. The Committee is comprised of students, faculty, and staff and meets at least once per semester. An annual report of the Committee's activities is submitted to the President and is available upon request from the Division of Student Affairs.

UNIVERSITY POLICE

The University Police Department maintains a pro-active approach toward reduction and suppression of crime on campus. Chief: Israel Maldonado, Room A1-85A BSB, Box 1201, 270-3161. You can access the University Police/Public Safety website at: <http://www.downstate.edu/police/>

The following explains the make-up of the department and the initiatives it takes.

Officers are assigned to:

- Entrances in each building
- patrol each building
- Booths that are located in areas of high pedestrian traffic
- Radio-equipped motor vehicles

Identification/Facility Access: There are systems in place that are designed to ensure that persons entering the Downstate Health Sciences University (DHSU) are authorized. Faculty, staff and students are required to display SUNY Downstate identification cards when entering SUNY Downstate, and to prominently display it at all times while on campus. Visitors are issued temporary visitor passes.

I.D. Card (Downstate Card)

Complete and current Downstate Card policies and features are available at: www.downstate.edu/downstatecard.

All enrolled students are issued a Downstate Card at no cost that serves as an ID Badge for access to all DHSU facilities. It is imperative that students treat their Downstate Card with good care, since the card is intrinsic to DHSU's homeland security. The student to whom the ID card is issued is entirely responsible for its use or misuse. Students must carry their cards with them at all times, and must never lend their ID cards to any other persons. If it is ever lost or stolen the card could potentially provide an unauthorized person to gain access to DHSU facilities. If your Downstate Card is ever lost, stolen or damaged, it must be reported immediately to the Downstate Card Office at 718-270-4600 (Ext. 4600 from on campus).

To receive a replacement card you will be required to pay a NON-REFUNDABLE fee (\$40 as of Fall 2011). Your Downstate Card must be surrendered upon graduation or separation in order to receive your diploma or a copy of your transcript. A hold will be placed on your Downstate student record until such time as your Downstate Card has been returned or the non-refundable fee is paid. If the card is lost immediately before graduation, students are required to pay the lost/stolen card fee and will be issued a LETTER authorizing release of the graduation diploma.

Students may be asked by University Police and/or Public Safety officers or other University personnel, including student managers, resident advisors, and desk assistants, to show their ID cards. When such requests are made by authorized personnel, students are expected to cooperate by producing their ID cards. This helps assure that only persons with legitimate interests use campus facilities. The ID card is necessary on campus to use various services such as the student health service, gymnasium, library, etc. Any person not producing a valid ID card when requested, is assumed not to be a member of the campus community; and if the situation warrants, may be asked to leave campus or be charged with trespassing.

The Downstate Card office shares student non-confidential information with other DHSU offices to facilitate essential applications such as door access, library use and photo verification during exams.

Phones/Alarms: There is a network of emergency telephones (red) conveniently located throughout DHSU. In addition, there is also a network of panic alarms located at various places, including the corridors, laboratories, rest rooms and on-call rooms. Both the "red" phones and panic alarms are linked directly with the University Police Department and are monitored 24 hours a day to ensure a quick response to all emergencies.

Escort Service

- After 1 a.m. - upon demand (Extension 270-2626), until 5 a.m. weekdays and from 1 a.m. on Saturday until 5 a.m. Monday.
- An unscheduled service designed to move faculty, staff and students at off-peak hours to local destinations (e.g., dorms to Kings County, University Hospital to garage, etc.) To obtain this service, call 270-2626 and explain your request.

Shuttle Service: To enable personnel who commute by public transportation get to their points of departure safely, the University Police Department provides transportation to subway stations and bus stops. The shuttle runs from 5 a.m. until 1 a.m. on weekdays. Escort service is available when the Shuttle is not in service. There is also a shuttle service to and from the off-campus parking facilities and Downstate Health Sciences University.

- During the hours of 3:00 p.m. until 10:30 p.m. Mondays-Fridays, a van will depart at regular intervals from University Hospital (445 Lenox Road) and HSEB (395 Lenox Road) in route to the following locations: DHSU Foundation parking lot (404 Winthrop Street), subway stop at Winthrop/Nostrand (#2, #5 trains), Business Office (711 Parkside Ave.), Parking Garage (323-359 Clarkson Avenue), Parking Lot (225 Clarkson Avenue, Church Avenue and Nostrand Avenue).

Package Inspection: To ensure the security of state property, the University Police Department supervises the removal of equipment and other state property from DHSU. An “Equipment Removal Form,” signed by an authorizing agent, along with identification of the person removing the property, is required. A “Personal Property Form” is prepared when personal property (radio, television, etc.) is brought into the institution and this form is used to identify ownership when the property is being removed.

Interagency Relationship: The staff of the University Police Department has established and maintains clear and continuous channels of communication with local law enforcement agencies.

Closed Circuit Television System: A CCTV system monitoring the interior and exterior of the DHSU campus is recorded 24 hours a day by the University Police Department.

Perimeter Lighting: Additional high intensity lighting has been installed on exterior areas of the campus in addition to that already provided by the City of New York.

Incident Reports: Call University Police at 718 270-2626 to report incidents relating to criminal actions and other emergencies on campus.

Student Responsibilities: We emphasize that isolation can occur almost anywhere on campus, depending on such circumstances as the time of day, day of the week, building, etc. A few common sense rules to avoid isolation are:

- walk and travel in groups, if possible
- use University Police escort and shuttle service
- be aware that the University Police department monitors its telephone switchboard (Extension 2626) 24 hours a day and that red telephones have direct contact with University Police without dialing
- be aware that the University Police department has emergency alarm buttons throughout the University Hospital, Basic Sciences Building, DHSU Student Center and dormitories which, if activated, University Police staff are dispatched to investigate.

Procedure for Reporting Sexual Assaults Off Campus: Allegations of sexual assault or rape occurring off campus should be reported at once to the local police via 911 and to University Police via 718-270-2626.

Rape Counseling: Kings County Hospital Department of Social Services Domestic Violence Coordinator, call 718 245-4374 or 718 245-4012, MF 9 a.m.-5 p.m. Medical assistance available in Kings County Emergency Room on a 24 hour basis.

Other numbers for assistance:

NYC Victim Services Hotline 212 577-7777 (24 hours)

NYC Police Dept. Sex Crimes Reporting Unit 212 267-7273

Residence Hall Security: Downstate Health Sciences University has two residential buildings available for occupancy by its student population. The following security and safety systems are currently in place:

1. 24 hour coverage by University Police officers at main entrance to 811 New York Avenue.
2. 8:30 a.m. to midnight service desk coverage by professional and student staff.
3. Electronically locked main entrance doors. A coded key card is required for access.
4. A panic alarm system on each floor (common areas) and in all public basement areas.

Web Page

The University Police Department has a web page, which is located at <http://www.downstate.edu/police/default.html>. You can view or print copies of our Annual Campus Security Report and Crime Incident Log from this location, and we have other useful information and contact numbers posted for your convenience. You can also request a printed copy of our Annual Campus Security Report by calling our Administrative Office, 718 270-3161.

Crime Statistics Availability Statement (Clery Statement)

A copy of the State University of New York at Downstate Health Sciences University campus crime statistics as reported annually to the U.S. Department of Education will be provided upon request by the campus University Police Department. Please direct all such requests to the Department of University Police at 718-270-3161. Information can also be obtained from the U.S. Department of Education website at: <http://ope.ed.gov/security/>.

Information about Bias Crime prevention and Sexual Assault prevention may be found in Appendix III.

SIGN POSTING

See Student Conduct section in Appendix IV.

MORE HELPFUL INFORMATION

CHAPLAIN SERVICES

The Department of Pastoral Care (telephone 718 270-2594) of the University Hospital of Brooklyn offers spiritual care and pastoral support services to patients, families, staff and members of the Downstate Health Sciences University community. Religious services and memorials are held in the Hospital Chapel (A1-347) as posted. Chaplains and Rabbi can also be reached through the Page Operator (270-2121) on a 24 hour basis.

Hospital Chaplains

Protestant: Reverend Sharon Codner-Walker, MDIV, BCC- Director of Pastoral Care (Email: Sharon.Walker@downstate.edu)

Catholic: (vacant, TBA) Reverend Sharon Codner-Walker is available

Religious Services in Chapel Room A1-347

Catholic Mass: Thursdays, 12:05 p.m.

Christian Fellowship Service – Wednesdays 12-1 p.m.

Intercessory Prayer – Mondays 12:30-1 p.m.; 5:30-6 p.m.

The Interfaith Chapel (Room A1-347) is open 7 days/24 hours for use by all faiths/denominations for meditation and quiet prayer. The Chapel, and all services conducted there, can be viewed on the in-house television system, Channel 18, which is available at all times. Interdenominational Services are held in the Chapel for occasions such as Ash Wednesday, and Good Friday. Notices will be posted in advance.

Jewish Faith:

Rabbi Yitzchok Holzman, an Orthodox Rabbi affiliated with the Lubavitch community, serves as “Jewish Patient Liaison” for SUNY Downstate Health Sciences University. Torah classes are given weekly by Rabbi Holzman on a variety of topics, for the well-advanced as well as for beginners. Call for schedules and more information.

Services:

Shacharis Morning Prayer: 8:00 AM, daily.

Mincha Afternoon Prayer: 1:45 PM on the 2nd floor BSB (Radiology) and at 4:00 PM, daily.

Special Holiday programs and events are also held.

Rabbi Holzman is available by calling Tel :(718) 270-1818, Pager: (917) 218-1818, Email: Rabbi@Downstate.edu

Muslim Faith:

Resource Person: Nisar A. Khwaja, MD. (718 245-2665) & designated personnel via Dept. of Pastoral Care (718 270-2594)

Services:

Every Friday from 1:15 - 2:00 p.m. on the Penthouse floor of the Kings County Hospital “T” Building. A prayer room is also available at the same location during the day.

SUNY Downstate: 24 hrs./7days Hospital Chapel A1-347 available for prayer, meditation, and study (prayer mats, beads, and The Holy Qur’an available)

SCHOOL OF GRADUATE STUDIES

ACADEMIC STANDARDS

Graduate degrees are awarded by the State University of New York. A student is proposed for the degree by the faculty of his or her respective graduate program following certification that the student has fulfilled all general and specially designated requirements of the program. Admission of students, continuation or cancellation of registration, appointment of the Thesis Advisory Committee and recommendation for awarding of degrees are the concern of the faculty acting through the dean.

The State University of New York acting through its Provost of Graduate Education and Research, and its Graduate Council approves overall program coverage and establishes basic regulations and procedures.

Residence Requirements

A year of residence is defined as registration and full-time participation in program activities, including coursework and research, for the entire year. A minimum of two years residence in the School of Graduate Studies is required for the doctorate. Ordinarily, completion of PhD requirements will take four years or longer.

A program may require a student under its sponsorship to carry a full-time schedule during each academic year until the total number of credits required for the degree is completed. "Full-time" is defined by the State University as a minimum of nine credits per semester before Certification of Candidacy for the Doctorate, and as few as one credit per semester following candidacy (satisfactory completion of the qualifying exam).

Tuition and SUNY tuition scholarship

Students are required to apply for New York State Residency as soon as they are eligible. Once a student has become a New York State resident, the tuition scholarship will be provided at in-state rates only, from then onward. For students in the MD/PhD program and citizen or permanent resident Ph.D. students who are not New York State residents, the school will waive tuition at out-of-state rates for the first year only. After that, tuition waivers for the COM and the School of Graduate Studies will be at the in-state rate.

Communications with the Graduate Office

All students are required to access their local Downstate e-mail on a regular basis for information from the Graduate School. E-mail is the primary means used in the School of Graduate Studies for communication.

All international students must notify the Graduate School as well as the INS of any change of address within 10 days of moving; all other students must report any change of address at least at each registration.

International non-matriculating students must present visa documentation to the Graduate School registrar each semester at registration.

Non-Matriculated Students

A non-matriculated student is one who has not been accepted to a degree program but is permitted to register on a semester basis, using the appropriate "non-matriculated student registration" form.

1. "Non-matriculated student registration" forms will be approved and signed by the program prior to registration for a course.
2. Non-matriculated status shall not extend beyond 12 credits maximum, and shall not extend beyond one calendar year.
3. No registration will be processed by the Registrar for non-matriculated status if that student has previously registered for 12 credits.
4. Non-matriculated status does not guarantee entry into a program. A non-matriculated student must complete the entire admissions procedure and will be considered on the same basis as any other applicant.

Non-matriculated students may meet the prerequisite requirements for a course through completion of prerequisite courses, related work experience, and/or demonstrated proficiency related to prerequisites. Each program makes the final decision as to the courses open to non-matriculated students and the number of spaces available in each course.

Student Curricula

Students plan their curricula in consultation with their program faculty and research advisor. In addition to the program requirements and graduate school requirements listed in the college bulletin, courses may be required on an individual basis. The first year of study toward the doctoral degree is considered probationary and during this time the faculty of the program evaluates the student's capacity for continuance.

A rapidly expanding body of knowledge characterizes contemporary biomedical science, and the curriculum is likely to change repeatedly during a student's tenure in the School of Graduate Studies.

Course Requirements

Courses approved for graduate credit are listed in the college bulletin. Other courses may also be approved for graduate credit, provided that prior approval is obtained from the student's program director and the office of the Dean, and provided that the course conforms to standards for graduate level instruction.

The unit of credit is defined as one contact hour, or two laboratory hours weekly for approximately twelve weeks.

Cancellation of Course Registration

A graduate student may cancel registration for a course in progress with the approval of the student's program director and research sponsor (if one has been designated). Written approval for cancellation of course registration must be submitted to the course director and the Dean of the School within the first six weeks of the beginning of the course. Withdrawal later than six weeks after the beginning of a course but before the final examination will result in a record of "W" on the transcript.

Degree Requirements and Academic Standards

To receive a Doctor of Philosophy degree, in Molecular and Cellular Biology, Neural & Behavioral Science, or Biomedical Engineering, the student must earn a minimum of 46 course credits. The academic program for each degree is determined by each Program.

Comparative course grades, in the order of value (4,3,2,1,and 0) are: A, B, C, D, and F. + and - contribute $\pm 1/3$ points to the grade; there is no A+. In any course in which no comparative grade is given, designations “S” (Satisfactory) or “U” (Unsatisfactory) are used. “S” or “U” may be used for courses with 2 or fewer credits. A grade of “B” or better or an “S,” must be obtained for credit in all required courses taken in a student’s sponsoring program. For the purpose of calculating a grade-point average, an “S” has a value of 3 in required program courses.

A conditional grade may be given at the discretion of the course director if there is a failure of part of a course that requires remedial work. The student must have performed well in other segments of course to warrant a passing grade upon successful remediation of a segment of a course. Course directors have the option to not use the conditional grade; students are notified of course grading policies at the beginning of each course. A conditional grade will be indicated on the transcript with an asterisk (conditional grade, post-remediation).

Course “Incomplete” A grade of “Incomplete” (I) shall be reported on the grade roster to the Office of the Registrar, for any student who has obtained, in advance, the permission of the course instructor to postpone completion of specific course requirements beyond the semester in which the course was taken.

1. Students who receive an “I” in a course, must arrange for an anticipated date of completion with the course instructor. This date is to be determined by the faculty member, but is not to exceed the end of the following semester in which the student is actively enrolled.
2. Students must have a letter grade in a prerequisite course to progress to any course(s) for which this course is a prerequisite. The completion of the outstanding requirement(s) is not to exceed 10 days from the date of being informed of the incomplete grade. Failure to remove the “I” grade within 10 days from the date of notification will result in administrative withdrawal from the course for which this Incomplete is a prerequisite.
3. Upon successful and timely completion of course requirements, the grade “I” will be removed and the letter grade will be recorded on the student’s transcript.
4. A Change of Grade form must be submitted to the Office of the Registrar by the faculty member at the completion of the requirements. If this form is not submitted by the appropriate deadline, the “I” will be converted to an “F.”
5. As an internal procedure, before changing an “I” grade to an “F,” the School of Graduate Studies Registrar will submit a list of the outstanding incompletes to the Dean of the School of Graduate Studies.
6. A student on approved “Leave of Absence” with an outstanding “I” grade, must remove the “I” by the end of the first semester after returning as a registered student.

Transfer of Credits/Records

Students who have completed graduate courses at another institution, prior to matriculation, with a minimum grade of “B” or better, may transfer credits if the courses are judged equivalent to those required at SUNY Downstate’s School of Graduate Studies Programs. The Program Directors and the Dean of the School of Graduate Studies determine the acceptability of transfer courses. Transfer of approved credits earned prior to matriculation to the School of Graduate Studies will appear on the transcript accompanied by the letter “TR.” A maximum of twelve credits may be approved for transfer from other accredited graduate schools, if those credits were taken prior to matriculation. Once matriculated, credits will not be transferred if taken subsequent to matriculation. To qualify for program of study transfer credit, you must initiate a request for it through the Dean during your first year at SUNY Downstate. Students must provide an official transcript and a copy of the course materials for the courses to be considered for transfer.

Continuing registration of graduate students from term to term is contingent on satisfactory academic performance and satisfactory progress toward the degree. Students are expected to maintain a “B” average in courses within their own program to remain in good academic standing. Even when they must retake a program course for which they received a grade lower than “B” their GPA must be “B” in program courses. A grade of “C” or better is required for graduate credit in other courses. Students must maintain an overall average of at least a “B-” (≥ 2.67). If their average falls below a “B-”, students will be considered on academic probation; a student cannot be on academic probation for more than two semesters, sufficient time to remediate a low grade. Special consideration will be given if the course in question is given every other year. Satisfactory progress toward degree implies timely completion of required course work and Graduate School Requirements as stated in the table below. Failure to meet the following timetable of Graduate School Requirements may result in being placed on academic probation.

TIMETABLE	
GRADUATE SCHOOL REQUIREMENT	DEADLINE
selection of thesis laboratory after at least two lab rotations	second academic year
passing the comprehensive examination	fifth semester (1st semester of the 3rd academic year), earlier at the discretion of the program
formulation of thesis advisory committee	third year, earlier at the discretion of the program
presenting a thesis proposal	fourth academic year, earlier at the discretion of the program
predefining and defending the thesis	sixth academic year

Students who fail to propose by the end of their fourth year will be reviewed at that time and annually until their proposal is presented. In addition, the program faculty may at any time recommend to the Dean that a student be refused further registration or be allowed to register only for a less advanced degree.

Reexamination Policy

In general, special requirements and policies on reexamination are announced by the course director(s) at the beginning of the course. The graduate faculty is under no obligation to allow reexamination following an unsatisfactory performance by a student.

Students who have not achieved satisfactory academic performance in basic science courses offered by the College of Medicine may, at the request of the sponsoring program, be allowed the option of reexamination during the same academic year.

Auditing of courses

There is no special provision for auditing, *but* graduate students may attend lectures with the approval of the course director.

Student Access to Records

The School of Graduate Studies is in full compliance with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), which gives students access to their educational records. Students can arrange to review their records by contacting the Graduate Office.

Academic Integrity

All students in the graduate school of SUNY-Downstate Health Sciences University must display the highest level of integrity by abstaining from any form of fraud, dishonesty, or deceit. Students are required to be familiar with these standards of academic integrity. The following descriptions are examples of infractions of academic integrity rather than an inclusive list:

1. Plagiarism. Examples of plagiarism include paraphrasing or summarizing without acknowledgment; submission of the work of another person as one's own; purchase of prepared research or completed papers or projects; unacknowledged use of research sources gathered by someone else. Any faculty member reviewing the work of the student can decide whether plagiarism has been committed. Faculty members will determine the degree of dependence on unacknowledged outside material, inadequate acknowledgment, or the presence of misleading references. Students are encouraged to contact individual faculty members for information about potential issues of plagiarism.
2. Academic dishonesty. Examples of cheating include: the use of notes, books, or other aids during an examination; having another person taking an examination in your place; using information from another during the exam; assisting another during exam; passing of examination information to students who have not yet taken the examination. Academic dishonesty also includes submitting portions of the same work for credit more than once or citing another's unpublished work without permission. Dishonesty also includes falsification of research data that is the intentional misrepresentation of circumstances, procedures, participants, or results of a research project
3. Forgery involves imitating another's signature on academic or other official documents.
4. Sabotage is destroying, damaging, or stealing another's work or working materials.

Leave of Absence

A student in good standing may request a leave of absence for not more than one year. If the leave is granted, the Office of the Dean will indicate the conditions for readmission.

Administrative Withdrawal

If a student does not register for any semester, and no request for a Leave of Absence has been made and/or granted, the student is deemed to be "out of status". Students who wish to return after one semester "out of status" must file for a retroactive leave of absence and a reinstatement. Thereafter a student will be required to re-apply for admission to the School of Graduate Studies in order to resume their program. Re-admission is not guaranteed.

Stipend Policy

Those doctoral students who receive stipends are appointed for a 12-month renewable term contract as graduate assistants. The only duties of a Graduate Assistant in the School of Graduate Studies at SUNY Brooklyn are to remain in good academic standing. The Graduate School set a stipend level for such teaching assistants that consist of a base salary plus discretionary compensation. (As of July 2016 the minimum stipend for PhD students and for MD/PhD students in the pre-clinical years was \$30,000 and the maximum stipend was at \$36,000). PhD student stipends are paid from the Graduate School budget for years one and two. The thesis sponsor is obliged to contribute 100% of the stipend from the time that their PhD student enters the 3rd year and from when their MD/PhD student registers for the 1st year in the Graduate School. The faculty stipend contribution continues until the MD/PhD student rejoins the medical school. Acceptance by the Graduate School of advanced academic standing may change this formulation. If a student's thesis advisor loses funding during the course of a student's satisfactory progress toward degree, the Graduate School will attempt to find funds to support the student until the faculty member's research funding is restored. However, for PhD candidates, the Graduate School has no obligation to continue stipend support from its funds beyond six years of matriculation in the Graduate School. For MD/PhD candidates, the Graduate School has no obligation to continue stipend support from its funds beyond seven years. In the clinical years of the MD/PhD program, the stipend is guaranteed to be within 20% of the current minimum PhD stipend.

As in academic matters, students may appeal the duration of Graduate School stipend support to the Committee of the Faculty of the Graduate School for its recommendation to the Dean.

Curricular Requirements

All students are currently required to take Responsible Conduct in Research (Ethics) and the Program Seminar Series. In addition, the following are the mandatory courses for the Molecular and Cellular Biology (MCB) and Neural and Behavioral Science (NBS) Programs:

Molecular and Cellular Biology	Neural and Behavioral Science
Molecular and Cellular Biology I	Introduction to Cellular and Molecular Neuroscience
Biochemistry	Biochemistry
Molecular and Cellular Biology II	Medical Neuroscience (including lab component)

Requirements for the Biomedical Engineering program vary with the student's entering academic background.

Tutorials in graduate statistics related to specific thesis projects may be arranged.

Teaching Requirement

All matriculating graduate students, including MD/PhDs are required to teach in an approved University course for one year. Teaching a total of 50 hours satisfies this requirement. MD/PhDs are required to fulfill this requirement uncompensated in the College of Medicine.

Certification of Candidacy for the Doctorate

A student is certified as a candidate for the doctorate by the Office of the Dean following completion of the following requirements: a) removal of all entrance contingencies; b) completion of at least two years in residence; c) passing of the comprehensive examination.

Candidates may complete work leading to a degree any time during the academic year, and may be certified for the doctorate as of the date at which they have fulfilled all program requirements and completed and satisfactorily defended a dissertation. However, the candidate must complete these requirements for the degree by May 1 (or the Monday following this date if the 1st is on a weekend) in order to be included among the list of graduates at annual Commencement when degrees are formally conferred. The final, approved copy of the dissertation must be in the Office of the Dean by May 15th in order for the student to graduate in the May Commencement. Students who fulfill these requirements after the dates outlined here will receive a diploma dated the end of that calendar year and may participate in the following year's Commencement ceremony.

GUIDELINES FOR QUALIFYING FOR PHD CANDIDACY, PROPOSAL AND DEFENSE OF THESIS

1. QUALIFYING EXAMINATION

A qualifying examination, administered by the graduate faculty of the program, must be passed in order to be admitted to candidacy for the degree of Doctor of Philosophy. The purpose is to gauge the scope and depth of knowledge in the chosen field of study before a full commitment is given to independent research. The Graduate School requires the examination be taken by the end of the fifth semester of residence; program requirements may be earlier. The exam must be passed prior to presentation of a thesis proposal. The particular examination will be designed by the PhD Program.

A committee should be selected by the Executive Committee of the Program in consultation with the student's advisor. The student's advisor, if known, should not be a member of the qualifying examination committee. Members from other graduate programs may be included. The program director shall be responsible for ensuring the timeliness of the qualifying examination and obtaining the required documentation from committee members. The program decision shall be transmitted to the Dean of the School of Graduate Studies where it will be placed in the student's file.

An unsatisfactory performance in the qualifying examination may result in cancellation of a student's registration in the sponsoring program. The decision of whether to cancel registration in the program or to offer an opportunity for re-examination is made by the Executive Committee of the Program on the basis of the student's overall academic performance. This decision is not subject to formal appeal.

2. THESIS PROPOSAL

A. Thesis Advisory Committee

The committee and a presiding member (who is not the research advisor) are appointed by the Dean, with the advice and consent of the student and the student's research advisor, by the end of the third academic year at the latest (see Timetable). The Committee should ordinarily be constituted, as follows: Five internal committee members, those being the Advisor, and four others approved by the Dean. The Director of the Program and the Dean, or designated appointee, are members *ex officio*, unless appointed to the committee. An external examiner may be appointed, but is not required. Additional *ex officio* members advise but do not vote, and cannot act as the Presiding Member but must receive all notices and documents. Downstate students in the joint Biomedical Engineering PhD program are required to have at least one Polytechnic University faculty member on their committee.

Ex officio members are not eligible to vote or to act as presiding member. If a member resigns, the member should be replaced as soon as possible, so as to maintain the above composition.

Appointment of the external examiner is at the discretion of the thesis advisor and the student as long as the student is in compliance with the Graduate School timetable for academic progress (above). If an external examiner is to be invited, contact information must be provided to the Graduate Office at the same time as the proposed faculty members are presented for approval. An external examiner may be asked to evaluate the student's work at the discretion of the Dean, as early as one year after the thesis proposal, or at the next annual work-in-progress seminar or at the pre-defense. The student and advisor are responsible for calling meetings and distributing announcements as well as written documents.

The presiding member will moderate and participate actively in all committee deliberations, including the thesis proposal, progress reports, and thesis defense. The presiding member communicates findings of the committee formally to the student and copies that letter to the Dean and Graduate School registrar. Such reports must be approved by the committee before transmittal.

B. Thesis Proposal Meeting

A formal thesis proposal should be presented as soon after the comprehensive examination as possible in compliance with program guidelines, but no later than the end of the student's fourth year in the School of Graduate Studies. Consideration of a thesis proposal is primarily a function of the student's thesis advisory committee and sponsoring program. The student must distribute copies of a thesis proposal to all committee members, research advisor, and the Dean **at least two weeks before the formal oral presentation**. All faculty and students should receive a notice of the presentation and a one-page abstract at least one week in advance of the formal thesis proposal. An electronic file of the full proposal should be submitted to the Graduate Office at least one week prior to the meeting. The thesis proposal is a public event. Good attendance is strongly encouraged and therefore, the students are strongly discouraged from scheduling the proposal in July, August, before Labor Day in September, Commencement day or major holidays.

C. Format Of Thesis Proposal

1) Proposal format.

In order that the preparation of the proposal should serve as a learning experience for the student it is strongly recommended that the proposal should conform to the structure required by the National Institutes of Health for grant proposals. The complete document should be typed, double-spaced, with a font of > 10 point and contain a short (one page or less) abstract, an Introduction, Specific Aims, Background and Significance, Preliminary Studies, Research Design and Methods including Statistical Analysis when appropriate, and Literature Cited. Brevity is strongly recommended, but in no case shall the proposal exceed 40 pages (single-side) of double-spaced type-script, excluding figures. The cover page must have the following form:

<p>Thesis Title</p> <p>A proposal submitted to the faculty of The School of Graduate Studies State University of New York Downstate Health Sciences University In partial fulfillment of the requirements for the degree of Doctor of Philosophy by Name Program in [Molecular and Cellular Biology, or Neural and Behavioral Science, or Biomedical Engineering] Date Thesis Advisor[s]: Name, Degree. Departmental Affiliation</p>

2) Formal presentation.

The student will summarize his or her proposal, orally, without interruption.

3) Question period.

The committee Chair should entertain questions from the audience as well as from the committee before the committee retires to private questioning of the student.

D. Committee Deliberation

Discussion of the merits of the proposal and formal deliberation on the action to be taken by the committee will usually be restricted to members of the thesis advisory committee, *in camera*. On occasion, a committee may invite participation on a non-voting basis by others.

All internal members of the committee are expected to be present at the proposal meeting including the program director and the Dean. The proposal will be rescheduled if at the appointed time, more than one internal member of the committee is absent from the proposal meeting.

The committee shall evaluate the student's knowledge of the relevant literature, scientific judgment, ability to reason, ability to use the techniques proposed, understanding of the basis of the techniques to be used and the feasibility and adequacy of the proposed experiments.

The committee should render, by **majority vote**, one of the following judgments:

- a) proposal and its defense fully acceptable
- b) proposal and its defense acceptable with modifications
- c) proposal and its defense unacceptable

The presiding member should communicate the findings of the committee in writing to the student and copy the Dean and the Registrar of the School of Graduate Studies, within one week after the proposal meeting. Suggested modifications or reasons for outright rejection should be noted. All voting members of the committee must sign off on the communication before it is sent.

If the thesis proposal or its defense is judged unacceptable, the work must be reformulated and another presentation made. The committee shall set a timetable for a new proposal meeting. A student may, with the agreement of the thesis advisor, request appointment of a new thesis advisory committee. However, a proposal, which has been twice rejected, cannot be presented again. See Section 3C for rights of appeal.

A lone dissenting member of the committee who is unable to accept the final committee decision must resign. The student and his or her research advisor must then suggest to the Dean a replacement who is willing to serve on the committee, has read the thesis proposal and finds it acceptable, as modified.

E. Progress Reports

Following the thesis proposal, students shall present yearly work in progress seminars to the students and faculty of their respective programs and thesis examining committees. At the time of the proposal, the thesis advisory committee will recommend any need for additional progress reports and their format. The student or the research advisor may request further consultation with committee members, either individually or as a group. **If major changes in the direction of the research are necessary or unforeseen problems imperil the proposed research design and execution, the committee should be notified and given an opportunity to evaluate the proposed changes, at the earliest possible time.**

F. Technical Assistance

In general, it is assumed that the student has done all the experimental work that is reported in the dissertation. There should be explicit mention in the thesis proposal and the thesis dissertation of any technical work that is performed by others, and the student should obtain the approval of the thesis advisory committee for such assistance. In addition, at the time of the thesis proposal and at other times, as necessary, prior to thesis defense, the thesis advisory committee may examine the candidate to determine competence in the techniques used in the thesis research.

3. DOCTORAL THESIS

The format of the PhD thesis should be more like published scientific papers than manuscripts submitted for publication, in that the figures and tables should be inserted into the body of the text where they are referenced. The thesis should include the following elements: an abstract, a table of contents, a table of figures, a list of abbreviations, an introduction and/or background and significance, a materials and methods section, the results, a discussion section and a complete reference list that contains the titles as well as all authors and the complete journal citation. The thesis may contain an appendix of experiments performed by the student that are either incomplete or tangential to the thesis research.

When thesis results have already been published, the reprint, *per se*, can be collated among the other chapters of the thesis, or an 8 1/2 x 11 inch print-out of the published file can be included. If the PhD candidate is not first author of a published paper, the student can do one of three things: 1. Include the reprint as an appendix to the dissertation, 2. excerpt the data that he/she contributed to the paper, as a separate chapter of the thesis, or 3. include the reprint, *per se*, indicating the data (figures, tables) that the candidate contributed in a detailed introduction. When published papers, *per se*, comprise the major part of the thesis, a more complete introduction and discussion should envelop the publications.

There is no page limit to the PhD thesis. A more complete background and discussion of the research than would be permitted by a journal are expected. Speculation by a candidate in the discussion is permitted. References to original papers contrast to review articles are desirable.

A. Thesis Predefense

The cover page of the thesis defense must take the form of the cover page for proposal, except substituting “defense” for “proposal”.

A draft copy of the thesis must be submitted to each member of the thesis advisory committee at least two weeks prior to the working session (unless all committee members agree to a shorter reading period). If an external examiner is to be appointed, the contact information of the proposed external examiner must be provided to the Graduate Office at the same time as the committee is being scheduled. The quality of the written presentation should be rigorously considered and the adequacy of the work and the student’s understanding are critically examined. At the predefense meeting, the committee may request a brief informal presentation of the work reported in the thesis, but the meeting predominantly involves intensive questioning focused on the research as presented in the written thesis. **All** members of the committee including the external examiner, if one is appointed, are expected to be present at the predefense when the meeting is scheduled. The predefense will be rescheduled if either the external examiner or more than one internal member of the committee is absent at the appointed time. Committee members should express substantive criticisms, if any, including requests for additional experimental work, at this working session, and not defer such criticisms until the formal thesis defense. Any member who was scheduled to attend but does not should submit a written critique on the proposed thesis, concluding with a judgment as to its acceptability. The critique should be comparable with comments submitted by a referee in review of a paper for publication. The committee will decide whether the predefense is acceptable, acceptable with substantive modifications, or unacceptable with respect to a) the written text, b) the scope and quality of the data presented and c) the student’s participation in and understanding of the work. A thesis defense may be scheduled, provided that no more than one member of the committee considers the work and/or its defense to be unacceptable or acceptable with modifications.

If the predefense is judged acceptable with substantive modifications or unacceptable, the reasons and suggested improvements shall be specified within a week of the predefense meeting in a letter from the presiding member of the committee to the student with copies to the student’s sponsor, the Dean, and the Registrar of the School of Graduate Studies. All voting committee members must approve the communication before it is sent, so that the communication accurately reflects the opinions expressed by the committee members. Should the student so desire, she (or he) may appeal the judgment (see section 5). If more than one member considers the work to be unacceptable for thesis defense a second informal meeting shall be held to consider the proposed thesis, as reviewed. If substantial modifications of the written thesis are required, all members of the committee must re-evaluate the altered text before a final defense may be scheduled (see below).

A committee judgment of an unacceptable predefense at a second predefense should be reviewed by the executive committee of the relevant program as described in section 3C. This review will take place, even if the student does not appeal the decision.

B. Thesis Defense

The formal thesis defense should be held within 6 years of entrance to the School of Graduate Studies. All thesis presentations are strongly encouraged to be scheduled during the academic year (from September after Labor Day until June 30) and cannot take place on Commencement Day or major holidays. If a student is not ready to defend by 6 years, he/she must call together the thesis committee for another annual progress report. The chair of the committee will report, in writing, the outcome(s) of the progress report to the Dean.

Copies of the thesis with the recommended revisions, if any, should be sent to members of the thesis advisory committee including the program director and the Dean at least two weeks prior to the thesis defense, unless all members including the Dean agree to a shorter reading period (if so, the Graduate School and any *ex-officio* members must be informed). At least one week before the defense a notice is posted and an abstract of the thesis should be made available to all graduate faculty and students. An electronic file of the full proposal should be submitted to the Graduate Office on a diskette or through e-mail at least one week prior to the meeting. The thesis defense is a school-wide function and open to the public. **All** voting internal members of the committee are expected to be present at the formal thesis defense meeting when it is scheduled. The defense must be rescheduled if more than one internal member does not arrive at the appointed time.

- 1) Formal Presentation. The presentation should be a public formal lecture, approximately 45 minutes in duration, which is not interrupted by questions. Good attendance is strongly encouraged and therefore, the defense students are strongly discouraged from scheduling the presentation in July, August, or before Labor Day in September.
- 2) Question Period. Any individual present at the thesis defense may ask questions.
- 3) Committee Deliberation. The committee will decide in closed-session whether the thesis is:
 - a) Acceptable
 - b) Acceptable with modifications
 - c) Unacceptable

A committee member who is unable to attend the thesis defense shall submit a written critique, concluding with a judgment as to the acceptability of the thesis. The critique should be comparable to comments submitted by a referee in review of a paper for publication.

The presiding member will report the decision in writing to the student and copy that letter to the Dean within one week. All voting committee members must approve the communication before it is sent, so that the communication accurately reflects the opinions expressed by the committee members.

In the event that a thesis is judged acceptable with modifications, the report should include the committee's reservations, its stipulations for satisfying them, and the provisions for final review of the corrected manuscript. The stipulations must be satisfied prior to submission of all final copies of the thesis to the Dean's Office.

C. Rights Of Appeal

If a thesis advisory committee judges a thesis proposal, or thesis predefense to be unacceptable, the student may appeal the judgment before the executive committee of the program and if still dissatisfied, before the Graduate School Committee of the Faculty. If a thesis committee member is a member of the executive committee of the program, they should absent themselves from the appeal process to the executive committee. A second unacceptable predefense shall be brought before the program executive committee; the student shall be invited even if the student does not initiate the appeal. If the appeal is brought before the Graduate School Committee of the Faculty, the program director and the executive committee representative shall absent themselves from the committee's deliberations and vote.

The program executive committee will be charged with determining whether the thesis advisory committee has acted improperly on procedural grounds. If so, the executive committee shall recommend to the Dean that the thesis advisory committee be dissolved and reconstituted. If procedural matters are not at issue, the executive committee of the program shall be empowered to hold hearings at which the members of the thesis advisory committee will be asked to defend their judgments. The student should be present at such a hearing until the final deliberation, and may be questioned or comment on the issues involved. If a member of the thesis advisory committee dissents from a committee decision regarding a thesis proposal or thesis, he or she may appeal that decision before the program executive committee. The hearing should be open to all parties to the disagreement. The findings of the program executive committee will be submitted to the Committee of the Faculty for action. The action of the Committee of the Faculty shall take the form of a recommendation to the Dean. Because the Dean is responsible for the final decision, the Dean shall not sit with the Committee of the Faculty during the deliberations but may hold hearings to fact find on his/her own before a decision is made.

All recommendations of the program executive committee to the Committee of the Faculty should be made within one month after an appeal has been submitted. The Committee of the Faculty shall render a judgment within two weeks of receiving the recommendation from the Program Executive Committee.

D. Dissemination Of Thesis

The original and all paper copies must be reproduced on *acid-free paper* using, where necessary, *pH neutral adhesive*. In addition, one copy on computer disk (Preferably in Adobe Acrobat format) must be submitted. The five paper copies of the thesis, including the original copy with the signature page and a *Doctoral Dissertation Agreement* form for the bindery, and the one copy on disk, must be submitted to the Graduate Office as an essential part of the degree requirements. The Graduate School registers the thesis with the Library of Congress the dissertation remains on file, and anyone may order copies.

The five copies are distributed as follows:

Copy 1	Student
Copy 2	Dean's Office
Copies 3 and 4	SUNY DHSU Library
Copy 5	Thesis Advisor

The original dissertation is sent for registration and binding; SUNY DHSU Center Central Library's binding company will bind the three copies. The Graduate School covers the costs for binding the original and four copies. The department, program, laboratory or the student is responsible for covering the binding cost of the fifth and any additional copies desired. An electronic copy is also required to be submitted to the Graduate School. Additional information on materials and costs is available in the Graduate Office.

4. **MD/PhD STUDENTS**

There is a time limit of 10 years for the completion of both degrees. After 5 years in the School of Graduate Studies, the College of Medicine may specify requirements that MD/PhD students may have to complete in order to re-enter the College of Medicine for the clinical years. Students must successfully defend their thesis, make all thesis corrections and complete all academic requirements in the Graduate School prior to returning to the College of Medicine. A research elective during the last two years of medical school may provide additional opportunities for writing manuscripts for publication.

The current regulations pertaining to when USMLE Step 1 has to be taken by medical students (at the end of the second year, by June 1) also applies to MD/PhD students. However, those individuals who wish to request a waiver of this regulation must follow the procedure outlined in the College of Medicine section of this handbook. Reasons and recommendations about the benefits of postponing Step 1 may be obtained from the MD/PhD Program Director. Other policies pertaining to the MD portion of the dual degree are listed in the College of Medicine section of the Student Handbook.

5. **ADVANCED STUDENT RESPONSIBILITIES CHECKLIST**

Before a student plans a thesis proposal, the student's Program Director must have sent a letter to the Graduate Office stating that the student has passed the Program's Qualifying Examination and should be admitted to doctoral candidacy. The letter must contain the date of the examination and the signatures of the Examining Committee.

A. **THESIS PROPOSAL**

1. The student finds a time and date that will work for all of the committee members, the thesis advisor notifies the Dean and the Graduate Office in writing of a recommended time, date and place of the thesis proposal, and the title of the thesis proposal and reiterate the composition of the thesis examining committee decided previously, including who will act as chair. The schedule of the thesis proposal must comply with the limitations in section 2B (above). MD/PhD must notify the MD/PhD Program Director as well.
2. The Graduate Dean must appoint the Committee, the chair and approve of the date of Proposal. (The Graduate Dean will send letters of invitation to the thesis proposal to all Committee members. A copy of **GUIDELINES FOR QUALIFYING FOR PhD CANDIDACY, PROPOSAL AND DEFENSE OF THESIS** will also be sent to the External Examiner, when and if one is appointed.)
3. The student must distribute the proposal to Committee members, including *ex officio* members, at least two (2) weeks prior to the Proposal Meeting.
4. The student must send the full proposal to the Graduate School Registrar electronically for distribution of the abstract on e-mail at least one week before Thesis Proposal.
5. The Chair of the Thesis Advisory Committee must send a letter to the student, with a copy to the Graduate Office, stating that the committee has approved the Proposal, has approved with modifications, or has not approved within one week after the Proposal Meeting.

B. **THESIS PREDEFENSE**

6. The Doctoral Candidate must have met all requirements for Graduation.
7. The Doctoral Candidate must distribute a thesis draft to all committee members at least two (2) weeks prior to the Predefense Meeting. For the Predefense, a private meeting of the candidate with the thesis committee, any date in the calendar year is acceptable.
8. All members of the Committee should still be available. If not, the chair of the Thesis Committee must notify the Dean, in writing, of any changes. The Graduate Dean must approve new members.

C. **THESIS FINAL DEFENSE**

9. A Predefense must have been held and all required changes to the thesis document must have been made. A letter must be received in the Graduate Office from the thesis advisor that states the time, date and place of the thesis defense. (Students are encouraged to use the HSEB Lecture Halls on the first floor. Graduate School staff can help in booking these halls.) The scheduling of the thesis defense must comply with section 3B (above). Any changes in title of the thesis, composition of the Thesis Examining Committee, or planned absences of committee members must also be included.
10. The Graduate Dean must approve the time and date of Thesis Defense. (The Graduate Dean will send a letter to all members of Committee stating date, time, title of abstract and location of Defense.)

11. The Doctoral Candidate must distribute completed copies of the revised Thesis to Committee members at least two (2) weeks before date of Thesis Defense. If this is shortened by consensus (including the Dean), the Graduate School and any *ex officio* members must be informed.
12. The Doctoral Candidate must send the full defense to the Graduate Office electronically for distribution of the abstract on e-mail at least one week before the Final Defense.

D. POST-THESIS DEFENSE

13. The official signature sheet (supplied at the Final Defense by the Graduate Office) must have all signatures and be filed in the Graduate Office.
14. The Doctoral Candidate must submit at least five paper, unbound copies and one electronic of the thesis (in final form) to the School of Graduate Studies. All paper copies must be on acid-free (pH neutral) paper. A form for ProQuest Information and Learning must also be filled in (thesis will be microfilmed at Graduate School expense). Please contact the Graduate Office about specifics on depositing of the thesis.
15. The Doctoral Candidate must file a “Survey of Earned Doctorates” form at <https://sed.norc.org/doctorate>

DIRECTORS OF GRADUATE PROGRAMS

Molecular & Cellular Biology: Richard Kollmar, MSC 5, BSB 3-65, 270-6559

Neural & Behavioral Science: Steven Fox, MSC 31, BSB 6-5, 270-2177

Biomedical Engineering: Subrata Saha, MSC 30, BSB AL-460, 270-4540

DIRECTORS OF CORE COURSES:

Biochemistry: Gregory Gick, MSC 8, BSB 7th floor, 270-1265

Research Ethics: Kathleen Powderly, MSC 116, BSB 4-498, 270-3322

DIRECTOR OF THE MD/PhD PROGRAM:

Stanley Friedman, Box 29, BSB 6-94, 270-1335

PRESIDING OFFICER – COMMITTEE OF THE FACULTY:

Nicholas Penington, Box 29, BSB 6-85, 270-3399

DISCIPLINARY PROCEDURES

See Appendix IV

Anti-plagiarism/Anti-cheating Software

Safe Assign and other software packages such as Safe Assign provide “anti-plagiarism/anti-cheating” services for checking documents, and a grading system for enhancing feedback to students on written assignments. Faculty members at SUNY Downstate may opt to utilize anti-plagiarism/anti-cheating software. Violations of academic integrity policies by students are subject to academic integrity procedures and sanctions, and/or disciplinary procedures and sanctions.

SCHOOL OF HEALTH PROFESSIONS

ACADEMIC REGULATIONS

School of Health Professions students are expected to demonstrate ethical and professional behavior, be mature and responsible individuals of good moral character, and be accountable for their behavior while in the College. It is expected that students' academic work will be their own. Students will actively uphold these standards and report any misconduct to the Program Chairperson. The Committee on Admissions and Academic Standing will investigate any infringement. Acceptance of these academic regulations is assumed with registration. Students are responsible for all information provided in the Handbook, including the information provided in the Appendices. Any student may be subject to disciplinary procedures as identified in Appendix IV.

Individual program policies may differ from and supersede those delineated in this Student Handbook. Students are expected to know and adhere to program, school, and University policies.

[Items are organized alphabetically under topic headings]

ACADEMIC ADVISING

All actively enrolled students will be assigned a faculty advisor. Students are encouraged to meet with their advisor early in their courses of study and at least once during the semester, to discuss academic and clinical progress, professional development and individualized learning needs. Students are strongly encouraged to seek academic support at the first sign of academic distress including failure of a written or practical examination. Students on a modified course of study may be required to meet with their advisor prior to course selection and registration.

ACADEMIC INTEGRITY/EXAMINATIONS

Definition

"Integrity" is defined as a "firm adherence to a code of moral values." The School of Health Professions further defines "academic integrity" as the maintenance of the highest standard of honesty observed in all aspects of college work. This includes demonstrating ethical and professional behavior in both the academic and clinical spheres, and performance of all tasks in accordance with the rules and regulations as set forth in the college "Academic Regulations and Professional Requirement."

Students are expected to maintain the highest standards of honesty in their college work. Academic dishonesty is considered a threat to the integrity and reputation of SUNY/DHSU and all the faculty and students associated with it. Since the academic integrity and behavior of students indicates their future professional behavior and integrity in fulfilling their clinical responsibilities to the public, the faculty and students of SUNY/DHSU are committed to upholding and enforcing high standards of academic integrity. Students found guilty of any form of academic dishonesty are subject to disciplinary action. Academic dishonesty includes cheating, forgery, plagiarism, and any and all other infringements that may imply deviance from the highest standard of honesty in all aspects of college work.

Forms of Academic Dishonesty

Cheating is defined as giving or obtaining information by improper means in meeting any academic requirements. Cheating is a serious violation that includes, but is not limited to the following examples:

1. The use for academic credit of the same work in more than one course without the knowledge or consent of the instructor(s).
2. The reporting and/or recording of information relating to clinical performance that is not an accurate reflection of the student's own clinical work.
3. The fabrication of any information used to satisfy any academic or clinical requirement.
4. Behavior that constitutes academic dishonesty related to an examination, during an examination, or during the post examination review includes but is not limited to the following:
 - a. Copying the work of others.
 - b. Deliberately exposing examination materials to review by other students.
 - c. Using any written materials (notebooks, textbooks etc.), telecommunication devices (smart phones, iPads etc.) and any other information or materials not specifically authorized by the instructor.
 - d. Speaking or communicating with other students at any time during the examination.
 - e. Copying, photographing or attempting to reproduce an examination.

Forgery is defined as the alteration of college forms, documents or records or the signing of such forms or documents by someone other than the designated or authorized individual. Forgery also includes modifying an examination or assignment, which has been graded and returned to the student for review.

Plagiarism is the representation, intentional or unintentional, of someone else's words or ideas as one's own. This includes using the work of another student, past or present, as well as the work of published authors and internet sources. Since, under New York State Law, words in print are the property of an author or publisher, the intent to deprive that person of property is a form of larceny punishable by fine. When using another person's words in a paper, students must place them within quotation marks or clearly set them off in the text and give them appropriate attribution by footnoting or references. When students use only the ideas and change the words, they must clearly identify the source of the ideas. Plagiarism, whether intentional or unintentional, therefore, is a violation of the property of the author plagiarized and of the implied assurance by the students when they hand in work that the work is their own. In the case of a group paper or project, all students whose names appear on the work are equally responsible for any acts of plagiarism. This paragraph is intended to include those individuals who facilitate acts of academic dishonesty by providing papers or other information for use by another student as their own work. If students have any questions about what constitutes plagiarism, it is their responsibility to clarify the matter by conferring with the instructor.

Academic Integrity for Computing and Institutional Network Policies

Academic content housed on the Downstate network, including educational platforms such as BLACKBOARD, must be handled with the same level of academic integrity as content published in print or available on the internet, at large. Unauthorized use or dissemination of content found on the Downstate network will be considered plagiarism and subject to the same penalties. Video, audio and digital recordings created during classroom, practical and clinical experiences may be posted on the Downstate educational platform (such as BLACKBOARD), with the written consent of the course instructor. Recorded classroom, laboratory and practical experiences but may not be posted on the internet (including Facebook, YouTube etc). Failure to follow this policy may constitute plagiarism and may also be subject to the policies governing student behavior.

Guidelines For Resolving Academic Integrity Cases

Examinations: When the faculty proctor determines that cheating is, in fact, taking place, she or he shall remove the examination and require the student to leave the room. The faculty member shall follow the College “Procedures for Resolving Academic Integrity Cases.”

Plagiarism: In the event that the instructor can provide evidence that a student, with intent, has not properly given credit for the written work or ideas of another, the instructor shall follow the College “Procedures for Resolving Academic Integrity Cases.”

A second offense of plagiarism or other acts of academic dishonesty may result in the dismissal of the student from the college.

Forgery: Faculty or instructors who suspect forgery of any academic document shall follow the College “Procedures for Resolving Academic Integrity Cases.”

Procedures for Resolving Academic Integrity Cases

1. The faculty member must communicate with the student as soon as possible to clarify the incident and determine whether a breach of academic policy has taken place.
2. The faculty member must determine the academic penalty to be imposed and notify the program chair within 24 hours, after communicating with the student. The penalty may include, but not be limited to:
 - a. failing grade on a specific piece of work;
 - b. a grade of zero on a specific piece of work;
 - c. failure of the course itself (Course grade of “F”).

The faculty member must notify the student and/or the program chairperson, in writing, of the violation and the academic penalty.

The faculty member must document in the student’s official record all incidents of breach of academic integrity, meetings/communications with and notifications to students of academic penalty.

If an incident of breach of academic integrity cannot be resolved between the faculty member and the student, the matter is referred to the Program Chair. The program may decide to:

- a. uphold the penalty;
- b. initiate disciplinary action

(see Appendix IV, Disciplinary Procedures).

Dismissal may occur in situations of a second documented incidence of academic dishonesty or in cases of severe breaches of academic integrity (such as theft of examination materials).

Appeal Procedures for Resolving Academic Integrity Cases

Students receiving an academic penalty will be advised of their right to appeal the decision when they receive the written notice of the violation and the academic penalty.

If the student wishes to appeal, written charges must be filed with the Office of Student Affairs. The “Disciplinary Procedures” described in Appendix IV will be followed.

Anti-plagiarism/Anti-cheating Software

Safe Assign and other software packages such as Turn It In provide “anti-plagiarism/anti-cheating” service for checking documents, and a grading system for enhancing feedback to students on written assignments. Faculty members at SUNY Downstate may opt to utilize antiplagiarism anti-cheating software. Violations of academic integrity policies by students are subject to academic integrity procedures and sanctions, and/or disciplinary procedures and sanctions.

EXAMINATIONS

Absence From Scheduled Examinations

Each student is expected to be present for a scheduled written or practical examination. In the event of an absence from a scheduled exam, the student is required to contact course faculty before the exam if possible or within 24 hours after the scheduled exam, to explain the reason for the absence. A student’s failure to notify faculty about an absence from a scheduled exam within 24 hours will result in a zero grade for that examination.

The student will document in writing the reason for the absence and give it to the course faculty member who will place it in the student’s record. If the faculty member deems the reason for the absence from the exam to be acceptable, the faculty and student will discuss the options, for course completion. Requirements and grading for course completion are the decision of the faculty. A student may be asked for validating documentation such as a physician’s note, funeral notice, and the like.

If a student’s religious holiday precludes participation in a scheduled examination, the student will arrange an alternate date or plan in advance with the course faculty. If this is not arranged in advance, the above policy will be followed. (See SUNY policy on inability to attend class due to religious beliefs in Appendix III of the Student Handbook.)

An exam may be rescheduled by the course faculty in the event of a natural emergency such as a snowstorm. Every effort will be made to inform all students of such changes. It is the responsibility of the student to keep informed of changes in schedule announced at regular class sessions or as a result of a natural emergency.

Repeat Examinations

If a grade received on an exam or in a course results in an “F,” “D,” “D+,” or “C-” (Undergraduate); “F,” “C,” “C+,” or “B-” (Graduate), then the student may take a repeat examination, if such examination is given, and if the student meets the eligibility requirements. The repeat examination may be comprehensive or may be a repeat of an individual exam within the course. It may be a written or a practical examination. The determination as to whether or not a repeat examination will be given is up to the course instructor based on program policy.

1. If the repeat examination is a comprehensive exam, then the highest course grade possible will be the cut-off grade below which that repeat examination was allowed.
2. If the repeat examination is not comprehensive, then the highest grade for that particular examination will be the cut-off grade below which that repeat examination was allowed.
3. If an “R” grade is given, and the student is re-examined, the “R” grade must be changed with the submission of a change of grade form by the instructor, by the beginning of the next semester. The transcript will reflect the changed grade only. If an “R” grade is given and the student is not re-examined, then the “R” grade must be changed to the grade the student originally earned.
4. A repeat exam may only be offered once for any course in a semester. The student should not re-register for the course.

Retention of Graded Exams By Instructors

Students may review all exams they take in courses at the College one time, within two weeks of the administration of the exam. The instructor decides on the duration and schedule for review, and as to whether the exams may be removed from the premises.

ADMINISTRATIVE AND BEHAVIORAL GUIDELINES FOR STUDENTS DURING CLASSROOM EXAMINATIONS AND POST EXAM REVIEWS

Testing for competency is critical in health care professions, consequently it is important for examination procedures to be valid and reliable. Students are expected to adhere to the following regulations during all exams.

1. Students are expected to arrive on time. It will be at the discretion of the faculty whether students can take the exam if they arrive late. A student who begins the test late will not be given additional time to complete the exam.
2. Students may be assigned seats rather than letting them select their seats.
3. There is to be no talking or other forms of communications between students during the exam session.
4. Proctors will be introduced to the students at the beginning of the testing session. The proctors will walk around the room to observe student behavior and will not discuss the test with the students. The proctor will designate and hold one cell phone to be left on vibrate during an exam for emergency purposes.
5. Students are to keep their paper tests and answer sheets flat on the desk, not to hold them up in the air.
6. When students take computer based exams, the student is to keep the computer screen angled away from classmates.
7. Students should not ask the faculty/proctor questions about the content of the exam during the examination period as this is disruptive to the exam process. They are to write their questions, misunderstandings, corrections, etc. on paper provided by the proctor which is to be submitted with the exam and answer sheet at the end of the exam. The instructor can take the information into account at the time of scoring the exams.
8. When students finish taking a paper exam, they are to bring the answer forms and tests to a specified location in the room. When students complete a computer based exam, they are to completely log off the site.
9. Students may be requested to remain seated until all exams are completed and submitted.
10. All electronic devices capable of recording and/or communicating information (including but not limited to cell phones, smart phones, ipads, personal computers etc) must be turned off (powered down) before entering the room where examinations will be administered or reviewed.
11. The student is expected to abide by the Academic Integrity policies of the College of Nursing as written in the College Bulletin and the Student Handbook. It is the student’s responsibility to be familiar with these policies. Failure to comply with the above policies will constitute cheating

ACADEMIC STANDING AND PROMOTION

The Committee on Admissions and Academic Standing of the School of Health Professions reviews the academic status of all students and makes recommendations to the Dean. Matters referred to the Committee include academic standing, promotion, and clinical competence. Promotion to the next semester of a program is contingent upon satisfactory completion of all required courses in the preceding semester. If, during a semester, one or more “F” grades are received in required courses, a student’s academic status will be reviewed by the faculty of the program. Except as authorized by the Committee on Admissions and Academic Standing, the student may not take courses for which the failed course(s) is a prerequisite.

The maximum time frame for program completion is five years.

Some programs require higher grade point averages than those specified in the following sections for a student to remain in good academic standing. These program requirements are specified in their program manuals and students are expected to be familiar with them. The Admissions and Academic Standing Committee will implement the published standards of each program.

Academic Probation: A student is placed on academic probation at the end of any semester in which his/her grade point average-cumulative or for that semester - is below 2.5 (DMI Program), 2.5 (BS component of the PT curriculum and the PA curriculum), and 3.0 (graduate). If permitted to continue in the program of study, the student is normally expected to raise his/her cumulative GPA to 2.5 (DMI), 2.5 (BS component of the PT curriculum and PA), 3.0 (graduate) or above at the end of the next semester.

PT students completing the final semester in the undergraduate component of the curriculum are expected to achieve both a semester and an overall GPA of 2.75 prior to progression to the doctoral phase of the curriculum. Failure to do so may result in dismissal from the program.

The faculty of each program will recommend as alternatives for consideration by the Committee on Admissions and Academic Standing:

- (1) that the student be allowed to continue into the next semester with a full study load;
- (2) that the student be placed on a modified study program (decelerated) and may be required to register for and successfully complete one or more independent study courses until such time as he or she can successfully repeat the failed course(s) and resume a full program;
Students given the opportunity to be placed on a modified program must demonstrate sufficient academic progress as delineated by the program's academic standing policies.
- (3) that the student be allowed to continue into the next semester and be required to repeat the failed course at a later date;
- (4) that the student's enrollment status may be suspended (for not more than one year) until such time that the failed course is repeated;
- (5) that the student repeat the course(s) at an accredited college, provided he/she receives prior written approval from his/her Program Chairperson; or,
- (6) that the student be dismissed because of poor academic performance.

Placement on a modified program of study, reduction to part-time status (deceleration), course repetition and a leave of absence automatically extend the date of program completion and graduation from the School of Health Professions.

The Committee may request that members of the faculty who are involved in the case be present to answer questions. They may also request additional information. A formal vote is taken and a recommendation is submitted in writing to the Dean of the College. After considering the recommendations of the Committee, the Dean will notify the student, in writing, of the action and of his/her right to appeal (see "Student Appeals").

A student who is dismissed must remove all outstanding encumbrances including: return of mailbox key, return of borrowed material to the library, bursar clearance, financial aid clearance, if applicable, and residence hall clearance, if applicable. This clearance is accomplished through the Registrar's office. Students with outstanding encumbrances are not entitled to receive, or have sent on their behalf, transcripts of their academic work.

Clinical Competence and Professionalism: The College recognizes the necessity of students demonstrating superior clinical competence as well as academic excellence. Therefore, each student will be evaluated on his or her capacity to demonstrate high levels of professional performance during periods of clinical practice. The criteria for evaluation of professional performance will include:

- Demonstrates professional knowledge and skill,
- Works competently and in a timely way,
- Adheres to recognized safety procedures and protocols,
- Demonstrates initiative (e.g., arrives well prepared, offers assistance, and seeks learning opportunities),
- Exhibits punctuality, excellent attendance and dependability,
- Demonstrates integrity in all interactions, including adherence to professional codes of ethics,
- Maintains patient privacy and confidentiality (including de-identification of any and all patient information used in clinical case presentations, team meetings, in-services, research, etc.),
- Exhibits sensitivity, compassion, empathy and respect for all patients, caregivers, families, and members of the health care community,
- Wears attire consistent with expectations of the practice setting and maintains a professional appearance,
- Accepts feedback without defensiveness and manages conflict in a constructive way,
- Documents accurately and in an ethical manner, and
- Completes and complies with assignments that are provided by clinical instructors in a timely and competent way.

In addition, student use of cell phones, smart phones and other devices, along with texting in the clinical setting is considered unprofessional behavior, unless approved by the clinician or supervisor for patient care or in the case of personal emergency. Habitual use of personal cell phone or smart phone devices while on site is a violation of this policy.

These standards of clinical performance have been established in order to protect the rights of patients and communities, which the College is committed to serve, and to foster the team concept of health care delivery. Program chairpersons, in consultation with their clinical and academic faculty, may recommend that any student who fails to correct deficiencies in any of these areas be dismissed. Such recommendations are reviewed by the Committee on Admissions and Academic Standing.

Clinical and Program Probation

Clinical and program probation serve as an early alert to students that their academic and/or clinical progress requires additional attention and intervention. Whenever a student's clinical performance is judged to be deficient, unprofessional and/or unsafe, the student may be placed on Clinical Probation. Student's clinical performance will be evaluated at the end of the semester. A student may not ordinarily be carried on clinical probation for more than two semesters.

Students on a modified course of study but in good academic standing, as defined by the academic standards for the respective health professions program, may be placed on Program Probation.

Student Academic Appeals: Following a recommendation by the Committee on Admissions and Academic Standing to dismiss a student from the college, the Dean notifies the student in writing of this action and of his/her right to appeal the decision of the Committee.

The student is additionally entitled to be informed of the reasons for the Committee's recommendation. The student is given a stated period, usually seven days, in which to request an opportunity to appeal. If the student wishes to appeal, he/she must submit a request for appeal in writing to the Dean of the College, within the stated period of time, giving the reasons for the appeal. The program director will be advised of the appeal, by the Dean. The appeal will be considered by an Appeals Committee appointed by the Dean consisting of three or more members of the faculty. These faculty may not be members of the Committee on Admissions and Academic Standing and will be selected from those faculty not directly involved with the student's case. The student may be allowed to attend classroom activities, if appropriate, but not clinical, until the completion of the appeal.

The student may appear before the Appeals Committee to discuss, in detail, reasons for the grievance. This presentation may include relevant supporting documents and witnesses, etc. The course director and/or program chairperson may be asked to appear before the Appeals Committee to discuss the program's rationale and/or response to the appeal.

After completion of the student's presentation, the Appeals Committee makes a recommendation that the prior action of the Committee on Admissions and Academic Standing either be upheld, modified or reversed. This recommendation is forwarded to the Dean of the College.

The Dean may either endorse the recommendation of the Appeals Committee or make an independent determination. In either event, the Dean's decision is final. The Dean will notify the student, in writing, of the final decision.

If the student appeals and the decision for dismissal is upheld, the student will be dismissed. If a student chooses not to appeal the decision of the Committee on Admissions and Academic Standing, he/she will also be dismissed.

Grade Reappraisal

Course grade reappraisal may be requested by a student within 3 business days following posting of course grades. The procedure is as follows:

1. Written notification to the course instructor and the program chair providing a rationale for the request for grade reappraisal within 3 business days following the posting of course grades.
2. The program chair or designee will review the rationale, confer with the course instructor, and will communicate the final decision to the student within 5 business days of the receipt of the request for the grade reappraisal.
3. In the case that the program chair and the course instructor do not agree on a resolution, OR when the program chair is the course instructor, the student's request and rationale will be referred by the program chair or designee to the Admissions and Academic Standing Committee (AASC) for a final decision to be made at the next scheduled meeting of this committee. In this case, the AASC chair will communicate the final decision to the student within 5 business days after the decision has been reached.
4. Final decision by either the program chair or the AASC is not appealable.

ACADEMIC SUPPORT SERVICES

A variety of support services are offered to students to assist them in their academic development. They include group tutorials, individual learning management sessions and group workshops. Topics include time management, test taking, study organization, reading, memory, test anxiety.

For educational support services, School of Health Professions students should contact the Office of Academic Support and Advisement, HSEB 6-620, Telephone (718) 270-7536 or the SOHP Office of the Dean at 718 270-7701.

ADDING A COURSE

A student may not add a course to his or her schedule after the "Add/Drop period" indicated in the academic calendar. Forms for adding a course are obtained from the Office of the Registrar. This form must be approved by the Program Chairperson and returned to the Registrar. A fee is charged for changes in course selection after registration.

ATTENDANCE AND PUNCTUALITY

Full and regular attendance at all classes is required. Anticipated absences should be reported to the instructors. The Program Chairperson should be notified of any absence greater than three days. After a prolonged absence due to illness, clearance to return to classes must be obtained from the Student Health Service.

Faculty and students are expected to be punctual for all scheduled lectures, labs and other course sessions. If a faculty member is late, students are required to wait fifteen minutes after the start of the session unless otherwise notified. After that length of time the session is considered canceled and will be rescheduled.

AUDITING A COURSE

An enrolled student may, with the written consent of the instructor and the Chairperson of his or her program, audit a course. No formal registration occurs and the course is not recorded on the transcript. A student may not receive credit for the course without retaking the course later, even if course requirements have been met.

CELL PHONES/ELECTRONIC DEVICES

The use of cell phones, beepers and other electronic devices is disruptive to fellow students and faculty. Therefore, all electronic devices must be turned off or set on vibrating mode before entering classrooms and labs.

CHANGES IN REGULATIONS AND COURSE OFFERINGS/PROGRAM SPECIFIC POLICIES

Changes in academic regulations or course offerings will be communicated to students as soon as possible. Students will be notified of all changes and additions through the Downstate email system and directed to the appropriate location to find updated information on the campus course ware server (BLACKBOARD etc.). Updated copies of all regulations, course offerings and specific program policies are available for review in the respective program office, SOHP Dean's Office and in the Office of Student Affairs.

CLASSROOM ETIQUETTE

Any instructor may exclude from attendance any student who, in the instructor's judgment, has seriously impaired the class's ability to achieve the objectives of the course, or who is guilty of offensive conduct toward the instructor or other members of the class. The student may appeal the instructor's action to the department chair through the department's grievance procedure.

This includes but is not limited to the following: 1) attendance and punctuality; 2) cell phones; 3) computers and electronic devices.

CLINICAL ASSIGNMENTS

Students are assigned to fieldwork experience as part of their required course work. Clinical placements cannot be refused by students (extraordinary circumstances require prior discussion with the appropriate program director). Where applicable, students are responsible for attaining their own professional liability coverage prior to their clinical assignments. Students are responsible for any required clearance procedures mandated by their clinical site. Failure to complete the required clearances on time may result in a delay or cancellation of the clinical placement.

The clinical sites are selected by each program faculty, with the approval of the Dean, to provide the best possible range and quality of instruction and experience. Each student is responsible for arranging personal transportation to and from clinical assignments.

COMPUTER LAB (ROOM 779, HSEB)

See the "General Information" section of the Student Handbook, under the Office of Educational Computing and Technology.

DEADLINE FOR COMPLETION OF ACADEMIC PROGRAMS

The deadline for completion of an academic program in the College is five years. Students who are unable to complete their required course of study within that time, for reasons such as extended medical leave and delays in course offerings, may petition the Committee on Admissions and Academic Standing for an extension.

DEAN'S LIST (GRADUATE)

The college recognizes matriculated, full-time (minimum of 9 credits) students who achieve a high standard of scholarship in a semester by conferring Semester Honors. Honors are awarded based on achieving a minimum GPA of 3.8 for that semester.

Students who receive a "C" or "F" during a particular grading period are ineligible for Semester Honors in that semester. A grade of "I" or "IP" must be removed within one week after grades are submitted for that semester for students being considered for Semester Honors.

DEAN'S LIST (UNDERGRADUATE)

The college recognizes matriculated full-time (minimum of 12 credits) students who achieve a high standard of scholarship in a semester by naming them to the Dean's List. This recognition is awarded based on achieving a minimum GPA of 3.5 for that semester.

Students who receive a "D" or "F" during a particular grading period are ineligible for honors in that semester. A grade of "I" or "IP" must be removed within one week after the grades are submitted for that semester for students being considered for Dean's List.

DISCIPLINARY PROCEDURES

Refer to Appendix IV.

DRESS CODE POLICY

The Student Dress Code is based on the following principles:

1. Cleanliness
2. Neatness
3. Professional role modeling for patient care
4. Dress that reflects respect for patients
5. Visible SUNY-Downstate ID at all times
6. No scrubs to be worn outside of hospital

DROPPING A COURSE

During the “Add/Drop period,” a student may be authorized to drop a course if the chairperson or faculty advisor of a program considers this action to be in the student’s best interest. In this case, no grade will be reported or recorded on the official transcript. After the first week of the semester, a course dropped will be considered a withdrawal.

FULL-TIME EQUIVALENCY

“Full-time Equivalency” status should be used only for graduate level students working on their thesis, in compliance with Federal and State regulations, effective Fall, 1996. Independent Study courses may be utilized to fulfill the full-time status.

- a) Undergraduate students who need full-time status must register for 12 credits; b) Graduate students who need full-time status must register for 9 credits.

GRADING POLICY

An enrolled student must demonstrate satisfactory knowledge and skill in academic work and clinical education to be recommended for graduation and/or certification.

A letter grade is used as a final evaluation of a student’s performance in coursework and clinical education. The evaluation of the student’s performance is appraised according to criteria established by the faculty.

1. The grades and their point value will be published in the Student Handbook. This documentation does not refer to the numerical values used to determine letter grades (e.g. 90-100=A). Those numerical grades will be left to the discretion of the individual faculty in the individual course. Grades will have a plus-minus scale (see below).
2. The P, W, WP, I, IP, R and Z, will have no point value.
3. The grade of “F” will be assigned for all unofficial withdrawals regardless of when they occur during the semester.
4. If a course in which the student has earned an “F” or “WF” is successfully repeated, the “F” or “WF” will appear on the transcript, but will not be counted in the GPA of the semester in which the course was repeated as well as in subsequent semesters. The original “F” grade will continue to affect the GPA previous to the successful repeat.

GRADING SCALE (UNDERGRADUATES)

Grade	Value Points	Definition
A	4.00	Course instructor defines for course
A-	3.67	Course instructor defines for course
B+	3.33	Course instructor defines for course
B	3.00	Course instructor defines for course
B-	2.67	Course instructor defines for course
C+	2.33	Course instructor defines for course
C	2.00	Course instructor defines for course
C-	1.67	Course instructor defines for course
D+	1.33	Course instructor defines for course
D	1.00	Course instructor defines for course
F	0.00	Failure to successfully complete the requirements for a major part of the course. If a course in which a student received an “F” is repeated, only the second grade is averaged into the GPA
R	None	Borderline failure, requiring remedial work for part of the course (e.g. written exam)
I	None	A portion of the requirements for the course have not been completed for reasons beyond the control of the student (e.g. illness)
IP	None	A portion of the clinical education or administrative requirements of a clinical course have not been completed
P	None	Successful completion of course requirements. No letter grade assigned.
W	None	Withdrawal prior to completing 1/3 of the course.
WP	None	Withdrawal at passing level after completing 1/3 but prior to completing 2/3 of the course.
WF	0.00	Withdrawal at failing level after completing 1/3 but prior to completing 2/3 of the course. A WF is an academic deficiency and counts as an “F” for the purpose of academic standing.
E	None	Credit by Examination
TR	None	Course transferred from another institution without grade and grade is not averaged into DHSU GPA
Z	None	Maintenance of Matriculation

Value Point Definitions

None = is not averaged into student’s GPA

0.00 = is averaged into student’s GPA

The grades of “P”, “WP”, “I” and “E” carry no numerical value, and are not calculated in the grade point average. However, courses which are assigned “P” or “E” or “TR” grades are counted in the total number of credits accumulated for graduation.

Exemption from course (with no credit) will appear on student’s transcript as a “note on record” in the “Comments” section of the transcript.

GRADING SCALE (GRADUATES)

Grade	Value Points	Definition
A	4.00	Course instructor defines for course
A-	3.67	Course instructor defines for course
B+	3.33	Course instructor defines for course
B	3.00	Course instructor defines for course
B-	2.67	Course instructor defines for course
C+	2.33	Course instructor defines for course
C	2.00	Course instructor defines for course
F	0.00	Failure to successfully complete the requirements for a major part of the course. If a course in which a student received an “F” is repeated, only the second grade is averaged into the GPA
R	None	Borderline failure, requiring remedial work for part of the course (e.g. written exam)
I	None	A portion of the requirements for the course have not been completed for reasons beyond the control of the student (e.g. illness)
IP	None	A portion of the clinical education or administrative requirements of a clinical course have not been completed
P	None	Successful completion of course requirements. No letter grade assigned.
W	None	Withdrawal prior to completing 1/3 of the course.
WP	None	Withdrawal at passing level after completing 1/3 but prior to completing 2/3 of the course.
WF	0.00	Withdrawal at failing level after completing 1/3 but prior to completing 2/3 of the course. A WF is an academic deficiency.
E	None	Credit by Examination
TR	None	Course transferred from another institution without grade and grade is not averaged into DHSU GPA
Z	None	Maintenance of Matriculation

Value Point Definitions

None = is not averaged into student’s GPA

0.00 = is averaged into student’s GPA

The grades of “P”, “W”, “WP”, “I”, “IP”, and “Z” carry no numerical value, and are not calculated in the grade point average. However, courses which are assigned “P” or “E” or “TR” grades are counted in the total number of credits accumulated for graduation.

Exemption from course (with no credit) will appear on student’s transcript as a “note on record” in the “Comments” section of the transcript.

GRADE POINT AVERAGE (GPA)

The grade point average is an index of academic performance. To compute the grade point average, multiply the semester credits for each course by the grade point equivalent to the letter received. Add all credits earned except those assigned the grades “P” or “E”. Add all the grade points earned. Divide the grade point by the total number of credits. This is the grade point average.

GRADUATION HONORS

The following honors are granted at graduation for:

Bachelor of Science Degree:

cum laude for a cumulative GPA of 3.50;

magna cum laude for a GPA of 3.75;

summa cum laude for a GPA of 3.90.

Master of Science Degree:

To graduate with distinction, a student must meet the following criteria:

- 3.80 GPA or above.
- No “C” or lower grades.

GRADUATION REQUIREMENTS

To graduate, students must meet all college and program requirements as established in the catalog and other college or program publications. Where applicable, students must also meet specific academic requirements as specified by the program. The maximum time frame for program completion is five years.

Candidates for graduation must:

1. Complete all academic degree requirements for admission to the respective program.
2. Complete the program of study for the B.S. degree, the M.S. degree, DPT. degree, or the advanced certificate, including satisfactory completion of all required courses.
3. Meet all attendance, course, credit and other stated requirements of the program and college.
4. Have a minimum cumulative grade point average of 2.0 for the B.S. degree (note that program grade point average requirements in the School of Health Professions exceed this minimum requirement); 3.0 for the M.S. degree, DPT. degree, or advanced certificate.
5. Satisfy clinical course requirements.
6. Meet program residency requirements.
7. Satisfy all financial obligations due to SUNY Downstate Health Sciences University.
8. Complete a mandatory financial aid exit interview if the student has received financial aid at SUNY Downstate Health Sciences University.
9. Complete a Graduation Requirements Check List during the spring semester registration prior to Commencement or the semester prior to your expected last semester of attendance.
10. Have no disciplinary charges in progress or pending.

Note: The student has the responsibility to register for and satisfactorily complete all required course work. It is highly recommended that each student make an appointment and go to the Office of the Registrar prior to his/her last semester before graduation to review his/her program of study and verify that all degree requirements will be met.

Issuance of Diplomas: Students may be approved for degree/certificate completion and the awarding of a diploma/certificate three times each year. A student's degree/certificate conferral date is the next official graduation date after the degree/certificate requirements are completed. The three official graduation dates are May 31 (Spring); August 31 (Summer); and December 31 (Fall). The student's official transcript records the actual date upon which degree requirements are completed.

Commencement Ceremony Participation: Students are permitted to participate in the Commencement ceremony in May, with the approval of the faculty and the Registrar, if they fulfill degree requirements within the calendar year of the May Commencement Ceremony. There is only one Commencement ceremony each year and students are entitled to participate in only one Commencement ceremony per degree earned at SUNY Downstate Health Sciences University.

HEALTH INFORMATION PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

All students must be current in their Health Information Portability and Accountability Act (HIPAA) training upon enrollment, following any leave of absence, and following any change in the law which requires re-training. Failure to do so will result in not being permitted to register or to participate in any clinical educational activities. For more information, contact the Office of the Registrar

HEALTH REQUIREMENTS

Prior to admission, all accepted students are required to satisfactorily complete all health forms. On an annual basis, all students are required to complete a health assessment through the Student Health Service. Students who are not in compliance with the annual health assessment will not be eligible for registration in the subsequent semester (i.e. your registration forms and tuition bill will be withheld and you will not be an enrolled student in the College). During the clinical years, students not in compliance with the annual health assessment may be removed from their clinical courses until they are in compliance; any missed course work must be remediated as specified by the course director

INCOMPLETE GRADE REGULATIONS

A grade of "Incomplete" (I) shall be reported on the Grade Roster to the Office of the Registrar, for any student who has obtained, in advance, the permission of the course instructor to postpone completion of specific course requirements beyond the semester in which the course was taken.

1. Students who receive an "I" in a course, must arrange for an anticipated date of completion with the course instructor. This date is to be determined by the faculty member, but not to exceed the end of the following semester (not including the summer semester).
2. Upon successful and timely completion of course requirements, the grade "I" will be removed and the letter grade earned will be recorded on the student's transcript.
3. A Change of Grade form must be submitted to the Office of the Registrar by the end of the appropriate semester (see below). If this form is not submitted by the appropriate deadline, the "I" will be converted to an "F".
4. As an internal procedure, before changing an "I" grade to an "F", the Registrar's Office will submit a list of the outstanding incompletes to the Committee on Admissions and Academic Standing. To request an extension of this grade change, the program must submit an official form to the Registrar's Office.

Only in exceptional cases may a student request an extension of time beyond that authorized. Such a request must be made in writing to the Chairperson of the Committee on Admissions and Academic Standing with the approval of the Program Chairperson and the course instructor.

5. A student on approved "Leave of Absence" with an outstanding "I" grade, must remove the "I" by the end of the first semester after returning as a registered student.

Under certain conditions, students who withdraw from the College may be able to complete courses in which they have an "I" grade if they petition the Committee on Admissions and Academic Standing for such permission before the end of the semester in which the course is taken.

Clinical Course Incomplete

A grade of “IP” indicating “Course in Progress” will be used for students enrolled in a clinical course, and who do not complete the clinical education or administrative requirements of that clinical course during the semester in which they registered for the course. The clinical course must be completed no later than four weeks from the end of the semester in which the course was taken. Failure to document completion of the course, and submission of a change of grade form within the specified time limit, will result in review by the Dean and the Admissions and Academic Standing Committee, who may then recommend that a grade of “F” be recorded for the course.

LEAVE OF ABSENCE (LOA)

A leave of absence is granted for reasons of health or other personal emergency. A student’s academic standing will be evaluated by the program and referred to the Committee on Admissions and Academic Standing for action (see policy on Academic Status). Students who have not registered for courses at the end of the add/drop period and who have not been granted a leave of absence or an extension of a previous leave of absence, will be withdrawn from the college.

Requesting a Leave

Any student desiring a leave of absence from the School of Health Professions will complete the following:

1. Meet with his/her program chairperson to discuss the issues and whether a leave of absence is the most appropriate action.
2. If the student and the chairperson agree that a Leave of Absence is the best course of action, the student will submit a formal written request for leave of absence. The written request must include the length of time for the leave (up to one year) and the reasons for the request. The top portion of the Leave of Absence request form should be completed by the student and submitted to the program, with his/her letter. The program chair will discuss any conditions of the leave.
3. A program representative will present the request for LOA (including the submitted materials) at the next scheduled meeting of the Committee on Admissions and Academic Standing. The request for Leave of Absence and the supporting documents will be forwarded to the Office of Student Affairs.
4. If possible, the student must schedule an appointment with the Office of Student Affairs designee (BSB 1-112) for an exit interview.
5. The student must continue with his/her course work (except in an emergency situation) until the leave of absence has been approved by the Admissions and Academic Standing Committee. The student will receive a letter from the Office of Student Affairs, which will be copied to the program Chairperson, stating the effective dates and any conditions relating to the leave.

A leave of absence may be a maximum of one year in length.

Returning from a Leave

It is the student’s responsibility to initiate the process necessary to return from a leave of absence. The student must:

1. Contact the Office of Student Affairs before the deadline stated in the leave of absence notification letter regarding his or her intent to return. The student must be prepared to document that all of the conditions of the leave have been met. If the student does not contact the Office of Student Affairs by the deadline date, he or she will be considered to have withdrawn from the program.
2. If the deadline date and conditions have been met, the student must meet with the program chairperson or program advisor to schedule courses for the upcoming semesters.
3. If the student misses the deadline date and still wishes to attend the program, the student must reapply for admission to the program, following all admission procedures.
4. If the student wishes an extension of his/her leave of absence, a written request must be submitted to the Office of Student Affairs and the Program Chair, before the deadline date of the expiration of the leave (deadline for return). The decision of whether to grant an extension and any additional required conditions is at the discretion of the program and the Committee on Admissions and Academic Standing.
5. If an extension to a leave of absence is granted, it may not exceed an additional one (1) year. A student returning from an extended leave of absence will have his course of study reviewed by the Program to determine if any further conditions or curricular modifications will be necessary to reflect the current curriculum and policies in effect at the time of return.

MAINTENANCE OF MATRICULATION

In order to graduate at the end of a given semester, a student must be registered for that semester. To assist students completing course work for which a grade of “I” (Incomplete) has been recorded and who are otherwise ready for graduation or those who are ineligible to register for any other courses in their final semester, the Office of the Registrar has created a “course” INDI 4000, entitled “Maintenance of Matriculation”.

Maintenance of Matriculation is a 0.00 credit course. This course assists students to remove a grade of “I” while not enrolled in other courses. The only grade for the Maintenance of Matriculation, INDI 4000, course will be a “P”, which carries no value toward the GPA.

Students may not register for Maintenance of Matriculation while they are completing additional clinical hours. Students who need to complete additional clinical course hours in order to demonstrate clinical competency must register for an independent study course and/or re-register for the clinical course in order to complete the required hours or to demonstrate competency.

Students who need to take a semester off because there are no courses available for them to take or because they have personal, financial, or medical reasons to not be enrolled in course work must apply and be approved for a Leave of Absence.

MATRICULATED STUDENTS

A matriculated student is one who has been formally admitted to a degree or advanced certificate program. A matriculated undergraduate student may register as either fulltime (12 or more credits) or part-time (less than 12 credits) and may earn a Bachelor’s degree or a certificate upon completion of all requirements. A matriculated graduate student may register as either fulltime (9 or more credits) or part-time (less than 9 credits) and may earn a Master’s degree, Advanced certificate, or Doctoral degree upon completion of all requirements.

NON-MATRICULATED STUDENTS

A non-matriculated student is one who has not been accepted to a degree program but is permitted to register on a semester basis, using the appropriate “non-matriculated student registration” form.

1. “Non-matriculated student registration” forms will be approved and signed by the program chairperson prior to registration for a course.
2. Non-matriculated status shall not extend beyond 12 credits maximum, and shall not extend beyond one calendar year. Time spent as a non-matriculated student will count towards the five-year limit for work on a degree in the SOHP programs.
3. No registration will be processed by the Registrar for non-matriculated status if that student has previously registered for 12 credits.
4. Non-matriculated status does not guarantee entry into a program. A non-matriculated student must complete the entire admissions procedure and will be considered on the same basis as any other applicant.

Non-matriculated students may meet the prerequisite requirements for a course through completion of prerequisite courses, related work experience, and/or demonstrated proficiency related to prerequisites.

Non-matriculated students may only register for courses that do not have a field work or clinical component.

Each program makes the final decision as to the courses open to non-matriculating students and the number of spaces available in each course.

PART-TIME STUDENTS

All students enrolled on a part-time basis (less than 12 credits, undergraduate; less than 9 credits, graduate) shall be given a proposed curriculum at the outset of their course of studies. This curriculum, which is subject to change, is designed to assist the student in identifying what his or her anticipated timetable for coursework and graduation will be.

POLICY ON BULLYING/MISTREATMENT

SUNY Downstate SOHP subscribes to the ethos that all learning must occur in an environment of mutual respect between teacher and learner, between students, and between the student, staff, family, and caregiver. All participants in the educational endeavor must assume their responsibilities in a manner that enriches the quality of the learning process in order for effective, caring and compassionate health care to occur. However, we acknowledge that, from time to time, there will be inappropriate actions or mistreatment of individuals. These may be alleged, perceived, or real incidents.

Examples of inappropriate conduct or mistreatment include:

- Words, statements or actions that are disrespectful, berating, humiliating or mocking
- Aggressive behavior such as yelling, swearing, throwing objects, hitting and physically restraining or using silence in a hostile manner
- Exploitation by linking favors with grade inflation (or threatening the reverse)
- Speaking or corresponding in a disparaging way about an individual’s race, ethnicity, religion, sexual orientation, gender or gender identity, disability, socioeconomic background, cultural dress and/or cultural practices.
- Telling jokes or relating stories that are inappropriate, racist or sexist, or concerning religion, ethnicity, or disability
- Commenting judgmentally about other students, residents, faculty, staff and/or patients
- Sexual harassment-inappropriately touching, staring, or using other suggestive mannerisms

The reporting options are:

- If the incident occurs during a clinical rotation/internship, contact the Clerkship Director/Coordinator and/or site director immediately. Also report it on the end of clerkship evaluation form. This also applies to students who witness mistreatment of a peer. You may also report an incident to your program chair or the Dean of SOHP
- Consult with one of the deans in the Office of Student Affairs to discuss what has occurred and participate in an appropriate course of action
- Allegations of sexual harassment or discrimination may be reported to the Office of Diversity and Inclusion at SUNY Downstate.

The Director of Student Counseling Services at SUNY Downstate is another resource for students to discuss mistreatment. This is especially helpful for students who have become anxious, frightened, avoidant, despondent, unable to study, etc. as a result of the inappropriate action of others.

In all cases there will be follow-up, and students who have self-identified will be informed of the process and/or resolution. Students must understand that anonymous complaints can only be taken so far and that it is impossible to give them feedback.

SUNY Downstate School of Health Professions urges all students who believe that they have been subject to mistreatment or the unprofessional behavior of fellow students, faculty, and other health professionals and staff to use one of the above options. Student well-being, safety, and learning in a healthy and collegial atmosphere are fundamental to our mission.

POLICY ON DRUGS & DRUG TESTING

Federal and State Regulations regarding alcohol and controlled substance abuse are identified in Appendix III of the Student Handbook. SUNY Downstate requires that all students comply with current New York State law regarding the use of substances in order to remain eligible for clinical activities (even if they visit another locality, state or foreign country where such substances may be permitted). Students shall be responsible for assuring that they do not participate in activities or ingest substances when visiting other U.S. states or foreign countries which may cause them to be ineligible to participate in clinical activities because these substances are not permitted in New York State or by policy of SUNY Downstate or our affiliated hospitals. Failure to do so is a violation of SUNY Downstate policy and is subject to disciplinary action.

In addition to policies and procedures identified in Appendix III, the following policies will also be instituted when a SOHP student has a positive drug test (either from a clinical site or from a drug test that may have been voluntarily undertaken by the student e.g. such as in preparation for a clinical affiliation):

1. The student will be notified by either the Office of Student Affairs (or designee) or the Dean of SOHP (or designee) that a positive drug test report has been received. The student will be informed that he/she must take another drug test (within one week of our receipt of the drug test report) through CastleBranch.com, or another accepted vendor, at the student's expense.
2. The student will be immediately suspended from his/her academic/clinical program until clearance (fitness for duty) has been obtained.
3. If the second drug test is negative, then the student will be reinstated and warned that any subsequent positive drug tests will lead to possible disciplinary action and/or possible external reporting to the New York City Police Department.
4. If the second drug test is positive or if the student declines to take a second drug test, then the student will be continued on suspension, will be reported to the School of Health Professions Admissions and Academic Standing Committee for evaluation, and possible disciplinary action and/or reporting to the New York City Police Department.
5. Resources can be found in Appendix III of the Student Handbook for students who violate state and federal regulations and/or college policies on alcohol or controlled substance abuse.

PROFESSIONAL LIABILITY INSURANCE

Students enrolled in the School of Health Professions Programs in Diagnostic Medical Imaging, Occupational Therapy, Midwifery Education, Physical Therapy and Physician Assistant are required to purchase and maintain individual professional liability insurance throughout the clinical training. Evidence of current malpractice insurance must be documented in the student's file prior to the start of any course involving clinical training.

REGISTRATION

New students register during orientation. All other students register during the official registration period. Registration is not permitted after the first week of classes. A student is not considered registered until the registration has been approved by the Program Chairperson or the faculty advisor and submitted to the Office of the Registrar, and arrangements for payment of tuition and fees have been made with the Bursar's office. Students who have not registered for courses at the end of the add/drop period and who have not been granted a leave of absence will be withdrawn from the College.

In addition, students who register after the official registration period will be assessed a late registration fee.

READMISSION

A student who withdraws or is dismissed from the School of Health Professions may reapply following the current admissions procedures of the College.

REMEDICATION AND RE-EXAMINATIONS

Remediation is defined as additional instructional and learning experiences within the body of a course, which may be available to students whose performance is below the expected standard or considered borderline. Remediation activities may include faculty advisement, tutorials, examination review, and completion of additional examinations. Comprehensive re-examinations may be available to students, who in the opinion of the faculty have performed within a reasonable level to warrant an opportunity for re-examination. Criteria for re-examinations, if offered, are outlined in the respective course syllabi. A grade of "R" will be recorded for courses that offer remedial work including re-examination. Remediation activities and the subsequent change of the "R" grade to an approved grade must be completed by the end of the Add/Drop period of the subsequent semester.

REPEAT COURSES

1. A course in which a grade below the minimum passing grade for that course is achieved, or a grade of "WF" has been recorded, may only be repeated once.
2. To repeat a course, the student must re-register for the course. Both courses and grades will appear on the student's records, and both grades will be calculated in the GPA (except in the case of an "F" as indicated in the "Grading Policy" section).
3. If the student wishes to take a repeat course at another institution, written permission from the program must be obtained. A grade received in a course taken at another institution will not be reflected on the SUNY transcript nor will it be included in the student's GPA calculation. Only the course title and number of credits will appear on the SUNY transcript.

STUDENT HONOR CODE

The students of the School of Health Professions are committed to receiving education in an atmosphere that is supportive of learning, and promotes and nurtures honesty, integrity, inclusion, professionalism and excellence. We, the future health professionals, understand the importance of maintaining the highest levels of professional decorum in the classroom, clinic setting, and the community. We vow to conduct ourselves with:

- Integrity
- Honesty
- Ethically and morally sound behavior (including social media behavior)
- Respect
- Sensitivity toward personal values, beliefs and morals of classmates, professors, staff and patients with whom we interact on a daily basis
- Sensitivity toward the disabled or anyone who is different

Because integrity is the cornerstone of our education and our community of trust, we will not tolerate actions such as the following: cheating on assignments, falsifying data, plagiarism, bullying (face to face or online), disrespect for one's sexual orientation, unprofessional communications, with faculty and/or preceptors (face to face or online), and disregard for patients' privacy. Each aforementioned action is considered a violation of the SOHP Student Honor Code. We, the students of the SOHP, pledge to contribute to an environment of professionalism and respect and adhere to the highest levels of moral and ethical conduct.

STUDENT RECORDS

The College is in full compliance with the Family Education Rights and Privacy Act of 1974 (the Buckley Amendment), which gives students access to their educational records. Students can arrange to review their academic records in the Office of the Registrar.

SUBMISSION OF GRADES

All final grades will be submitted by the instructor to the Registrar's office within two days after the last day of final examination week. Excluded from this policy are courses extending past final examination week. The deadline for these courses is one week after the last day of class and/or the final examination, whichever comes later.

TRANSCRIPTS

Refer to the Office of the Registrar section of the Student Handbook or the Registrar section of the SUNY Downstate website.

TRANSFER CREDIT

The following programs do not allow transfer credits for program of study courses: Diagnostic Medical Imaging, Occupational Therapy, Physical Therapy and Physician Assistant.

The Midwifery Education Program and the Medical Informatics Program allow transfer credits for program of study courses according to program policies. Students who have completed graduate level courses at another institution prior to matriculation, with a minimum grade of "B" or better, may transfer courses if the courses are judged equivalent to those required at SUNY Downstate and meet the accreditation standards of each profession's accrediting body. The faculty determines the acceptability of transfer courses.

Transfer of approved credits earned prior to matriculation to the School of Health Professions will appear on the transcript accompanied by the letter "TR".

A maximum of 9 transfer credits may be accepted toward degree requirements in the Medical Informatics Programs and a maximum of 18 credits may be accepted toward degree requirements in the Midwifery Education Program.

To qualify for program of study transfer credit, the student must initiate a request for consideration of transfer credits, through the program chairperson or the academic advisor during the first semester matriculated at SUNY Downstate. Students must provide an official transcript and a copy of the course materials for the courses to be evaluated and considered for transfer.

Advanced Standing

The Midwifery Program is the only program in the School of Health Professions that offers advanced standing credits. MS Completion students in the Midwifery Education Program may receive up to 38 credits of advanced standing for their previous midwifery education and professional experience. Students must contact the Midwifery Program chairperson for details.

Students in the basic Midwifery Education Program may receive up to 12 credits of advanced standing for areas in which they either have had coursework or areas in which they have had extensive professional experience (e.g. Introduction to Teaching or Research 1 and/or 2). Documentation of such coursework and/or experience must be provided. Students must contact the Midwifery Program chairperson for details.

Course exemption

The Midwifery Program is the only program in the School of Health Professions that offers course exemptions for students in the Direct Entry Program. Contact the Midwifery Program chairperson for details.

WITHDRAWAL FROM THE COLLEGE

The student should consult the Program Chairperson and should complete the following procedure:

1. Meet with program chairperson and complete the Leave of Absence / Change of Status form.
2. Meet with the Office of Student Affairs designee to remove all outstanding encumbrances, including: return of identification card and mailbox key, return of borrowed material to the library, bursar clearance, financial aid clearance, if applicable, and residence hall clearance, if applicable. Any student with outstanding encumbrances is not entitled to receive, or have sent on his/her behalf, transcripts of academic work, and may be denied readmission.
3. The student must continue with his/her course work (except in an emergency situation) until the withdrawal has been approved.

The student will receive a letter from the Office of Student Affairs confirming the effective date of the withdrawal and a copy of the Change of Status form.

WITHDRAWAL FROM A COURSE

A withdrawal grade of “W” is recorded when a student withdraws from a course after the add/drop period and prior to completing one third of the course. There is no point value attached to the grade of W.

A withdrawal passing grade of “WP” is recorded when a student withdraws from a course, while performing at a passing level, after completing one-third of the course but prior to completing two-thirds of the course. There is no point value attached to the grade of “WP”.

A withdrawal failing grade of “WF” is recorded when a student withdraws from a course, while performing at a failing level and after completing one-third of the course but prior to completing two-thirds of the course. A grade of “WF” represents an academic deficiency and is calculated into the grade point average as 0.00.

A student may withdraw from a course during the WP/WF period, upon written request and approval by the Program Chairperson. Withdrawal from a course during the WP/WF period is permitted only in conjunction with medical emergencies, leaves of absence or withdrawal from the academic program. In the case of a medical emergency, a note from the student’s health care provider is required.

A student withdrawing from a course on the day of an examination receives an “F” grade for that exam and the exam grade is averaged with the other grades earned during the course.

To withdraw from a course, the student must:

Obtain an Add/Drop form from the Office of the Registrar. The completed form must be approved and signed by the Program Chairperson and delivered to the Office of the Registrar.

The date upon which the form is approved, not the date of the last class attended, is considered the official date of withdrawal. Nonattendance or notification of the instructor of the intent to withdraw does not constitute formal withdrawal.

A student may not officially withdraw from a course after the last official day for withdrawal (after 2/3 of the course is completed). After this date, the grade “F” will be recorded and computed in the grade point average.

The grade of “F” will be assigned for all unofficial withdrawals regardless of when they occur during the semester.

COLLEGE OF MEDICINE

HOW THE COLLEGE OF MEDICINE SECTION IS ORGANIZED

The Academic Policies section appears first, followed by the section on general information/services. If there is no designation of Foundation Years or Clinical Years, then the policy applies to all students in all class years. If you have any question about a particular policy and whether or not it pertains to you, please email studentaffairs@downstate.edu.

[Topics/items are listed alphabetically whenever possible within the sections described above. There is also an index.]

ABSENCES FROM EXAMS

Students are expected to appear for examinations and assessments at the appointed time or the student may receive a zero for the exam, or a grade of “ID” (Identified Deficiency) for Medical Professionalism in the Unit or Gateway. If students are ill or have an emergency that prevents them from attending a required summative assessment, they must contact the Office of Student Affairs by e-mail to studentaffairs@downstate.edu, no later than the day of the exam, to explain the reason for their absence from the scheduled exam. Failure to notify the Office of Student Affairs in a timely fashion regarding an absence from an exam may result in a zero for the exam or an ID in Medical Professionalism. Each absence shall be considered on a case-by-case basis for an excused absence.

A student may be excused from the exam by the Office of Student Affairs if notice is given of illness or other emergency (e.g. death in the immediate family, family emergency, or illness). A note from the student’s personal physician (may not be from a relative) or from SUNY Downstate’s Student Health Service, must be presented to the Office of Student Affairs, to document excused absences for illness.

If a student submits a request to the Office for Student Affairs for an excused absence from a summative assessment that is not an emergency, the Student Affairs Dean will consult the Associate Dean for Foundations or the Associate Dean for Clinical Medicine as appropriate to determine whether the absence will be excused. Opportunities for replacement assessments will be determined by the Office of Medical Education.

ABSENCES FROM REQUIRED SMALL GROUP ACTIVITIES

Foundation Years

Small group attendance is an integral component of all courses during the Foundation years. Regular attendance at small group sessions provides students with important learning opportunities not available in lectures or other venues. Furthermore, the success of small groups depends on the attendance and participation of all students.

All Small Group sessions, including Problem-Based Learning (PBL), POPS, Clinical Skills and Laboratory Sessions are required activities. (Attendance to sessions with patients invited as part of the learning experience is also mandatory.) Timely attendance and active participation are mandatory. Late attendance compromises group dynamics. Students arriving more than 10 minutes after the start time of the small group session are considered absent.

All absences must be reported and more than one reported absence per Unit is strongly discouraged. A reported absence is defined as an absence that has been reported to the Office of Medical Education and falls under one of the categories listed on the Reported Absence Form. Students must notify the Office of Medical Education of their absences by completing the on-line **Reported Absence Form** no later than 9AM on the day of absence, or as soon as possible in the case of an illness or emergency. Students must also notify their small group leader (for PBL) and perform any necessary make-up work for sessions missed.

If a student misses more than two required sessions (even if reported) within a unit, s/he will receive a Unit evaluation that may result in a grade of Identified Deficiency (ID) for Medical Professionalism and thus a failure in the unit. More than six (6) accumulated absences (even if reported) in Foundations 1 or greater than four (4) accumulated absences (even if reported) in Foundations 2 will trigger a Gateway evaluation that may result in a Gateway grade of Identified Deficiency (ID) for Medical Professionalism. The student will be required to remediate any professionalism deficiency as determined by the Academic Promotions Committee. If a student needs to be absent for more than the maximum of two absences per unit (i.e. extended illness or family emergency) s/he should email Student Affairs at: studentaffairs@downstate.edu with a written explanation. A Student Affairs Dean will contact the student to approve.

Absences due to religious observance should be requested at the beginning of the academic year and do not count toward the maximum number of absences of two reported absences per unit.

Zero unreported absences are permitted. One unreported absence in the unit, if it is the only breach of professionalism, will result in a written warning. A second unreported absence in the unit will result in an automatic grade of Identified Deficiency for Medical Professionalism and a failure in the Unit. A single unreported absence in combination with other breaches of professionalism may also result in a grade of Identified Deficiency for Medical Professionalism for the Unit.

Breaches of professionalism include failure to complete formative assessments, failure to submit written assignments on time, and leaving before completion of a small group session, as well as egregious behaviors including signing in to events for others, signing in without physically attending. Misrepresenting one’s own or another student’s attendance at required activities is a violation of the College of Medicine Honor Code and as such is reportable to the Academic Promotions Committee. Sanctions based on breaches of professionalism become a permanent part of the student academic record and may be included in the Medical School Performance Evaluation for residency.

Students are required to make-up any work missed due to their absence. A deadline for making up the activity may be set at the time of the absence. Students are also responsible for informing their PBL/small group facilitators of the reason for any absences from these sessions.

Clinical Years

During the clinical years, excused absences are approved by the course director, clinical preceptor or the Office for Student Affairs. Written documentation is required as described above. Missed clinical time may carry the requirement to be made up at another time. Unreported absences will be documented in a student’s final evaluation and may be included in the Medical School Performance Evaluation for residency.

Policy on students seeking permission to attend conferences during required courses:

Students who seek permission to attend academic conferences during required courses may be allowed to do so, at the discretion of the course director and/or the Office of Student Affairs, and only under the following circumstances:

- 1) The meeting is scientific in nature.
- 2) The student will be presenting his/her own work at the meeting.
- 3) The student is representing SUNY Downstate as an officer of a national organization.
- 4) The student asks for permission to attend well in advance of the conference.
- 5) Documentation, such as a conference schedule, may be requested.

The student may be required to make-up time for the time missed to attend the conference.

ACADEMIC ADVISEMENT

During Foundations of Medicine, students are encouraged to seek academic assistance from their Unit directors or faculty instructors regarding how to improve their academic performance in a particular course. Students receive weekly feedback from their formative examinations and mid-unit feedback from their small group PBL facilitators. At mid-unit, the Academic Support Team (AST) also reaches out to students in need of improvement to provide advisement and support (see below). Students in academic difficulty should also seek early assistance from the Office of Academic Support Services and Advisement (OASSA, described below) and the Director of Student Counseling (for motivation issues, anxiety reduction and relaxation techniques).

Students who have questions regarding academic policies or their academic status, or seek information regarding academic support services, may seek assistance from any of the Student Affairs Deans in the Office of Student Affairs.

During the clinical years, students in academic difficulty in a particular course are encouraged to seek assistance from their clerkship course director or faculty preceptors/attendings, the Office of Academic Support Services and Advisement, and/or the Director of Student Counseling. Students who have questions regarding academic policies or their academic status in the clinical years, or who seek information regarding academic support services, may seek assistance from their Clinical Advisory Dean or the Student Affairs Deans.

ACADEMIC SUPPORT SERVICES

The primary goal of the programs offered by the Office of Academic Support Services and Advisement is to help students achieve their full academic potential in medical school. Towards this end, academic support and advisement staff offer programs on efficient and effective approaches to learning:

- Individual academic counseling, and advisement as needed or requested for study, learning, memory, reading efficiency, time management, and/or exam reasoning skills.
- Active learning counseling sessions promoting long term retention and problem solving
- Clinical learning environment sessions that address adjustment to the relatively unstructured but demanding clinical setting.
- Individual and/or group peer tutoring sessions, provided free of charge
- Screening for previously undiagnosed learning difficulties and appropriate referrals
- The “Lending Library”, offering a small selection of relevant resources for both course work and the USMLE Board Examinations.
- USMLE Step 1 schedule planning, test taking, tutor review sessions, and board preparation strategies.
- Individual meetings with students, as requested, to assist in planning optimal preparation for USMLE Step 1, Step 2, and clerkship exams.

The Assistant Vice President (AVP) of Academic Support Services and Advisement, as supervisor for all tutors, selects and trains students in the upper classes as ‘student tutors’ for peer tutoring sessions. Selection of student tutors is based on high proficiency in previous assessments as well as personality evaluation. Training focuses on how to apply knowledge to clinically relevant questions and cases utilizing learning objectives, curricular materials, and practice questions.

The Faculty Tutor Advisor within the Office of Academic Support Services and Advisement assists student tutors by providing guidance on curricular content, fostering interactive engagement with students and faculty, and promoting reliable and consistent tutoring. The Faculty Tutor Advisor observes student tutor sessions and evaluates their instructional performance, advises tutors on methods of explaining curricular content, and provides feedback to the AVP regarding tutor performance.

ACADEMIC SUPPORT TEAM

Mid-Unit

In Foundations, the Office of Medical Education will provide a report to students and the Academic Support Team (AST) at the mid-Unit point based on formative assessments and small group facilitator feedback. Students who are identified as “Needing Improvement” will be offered support in meeting criteria before the end of the Unit. The Academic Support Team, responsible for identifying and helping struggling students, consists of the Unit faculty of the Unit in progress (including Unit clinical competency director), the Associate Dean of Foundations, the Associate Dean for Clinical Competencies, the Associate Dean for Student and Curricular Affairs, and the AVP for Academic Support Services. Designees of AST will be assigned to meet with a set of struggling students at the mid-Unit time point and help them each develop a plan to improve performance before it gets to the level of necessitating remediation.

Post-Unit

The Academic Support Team meets at the end of each unit to discuss a remediation plan for students who did not pass the unit successfully. AST also reviews students who passed the Unit but were borderline so that support can be offered to improve student performance in future units, exams, clinical skills etc.

Students are informed of the school resources available to them if they are struggling. Students are expected to evaluate their own performance after each formative assessment and take the initiative to seek assistance when needed. Students experiencing personal problems which interfere with their academic performance are encouraged to seek help. If a student is unsure of where to get help, the student can contact the Office of Student Affairs to receive a referral to the appropriate resource.

CLINICAL COURSES

During the clinical years, one week of clinical experience is equivalent to one week of academic credit.

Core clerkships are available to medical students matriculated at SUNY Downstate College of Medicine only. Clerkships are assigned through a lottery selection process in the fall semester of the second year of medical school. Changes in assigned clerkship schedules are approved only if space is available for rescheduling.

Electives may be intramural (within the SUNY Downstate network) or extramural (away from the SUNY Downstate network). Intramural electives are identified in the on-line catalogue. Intramural electives must initially be approved by the Electives Subcommittee of the Dean's Council for Education. Only following the Electives Subcommittee's approval may an elective be taken for credit by students.

Students may also create a "tailor-made" (intramural) elective with written documentation and approval of the faculty preceptor, Department Chair of the discipline in which the elective is being offered and the student's Clinical Advisory Dean. A tailor-made elective may be a clinical experience or a research experience. For additional information regarding procedures, see the Office of the Registrar website which can be found at <http://sfs.downstate.edu>.

Students on academic or clinical probation during the senior year of medical school are required to complete their electives at the SUNY Downstate or a major affiliate hospital of SUNY Downstate, unless otherwise specified by the Academic Promotions Committee. One extramural (away) elective may be completed only with the prior approval of the student's Clinical Advisory Dean. A student on probation for the senior year is required to meet on a monthly basis with his/her Clinical Advisory Dean.

Additional information regarding core clerkships, clinical electives, procedures, and policies is contained on the Office of the Registrar website which can be found at <http://sfs.downstate.edu>.

EDUCATIONAL OBJECTIVES OF THE CURRICULUM

The Six Competencies

SUNY Downstate's six competencies delineate the attitudes, knowledge and skills that students should possess upon graduation from this medical school. Each domain represents a distinct but interrelated component of an integrated model of physician competency. These competencies form the basis for graduation from Downstate, assuring that the physician is knowledgeable, technically skilled, socially conscious and professionally responsible. Upon graduation from SUNY Downstate, the student will have demonstrated the following:

1. DOMAIN OF PATIENT CARE (PC)

Graduates must be able to provide patient care that is compassionate, appropriate, and effective for the treatment of health problems and the promotion of health.

2. DOMAIN OF MEDICAL KNOWLEDGE (MK)

Graduates must demonstrate knowledge about established and evolving biomedical, clinical, and cognate (e.g. epidemiological and social-behavioral) sciences and the application of this knowledge to patient care.

3. DOMAIN OF PRACTICE-BASED LEARNING AND IMPROVEMENT (PBLI)

Graduates must be able to investigate and evaluate their patient care practices, appraise and assimilate scientific evidence, and improve their patient care practices.

4. DOMAIN OF INTERPERSONAL AND COMMUNICATION SKILLS (IPC)

Graduates must be able to demonstrate interpersonal and communication skills that result in effective information exchange and teaming with patients, their patients families, and professional associates.

5. DOMAIN OF MEDICAL PROFESSIONALISM (MP)

Graduates must demonstrate a commitment to carrying out professional responsibilities, adherence to ethical principles, and sensitivity to a diverse patient population. Graduates must also assess personal values and priorities in order to maintain an appropriate balance of personal and professional commitments.

6. DOMAIN OF SYSTEMS-BASED PRACTICE (SBP)

Graduates must demonstrate an awareness of the relationship between themselves and the patient, community, and health care system as well as recognize the impact on optimization of patient care.

COURSE/GRADE APPEAL PROCEDURE

Foundation Years

A student who is dissatisfied with a grade received in the Unit summative assessments should first attempt to resolve the matter by meeting with the Unit director. If the student, after attempting such a resolution, is still not convinced that the grade reflects accurate and fair assessment, s/he has the right to appeal the grade. To initiate the grade appeal process the student must submit a formal written appeal to the Associate Dean for Foundations of Medicine. The Associate Dean for Foundations of Medicine may direct the appeal review of the grade in the competency of Patient Care to the Associate Dean for Clinical Competencies. The appeal of a grade received in Gateway 1 or Gateway 2 must be submitted to the Associate Dean for Clinical Competencies and copied to the Associate Dean for Foundations of Medicine. The student must submit the written appeal within the ten (10) business days from receiving his/her grades. The student is also provided with an opportunity to discuss his/her grade appeal with the Associate Dean. Upon completion of the grade appeal review, the student is notified of the final decision of the Associate Dean within ten (10) business days of his/her grade appeal submission or meeting with the Associate Dean, whichever comes last. The notification is also copied to the Associate Dean for Student & Curricular Affairs and the Associate Dean and Director of Assessments.

Clinical Years

If a student disagrees with a preceptor's evaluation or wishes to question the final clerkship course evaluation, the student must first contact and meet with the clerkship director or designee. Students are NOT permitted to approach their individual preceptors, site directors, attendings or resident supervisors to attempt to get clarification or a grade change.

If there still remains a concern, the student should schedule a meeting with the Associate Dean for Medical Education. The Associate Dean will record the student's concern and then meet with the clerkship director to review the case. The Associate Dean's decision will be final. A student has one month after their official grade from a clerkship is received by the Office of the Registrar to challenge a grade with the clerkship director. After this one month deadline, if the student has not made contact with the clerkship director regarding their grade, the grade and evaluation comments are considered **final** and **no** changes can be made. If the clerkship director does not respond to the student within that month period, it is the responsibility of the student to contact the Associate Dean for Medical Education to inform them before the one-month period elapses. Written and/or electronic verification of attempted contact(s) and any correspondence between student and clerkship director will be required.

In the rare event that a student feels they are being subjected to mistreatment or bias on a consistent basis by someone who will grade them, the student has the option of requesting that the supervisor in question not be allowed to grade or assess them. In such a circumstance the student must notify the Associate Dean for Medical Education of the situation before any grading activity for the clerkship has begun. The student must meet with the Associate Dean and explain in person the basis of their complaint. The information will be held in confidence until all grades are submitted to the Clerkship Director and final grades are calculated. After the grade is finalized, the Associate Dean will investigate the complaint in a timely manner. If a reasonable likelihood of significant bias or mistreatment is confirmed, that supervisor's grade/assessment/comment will be removed from the student's record and the final grade will be reassessed by the clerkship director. Whether the supervisor in question is informed about the grade change is a decision to be made jointly by the student, the clerkship director and the Associate Dean for Medical Education.

COURSE WITHDRAWALS

From Required Courses

A student may withdraw from a required course (unit/clerkship) upon written request, and requires approval by a dean in the Office of Student Affairs. Withdrawal from required courses is permitted only in conjunction with a personal emergency or illness, a leave of absence, or withdrawal from the College of Medicine.

In general, a "W" will be recorded on the student's official transcript if the withdrawal is prior to the completion of 25% of the course. A "WP" or "WF" will be recorded, according to academic status, if a student withdraws after the completion of 25% of the course. Each situation will be reviewed on a case-by-case basis by a Dean in the Office of Student Affairs.

From Senior Year Elective Courses

A student may drop from an elective course by completing an Elective Drop/Add form available in the Office of the Registrar. When a student wishes to drop an elective after the drop deadline date of the quarter, the student must obtain the approval of the course instructor (preceptor).

No academic penalty will be incurred if the Elective Drop is prior to the starting date of the course.

(See Late Fees section of the Student Handbook and the Add/Drop dates on the Office of the Registrar website.)

Any student withdrawing from an elective course without filing a completed Drop/Add form with the Office of the Registrar will receive a "WF" grade.

Any student withdrawing after the start date of the elective will be assigned a "W," "WP," or "WF" grade, depending on the percentage of the course completed.

DEFERRAL OF ADMISSION

Accepted applicants to the College of Medicine who request a deferral of admission, and who are granted a deferral by the Admissions Committee are deferred for only one year and are required to file a Delayed Matriculation AMCAS application form for the subsequent processing year in order to secure their place in the entering class. Deferrals of admission will not be extended beyond the one-year limit except under extraordinary circumstances.

DEFICIENT GRADES & REMEDIATION – FOUNDATIONS

Progress in the curriculum requires satisfactory performance on all Unit assessments as well as on all Gateway assessments. Remediation of deficiencies in Unit assessments and Gateway assessments are addressed separately.

Deficiencies in Unit Assessments

In order to pass, students must meet passing criteria in each competency of the Unit. Remediation of failed competencies is required in order to progress to the next segment (core clinical rotations) of the curriculum. Remediation of each competency may require different timelines due to the nature of the deficiency. (For example, students might be required to take and pass one exam to demonstrate competency in medical knowledge, but it might take longer to remediate interpersonal communication skills deficiencies). Therefore, recommendations for remediation protocols must take into account differences by which successful remediation can be achieved and assessed in each of the different competencies. Remediation is required to address deficiencies in knowledge, skills and/or attitudes as manifested in behaviors.

Although remediation is individually tailored according to the deficiency, the process can be standardized across all competencies. The remediation process can be divided into the following 4 phases:

1. Identification of deficiency through end of Unit assessments, completion of assignments, and/or performance in required small group activities.
2. Completion of a professional learning plan (PLP) in consultation with the appropriate resource to develop and adopt a plan to achieve benchmark(s)
3. Implementation of the plan
4. Completion of a parallel form of assessment, or appropriate remediation plan to demonstrate attainment of benchmark(s)

The Unit Team and the Office of Medical Education meet at the end of each Unit and assign grades according to criteria described in the “Assessment” section.

Outcomes: The Academic Promotions Committee (APC) meets at the end of each Unit and reviews students who have “Identified Deficiencies”(IDs) in the Unit. The student academic records are reviewed in a blinded fashion. The APC receives a summary of Unit competencies passed and identified deficiencies for each student for the academic year thus far. No numerical scores are shared. For MK and PC deficiencies the committee makes one of the following decisions:

- 1) Student is permitted to remediate the identified deficiency and take a reassessment at the end of the academic period.
- 2) Student is required to go on a Leave of Absence, work with Academic Support Services, and come back to repeat the year.
- 3) Student is dismissed from the College of Medicine.

Single MK deficiency

Effective fall 2019, a student who receives one grade of ID in the MK competency in a Foundations unit will automatically be granted permission to remediate the deficiency by the usual means, without consideration by the APC, as long as the following conditions are met: (1) completion of the current academic year without further deficiencies, (2) must be in good standing and have progressed normally on time through Foundations to the point of the deficiency, (3) must have received no prior ID grades in any competency, (4) the curricular leadership has not detected any behavioral issues (e.g., from facilitator comments) that they feel require consideration by the APC. The APC will receive an informational report of all students granted automatic permission to remediate under this policy, along with those it is expected to consider from the same unit.

In cases when deficiencies are identified in a student’s attitudes and behaviors, in the competencies of Interpersonal and Communication Skills and/or Medical Professionalism, the APC sets the standards and the conditions under which students must demonstrate successful remediation of deficiencies.

Completion of a Professional Learning Plan (PLP)

Process: The Academic Support Team (AST) will review students who are having academic difficulty, and depending on the deficiency, will refer the student either to one of the support services (i.e. Academic Support Services, Student Affairs). The PLP is the student’s responsibility and they should take ownership of ensuring that the plan is successful.

Listed below are examples of specific deficiencies and faculty with whom students meet to develop a professional learning plan to address those deficiencies.

- *Patient Care (PC)* – Meet with Unit competency director and identify specific source of the problem.
Develop a specific study strategy and plan for improvement:
 - (Doctor-patient communication) completion of specific doc.com modules
 - (Data gathering) additional preparation and SP encounters
 - (Physical exam skills) additional coaching and SP encounters
 - (Diagnostic thinking-clinical reasoning) additional practice and opportunities for assessment
- *Medical Knowledge (MK)* – Meet with Academic Support Services to review the results of the exam to identify specific areas for study and improvement and identify the source of the problem. Once identified, refer appropriately:
 - (Content Knowledge) refer to resources and materials or tutoring that would help the student master the knowledge. Refer to Unit director or discipline director (i.e. anatomy, pathology) when appropriate.
 - (Study skills & test taking strategies) refer to Academic Support Services to help the student with time management/test-taking skills
 - (Non-Academic Issues) refer to Student Affairs

- *Practice-based Learning & Improvement (PBLI)* – improved skills/behavior and reflective essay
 - (Is unresponsive to feedback and reluctance to admit mistakes) meet with Student Affairs, reads an article and writes a reflective essay implementing a plan for improvement
- *Interpersonal and Communication Skills (ICS)* – improved behavior/skills and reflective essay
 - (Excessive shyness/reluctance to speak) meet with a Clinical Skills Faculty Member or Student Affairs to identify a strategy to improve
 - (Excessively dominant in group discussions) meet with Student Affairs to identify a strategy to improve
- *Medical Professionalism (MP)* – improved behavior and reflective essay, adherence to any referrals
 - (Lack of respect in interactions with peers and faculty, including inappropriate use of social media) meets with Student Affairs to identify the issues and develop a strategy to improve
 - (Frequently arrives late / or does not show up at all) meets with Student Affairs identifies & implements a plan to improve
 - (Dress or appearance) meets with Student Affairs and identifies plans to improve
 - (Inappropriate behavior) meets with Student Affairs to develop a plan for improvement
 - (Lack of preparedness) Student meets with Student Affairs to develop a strategy to improve
 - (Violation of examination policies) Student meets with Student Affairs to develop a plan for improvement
 - (Excessive absences) Student meets with Student Affairs to develop a plan for improvement
- *Systems-based Practice (SBP)* – improved skills and reflective essay, adherence to any referrals

Timing of Remediation

Knowledge & Skills (MK, PC):

A single deficiency

Students who are allowed to remediate deficiencies will do so during the summer at the end of Foundations year 1, and in the spring at the end of Foundations year 2.

Two or more deficiencies:

Students with deficiencies in two or more Units in the competencies of MK, PC, will be placed on academic probation. At the discretion of the APC, students might be given the option of remediating exams or repeating the year, and could be considered for dismissal.

Attitudes & Behaviors (IPC, MP, PBLI):

A single deficiency

Students will be allowed to remediate a single deficiency once a Professional Learning Plan (PLP) has been prepared and implemented, and the student has demonstrated improvement in that deficiency during the subsequent Unit.

The timing of remediation and parallel assessments will take into consideration the nature of the remediation change required, and the time necessary to achieve the remediation prescribed in the small group setting. [For example, if a deficiency in medical professionalism occurs because a student is chronically late for small group activities, this behavior is expected to improve immediately during the next Unit. On the other hand, a deficiency in interpersonal and communication skills, due to reticence to participate in small group discussions, could take more time to demonstrate improvement.]

Two or more deficiencies

Students with two or more deficiencies, who are permitted to continue in the College of Medicine, will be placed on Academic Probation and will be assigned a faculty mentor. A PLP is developed by the student, in conjunction with the faculty member. The expectation is that students will not have more than two deficiencies in the same competency in Units 1-6. Students who have repeated deficiencies in the same competency in Units 1-6 will be reviewed and considered for all options including dismissal. Acceptance of a remediation plan, with stated goals, and progress towards goals could qualify a student to continue to the next unit and/or, the Gateway. Documented monitoring is required. Students who are given the opportunity to remediate must pass remediation examinations to demonstrate competency.

Deficiencies in Gateway Assessments

Gateways provide opportunities for students to demonstrate achievement of all the benchmarks at the end of a segment of the curriculum.

Gateway 1	Units 1—4
Gateway 2	Units 5—6
Gateway 3	Core clinical rotations

If a student fails a gateway assessment, following approval of APC, s/he might be given opportunity to demonstrate competency after a study period and retake of a parallel form of the assessment.

Gateways will be listed as a separate entry on the student's transcript and will receive a grade of P, IP or IP/P, if a student fails a gateway and subsequently remediates the deficiency.

DEFICIENT GRADES – CLINICAL YEARS (CONDITIONAL AND FAIL)

Courses (clerkships/electives) vary in how they evaluate student performance. Courses are obligated to inform students of the course requirements and evaluation procedures at the mandatory orientation of each course. This information is provided to students in writing.

Courses are urged to submit narrative comments along with letter grades and to discuss the evaluation directly with the student. Each course should provide students with advice about their academic standing mid-way during the course, to detect academic difficulties prior to the final grade. Clerkship course directors are required to insure mid-course feedback to students during the clerkship.

Remedial work for the clinical years may be undertaken by the student at the end of that year, following the review by the Academic Promotions Committee. A single clerkship deficiency may be eligible for remediation during a vacation or elective period prior to the end of the academic year with permission from a Student Affairs Dean.

A student on academic probation or one who has received more than one deficient grade during the academic year will not be eligible for remediation of deficient grades until his/her record has been reviewed by the Academic Promotions Committee.

When the student satisfactorily remediates a deficient grade through the approved remedial work, the “Conditional” (C) grade or “Fail” (F) grade remains on the official transcript along with the grade achieved by removing the deficiency.

Example: Medicine Clerkship C/P
Neurology Clerkship F/P

A “Conditional” grade is a deficient grade and neither “Honors” nor can “High Pass” be obtained as a result of a re-examination.

Deficient grades (Conditional or Fail) in two or more courses in an academic year automatically places a student on Academic Probation and may subject the student to dismissal or the necessity to repeat an entire academic year. However, since each student’s academic performance is reviewed on an individual basis, students are advised to meet with a Student Affairs dean during the academic year if they have questions about their particular situation.

For “Conditional” grades, the course report may prescribe a period of supervised study, followed by evaluation, re-examination at an appropriate time, or other measures not requiring completely repeating the entire course. A student has only one opportunity to remediate a conditional grade in a course. If the student fails this re-examination, the student will receive a “Fail” grade. In the clinical years, a student may be required to repeat all or part of the clerkship.

A “Fail” grade can be remediated by repeating the entire course. In the case of clinical courses this can be accomplished by successfully repeating the same course at this institution.

GATEWAY 3: CLINICAL SKILLS EXAM – CSE (STANDARDIZED PATIENT REQUIREMENT)

At the end of core clerkship year, all third-year medical students are scheduled to participate in a mandatory standardized patient experience. It is not necessary to have completed all clerkships in order to successfully complete the experience.

- 1) Students are videotaped during their encounters with standardized patients.
- 2) Students perform directed histories and physicals on standardized patients.

Participation in this exercise is mandatory for all students:

If a student fails to attend on the assigned day without prior authorization for an excused absence or a documented medical excuse on the day of the assigned session, the student will be charged the fee for the examination day (the current charge is \$500). Students are required to notify the standardized patient coordinator no later than the day of their scheduled standardized patient session of any medical or personal emergency. Documentation must be submitted within 24 hours of the scheduled session.

The College of Medicine has established a minimum competence level for passing this mandatory educational activity (standardized patient exam). Students who fail to attain the minimum competency level will be required to undergo a mandatory remediation.

If the student fails the remediation, the student will be removed from his/her academic schedule. The student’s entire academic record will be reviewed by the Academic Promotions Committee, for further academic action. All options will be considered, including continuation with additional remediation, repeat year, or dismissal.

Students must pass Gateway 3 or its remediation to be eligible for graduation. Students will be required to sign a statement attesting to the fact that they will not share information about this exercise.

EVALUATION OF STUDENT PERFORMANCE

The faculty is charged with being objective and fair in the evaluation of student performance. Evaluation of student performance is conducted through multiple measures such as examinations (written, practical and oral), and by observations in laboratories, small discussion groups and in the clinical setting. Promotion or failure depends not only on factual knowledge, but on non-cognitive personal factors such as the ability to relate to patients, honesty, attitude, the ability to work with other members of the health care team, the ability to integrate information, and the ability to apply theory to practice. These may all affect a student’s final grade.

Attendance at the College is a privilege and not a right. The College reserves the right to dismiss a student at any time for deficient academic performance or clinical incompetence or unprofessional behavior (especially as related to patient care) as determined by the Academic Promotions Committee or the disciplinary procedures of the College.

Course directors (unit directors, clerkship directors, elective preceptors) are responsible for the submission of student grades in a timely fashion to the Office of the Registrar. Any change in a student grade or clinical course evaluation must be submitted in writing to the Office of the Registrar by the course director. Student questions regarding a grade in a course (unit, clerkship, elective) must first be directed to the course director. If a student believes that his/her final course evaluation was affected by discriminatory behavior as defined by law, the student is urged to meet with the Associate Dean of Medical Education and/or the Director of Diversity and Inclusion in addition to the individuals listed above under “Course Appeal Procedure.”

Mandatory Assignments

As part of the coursework in Foundations of Medicine students are expected to complete certain mandatory assignments. Failure to complete these in a timely fashion will be recorded and students with multiple incomplete assignments will be judged to have failed to meet criteria for the Medical Professionalism competency in the corresponding Unit.

Promotion

Promotion from one curriculum phase to the next depends upon the cumulative performance of the student in the specific Units completed and the successful passage of the Gateway, rather than solely upon performance in individual courses (Units, Clerkships or Electives).

The Academic Promotions Committee (APC)

The Academic Promotions Committee (APC) is responsible for reviewing student progress in all four years of the curriculum and making decisions on student status and promotion. Remediation and final gateway assessments must be completed prior to the student progressing to the next phase of the curriculum. An advanced clinical year student may not take any advanced clinical course work until all Core Clerkship year requirements have been successfully completed/remediated.

Academic Promotions Committee (APC) Membership

Faculty members on the Academic Promotions Committee are appointed by the Dean of the College of Medicine. A great effort is put into having both basic science and clinical faculty representation on the committee. Faculty who are Unit, Clerkship or Advanced Clinical Course directors are ineligible to serve on the committee.

If in the rare event a student is being reviewed who has a teacher/student relationship with a committee member, the Office of Medical Education will ask the faculty member to recuse him/herself. Meetings of the Academic Promotions Committee are confidential and closed to all but the members of the Committee and *ex-officio* members.

Members of the APC

Voting: 7 faculty + Chair

Committee Procedures

At least 5 out of the 8 voting members of the Academic Promotions Committee must be present to render a decision. Decision by the committee for dismissal of a student shall require approval by two thirds (2/3) of the members of the committee present during voting.

Decisions by the committee for repeating the academic year or for promotion shall be passed by a simple majority of the members of the committee present in voting.

The Academic Promotions Committee will meet after every Unit in Foundations to review students who have failed the Unit. At those meetings, any clinical students who have earned deficient grades will also be reviewed.

The APC may make the following decisions:

1. Graduation
2. Promotion, unqualified
3. Promotion, once required remediation is successfully completed
4. Promotion with probationary status due to poor performance in any of the six competencies that require further remediation
5. Repeat courses or entire year
6. Academic leave of absence for remedial work and/or auditing followed by repeating the entire year
7. Dismissal for academic failure, unprofessional behavior or clinical incompetence

The remediation schedule will be set by the Office of Medical Education. The schedule may depend on:

- a. the type of competency that requires remediation
- b. the number of assessments or multiple competencies to be remediated
- c. if it is a failed remediation but student receives another chance to be assessed.

Remediation and final gateway assessments must be completed prior to the student progressing to the next phase of the curriculum.

Dismissal will be considered under the following circumstances:

- a. Deficiency in more than one Unit in the first year (Units 1-4) and/or Gateway
- b. Deficiency in more than one Unit during the Foundations Years (Units 1-6) and/or Gateway
- c. Deficiency in the same competency in two or more Units
- d. Deficiency in more than one clerkship
- e. Deficiency in the same Unit or Clerkship more than once
- f. Deficiency in a Unit or Clerkship after being placed on academic probation
- g. Failure of a Gateway and failure of the remediation of the Gateway.
- h. Unprofessional behavior or clinical incompetence.
- i. Failure to make satisfactory progress toward graduation within the published timeframe.

Students who are repeating a Unit/Clerkship (most often during a repeat year) may or may not have the chance to remediate a repeat failure of the same Unit/Clerkship, as determined by the APC. However, failure of the remediation of that repeat failure will lead to consideration for dismissal. School policy states that a student may take any Unit/Clerkship only twice.

Process for Appeals – The Student Appeals Committee

Students who have been recommended by the Academic Promotions Committee for repeating all or part of a year or dismissal for unsatisfactory performance, shall be notified by the Associate Dean for Student Affairs (or designee) of the right to appeal the Academic Promotions Committee decision to the Student Appeals Committee. (See procedure below)

The Student Appeals Committee serves as an appeal board for students who wish to request a reconsideration of the Academic Promotions Committee (APC) decisions. The Committee reviews APC's decisions and may consider additional information presented by the student, prior to making a final determination. Meetings of the Student Appeals Committee are confidential and closed to all but the voting members of the Committee, *ex-officio* members, and the student making the appeal.

The secretary to the Committee or designee, notifies students of the decisions made by the Student Appeals Committee.

The Student Appeals Committee may make the following decisions:

1. Affirms decisions of the Academic Promotions Committee (either that the student repeat segments of the curriculum or that the student be dismissed)
2. Overturn the decision of the Academic Promotions Committee that the student repeat coursework and the Appeals Committee may permit a student to take re-exams and to remediate deficiencies
3. Overturn the decision of the Academic Promotions Committee that the student be dismissed and may require that the student repeat coursework to remediate deficiencies
4. Overturn the decision of the Academic Promotions Committee and require that the student take a leave of absence to address personal issues

Student Appeals Committee membership will not include voting faculty from the Academic Promotions Committee. The Chair of the Academic Promotions Committee (or designee) will be a non-voting member on the Student Appeals Committee to provide information on student performance.

Student Appeals Committee Membership:

Voting

- 8 Faculty + Chair (Dean Appointed)
- Basic Science and Clinical Faculty representation

Ex-officio

- Academic Promotions Committee Chair
- Associate Dean for Diversity Education and Research
- Associate Dean for Medical Education
- Student Affairs Dean

At least 7 voting members of the Student Appeals Committee must be present to render a decision. Decision by the committee for upholding the dismissal of a student shall require approval by two thirds (2/3) of the voting members of the Committee present during voting. Decisions by the Committee for repeating the academic year shall be passed by a simple majority of the members of the Committee present in voting.

Appeal and Notification Procedure

1. Students who have been recommended for repeating all or part of a year or dismissal for academic failure, clinical incompetence or unprofessional behavior, by the Academic Promotions Committee shall be notified by the Associate Dean for Student and Curricular Affairs (or designee) and granted the right to appeal to the Student Appeals Committee.
2. Verbal, telephone or written/email notification will be given to the student of a decision of the Academic Promotions Committee of unsatisfactory academic progress; written/email notification is given within seven business days of the decision. The Associate Dean (or designee) is required to employ only his/her best effort to notify the student of his/her status. (Email notification is to the student's SUNY Downstate email account.) Students are responsible for checking their SUNY Downstate email account a minimum of once a day. Students in academic difficulty are advised to contact the Office of Student Affairs immediately following the Academic Promotions Committee meeting to ascertain their academic status.
3. A student who wishes to appeal a decision of the Academic Promotions Committee must submit a written or email notice to the Associate Dean for an appeal within 2 business days of notification of the Committee decision. The student will have no less than 2 business days to prepare for the appeal. Appeals are intended to be expedited in the shortest reasonable time in order to provide the student with the opportunity to register for the next ensuing term or for summer reexaminations.
4. The Student Appeals Committee, which hears the appeal, will consider any extenuating circumstances or new information presented by the student, and may solicit additional information from the teaching faculty of the appropriate courses/units. The Student Appeals Committee will then make its decision, which is a final decision.
5. The student will be notified of the final decision of the Student Appeals Committee within ten business days. The Associate Dean is required to employ only his/her best effort to notify the student of his/her status. (Notification will be made to the student's email address unless otherwise requested by the student.)

Final Appeal after Dismissal

Students who are dismissed from the College of Medicine may initiate a request (within one month of the date of the dismissal letter) for a meeting with the Dean of the College of Medicine. The Dean, after due consideration, may accept the Student Appeals Committee decision, issue a final and binding determination, or request the Student Appeals Committee to undertake another review. The Dean of the College of Medicine will notify the student in writing of the results of the review.

DRESS CODE POLICY

The Student Dress Code is based on the following principles:

- a - Cleanliness
- b - Neatness
- c - Professional role modeling for patient care
- d - Dress that reflects respect for patients
- e - Visible SUNY-Downstate ID at all times
- f - No scrubs to be worn outside of the hospital

DRUGS & DRUG TESTING

Federal and State Laws and Regulations regarding alcohol and controlled substance abuse are identified in Appendix III of the Student Handbook. SUNY Downstate requires that all students comply with current New York State law regarding the use of substances in order to remain eligible for academic or clinical activities (even if they visit another locality, state or foreign country where such substances may be permitted). Students shall be responsible for assuring that they do not participate in activities or ingest substances when visiting other U.S. states or foreign countries which may cause them to be ineligible to participate in academic or clinical activities because these substances are not permitted in New York State or by policy of SUNY Downstate or our affiliated hospitals. Failure to do so is a violation of SUNY Downstate policy and is subject to disciplinary action.

When the College of Medicine (e.g. Student Affairs) receives notification that a medical student has a positive drug test, either from a clinical site or from a drug test that may have been voluntarily undertaken by the student (e.g. such as in preparation for an away elective), the following shall occur.

The student will be notified by the Office of Student Affairs (or designee) that a positive drug test report has been received. The student will be informed that he/she must take another drug test (within one week of our receipt of the drug test report) through CastleBranch.com, or another approved vendor, at the student's expense.

The student will be immediately suspended from his/her academic program until clearance (fitness for duty) has been obtained.

If the second drug test is negative, then the student will be reinstated and warned that any subsequent positive drug tests will lead to a possible medical school disciplinary hearing, a report submitted to the Committee on Physicians Health (or equivalent), and/or possible external reporting to the New York City Police Department.

If the second drug test is positive or if the student declines to take a second drug test, then the student will be continued on suspension, will be reported to the Committee on Physicians Health (or equivalent) for evaluation, and may be subject to a medical school disciplinary hearing and/or reporting to the New York City Police Department. Information about the positive drug test and subsequent outcome will be included in the Medical School Performance Evaluation (MSPE) also known as the Dean's Letter for Residency.

DUTY HOURS POLICY

Medical student duty hours during clerkships and required rotations are set by the individual departments. These duty hours are never allowed to exceed, and in most cases do not approach, the duty hour restrictions for first year residents imposed by the Accreditation Council for Graduate Medical Education or by New York State. These outer-limit restrictions are as follows:

- Duty hours must be limited to 80 hours per week, averaged over a four week period.
- Trainees must be scheduled for a minimum of one day free of duty every week (when averaged over four weeks).
- Clinical and educational work periods must not exceed 24 hours of continuous scheduled clinical assignments with an additional 4 hours if needed for patient safety and transitions of care
- Trainees must have 14 hours free of duty after a 24-hour period of continuous work.
- Trainees should have eight hours free of duty between scheduled duty periods.
- Trainees must not be scheduled for more than six consecutive nights of night shifts.

EMAIL

In order to participate fully in receiving official information distributed by faculty and administration, students are required to check their email on a daily basis and to subscribe to the appropriate mailing lists described in their orientation information.

FOUNDATION STUDENT ELECTIVES

Students in the foundation years may enroll in non-credit elective courses which have been specifically identified by the faculty. Additional policies and a description of all First and Second Year electives appear on the Office of the Registrar website at <http://sls.downstate.edu/registrar/>.

Such elective courses are not credit bearing towards elective graduation requirements. Foundation year students may add a non-credit elective by completing a "First and Second Year Add/Drop Elective" form (available from the Office of the Registrar) and returning the completed form to the Office of the Registrar, prior to starting the elective. Faculty preceptors will be sent an evaluation form to be completed and returned to the Office of the Registrar.

Foundation year students who have received an "Identified Deficiency" grade in a course during the academic year, or who are on academic probation, are not eligible to enroll in a First or Second Year student elective. If a student earns an "Identified Deficiency" grade in a course during the academic year and is enrolled in an elective, he/she is required to withdraw from the elective by completing a "First and Second Year Add/Drop Elective" form and returning the completed form to the Registrar's Office.

GOOD ACADEMIC STANDING – FOUNDATIONS

Good academic standing is defined as having passed all requirements and not being on probation for either academic or disciplinary reasons.

GRADING SYSTEM – FOUNDATIONS

Every student has the right to a course grade that represents assessment of the student's academic performance. Assignment of course grades is done using methods that meet educational standards of reliability and validity. Demonstrating achievement of each competency is required for successful completion of the Unit.

Grading in the Foundation Years is Pass/Fail. For the six Foundations Units and the Gateways, we use the grade of "Identified Deficiency" or "ID" for the deficient grade.

Grades assigned in Foundation of Medicine are as follows:

<i>Grade</i>	<i>Criteria</i>
Pass (P)	Meet criteria in all competencies for Unit Pass Medical Knowledge and Patient Care Assessments In ICS, MP, PBLI 'meets expectations' ratings by faculty Pass Gateway Assessments
Identified Deficiency (ID)	Does not meet expectations in one or more competencies in a Unit. Noted on transcript as ID-Competency Name
ID/Pass (ID/P)	Originally did not meet expectations in a Unit and successfully remediated affected competencies.
ID/Fail (ID/F)	Did not meet expectations in a Unit and did not successfully remediate
ID	Did not pass assessments in a Gateway
ID/P	Did not pass assessments in a Gateway and successfully remediated affected competencies.

Grade of Incomplete

A temporary grade of incomplete (I) for a unit/clerkship at the end of a semester or term usually indicates that the student has not completed some requirements. The instructor assigns a grade of incomplete when the student's inability to complete a requirement is the result of an authorized absence.

The instructor or the Office of Medical Education will submit an incomplete grade to the Office of the Registrar. It is the responsibility of the faculty member or the Office of Medical Education to initiate and complete a change of grade form. Until the change of grade form is submitted, a grade of "I" will appear on the student's transcript. A grade of "I" can only remain on a student's transcript for one year, after which it converts to an "F."

GRADING SYSTEM – CLINICAL YEARS

H = Honors	EP = Elective Pass
HP = High Pass	EH = Elective Honors
P = Pass	W = Withdrawal
C = Conditional	WP = Withdraw/Passing
F = Fail	WF = Withdraw/Failing
I = Incomplete	

Honors: outstanding work in the subject area far exceeding the requirements of the course.

High Pass: above average work in the subject area which exceeds the requirements of the course.

Pass: successful completion of all requirements of the course.

Conditional: failure of part of a course (e.g. a written or oral examination) which requires remedial work; in the opinion of the faculty the student has performed well in the other segments of the course to warrant a passing grade upon successful remediation of a segment of the course. Course directors have the option to not use the conditional grade; students are notified of course grading policies at the beginning of each course.

Fail: failure to successfully complete the requirements for a major portion of the course, failure to complete successfully requirements for the entire course, or withdrawal from a required course after 75% of the course has been completed.

Incomplete: a portion of the requirements of a course has not been attempted, for reasons beyond the student's control (e.g. illness) When the course requirements have been completed in a timely fashion (usually within two weeks), the course director reports the change of grade to the Registrar. If the course requirements have not been completed by the specified time, the "I" grade is changed to an "F". Course directors must submit any extensions to deadline dates for Incompletes, to the Office of the Registrar, in writing. The maximum length of time for satisfying course requirements is one year, unless there are special circumstances approved by the Academic Promotions Committee.

To be eligible for graduation, a student must satisfy the course requirements for any "Incomplete" grade. An "Incomplete" grade is not considered a deficient grade.

Withdrawal: when a student withdraws from a required course prior to 25% of the completion of the course.

Withdraw/Passing: when a student withdraws at a passing grade level from a course after 25% of the course is completed but prior to 75% of the completion of the course.

Withdraw/Failing: when a student withdraws at a failing grade level from a course after 25% of the course is completed, but prior to 75% of the completion of the course; or failure to complete an elective course and not officially withdrawing from the elective.

A “WF” grade is an academic deficiency and subject to review in the Student Evaluation process.

GRADUATION HONORS

Distinction in Foundations of Medicine

Students who have demonstrated consistent exemplary performance across all Units in the Foundation Years will be awarded ‘Distinction in Foundations’ at the end of the Foundations segment of the curriculum. Criteria for achieving this designation include the following:

- Achieving a cumulative average composite score of ≥ 90 in 6 Units in Medical Knowledge + Patient Care
- Passing all competencies in Units 1-6 on first attempt
- Passing Gateways 1 & 2 on first attempt
- Being in good academic standing

Distinction in Research: To be eligible for this award, the student must have demonstrated a prolonged involvement -- typically over a period of 1-2 years with substantial investment of time -- in a basic or clinical research project. The work should be done while enrolled in SUNY Downstate College of Medicine. Preferably, the work should be done at this institution. Students intending to submit research performed at another institution should contact the faculty committee Chair for prior approval. Students will be expected to show evidence of substantive intellectual input into the project. Mere technical participation will not be deemed sufficient grounds for conferral of this graduation honor.

Completed research project reports must be submitted to the Office of Student Affairs, no later than March 1* of the senior year. It is the student’s responsibility to ensure that the sponsor’s letter and all other documents are received by the deadline date. The application must include:

- 1) a cover letter, from the student, describing the project and the student’s involvement in it, the starting and finishing dates of the student’s work on the project, and the sponsor’s name and affiliation,
- 2) a letter of support from the mentor indicating a) the student’s role in the project (including their contribution in relation to that of other workers), b) the time invested by the student, c) the significance of the work and d) its status vis-à-vis publication, and
- 3) either a) copies of a submitted, in-press or published paper or b) a report in the format of a manuscript (Abstract, Introduction, Materials and Methods, Results, Discussion and Bibliography), together with copies of an Abstract, if the work has been presented at a national or international meeting). MD-PhD candidates may not substitute their thesis research for the report.

Commendation in Investigative Scholarship: This category of graduation honor is for students who have participated in either basic or clinical research for a limited period of time or who have participated in a project that has not achieved maturity. The work should be done while enrolled at SUNY Downstate Health Sciences University. The student must demonstrate both technical and intellectual input. It is expected that the research experience will have provided an understanding of the basic principles of the scientific approach.

Completed research project reports must be submitted to the Office of Student Affairs, no later than March 1* of the senior year. It is the student’s responsibility to ensure that the sponsor’s letter and all other documents are received by the deadline date. The application must include:

- 1) a cover letter describing the project and the student’s involvement in it, the starting and finishing dates of the student’s work on the project, and the sponsor’s name and affiliation,
- 2) a letter of support from the faculty mentor indicating the student’s level and time of involvement, and
- 3) a brief report in the form of a manuscript (Abstract, Introduction, Materials and Methods, Results, Discussion and Bibliography). MD-PhD candidates may not substitute thesis research for the report.

A faculty committee will review applications, and then recommendations will be made to the Dean of the College of Medicine for either award. Approval of this graduation honor is contingent upon eligibility for graduation.

* Extensions up to one week past the March 1 deadline, for either type of research honors application, will be considered by the faculty committee as follows:

- 1) An explanatory letter from the student and external confirmation of the extenuating circumstances will be evaluated by the committee for approval or disapproval.
- 2) The types of circumstances that will be considered are: a) a serious illness/trauma with a physician’s note (not from a relative); b) a serious family emergency with appropriate documentation; c) some other serious setback with appropriate documentation.

Note: When March 1 falls on a weekend, the deadline will be the next business day. The March 1 deadline for December graduates will be the year in which they graduate.

GRADUATION REQUIREMENTS

Students must meet all College of Medicine graduation requirements:

1. Satisfactory completion of the Foundations curriculum;
2. Satisfactory completion of all clinical course requirements as delineated in the college catalog, the Program of Study on the Office of the Registrar website or other college publications;
3. Satisfactory remediation of any academic deficiencies;
4. Be in good standing (i.e. not on academic or clinical or disciplinary probation at the time of graduation);
5. Have no disciplinary charges in progress or pending;
6. Pass Step 1 and Step 2 of the United States Medical Licensing Exam (USMLE) as specified by college policy;
7. Satisfy all financial obligations due to SUNY Downstate Health Sciences University, including at least eight semesters of full-time tuition (except transfer students and students admitted with advance standing who must pay two semesters of tuition for every year of medical education completed at SUNY Downstate Health Sciences University). [Note: tuition payment is related to attendance, not class year. For every year of full-time medical education completed at SUNY Downstate Health Sciences University, students must pay two semesters of full-time tuition.];
8. Complete a mandatory financial aid exit interview if the student has received financial aid while at SUNY Downstate Health Sciences University;
9. The student has the responsibility to register for and satisfactorily complete all required course work.

Issuance of Diplomas: There are three official graduation dates each year; May 31, June 15 and December 31. However, there is only one Commencement ceremony each year in May. Students who are expected to fulfill graduation requirements by June 15 following the spring Commencement ceremony are permitted to receive their diploma upon satisfactory completion of degree requirements and participate in the spring Commencement ceremony. Students, who fulfill graduation requirements after June 15, are eligible to participate in the subsequent year's Commencement ceremony.

HEALTH INFORMATION PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) TRAINING

All students must be current in their Health Information Portability and Accountability Act (HIPAA) training prior to first year orientation and prior to the start of the clinical years, as well as upon return from any leave of absence, and following any change in the law which requires re-training. Failure to do so will result in not being permitted to register or to participate in any clinical educational activities. For more information, contact the Office of the Registrar.

HEALTH REQUIREMENTS

Prior to admission, all accepted students are required to satisfactorily complete all health forms. On an annual basis, all students are required to complete a health assessment through the Student Health Service. Students who are not in compliance with the annual health assessment will not be eligible for registration in the subsequent semester (i.e. your registration forms and tuition bill will be withheld and you will not be an enrolled student in the College). During the clinical years, students not in compliance with the annual health assessment may be removed from their clinical courses until they are in compliance; any missed course work must be remediated as specified by the course director.

LEAVES OF ABSENCE

Requesting a Leave

To request a Leave of Absence from the College of Medicine, a student must:

1. Obtain a Leave of Absence form from the Office of Student Affairs.
2. Request a leave in writing as specified on the Leave of Absence form. The request must include:
 - a) the length of time desired for the leave (up to one year)
 - b) reasons for the request; and
 - c) a description of the activities that will make the leave meaningful and useful (outline a plan).
3. This written request must be submitted to the Office of Student Affairs, and the student is advised to meet with one of the Student Affairs deans or Associates.
4. The student must continue in coursework (barring an emergency situation as defined by the Associate Dean), until the leave of absence is approved.

Even when a leave is granted, the Academic Promotions Committee will review the student's academic status up until the time the leave was approved, and may take action. All grades earned by the student prior to the approval of the leave remain on the student's transcript.

Leaves of absence may be granted for the following reasons:

1. Special Academic Program (i.e. research year, second degree, global health experience)

Written requests should be made to Student Affairs with documentation.

2. Health or Other Personal Emergency

Health, family, social, or emotional situation may necessitate time away from medical school

3. Academic

If a student is struggling academically, a leave of absence may be recommended or required by the appropriate Committee or requested by the student.

Consultants from the Student Health Service, Student Counseling Service, and/or psychiatric physician may be asked to provide information depending on the nature of the student's request. The student may wish to consent to the review of medical or psychiatric records.

Leaves of absence are customarily granted for a maximum of one year. An extension may occasionally be granted unusual circumstances if the student requests an extension in writing at least two months prior to the expected reentry date.

During the clinical years, leaves of less than twelve weeks that will not cause a delay of graduation may be granted by the Associate Dean (or designee).

Returning from a Leave

A student may only return if the student has met the goals and conditions for the leave. A request to reenter must be received by the Associate Dean by the date specified in the Leave of Absence letter. Such requests will be evaluated in terms of the student's success in resolving the problems which necessitated the leave and the student's ability to resume the responsibility of becoming a physician. The Academic Promotions Committee will determine the appropriate date of return depending on the student's performance in the units or clerkships.

The return from a research or academic enrichment program (Item #1 above) is granted the return automatically. Every student returning from a leave of absence must be cleared by the Student Health Service and receive written approval to resume classes or clinical work.

A student returning from a leave must meet with their Clinical Advisory Dean (clinical years) and the Registrar (if appropriate) to schedule courses for the academic year.

If at the end of the approved absence the student has not applied for reentry or is not permitted reentry, the student is withdrawn from the college. There is no appeal from this determination.

MAINTENANCE OF MATRICULATION FOR RESEARCH

SUNY Downstate matriculated medical students who pursue a one year leave of absence in a full-time research program (see below) are eligible for a "research maintenance of matriculation" student enrollment (if that option is not available through their research program already). Under the "research maintenance of matriculation" enrollment, the student will pay for one credit hour of tuition per semester, will be considered a full-time student, and must provide proof of medical insurance coverage. The student must register for the "maintenance of matriculation" each semester, by the same registration deadline dates published for medical students by the Office of the Registrar.

Programs which are not full-time research programs for each semester are not eligible for consideration. For example, students pursuing research part-time and other activities part time are not eligible for the "research maintenance of matriculation" option.

Approved programs for eligibility for the "research maintenance of matriculation" option include:

- Fulbright
- Luce
- NIH Medical Scholars
- CDC Applied Epidemiology Fellowship
- Sarnoff Fellowship Program
- NIH Fogarty International Clinical Research Scholars Program
- Doris Duke Clinical Research Fellowship
- SUNY Downstate's Alumni One Year Research Fellowship (if it is one year of full-time research)
- Any NIH full time research program
- Approved full-time research year by Student Affairs

NEW YORK STATE DEPARTMENT OF HEALTH REGULATIONS

All medical students are required to attend an education program on HIV infection, the HIV Confidentiality Law, universal precautions, OSHA regulations, and any other mandated Department of Health requirements. Documentation of required training is required prior to the student's entrance into clinical training.

POLICY AGAINST MISTREATMENT

SUNY Downstate College of Medicine requires that all medical learning must occur in an environment of mutual respect between teacher and learner or between learners. All participants in the educational endeavor must assume their responsibilities in a manner that enriches the quality of the learning process in order for effective, caring and compassionate health care to occur. However, we acknowledge that, from time to time, there may be inappropriate actions or mistreatment of individuals. These may be alleged, perceived, or real incidents.

Examples of inappropriate conduct or mistreatment include, but are not limited to:

Sexual Harassment/Stalking:

- Inappropriate touching, staring, following or using other suggestive mannerisms, including, but not limited to, sexual assault and/or stalking. (See also, Policy on Sexual Harassment.)

Bullying:

- Words, statements or actions that are disrespectful, berating, humiliating or mocking.

Racism/Discrimination:

- Speaking disparagingly, telling jokes, or relating stories or other inappropriate behavior which targets an individual or group's age, citizenship status, color, creed/religion, disability, family status, gender/gender identity/gender expression, marital status, national origin, partnership status, race, sexual orientation, or any other protected class or group.

Unprofessional behavior:

- Requiring individuals to perform procedures that they do not feel adequately trained for or confident about.
- Exploitation – asking individuals to perform personal errands, buy coffee or food, or order them to complete hospital chores on patients that are not assigned to them while they miss educational activities like rounds or classes.
- Linking sexual, financial or other favors with grade inflation or other activities (or threatening the reverse).

Other Inappropriate behavior:

- Any other actions that seem strange and are in violation of the inherent trust between teacher and learner.

We have a zero-tolerance policy regarding student mistreatment at SUNY Downstate College of Medicine. Students who believe that they have been subject to inappropriate conduct or mistreatment have several options for reporting incidents. Most important, reports are handled in an atmosphere that is confidential, safe, and without retaliation. Concerns about sexual harassment, stalking, or sexual violence have unique reporting and follow up requirements under the law, which are detailed in that section of this policy.

OMBUDSMAN

SUNY Downstate College of Medicine is committed to the ethos that all medical students complete their studies in an atmosphere of safety, personal security and respect. If you feel that you have been subjected to any form of abuse or harassment (verbal, emotional, behavioral, sexual) or unprofessional and inappropriate behavior by supervisors (professors, residents or attending physicians) please complete an Incident Form, which is easily accessed on Blackboard. You will be contacted and then have an opportunity to discuss the situation in a confidential manner with an assurance that something will be done.

REPORTING OPTIONS FOR MISTREATMENT:

Listed below are the appropriate courses of action for reporting, including who to report a violation of this policy to.

If the concern is related to:

1. Sexual Harassment, Stalking, or Sexual Violence:
 - a. Report the incident to the SUNY Downstate Title IX coordinator in the Office of Diversity and Inclusion (Victoria A. Ajibade Esq.). The Title IX coordinator oversees the processes that address reported concerns or claims of sex or gender based harassment, discrimination, misconduct or violence. Every effort will be made keep the complaints and concerns confidential. The Title IX coordinator will also work with the complainant(s) to assist them in accessing any appropriate internal and external support services.
2. Academic, Mistreatment, and/or Bullying:
 - a. Report the incident(s) on the course/clerkship evaluation form. We do not link comments to individual student names. Mistreatment reports are shared with the Associate Dean for Clinical Medicine, and the Associate Dean for Student & Curricular Affairs. For clinical courses, the Dean of Student & Curricular Affairs informs the clerkship director who conducts an investigation and initiates appropriate action.
 - b. Refer to the Ombudsman. You can complete the online form located on Blackboard or contact Dr. Michael Myers, Ombudsman, directly for guidance on your concern. After submission, the ombudsman will respond promptly. Anonymity will be preserved in all cases except those in which reporting is mandated by NY State Law. There is an option to be contacted for further follow-up, a choice of means of contact and an opportunity to meet privately with the ombudsman if the student wishes.
 - c. Consult with one of the Deans in the Office of Student Affairs to discuss what has occurred and participate in an appropriate course of action.
3. Grades:
 - a. If the incident occurs during foundations year, please refer to the Associate Dean for Foundations, Dr. Riccardo Bianchi.
 - b. If the incident occurs during clerkship, please refer to the Associate Dean for Medical Education, Dr. Ellen Berkowitz.

The Student Counseling Services at SUNY Downstate is an additional resource for students to discuss mistreatment in a safe and confidential environment. This is especially helpful for students who have become anxious, frightened, avoidant, despondent, unable to study, etc. because of the inappropriate action of others. This Office holds all reports confidential, separate of all academic records.

In all cases, there will be follow-up, and students who have self-identified will be informed of the process and/or resolution. Students must understand that anonymous complaints can only be taken so far and that it is impossible to give them feedback. SUNY Downstate College of Medicine urges all students who believe that they have been subject to mistreatment or the unprofessional behavior of residents, faculty, other health professionals and staff to use one of the above options. Student well-being, safety, and learning in a healthy and collegial atmosphere are fundamental to our mission.

POLICY ON MID-COURSE FEEDBACK

Midterm Feedback Requirements. A facilitator, attending physician, resident, or clerkship director who teaches, facilitates, or precepts medical students must provide written midcourse feedback, including an overall evaluation of a student's progress towards completion of course requirements, in order to allow the student sufficient time for remediation.

Preclinical Course feedback must include an assessment of the student's performance in accordance to the core competencies and the associated Learning Objectives. This requirement applies to faculty members and other supervisors who are in a position to provide informed feedback, as defined and listed in "Purpose" above. The Unit Director (UD) has the responsibility to "Assure that small group facilitators submit mid-unit and end-of-unit student evaluations on deadline" (as per appointment letter). The Director of Assessments and Associate Dean for Foundations ensure that mid-unit report cards are sent to all pre-clerkship students.

Clerkship feedback must include an assessment of the student's performance in comparison to course objectives as well as a review of the case log to assure students are on track to meet the required clinical experiences. Course directors and Clerkship Directors are responsible for ensuring that each student in their respective courses receives midterm feedback. Clerkship directors, and if necessary, the Associate Dean for Clinical Medicine, assure that clerkship students receive mid-clerkship feedback.

RESIDENTS AND NON-FACULTY INSTRUCTORS IN CLERKSHIPS AND ADVANCED CLINICAL YEAR COURSES POLICY

Prior to supervising, teaching, and assessing SUNY Downstate Health Sciences University medical students:

- All residents and non-faculty instructors must receive the relevant course/clerkship learning objectives from the clerkship directors of the department.
- All residents and non-faculty instructors must receive the course/clerkship specific expectations, including required clinical encounters from the clerkship directors of the department.
- All residents and non-faculty instructors must receive an orientation to their roles in teaching and assessment provided by the Office of Graduate Medical Education.

Directors of courses in the required curriculum (Clerkships, required Fourth-Year courses) who wish to use credentialed non-faculty instructors are required to provide training for them in teaching the sessions to which they are assigned.

- Such training must occur in scheduled sessions where attendance is taken, and course directors are required to document such training.
- This training must include familiarization of these instructors with the curricular goals and learning objectives addressed in the sessions they will teach.
- Residents and fellows with academic appointments below the rank of Assistant Professor are not exempt from this requirement.
- For the purpose of this requirement, "sessions" includes the patient-care continuum in clerkships and required Fourth-Year clinical courses, for which residents and fellows need to be trained to teach medical students. Such training must occur annually.

GRADING AND MISTREATMENT POLICY IN THE CLINICAL YEARS

In the rare event that a student feels they are being subjected to mistreatment or bias on a consistent basis by someone who will grade them, the student has the option of requesting that the supervisor in question not be allowed to grade or assess them. In such a circumstance the student must notify the Associate Dean for Medical Education of the situation before any grading activity for the rotation has begun. The student must explain in person the basis of their complaint. This information will be held in confidence until all grades are submitted to the Clerkship Director and final grades calculated. After the grade is finalized, the Associate Dean will investigate the complaint in a timely fashion. If a reasonable likelihood of significant bias or mistreatment is confirmed, the supervisor's grade, assessment or comment will be removed from the student's record and the final grade reassessed by the clerkship director. Whether the supervisor in question is informed about the grade change is a decision to be made jointly by the student, the clerkship director and the Associate Dean.

HIPAA

As a student, you are responsible for implementing safeguards and following DHSU's procedures to protect patient information. This includes:

- a. Paper information- such as copies of records, report print-outs and hand-written notes;
 - b. Electronic information- such as the hospital's electronic record system, faxes and emails;
 - c. Oral information- such as verbal discussions with patients or other providers.
1. You may only access records on patients for whom you have an authorized purpose for accessing their information, such as for treatment or educational needs. Institutions and individuals are subject to both civil and criminal penalties if patient records are accessed out of curiosity or other unauthorized purposes. It is also important to recognize that every access of electronic records leaves an audit trail identifying the user's activities.
 2. Always log off the system when you are finished working at a computer. Don't simply minimize the screen as someone else can continue to view patient information under your user ID.
 3. When presenting patients for educational purposes whether orally or in written reports/ summaries, make sure to DE-IDENTIFY! Do not include names, initials, MR numbers, birth dates or any other direct identifier. For a list of identifying elements, see the following link:

<http://www.downstate.edu/hipaa/policies/documents/DeIdentification.of.Information.Policy.pdf>

4. There is no need for students to email ANY patient data. Make sure not to include any identifying patient information in your email communications. Never save identifiable patient information to portable drives or devices.
5. Don't leave "to-do" lists, sign-out lists, or other patient-related materials lying around. Be compulsive about keeping them with you at all times. (Picture them as credit cards.) When no longer needed, shred them yourself or put them in the black shredding bins available on every floor in the hospital. Disks/ CD's containing patient information may also be placed into these bins. Double check your pockets/ folders before leaving the hospital's premises to ensure you are not taking out any patient information.
6. Do not discuss medical information in front of a patient's visitors unless the patient explicitly gives you consent to do so. If you find visitors with the patient when you enter the room, you should **first** ask the visitor to leave ("I need to discuss personal medical information with Mr. X and I want to protect his privacy. So I am asking you to step out while he and I talk."); then ask the patient in private whether s/he wants the visitor to be present when you discuss his/her private medical information. This is particularly important with sensitive topics like HIV status or substance abuse. If the patient says s/he would like the visitor to be present, then you have consent to invite the visitor back into the room. Document that you asked for and received permission to disclose information to someone other than the patient.

If the patient is unable to give consent, e.g. a child or non-communicative adult, first find out who the companions or visitors are. For a very young child (<10 years), the mother is almost always entitled to full sharing of the child's medical information. With an adolescent, your safest course is to share information ONLY with the adolescent him/herself. An adult may be accompanied by someone who has not been formally designated as the patient's health care proxy. While you may need to get information about the presenting problem from the companion, you should not disclose health information to that person unless you are sure s/he is entitled to hear it. Any time you are uncertain seek guidance from your supervising physician before disclosing any information.
7. For more information/ resources, see the DHSU HIPAA website: www.downstate.edu/hipaa

PROBATION POLICY (FOUNDATION YEARS)

Academic Probation is an "at risk" academic status that a student may be placed on after poor performance in one or more units. Earning a deficient grade while a student is on Academic Probation may lead to dismissal from the College of Medicine.

Students will be placed on academic probation at any time during the academic year for the following reasons:

Identified deficiencies (ID) in two or more units, and/or Gateways, based on poor performance in any of the 6 competencies: Medical Knowledge (MK), Patient Care (PC), Interpersonal Communication Skills (ICS), Practice Based Learning and Improvement (PBLI), Systems Based Practice (SBP).

If a student on probation receives a deficient grade or violates the conditions of probation, the Academic Promotions Committee will review the student's performance in its entirety.

Probation Notification

Students placed on Academic Probation are informed in writing that the faculty are concerned about their academic progress, or professionalism, and are expected to use all available support services on a regular basis throughout the academic year. The APC may require students on academic probation to meet monthly with a Student Affairs Dean and or have required sessions with Academic Support Services.

Students are informed in writing that deficient academic performance while on academic probation may lead to dismissal from the College of Medicine.

Academic Probation is not routinely noted in the transcript, Medical Student Performance Evaluation (MSPE) unless the Academic Promotions Committee votes to do so, because a concern rises to the level the committee feels should be documented.

Removal from Probation

A student on probation for academic deficiencies may be considered for removal from academic probation by the Academic Promotions Committee, after the student has successfully completed the next segment of the standard curriculum (i.e., all required units/ clerkships in any given academic year) with no deficiencies.

PROBATION POLICY (CLINICAL YEARS)

The Academic Promotions Committee is responsible for determining a student's probationary status and the conditions of that probation. Students can be placed on academic and/or clinical probation at any time during the academic year for the following reasons:

1. Academic deficiencies in two or more courses, including clinical deficiencies and/or;
2. Unprofessional behavior or the inability to perform successfully in the clinical setting, incompetence.

In the clinical years, students who earn two deficient grades ("Conditional" or "Fail") will automatically be placed on academic probation at the time that the second deficiency occurs. A student who is being required to repeat all or part of an academic year will automatically be placed on probation. See Grading System for explanation of the Conditional and Fail grades.

If a student on probation receives a deficient grade or violates the conditions of probation, the Academic Promotions Committee will review the student's performance in its entirety. such a review may occur prior to the end of the academic year. Deficient academic performance while on probation or violation of clinical probation may lead to dismissal from the College of Medicine.

A student on probation for academic deficiencies may be considered for removal from academic probation after the student has successfully completed the next year of the standard curriculum (i.e., all required courses/units in any given academic year) with no deficiencies. A student on clinical probation for unprofessional behavior in the academic setting will be reviewed annually. In both instances, the Academic Promotions Committee will review the student's record to determine whether the student should be removed from probation. Senior year medical students who have completed all requirements must warrant removal from probation by the Academic Promotions Committee before they will be allowed to graduate.

Students on probation during the senior year of medical school are may be required to complete their electives at the SUNY Downstate or a major affiliate hospital, as determined by the APC. Extramural (away) electives may be completed only with the prior approval of the student's clinical assistant advisory dean. A student on probation for the senior year must meet on a monthly basis with his/her clinical assistant advisory dean.

Academic probation is not routinely noted in the MSPE, unless the Academic Promotion Committee votes to do so because a concern rises to the level the committee feels should be documented.

STUDENT SUPERVISION

Medical students may perform the following under general supervision: patient interviews, physical examinations, and routine medical procedures for which no specific patient consent is required and for which residents do not maintain case logs or require specific privileging, e.g. phlebotomy, IV insertion. All other activities require direct visual supervision.

STUDENT RESPONSIBILITY

Supervisors in the Clinical Setting

A supervisor has the capacity to allow a learner to receive progressive responsibility for patient care. Examples of possible supervisors include: Attending physicians on inpatient wards, Teaching physicians in practice and/or clinics, Resident Intern, Fellows and Residents in a Graduate Medical Education (GME) program, and Allied health professionals, such as Nurses, Physician Assistants, Nurse Practitioners and Social Workers.

Levels of Supervision - Direct vs. Indirect

1. Observer – The student watches and does not perform
2. Perform Under Direct Supervision - The student performs a task with the supervisor physically present in the same location as the student; able to provide direct instruction/feedback to the student; able to take over patient care duties if and when necessary
3. Perform Under Indirect, but Immediately Available Supervision - The supervisor may not be physically present with the student; however, they are on-duty, immediately available, and can be called to the physical location of the student if and when necessary.

The limitations for the requirements of proximity and timing of supervision, as well as the specific tasks that a student may perform without direct supervision depends on various factors, including:

- Level of training (i.e. year in or stage of medical school)
- Skill and experience of the student within the scope of the clinical care situation
- Familiarity of the supervisor with the student's skills
- Acuity of the situation
- Degree of risk to the patient.

Clinical Supervision – General Guidelines

- In the clinical setting (in-patient or out-patient), Year 1 and 2 medical students are under both direct and indirect supervision and are engaged in low acuity situations (for example, conducting a history on a patient), while medical students in Years 3 and 4 are primarily under indirect supervision. It should be noted that in any instance, the supervisor should always be available.
- The course/clerkship/site director will determine who can supervise the medical student, such as fellows, residents, and/or appropriately credentialed allied healthcare providers.
- All medical students, during the course of their educational curriculum, may conduct medical interviews and perform physical examinations on patients with their consent. The supervisor will review all of the medical student's documentation in a patient's medical record, when relevant and/or indicated, and provide correction to the record and feedback to the student for educational purposes.
- Ongoing Resident as Teacher training must be provided to all physicians in training who supervise medical students beginning, but not exclusive to the time of the initial hospital center's orientation and including, but not limited to the topics of formative and summative assessments (feedback and evaluations), bedside teaching.
- Clinical decisions are never enacted by medical students without a supervisor's input.
- Student documentation of the components of evaluation and management within a patient's record must be verified by the supervisor before they are enacted and before considered a part of the patient's record.
- A supervising physician has the medical and legal responsibility for patient care at all times.

Procedure Supervision - General Guidelines

- Medical students may be assigned to provide patient care services for medical procedures, under direct supervision; including, but not limited to intravenous line placement, obtaining consent, and discharge planning.
- It is required that a medical student be appropriately supervised during all clinical procedures in which they are involved; including, but not limited to bedside, emergency department, and/or operating room procedures.
- The degree of supervision needed will take into account: the complexity of the procedure, the stability of the patient, potential for adverse effects, and the demonstrated competence, and responsibility of each student in order to ensure the safety and comfort of the patient and the student.
- In all cases, the supervisor must have privilege or authorization to perform the procedure in which they are supervising.

The course/clerkship director, with oversight from the Associate Dean for Clinical Medicine and the Curriculum Evaluation Committee, will determine the patient encounters and procedures for which medical student supervision may be provided by fellows, residents, and/or appropriately credentialed healthcare providers.

Procedures to Monitor Supervision Policy:

- Students are instructed to contact their Course or Clerkship Director regarding any immediate concerns with supervision. Additionally, reports can be made to the Associate Dean of Clinical Medicine, or the Confidential SUNY College of Medicine Ombudsman.
- Students report on the adequacy and availability of supervision during mid-rotation feedback.
- Course and Clerkship Directors review student feedback in evaluations, as well as during mid-rotation feedback, and provide prompt follow-up to address any supervision concerns that may arise. The Associate Dean of Clinical Medicine and the College of Medicine Assessment Dean/staff review these reports on an ongoing basis to identify any trends of supervision concerns being reported. Furthermore, the Curriculum Evaluation Committee reviews the end-of-course student surveys as well and may request changes and regular review.
- Course/clerkship directors must submit a report, which documents how they ensure that supervising physicians and healthcare providers adhere to the provisions of this policy, annually to the Curriculum Evaluation Committee.
- The Curriculum Evaluation Committee will submit a report, which documents adequacy of student supervision or concerns regarding supervision raised by medical students in course evaluations, annually to the Dean's Council for Education

STUDENTS AND INDUSTRY REPRESENTATIVES

Medical students may not be knowledgeable or experienced enough to discern the evidence-based rationale for pharmaceutical use from the advertising messages presented by pharmaceutical company representatives. In order to provide educational support and supervision in student dealings with industry, SUNY Downstate has implemented the following set of rules:

1. Industry representatives are prohibited from interacting one-on-one and in the absence of faculty supervision with medical students at any time on the grounds of SUNY Downstate.
2. Industry representatives can interact with students only under the direct supervision of and at the invitation of faculty and only for educational purposes.
3. Access to industry representatives is limited to non-patient care areas, only by appointment and only at the invitation of faculty.
4. Affiliates of SUNY Downstate are strongly urged to prohibit industry representatives from interacting directly with medical students at any time while the students are on hospital grounds.
5. Curricular events shall never be used as forums for industry representatives
6. Students are prohibited from accepting gifts of any sort at any time from industry representatives.
7. Faculty working with students either in the clinical venue or elsewhere on campus shall disclose any and all industry financial obligations to students. When making presentations to students on topics for which they receive industry support such faculty disclosures should be made directly.
8. All inappropriate behaviors as outlined above should be reported to the clerkship director or Senior Associate Dean for Undergraduate Medical Education.

TIME LIMIT FOR DEGREE COMPLETION

Students will not be allowed more than three years to complete the Foundation of Medicine; nor more than a total of six years to complete the MD degree, except under special circumstances as determined and approved by the Academic Promotions Committee. This does not guarantee three years for the Foundations years nor six years for degree completion if the Academic Promotions Committee is not satisfied with the student's academic performance and progress. (For MD/PhD. students, the time limits pertain only to the MD portion of the dual degree program.)

UNIFORM STATEMENT ON STANDARDS OF CONDUCT FOR THE FACULTY-STUDENT RELATIONSHIP

The clinical work you are about to begin can be stressful and many students find the transition to their new role somewhat challenging. In this new environment, it may not always be clear to you which behaviors are appropriate and which are outside the acceptable bounds. For the faculty-student relationship, there is an institution-wide policy in your medical school handbook that outlines the standards of behavior expected of your supervisors during clinical rotations. With respect to the residents who supervise you, we disseminate to them the following statement:

“Interactions between residents and medical students must be mutually respectful and civil. Students are reminded that the clinical environment is a complex and stressful one and that constructive criticism is an important part of the learning process. However, mistreatment of students is not tolerated. Obvious examples of mistreatment include sexual harassment; offensive remarks about race, ethnicity, sexual orientation, age, religion, or physical disability; purposeful humiliation; or use of grades and evaluations in a punitive manner. It is also inappropriate to single out students to go on errands for the team, e.g. food runs, unrelated to their learning (unless this is done in a rotation involving all members of the team) or to have students leave rounds to perform paperwork or other routine tasks.”

- a. We hope you never encounter any violations of these standards and never feel that you are being treated inappropriately. However, if you do find yourself in a situation that feels abusive or inappropriate, there is a clear and simple path for you to follow to have the situation addressed. Please contact the clerkship director immediately. You will not be penalized, nor will we allow your grade to be affected because you have raised a concern. If you are not comfortable contacting the clerkship director for any reason you are welcome to contact the medical school ombudsman, Dr. Michael Myers (270-1166 or fill out the ombudsman email form on BLACKBOARD), or the Associate Dean for Medical Education, Dr. Ellen Berkowitz (Ellen.Berkowitz@downstate.edu) or one of the deans in the Office of Student Affairs (718-270-2187)

UNITED STATES MEDICAL LICENSING EXAMINATION (USMLE) REQUIREMENTS

Step 1, USMLE

1. All students must take and pass the United States Licensure Examination (USMLE) Step 1 in order to officially matriculate into the clinical portion of the curriculum.
2. All students (including MD/PhD students) in Foundations 2 are required to take Step 1, USMLE by April 1st unless granted specific permission in writing, from the Office of Student Affairs, to defer the exam.

Students who are granted an initial deferral or extension of the April 1st deadline must take a first attempt of Step 1 on the agreed upon extension date, but no later than July of the same year, even with extenuating circumstances; or it will be considered that they have forfeited one of their three attempts to pass Step 1.

Students will commence clerkships before the results of the exam are received. Continuation in clerkships and third year courses is contingent upon passage of Step 1, USMLE.

3. No student will be allowed to defer taking the exam unless specifically exempted in writing by the Office of Student Affairs. A student who receives approval to defer cannot start the first clerkship until USMLE has been taken.
4. Students who do not receive a passing score on the Step 1 exam on the first try will be required to:
 - a. retake the Step 1 exam prior to December,
 - b. discontinue their third year clerkships as of July, until they have passed Step 1, USMLE.
 - c. A student may maintain matriculation by participating in a structured study program through the Office of Academic Support Services, if that option is deemed by the College to be in the best interest of the student. This period taken for exam study would also be eligible for financial aid consideration. These options are to be determined by the school, working with the student.
 - d. receive a passing score on Step 1 prior to being permitted to restart clerkships.
5. Students who fail the second administration of Step 1, USMLE will be placed on an administrative leave of absence until documentation has been received that they have taken and passed Step 1.
6. The third attempt of Step 1, USMLE must be taken within 12 months of the first attempt (or by the deadline specified by the Academic Promotions Committee) unless written approval for an alternative test date has been approved by the Academic Promotions Committee due to documented extenuating circumstances, which would warrant such a delay.
7. Students who fail Step 1 in the third sitting or who have not passed Step 1 within the specified 12 months will be dismissed from the College.

Step 2, USMLE

All students are required to pass both the Step 2 Clinical Knowledge Exam (written) and Step 2 Clinical Skills Exam (standardized patient) to graduate from the College of Medicine. All students must register for both the Step 2 Clinical Knowledge Exam (written) and Step 2 Clinical Skills Exam (standardized patient), by August 1st of the Advanced Clinical Year. **One attempt to pass both exams must be taken by November 1st** or you will be suspended from your coursework.

Only written petitions to delay taking one or both exams due to illness (with documentation) or extraordinary circumstances will be considered. Petitions may be submitted to the Office of Student Affairs, and must be approved by a Student Affairs Dean.

Only one attempt at both the written and the clinical exam will be included in the third-year financial aid budget.

STUDENT RECORDS AND TRANSCRIPTS

These records are confidential and are released only to appropriate faculty and administrative offices. Release of student records to any other college, prospective employer, agency, or individual occurs only with the written permission of the student as described in the Family Educational Rights and Privacy Act.

Students are encouraged to review their clerkship course evaluations on a regular basis. During the senior year, students may authorize faculty references to review their academic files by completing the appropriate permission form in the Office of the Registrar.

The Registrar's Office does not release student addresses or telephone numbers unless these appear in the student directory.

Official transcripts cannot be given to the student; they must be sent directly to the college, institution, employer, or agency. Transcripts cannot be sent for any student whose financial obligations to the institution have not been met. Students may obtain an unofficial copy of their academic progress report on the Banner Student Information System.

(Additional information regarding Student Records and Transcripts, and the Family Educational Rights and Privacy Act appears in the Appendix III of the Student Handbook.)

DISCIPLINARY PROCEDURES

Refer to Appendix IV.

STUDENT HONOR CODE

Preamble

Medical school places students at the crossroads between the study and practice of medicine. As you join the SUNY Downstate community, you willingly and wittingly assume the responsibilities and expectations of this profession. Your success is not only dependent on scores and skills, but is inextricably bound to the integrity of the student body. We are committed to fostering an environment of student responsibility and initiative, guided by self-governance with transparent and consistent procedures for lapses in behavior.

Your path is inherently entwined with profound ethical obligations. We collaborate with our peers and teachers amid stress, fatigue, and challenge. We are also privileged with the most intimate physical and emotional knowledge of strangers.

As we embark on this career path together through the classrooms, laboratories, and wards, we set the precedent for the rest of our careers. We should understand that our behavior today is the origin of our professional identity with integrity, self-awareness, compassion, and intellectual curiosity.

School Culture

We encourage a community of mutual support and growth, one without prejudice and discrimination in any form. We have a collective responsibility to aid each other. This includes engaging in honest discussions, offering constructive criticism, and leading by example, as we develop into knowledgeable and responsible physicians. We must not be afraid to initiate dialogue with our peers regarding behaviors and actions. This conversation should be frank, constructive, respectful, and confidential, especially regarding but not limited to non-academic concerns. High standards for confidentiality avoid public stigmatization and encourage an open and sincere exchange of ideas. Such discourse will provide a unique opportunity to learn from each other and further grow within our diverse community.

Academic Integrity

While the pursuit of knowledge is integral to our training, we must not let the promise of academic achievement overshadow our ethics. Any conduct unbecoming (including, but not limited to, acts of plagiarism, cheating, multiple submissions, falsification, forgery, sabotage, unauthorized collaboration, or violations of clinical integrity, confidentiality, and community cooperation) compromises our privilege to practice medicine and will not be tolerated.

Professionalism

1. Excellence: Desire to maintain a standard of knowledge that exceeds ordinary expectations, and includes a commitment to lifelong learning. Some examples of behaviors that exhibit excellence include:
 - a. Creating an atmosphere of learning
 - b. Putting forth effort beyond what is needed for a course grade
 - c. Presenting one's behavior and self in a professional and respectable manner.
 - d. Exhibiting intellectual curiosity
 - e. Being receptive to feedback from peers and faculty
 - f. Recognizing and reflecting upon personal limitations in knowledge and abilities
 - g. Not making decisions on the basis of inadequate knowledge
2. Altruism: Readiness to place the interests of others above our own. Some behaviors include:
 - a. Accepting inconvenience to meet the needs of our patients
 - b. Accommodating patients' and families' special needs for comfort, help, and information
 - c. Volunteering our skills and expertise for the welfare of the community
3. Compassion: Sympathy combined with a desire to remedy the problem.
 - a. Independently recognizing the patient's needs.
 - b. Appreciating the patient's and family's special needs for comfort, help, and information
 - c. Doing our utmost to meet the needs of the patient.
4. Duty: Preparedness to behave conscientiously, reliably, ethically and responsibly with respect to rules and schedules. Some behavior which exhibit a sense of duty include:
 - a. Being available and responsible when "on call."
 - b. Reporting on time
 - c. Completing paperwork and assigned tasks
 - d. Fulfilling academic and clinical responsibilities and being part of a team
 - e. Following established and published policies of SUNY Downstate (such as those listed in the Student Handbook) and the policies and procedures of clinical sites to which you are assigned.
5. Accountability: Accepting responsibility for our own behavior, and that of our peers, towards our patients, our colleagues, the profession, and the public. Some examples of accountability include:
 - a. Accepting constructive feedback and incorporating it to make changes in behavior
 - b. Recognizing limitations and seeking help
 - c. Not working in an impaired state
 - d. Protecting patient confidentiality in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy and Security Rules.

6. **Honor and Integrity:** Honor is the consistent regard for the highest standards of behavior. Integrity is the refusal to violate the code of professionalism. Possessing honor and integrity implies being fair, being truthful, keeping one's word, meeting commitments, and being straightforward. Some examples of the lack of honor and integrity include:
 - a. Cheating, plagiarism, forgery, and sabotage
 - b. Falsification of patient histories or records
 - c. Misrepresentation
 - d. Public intoxication and/or the inappropriate or illegal use of substances in academic, social, or professional settings.
 - e. Theft or misuse of property not belonging to you.
 - f. Maintaining professional behavior while in academic, social, and professional settings, whether in the classroom, clinic, laboratory, or other settings, including off campus social settings.
7. **Respect:** Readiness to treat others, including patients, colleagues, and faculty, with consideration for their rights and interests and without discrimination on any basis. For example:
 - a. Establishing and maintaining appropriate boundaries in work and learning situations
 - b. Respecting others, regardless of our personal bias
 - c. Dressing appropriately and maintaining good hygiene
 - d. Using professional language and communicating in a respectful, non-threatening and effective manner in person, in writing, via e-mail, through social media or any other means
 - e. Resolving conflicts in a manner that befits the dignity of every person involved
 - f. Demonstrating personal commitment to honoring the choices and rights of other persons, especially regarding their medical care
 - g. Listening to other members of the health care team and taking their opinions into account
8. **Medical Knowledge:** A commitment to life-long learning that encompasses, but also goes beyond, the curriculum of the SUNY Downstate College of Medicine. Facility with these principles and skills extends to the ability to share this knowledge with our peers and our patients. However, knowledge is not static and it is our responsibility to keep current with the best-available evidence. Examples of medical knowledge include:
 - a. Understanding the basic science that forms the basis of clinical medicine
 - b. Practicing principles of health maintenance and disease prevention
 - c. Awareness of healthcare in the context of society and our diverse community
 - d. Utilizing resources that support clinical decision making.

CONDUCT UNBECOMING

The following is a list of the types of behaviors that are defined as violations of the Student Honor Code. These behaviors are unacceptable at SUNY Downstate and are subject to penalty. It is every student's responsibility to become familiar with the standards of academic integrity at the University. Claims of ignorance, unintentional error, or academic or personal pressures are not sufficient reasons for violations of academic integrity. The following descriptions are examples of a spectrum of infractions rather than an exhaustive list.

Plagiarism is taking and passing off as one's own the ideas, writing, computer-generated material, etc., of others. Examples of plagiarism include: paraphrasing or summarizing without acknowledgement; submission of another student's work as one's own; the purchase of prepared research or completed papers or projects; the unacknowledged use of research sources gathered by someone else. Factors contributing to a determination of plagiarism include the degree of dependence on unacknowledged outside material, inadequate acknowledgment, or the presence of misleading references. Students should contact individual faculty members for information about acceptable or appropriate methods of acknowledgment.

Cheating is using or attempting to use unauthorized materials, information, or study aids in any academic exercise. Examples of cheating include: the use of notes, books, electronics, or other aids during an examination; abusing a bath room break to record or reference material for the test; arranging for another person to take an examination in your place; looking at someone else's exam during the examination period; intentionally allowing another student to look at your exam; unauthorized discussion of test items during the examination period; the passing of any examination information to students who have not yet taken the examination; taking any restricted materials, institutional or national, out of the room to which they are limited; conversation while an examination is in progress.

Multiple submissions is submitting substantial portions of the same work for credit more than once, without the prior explicit consent of both the instructor to whom the material is being submitted and the instructor to whom it has been submitted in the past.

Falsification of research data involves the intentional misrepresentation of circumstances, procedures, participants, and/or results of research.

Forgery is imitating another's person's signature on academic, clinical, or other official documents (e.g. signing an advisor's name to an add/drop form or signing a classmate's name into a required session).

Sabotage is destroying, damaging, or stealing another's work or working materials (including lab experiments, computer programs, term papers, or projects).

Unauthorized collaboration on projects, papers, or other academic exercises regarded as inappropriate by the instructor.

Violating clinical integrity is knowingly falsifying scientific or educational data, university documents, or patient records, flouting infection control policies, or in any other way engaging in any action, which may harm, physically or emotionally, any patient whom we have been privileged to encounter.

Violating confidentiality is willingly and inappropriately sharing any personal, academic, or clinical information with which we have been entrusted under the auspices of confidentiality.

Violating community cooperation is concealing or destroying educational materials meant for community use in order to advance oneself at the expense of others. Information and knowledge are of value only when they can be shared. As students we learn from information offered by another, be it a professor, colleague, or patient. We are willing to share experience, knowledge, and particular expertise with our colleagues, so that we may learn from them as well.

POLICY ON PROFESSIONALISM

Downstate Health Sciences University College of Medicine is a community marked by exceptional personal and professional integrity that embodies the foundational tenets of our institution—values-driven culture, leadership, and education. It is our system of principles that continue to spur excellence and pride in the work we do every day. We commit to the highest standards of ethical behavior and exemplary performance in education, research, and patient care.

Our students, trainees, faculty, administrators and staff strive each day to create an environment conducive to the education of ourselves and our community. We will continually demonstrate kindness, empathy and compassion for our peers, our colleagues, and our patients in the care we provide, the research we conduct, and the education we deliver. In regard to patient care, we firmly believe in the primacy of patient and family welfare and deep respect for patient autonomy. We support the principles of health equity and social justice, which include the equitable distribution of health care resources. We will adhere to universal principles of research ethics when designing, conducting, performing, evaluating, and reporting our research. We will respectfully express our beliefs and opinions and be sensitive to the diversity of our community, which is one of our great strengths.

Regardless of where we are, or whom we are with, we will conduct ourselves in a manner of utmost honesty and integrity as we treat, learn, teach, conduct research, and communicate. We will strive to achieve this every day and if we briefly falter, we will acknowledge our error, apologize where appropriate, and resume what we have accepted as professional behavior befitting a leading academic medical center.

The same professionalism principles and policies that apply to students, trainees, faculty, administrators and staff in person apply to them online. Social media are public forums, irrespective of privacy, security and intended audience. Each member of the Downstate Health Sciences University College of Medicine community who participates in social media, should do so in a manner consistent with the College's professional standards.

Policy

This policy is intended to highlight important professional qualities that our campus values in all its members, including our medical students. Physician knowledge and expertise must be accompanied by a moral code of conduct toward his/her/their patients and other members of the health care team, including students, faculty, residents and other health care professionals. Physicians and medical students are expected to model and to adhere to the professional standards of his/her/their licensing board or the medical community, as applicable, and to the standards of SUNY Downstate Health Sciences University, including standards specific to the College of Medicine. Faculty, students, administrators and staff are expected to engage in ethical and professional conduct in all university activities.

Professionalism encompasses a number of virtues expressed in the following attitudes:

Excellence: a desire to maintain a standard of knowledge and competence that exceeds ordinary expectations, and includes a commitment to lifelong learning. Some examples of behaviors that exhibit excellence include:

- a. Contributing to an atmosphere of learning;
- b. Putting forth effort which goes beyond what is needed solely to achieve a grade in a course;
- c. Not exhibiting anti-intellectual attitudes and behaviors; and
- d. Assuring that all decisions are made based on adequate knowledge.

Altruism: readiness to place the interests of others above one's own. Some behaviors exhibiting altruism include:

- a. Sacrificing one's own time and energy for the sake of others' needs;
- b. Accepting inconvenience to meet the needs of one's patients or fellow students;
- c. Accommodating patients' and families' special needs for comfort and help;
- d. Volunteering one's skills and expertise for the welfare of the community; and
- e. Understanding the principles of health equity and social justice and how the principles apply to care of the patients and their families

Compassion: empathy combined with a desire to correct the cause of the problem. Some examples of compassion in a clinical context include:

- a. Recognizing the needs of a patient and their families without being specifically told;
- b. Appreciating the patients' and families' special needs for comfort and help; and
- c. Doing all that you can to meet the needs of the patient and families.

Duty: preparedness to behave conscientiously or reliably and responsibly with respect to rules and schedules. Some behaviors which exhibit a sense of duty include:

- a. Being available and responsive when "on call";
- b. Reporting on time;
- c. Completing paperwork and assigned tasks;
- d. Fulfilling responsibilities, including both clinical duties and any assigned teaching responsibilities; and
- e. Following appropriate public health recommendations regarding infection control and environmental hazards

Accountability: accepting responsibility for one’s behavior toward patients, colleagues, students, faculty, residents, the profession, and the public. Some examples of accountability include:

- a. Accepting constructive feedback and incorporating it to make changes in behavior;
- b. Recognizing limitations and seeking help;
- c. Not working in an impaired state; and
- d. Protecting patient confidentiality.

Honor and Integrity: “honor” is the consistent regard for the highest standards of behavior and “integrity” is the refusal to violate the code of professionalism. Possessing honor and integrity implies being fair, being truthful, keeping one’s word, meeting commitments and being straightforward. In addition to personally upholding these standards, physicians, faculty, students, administrators and staff are obligated to encourage professionalism on the part of one’s colleagues and report lapses in professional conduct on the part of others. Honesty and integrity in research, patient care, educational programs and community engagement hold the highest priority. Some examples of lack of honor and integrity include:

- a. Cheating, plagiarism, forgery, and sabotage;
- b. Falsification of documents such as laboratory records, patient histories or records;
- c. Misrepresentation of circumstances, procedures, participants, and/or results of research; and
- d. Misrepresentation of training or credentials to patients, staff and external agencies, or on residency/employment applications.

Respect: readiness to treat others – including patients, residents, colleagues, staff and faculty – with consideration for their rights and interests. For example:

- a. Establishing and maintaining appropriate boundaries in work and learning situations;
- b. Respecting all groups;
- c. Recognizing and responding to personal bias;
- d. Dressing in an appropriate manner;
- e. Using professional language and being mindful of the environment;
- f. Resolving conflicts in a manner that respects the dignity of every person involved;
- g. Demonstrating personal commitment to honoring the choices and rights of other persons, especially regarding their medical care; and
- h. Listening to other members of the health care team and taking their opinions into account.

The College of Medicine utilizes a variety of tools to evaluate the learning environment in order to identify positive and negative influences on the development of medical students’ professional behaviors, especially in the clinical setting, including, but not limited to:

- Incident reports from students, residents, faculty and staff
- Student evaluations of rotations, faculty and sites (Course/Faculty Assessment)
- Resident departmental faculty evaluations
- Student responses to internal surveys (weekly surveys, end of unit surveys, clerkship surveys) and to external surveys such as the AAMC Graduate Questionnaire
- Resident responses to internal GME surveys (via New Innovations) and external surveys such as ACGME Resident Survey
- Faculty responses to internal surveys and to external surveys such as ACGME Faculty Survey
- Results of site visits by external assessors including ACGME, CLER, NYSDOH, CMS, etc.
- Results of internal special reviews (conducted by the GMEC PMC subcommittee)
- Reports of surveys requested by individual participating sites such as Pres-Ganey
- Reports of quality improvement and safety analyses
- Reports from site visits to participating sites and clinical learning settings conducted internally by the Education leadership, GMEC and its subcommittees conducted routinely and those conducted on an ad hoc basis to investigate concerns and complaints

Violations of the professionalism standards described above are referred to the appropriate institutional committee or administrative body for investigation, evaluation and resolution. For medical students, alleged violations are referred to the Academic Promotions Committee for review and further action. For residents and fellows, alleged violations are referred to the Designated Institutional Official and GMEC as well as to the resident’s/fellow’s employer Human Resources Department. For faculty, alleged violations are referred to the Office of the Dean of the College of Medicine as well as the faculty member’s employer Human Resources Department. For other staff, alleged violations are referred to the Human Resources Department. Incidents of mistreatment are handled in accordance with the College of Medicine’s Policy on Student Mistreatment.

GENERAL INFORMATION

OFFICE OF THE DEAN – COLLEGE OF MEDICINE

Dean	1102	
	F. Charles Brunicardi, MD	charles.brunicardi@downstate.edu
Vice Dean for Faculty Affairs		3776
	Ross Clinchy, PhD	ross.clinchy@downstate.edu
Senior Associate Dean for Administration		3943
	Elizabeth (Betty) Smith	elizabeth.smith@downstate.edu
Associate Dean of Diversity Education & Research		3033
	Carla Boutin-Foster, MD, MS	carla.boutin-foster@downstate.edu
Associate Dean for GME & Affiliations and Designated Institutional Official		613-8485
	Teresa Smith, MD, MEd, FACEP, RDMS	teresa.smith@downstate.edu
Assistant Dean for Research		1310
	Christopher Roman, PhD	christopher.roman@downstate.edu
Dean of Admissions		2987
	Anthony Joseph, MD	anthony.joseph@downstate.edu
Vice President for Academic and Student Affairs		2187
	Jeffrey S. Putman, EdD	jeffrey.putman@downstate.edu
Student Ombudsman		1166
	Michael Myers, MD	Michael.myers@downstate.edu
College of Medicine Administrator		4195
	Helen Poncet	helen.poncet@downstate.edu

COLLEGE OF MEDICINE EDUCATIONAL ADMINISTRATION AND UNIT/COURSE DIRECTORS

Vice Dean for Education		3173
	Jason Lazar, MD	Jason.lazar@downstate.edu
Senior Associate Dean for Undergraduate Medical Education		2442
	Mariana Markell, MD	mariana.markell@downstate.edu
Senior Associate Dean for Assessment and Quality Improvement		8534
	Bonnie Granat, PhD	Bonnie.Granat@downstate.edu
Associate Dean for Foundations of Medicine		7833
	Riccardo Bianchi, PhD	Riccardo.Bianchi @downstate.edu
Associate Dean for Clinical Medicine		8216
	Elka Jacobson Dickman, MD	elka.jacobson-dickman@downstate.edu
Associate Dean for Medical Education		8102
	Ellen Berkowitz, MD	ellen.berkowitz@downstate.edu
Associate Dean of Clinical Competencies		2124
	Robin K. Ovitsh, MD	Robin.Ovitsh@downstate.edu
Associate Dean for Educational Development		3923
	Fred Volkert, PhD	Fredric.Volkert@downstate.edu
Associate Dean for Clinical Affairs		4447
	Brian McNeill, MD, MBA, FACS	Brian.McNeill@downstate.edu
Associate Dean for Student and Curricular Affairs		2187
	Sophie Christoforou, MEd	sophie.christoforou@downstate.edu

COURSE DIRECTORS

The following individuals are the faculty Unit/Clerkship directors. Questions regarding course policies and procedures should be directed to these individuals

Foundations Unit Directors

	<u>Tel.</u>	
Systems Overview: Human Structure & Function	K. Williams	4610
Molecules to Cells	M. Wagner	3894
Infection & Host Defense	C. Roman	3923
Gastrointestinal, Endocrine & Reproductive Systems	J. Schneller	7319
Cardiovascular, Renal & Respiratory Systems	R. Wadgaonkar	2265
Brain, Mind and Behavior	L. Merlin	3957

Clerkships

Core

Anesthesiology 1	D. Dimaculangan	3765
Medicine	I. McFarlane	2390
Neurology	B. Anziska	2502
	L. Merlin	3957
Pediatrics	T. Jose	2138
Primary Care 1/ Family Medicine	P. Harris	2257
Psychiatry	J. Feola	2022
Surgery	R. Di Raimo	1973
Women's Health	K. Ward	3117

Advanced

Emergency Medicine	L. Fan	245-2975
Primary Care 2	P. Harris	2257
Pediatric Sub I	P. Harris	2257
Medicine Sub I	S. Landesman	3034
REP	M. Markell	1584
Radiology	S. Ostrow	2915

ALPHA OMEGA ALPHA (AOA)

Alpha Omega Alpha (AOA) is the national honor society for colleges of medicine in the United States. The honor society was founded in 1902 by William Webster Root and five other medical students at the College of Physicians and Surgeons in Chicago.

Chapters elect undergraduate members from students in their last two years of medical school. Scholastic excellence is a key criterion but not the only one for election; capacity for leadership, compassion, and fairness in dealing with one's colleagues are also to be considered.

You may be elected to AOA while you are a student, as a resident, or as a faculty member. The local chapter elects student members from those in their last two years of medical school.

National AOA Guidelines

The Dean of the School of Medicine or his/her designee identifies a pool of candidates who approximate in number the upper quartile of the class expected to graduate, and who have excelled in the criteria for nomination to AOA membership—scholastic achievement, professionalism, leadership, community service, and research. The national requirements for AOA mandate that the size of a medical student cohort not exceed 20% of the class.

RESEARCH OPPORTUNITIES

A full description of research opportunities available to students at Downstate is available from the institutional website <https://www.downstate.edu/college-of-medicine/student-research/index.html>. Research projects may be performed during the summer between Foundations 1 and 2, performed for senior research elective credit. For research projects of significant duration and effort, it is also possible to request a leave of absence for up to a year through the Leave of Absence procedure described previously. All students are required to take a 4 week Research Experience Project (REP) in the 4th year, which involves 4 weeks of protected time, that can be extended to 8 weeks, and culminates with the writing of a hypothesis driven research paper.

ALUMNI ASSOCIATION

SUNY Downstate Health Sciences University, College of Medicine Alumni Association

The primary mission of the Alumni Association-College of Medicine is to provide financial support and other assistance to the medical students to enhance the quality of their experience at Downstate. All medical students and graduates of the College of Medicine are members of the Alumni Association. Annual dues and donations, paid by graduates, finance the activities, alumni publications and support services to alumni and students.

The Board meets quarterly to review activities and guide the programs. Income from the endowment is used to support many programs and grants for the benefit of medical students. These include: student tuition scholarships, summer research fellowships, student activities (e.g. White Coat Ceremony, publications, Clerkship Orientation, Match Day, Senior Awards, Senior Graduation celebrations), special education programs (e.g. Health Care in Developing Countries) and:

Medical Student Research Scholarship - a one-year paid full-time research scholarship. Completion of at least one year of medical school is required for eligibility. On occasion, the scholarship can be divided among equally qualified applicants.

Mentoring Program

The Alumni Office maintains lists of alumni practicing in many specialties who have volunteered to talk to students about their specialty, their training and practice location.

Annual Reunion

There is an annual alumni reunion weekend held each spring for the classes celebrating a multiple of 5-years since graduation. This includes a scientific session of presentations by the Alumni, awards to alumni for achievement, and a splendid dinner-dance. All alumni are welcome to attend.

ACADEMIC PATHWAYS

In addition to the Integrated Pathways core curriculum, SUNY Downstate College of Medicine has several optional specialized longitudinal pathways. Pathways allow students to individualize their medical training while working with peers and faculty mentors to pursue an area of common interest in greater depth. A variety of Pathway programs are offered to medical students during their medical school education in the following areas.

Pathway Programs

1. Neuroscience Pathway (Dr. Lisa Merlin)
2. Medical Education Pathway (Dr. Shirley Eisner)
3. Global Health Pathway (Dr. Jack DeHovitz)
4. Bioethics Pathways (Dr. Kathleen Powderly)
5. Social Determinants of Health (Dr. Carla Boutin-Foster and Dr. Christopher Roman)
6. Kidney/Urology Pathway (Dr. Ernie Yap and Dr. Brian McNeil)

DEAN'S COUNCIL FOR EDUCATION

The Dean's Council is responsible for management of the undergraduate medical curriculum. Its charge is to assure that the curriculum is logically sequenced; coherent, coordinated, and aligned with the curricular goals and that methods of pedagogy and medical student assessment are appropriate to achieve the objectives of the curriculum.

The Council monitors program effectiveness by outcomes analysis using national norms as well as locally determined metrics of quality and outcomes. The Council monitors the content and workload in each discipline as well as identifies omissions and unplanned redundancies in the curriculum. The Council reviews objectives, methods of pedagogy, and assessment to ensure congruence with the curricular objectives. The Council approves major scheduling changes of units or clerkships, start and ending dates of the academic year, major changes in content that require changes in credits, changes in grading formulas, changes in allocated institutional learning objectives, addition of new required courses into the curriculum or new requirements for promotion or graduation.

The Unit Directors, Clerkship Directors, and Advanced Clinical Year Directors Groups report to their prospective Associate Deans who deliver reports and requests for approval to the Dean's Council for Education. The Curriculum Evaluation Committee, the Student Assessment Committee, and the Electives Committee, report directly to the Dean's Council for Education. The Council may establish other subcommittees and ad hoc groups as needed.

EMERGENCIES (WEATHER AND OTHER EVENTS)

(CANCELLATION OF CLASSES)

While Downstate Health Sciences University (school and hospital) has not been closed due to a snow emergency, if such a declaration were to be made, you would hear the notification on your local radio or television station, the same as the notification for other school closings. You should check the SUNY Downstate website for information.

Only the President of the Downstate Health Sciences University is authorized to cancel academic classes at Downstate Health Sciences University.

However, inclement weather or other events may cause the cancellation of specific classes by the course instructor or college dean.

College of Medicine, Foundations

Your unit director will email an announcement, which states the class schedule for all activities for that day, for that unit.

College of Medicine, Clinical

Follow the schedule at your clinical site. If they have not contacted you via email, contact your preceptor and your clerkship director if you are unsure about your responsibilities or the clinical schedule.

POLICIES ON HAZARDS, EXPOSURE TO DISEASE & HEALTH

Policy on Training Medical Students on Exposure to Infectious and Environmental Hazards

This policy describes the mandatory training and education to insure our students understand how to protect themselves against infectious and environmental hazards.

During Orientation:

- Students must attend a mandatory OSHA presentation by the Director of the Student Health Service, who discusses the following:
 - The prevention of sharps and splash exposures, personal protective equipment (PPE), and steps to take if an exposure occurs.
 - Information about hepatitis B, hepatitis C and HIV infection
 - How to find additional information in the “Exposure to Blood and Body Fluids” section of the Student Health website, and in the Student Handbook which is distributed to students on a flash drive at Orientation and is also available online. OSHA training is performed annually.
 - In all instances, standard and universal precautions are to be utilized by all students during patient care activities.
- Medical students in New York State are required to receive training in Infection Control and Barrier Precautions which is given by the Hospital Infection Control Department, Division of Infectious Diseases. This New York State approved course is valid for a four-year period.
- Wallet-sized cards are distributed that contain:
 - Information about “Universal Standard Precautions” which includes PPE and steps to take in case of exposure, including follow-up care at Student Health.
 - A second card is distributed which contains emergency phone numbers and the HIV post-exposure protocol.
 - In the second year of the curriculum students must be “fit-tested” for N-95 particulate respirators and receive a respirator for personal use.
 - Documentation of required training is required prior to the student’s entrance into clinical training.
 - Before beginning Core Clerkships students must retake OSHA training.
 - Visiting students are given (and must sign receipt of) laminated cards with “Universal Standard Precautions” and emergency phone numbers and HIV post-exposure protocols. Additionally, they must be given a copy of the Blood and Body Fluids section of the Student Health website. Visiting students are required to show proof of completion of OSHA training within the past year, and the mandatory NYS Infection Control and Barrier Precautions training. They are “fit-tested” for N-95 masks at Student Health before they begin their elective, and are given OSHA instruction if needed.

Policy on Procedures for Care and Treatment after Exposure to an Infectious or Environmental Hazard

- Immediately after exposure to a needle puncture or mucous membrane exposure to blood or other potentially infectious material (OPIM) the student should:
 - Clean wound with soap and water or flush affected mucous membranes with clear water
 - Contact his or her supervisor. The student should not rely on fellow students or house staff for instructions.
- The student should report to the following depending on the site of clinical rotation or care:
 - For exposures at SUNY Downstate during normal working hours, the student should report to the Student Health Service. When Student Health Services is closed, report to the Emergency Room at SUNY Downstate.
 - For exposures at Kings County Hospital, the student should report to the Emergency Room at KCH.
 - For exposures at other clinical sites, the student should ask the nurse in charge, who will be able to direct the student how to proceed, e.g., to the Emergency Room or the Employee Health Service.
- If the student was not initially seen at the Student Health Services, the student should report there when it next opens for the necessary follow-up care. The Student Health Center is located at 440 Lenox Road, Apt 1-S, and is open Mon-Fri, 9 am-4 pm. The contact number is 718-270-1995 or 2018.
- Services received at Student Health will be at no charge. Charges to the student’s insurance for services received in the KCH Emergency Room may be reversed by having the student report to the KCH Employee Health Service within 5 days. The student’s insurance may be charged for services received at other clinical sites.
- It is the responsibility of the site of the clinical rotation to provide the appropriate follow-up of the source patient, if known.

Policy on Effects of Infectious Disease or Disability on Medical Student Learning Activities

- The College of Medicine abides by the following center-wide policy on HIV and other infectious or communicable diseases (see Section 20 of SUNY Downstate Health Sciences University UHB Policies and Procedures): and shall not discriminate against any person on the basis of HIV status or other communicable diseases (e.g. Hepatitis B, Hepatitis C). The College may not require a test for verification of HIV status or other communicable diseases for the purpose of attaining or maintaining academic admission or continued matriculation.
- The College of Medicine shall maintain confidentiality regarding communicable diseases (e.g. HIV testing, HIV status, or AIDS-related conditions) of its students in accordance with all applicable federal, state and local laws and regulations and in accordance with all policies and procedures of SUNY Downstate Health Sciences University.

- For students who are infected with hepatitis B, hepatitis C, and/or HIV the risk of transmission to patients increases with the invasiveness of the procedure provided by the student and his/her viral load. The Society for Healthcare Epidemiology of America (SHEA) has issued guidelines for the above infections in healthcare workers, including students. The full report may be accessed at “Infection Control and Hospital Epidemiology”, March 2012, Vol. 31, No. 3. There are three categories of healthcare-associated procedures according to risk of transmission:
 - Procedures with de minimus risk of bloodborne virus transmission.
 - Procedures for which bloodborne virus infection is theoretically possible but unlikely.
 - Procedures for which there is definite risk of bloodborne virus transmission or that have been classified previously as “exposure-prone”.

An expert panel may be convened to counsel students who are known to be infected with hepatitis B, hepatitis C and/or HIV if they are performing Category II or Category III procedures, and have viral loads above those recommended in the SHEA guidelines for each infection.

- No person shall be subject to adverse education actions or removed from educational experiences solely because of a non-task related disability. Reasonable accommodations will be made for students with communicable disease consistent with the current state of knowledge on transmission of infection. If the Director of the Student Health Services determines that the safety of a student or the safety of others in contact with the student are at risk, the Director will contact the Senior Associate Dean for Undergraduate Medical Education. The Senior Associate Dean will then confer with the appropriate Associate Dean to review and recommend educational activities for the student in question that are based on current state of knowledge on the infection.

Medical Student Exposure to Extraordinary Infectious or Environmental Hazards Policy

The purpose of this policy is to promote student health and safety during periods when extraordinary outbreaks of infectious disease or environmental hazards may affect the undergraduate medical education program. This policy specifically includes epidemics, pandemics or extraordinary environmental hazards that potentially threaten the health and safety of undergraduate medical students. It does not include infectious or environmental exposure encountered in normal clinical activities. The latter policy regarding the effects of infectious diseases is also included in the Student Handbook.

1. The Senior Associate Dean for Undergraduate Medical Education in consultation with the Associate Deans for Foundations and Clinical Medicine will determine the extent of undergraduate medical student participation in academic and clinical activities when potential exposure to infectious or environmental hazards substantially exceeds expected standards. This may involve individual or small groups of students with potential exposure to a specific high risk environment or wide spread occurrences such as epidemics or pandemics.
2. The decision of the Senior Associate Dean for Undergraduate Medical Education will be based on the following principles:
 - a. While such situations may provide a unique learning experience the potential educational benefits must be weighed against student health and safety concerns, public health concerns and the objectives of the undergraduate medical education program. The first priority for undergraduate medical students will be their health and safety.
 - b. Students are in an educational role and should not be involved in clinical activities that go beyond the roles performed in the normal clinical environment. Students may participate in clinical activities during periods of significant risk according to the level of clinical competence of the student and the assessment of risk of the clinical environment.
 - c. Academic education activities should continue wherever possible regardless of the cancellation of clinical education activities.
 - d. Undergraduate medical students are not permitted to volunteer for involvement in clinical activities during situations subject to this policy without the approval of the Senior Associate Dean of for Undergraduate Medical Education.
 - e. As a matter of general course, all students will:
 - i. Have their immunization record reviewed annually and updated as needed through the Student Health Service
 - ii. Be mask-fitted in second year through the Student Health Service
 - iii. Be schooled in the concept of universal precautions and techniques for infection control before exposure to clinical activities
3. It is the responsibility of faculty members, staff and students to notify the Senior Associate Dean of for Undergraduate Medical Education in a timely manner of the existence of any hazardous environment that might affect undergraduate medical students.
4. Any decisions made under this policy will be communicated promptly to students, faculty, and healthcare organizations affected by the decision.
5. The procedures for care and treatment of students after occupational exposure, and any secondary disability, would be addressed through Student Health Services at Downstate Health Sciences University.

Definitions

Epidemic: epidemic is a classification of a disease that appears as new cases in a given human population, during a given period, at a rate that substantially exceeds what is “expected,” based on recent experience

Pandemic: pandemic is an epidemic that spreads through human populations across a large region (for example a continent), or even worldwide.

Environmental Hazards: “Environmental hazard” is a generic term for any situation or state of events which poses a threat to the surrounding environment.

INTERNATIONAL ELECTIVES

You may have thoughts about taking an elective overseas. If you do, you may take an elective abroad for academic credit (provided that the corresponding department at SUNY Downstate approves it for graduation elective credit), or you can complete the experience on your own time (non-credit).

If you decide to try to have the experience count towards graduation elective credit, you will need to begin your paperwork early (allow a minimum of four months lead time).

How do you arrange for an international elective? You can contact a SUNY Downstate faculty member who may be from the country you are interested in. He/she may have colleagues or contacts in that country that can help you set up an elective. Or, you can write directly to a hospital department in the country you are interested in, explain what you are interested in doing, and ask for the name of someone at the hospital who might be interested in serving as your preceptor.

Our School of Public Health (SPH) offers the Global Health in Developing Countries elective in the senior year for a limited number of students. Application is through the SPH in October of your third year. For more information, <http://www.downstate.edu/publichealth/programs/global-health-elective.html>.

AMSA has a very helpful website at www.amsa.org, and then go to the “International Health Electives Web Page.” The site lists courses, electives, volunteer and internship opportunities.

Before you depart, make certain that you have repatriation coverage in your health insurance policy. If you do not, you can purchase through the Bursar’s Office, an inexpensive rider that is offered by the State University of New York. You will also need to check that you have all the appropriate immunizations, and that you have contacted the U.S. State Department for any travel advisories.

The USA State Department’s travel warnings, announcements and information sheets for every country is available by touch tone phone from 202 647-5225 or web site (travel.state.gov/travel_warnings.html).

The US Public Health Service, Center for Disease Control has a hot line at 404 332-4559 and a web site at www.cdc.gov -- select the “Travelers’ Health” menu and then the “Blue Sheet” option. Requirements and recommendations about vaccinations, and country specific health information from the Centers for Disease Control and Prevention. (www.cdc.gov/travel/travel.html)

Information on how and where to apply for passports, includes a passport application that can be downloaded (travel.state.gov/passport_services.html)

Links to home pages of U.S. embassies and consulates throughout the world (travel.state.gov/links.html)

U.S. Custom Service regulations for returning U.S. residents (www.customs.ustreas.gov/travel)

MD/PHD PROGRAM

During the fall semester of Foundations2, the School of Graduate Studies notifies the Office of the Registrar which MD/PhD students will be entering the PhD phase of the program and which students may be completing their thesis and therefore eligible to return to the medical school curriculum.

MD/PhD students are required to take STEP 1 by the April 1st deadline at the end of the Foundations years, unless they have the written approval of the Associate Dean for Student Affairs for an alternative test administration.

In order for an MD/PhD student to be eligible to return to the MD curriculum, a letter from the Dean of the School of Graduate Studies must be submitted which states that the student will have completed his/her thesis defense by the time of requested clerkship start date. MD/PhD students may express a preference for a clerkship schedule by meeting with the Registrar. It is strongly recommended that MD/PhD students participate in a non-credit clinical refresher experience prior to their return to the MD curriculum.

The research conducted as part of the PhD portion of the MD/PhD program may not be credited towards MD graduation degree requirements or elective requirements.

OFFICE OF ACADEMIC SUPPORT SERVICES AND ADVISEMENT

Please refer to the “Office of Academic Support Services and Advisement” under University Services.

OFFICE OF DIVERSITY EDUCATION AND RESEARCH

The Office of Diversity Education and Research is responsible for implementing, sustaining, and evaluating structured programs that are designed to attract and retain students, trainees, and faculty from backgrounds that are traditionally underrepresented in medicine and biomedical research. The Office seeks to foster a nurturing and supportive environment at Downstate in which all students can achieve their academic and personal best. The Office of Diversity Education and Research works with other offices to identify and refer students who may benefit from academic counseling and advisement. The Office sponsors regular events aimed at raising awareness about the diverse student groups and programs at Downstate. We work closely with Student Affairs, Academic Support Services, and the campus-wide Office of Diversity and Inclusion as well as other programs in the College of Medicine. The Office supports an array of educational, research, and outreach programs that will advance the Medical College’s ability to remain at the forefront of delivering patient-centered and culturally sensitive care, to be a leader in cross-cultural medical education, to pioneer interdisciplinary health equity research, and to advocate for social justice and community engagement. The Office operates several pipeline programs which encourage and assist students to enter the field of medicine. We also provide medical students with an opportunity to participate in outreach. Our pipeline programs provide students with shadowing, research opportunities, study tactics and mentorship. Several medical students have served as mentors or teachers in programs such as the Early Medical Education Program and the Undergraduate Summer Research Program. The Office provides a space where all students can come to share their experiences, raise concerns, or share ideas. All students are welcome to come to us and share their ideas on how we can embrace the rich diversity that defines Downstate. We look forward to working with all of you and hearing your voices.

For further information, contact:

Carla Boutin-Foster, M.D., M.S
Associate Dean for Diversity Education and Research
Room 2-72 BSB, Box 1186, 270-3033
Website: http://sls.downstate.edu/diversity_education/

RESIDENCY ADVISEMENT C.A.R.E. PROGRAM

Residency advisement is available to all students throughout their four years through the Care and Residency Explorations Program (C.A.R.E). Website: http://www.downstate.edu/college_of_medicine/care.html

The programming of the C.A.R.E. activities and the administration of the website are housed in the Office for Student Affairs, under the direction of the Associate Dean for Student and Curricular Affairs and the Director of Career Services. There is a staff support person who manages the first-year student faculty mentoring program, the physician shadowing program, as well as other career exploration activities.

CLINICAL ADVISORY DEANS

At the beginning of the Core Clerkship year (MS3), students are assigned a Clinical Advisory Dean (CAD). There are currently 13 CAD's who serve as advisers for students in the two clinical years (MS3 and MS4). They provide guidance to each individual student on clinical rotations through their clerkships as well as career guidance and residency preparation. Additionally, they work with each student to set up their senior year program of study and serve as a major resource during the residency application process. This long tenure of guidance allows each CAD to provide their students with general advisement on their clerkship and advanced years as well as on any other matters of personal and professional concern. Among the Clinical Advisory Deans there is at least one CAD from most of the core clinical specialties. The school makes every effort to pair students who are interested in a specialty with a CAD from that specialty. If a student's CAD is not from the student's chosen specialty, or if they had not yet decided upon a particular future field of study at the time of pairing, once the student does choose a particular field, their CAD will reach out to leading selected faculty of the preferred student specialty and arrange for them to meet and address any questions and issues student may have. Additionally, Student Affairs Office compiles a list of selected faculty from every clinical specialty and makes this list available to all CAD's and students. Clinical Advisory Deans assemble the material for the 'Medical Student Performance Evaluation' (MSPE) used in the residency application process. The MSPE letter follows a standard national format for all students. For further information about the MSPE template, you can go to Helpful Links in the C.A.R.E. (Career and Residency Exploration) folder on Blackboard.

There is an electronic sign up system for all students to choose dates and times to meet with their CAD's and there are recommended minimum number of times to do so at significant periods in their clinical years. Once students have their first meeting with their CAD's, often individual follow up meetings are set up outside the assigned electronic system between adviser and student. As MS3's become rising MS4's, and prepare for their ERAS application process, they meet with their CAD to review what is necessary and time limited requirements to complete all documents for the ERAS post office. As interview dates draw near, CAD's review the programs that students are applying to and monitor these choices and their student's success rate in securing interviews. They advise their students on opportunities they might explore to increase their chances of possibly securing further interview invitations. Many students receive mock interviews set up with their CAD's or through the Student Affairs Office. As Rank Order List (ROL) season approaches, students sit down with their CAD's to review and finalize their lists.

Clinical Advisory Deans meet quarterly as a group to assess the progress of the supervisory process and share ideas about challenges that they may have encountered as well as offer support and suggestions that might be helpful for fellow CAD's in working with and guiding students in the clinical years. Program Directors from each of the residencies, or their delegates, are invited to come speak with the CAD's to advise them on the application and interview process of their particular specialty. Additionally, a listserv is in process of being set up for CAD's so that they may share questions and information that may arise in between the quarterly meetings that may benefit others.

In collaboration with the Office of Student Affairs, career events are set up during the year for students to attend. CAD's are encouraged to attend these as well.

Clinical Advisory Deans also assemble the "Medical Student Performance Evaluation" (MSPE) used in the residency application process. The MSPE letter follows a **standard, national format** for all students. For further information about the MSPE template, you can go to [Helpful Links](#) in the C.A.R.E. folder on Blackboard.

The C.A.R.E. Program **structures the career activities as a developmental career "curriculum" based on the stage of the medical student. The following are the "courses" for each level of student:**

Careers in Medicine is an on-line program (<http://www.aamc.org/cim>) designed to assist medical students in understanding options for choosing a specialty and applying to residency programs. There are four stages in the program — self-assessment, career exploration, decision-making, and implementation. You may find some of the resource links including Specialty Information & Specialty Organizations, Career Planning Resources & CareerMD.

During the first and second years of medical school, students should avail themselves of various non-credit electives and Career Exposure Opportunities, which are designed to give students a brief exposure to a specialty field. In late fall of the first year, a presentation is given by second year students on the summer educational activities they participated in the previous summer.

We also encourage first and second year students to take advantage of the activities sponsored by such groups as the Family Practice Club, the Sports Medicine Club, Peds 'r Us, and the Surgery Club.

The Alpha Omega Alpha (AOA) Medical Honor Society organizes a Subspecialty Forum in the fall. Faculty representatives from approximately ten departments come and talk to first and second year students about their field of medicine and considerations if someone is interested in going into the specialty.

A list of Specialty Advisors is distributed to students annually. This is a list of individuals designated by each department who are prepared to offer specialty counseling and advisement to students.

STUDENT COMMITTEES

Representation on the Dean's Council for Education

The Dean's Council has overall responsibility for all aspects of the educational program leading to the MD degree. It has central responsibility for overseeing, managing, and reviewing the curriculum. Student membership to the Dean's Council for Education is elected as follows:

For each class, the representative shall be chosen from among the six (6) Student Liaison Committee members elected by their respective classes.

The chosen representative to the Dean's Council shall be reevaluated on a yearly basis, upon which, the same representative can continue to serve or a new representative can be named.

For a new incoming class, representation will remain vacant until a Foundations 1 Student Liaison Committee is elected. After the students have been elected, they will immediately choose among themselves a representative to the Dean's Council.

Organization of Student Representatives (OSR)

The Organization of Student Representatives (OSR) fulfills a unique role among medical student organizations. As part of the AAMC, it provides all United States allopathic medical students with voting representation to the nation's largest association dedicated solely to the advancement of academic medicine. The OSR provides medical students with an active role in achieving the AAMC's mission to improve the nation's health through the advancement of academic medicine. The OSR also seeks to assure that students actively participate in directing their education, preserving their rights, and delineating their professional responsibilities. To this end, the OSR provides medical students with a voice in academic medicine at a national level and strives to foster student involvement in this arena at a local level.

The strategic goals of the OSR are:

TO PROVIDE medical student input on all issues addressed by the AAMC and state or federal governments that will impact student education, quality of life, or professional development.

TO DEVELOP AND IMPLEMENT OSR initiatives and aid in the implementation of AAMC initiatives.

TO FACILITATE communication between student bodies of different medical schools and between medical student organizations regarding issues relevant to medical student life and education.

TO ENCOURAGE education techniques and objectives that provide medical students with the intellectual skills, professional standards, and knowledge required to meet the needs of an evolving health care system.

TO PROMOTE a safe, supportive learning environment free of abuse, unreasonable health risks, bias, and inequities.

TO ASSURE that all medical students possess equal freedom and opportunity to pursue the career directions of their choice.

Each school may designate one official and one alternate representative. The representatives of each school are required to attend a fall national meeting and a spring regional meeting of the OSR.

Student Liaison Committee

- Section 1: The Student Liaison Committee (SLC) is an elected body that acts as a liaison between faculty and students for all four years. The SLC shall use all resources in their power to communicate the majority opinion of the class. These resources shall include but are not limited to class meetings, surveys, electronic mail, and petitions.
- Section 2: There shall be five (5) elected members and one (1) Med Council representative. Each class shall have a SLC. The Med Council members of each class shall act as the Election Committee. The election procedure shall follow those of Article VI that apply unless otherwise noted in Article XV. The elections shall take place after and no later than three (3) weeks from the Med Council elections.
- Section 3: Elected members of the SLC shall hold the position for one (1) year and may be re-elected for a second term. The elected members of SLC shall be held to the same standards as Med Council representatives as written in Article VI, Section 12, Clause B. A majority vote of the SLC shall be needed to impeach a SLC member. Re-elections shall be held in accordance with Article VI, Section 12, Clause C.
- Section 5: The President of the Class shall provide the SLC with a nomination list consisting of Med Council representatives of the same class year as SLC. The SLC shall choose, within two (2) weeks of receiving nominations, one Med Council representative from the list of nominations to become a permanent member of SLC.
- Section 6: The five (5) elected Liaison Members and the Med Council representative shall vote one of their members as chairperson. If the SLC is unable to appoint a chairperson prior to the first official SLC meeting with the faculty, the President of the Class reserves the right to appoint a temporary chairperson until a permanent chairperson is elected.
- Section 7: Elected SLC members shall not be Med Council Representatives.
- Section 8: Med Council reserves the right to oversee the SLC and make necessary changes.

COLLEGE OF NURSING

ACADEMIC ADVISING

All actively enrolled students will be assigned a faculty advisor. Students will be provided with notice of their advisor or may inquire at the College of Nursing's Academic Programming Office about their advisors. It is recommended that students meet with their advisors at least one time during each semester, especially prior to registration.

ACADEMIC AND PROFESSIONAL INTEGRITY

“Integrity” is defined as a “firm adherence to a code of moral values.” The College of Nursing further defines “academic and professional integrity” as the maintenance of the highest standards of honesty and conduct observed in all aspects of college work. This includes demonstrating ethical and professional behavior in both the academic and clinical spheres, and performance of all tasks in accordance with the rules and regulations as set forth in the college’s “Academic Policies and Procedures.”

Students are expected to maintain the highest standards of honesty and conduct in their college work. Academic dishonesty is considered a threat to the integrity and reputation of SUNY Downstate and all the faculty and students associated with it. Since the academic integrity and behavior of students indicates their future professional behavior and integrity in fulfilling their clinical responsibilities to the public, the faculty and students of SUNY Downstate are committed to upholding and enforcing high standards of academic integrity. Students found guilty of any form of academic dishonesty are subject to disciplinary action. Academic and professional integrity include cheating, forgery, plagiarism, unprofessional and unethical behavior in the clinical setting, and any and all other infringements that may imply deviance from the highest standards of honesty and in all aspects of college work.

Forms of Academic Dishonesty and Misconduct

Cheating is defined as giving or obtaining information by improper means in meeting any academic requirements. Cheating is a serious violation that includes, but is not limited to, the following examples:

- The use for academic credit of the same work in more than one course without the knowledge or consent of the instructor(s). The reporting and/or recording of information relating to clinical performance that is not an accurate reflection of the student’s own clinical work.
- The fabrication of any information used to satisfy any academic or clinical requirement. This includes accurate representation of work in an online course, including self-study.
- Behavior that constitutes academic dishonesty during an examination includes but is not limited to the following:
 - Copying the work of others.
 - Deliberately exposing examination materials to review by other students.
 - Using any notebooks, textbooks, information or electronic materials and devices or unauthorized browsers not specifically authorized by the instructor.
 - Verbal, non-verbal, electronic, etc. communication with other students at any time during the examination.

Forgery is defined as the alteration of college forms, documents or records or the signing of such forms or documents by someone other than the designated or authorized individual. Forgery also includes modifying an examination or assignment, which has been graded and returned to the student for review.

Plagiarism is the representation, intentional or unintentional, of someone else’s words or ideas as one’s own. This includes using the work of another student, past or present, as well as the work of published authors. Since, under New York State Law, words in print are the property of an author or publisher, the intent to deprive that person of property is a form of larceny punishable by fine. When using another person’s words in a paper, students must place them within quotation marks or clearly set them off in the text and give them appropriate attribution by footnoting or references. When students use only the ideas and change the words, they must clearly identify the source of the ideas. Plagiarism, whether intentional or unintentional, therefore, is a violation of the property of the author plagiarized and of the implied assurance by the students when they hand in work that the work is their own. Academic dishonesty includes providing papers or other information for use by another student as their own work and purchasing or using the work of others as one’s own. If students have any questions about what constitutes plagiarism, it is their responsibility to clarify the matter by conferring with the instructor.

Plagiarism Software

The College uses a software package that provides an “anti-plagiarism/anti-cheating” service for checking documents, and a grading system for enhancing feedback to students on written assignments. Faculty members at SUNY Downstate may opt to utilize this software. Violations of academic integrity policies by students are subject to academic integrity procedures and sanctions, and/or disciplinary procedures and sanctions.

Professionalism

Students are expected to conduct themselves ethically and with integrity, according to the expectations of the professions of nursing. You shall interact with your peers, faculty, administrators, agency staff, and patients, with respect, as well as follow the rules of confidentiality for your patients and peers. Please refer to the American Nurses Association Code of Ethics for Nurses <https://www.nursingworld.org/coe-view-only>

Clinical Integrity & Conduct

Unprofessional, dishonest, and unethical behavior in the clinical setting or related to the clinical aspects of the program may also be viewed as breaches of academic integrity.

Behavioral Guidelines for Examinations

Students are expected to adhere to academic integrity and exam administration guidelines as outlined. Failure to do so may be considered a breach of academic integrity and result in disciplinary action.

In class Testing: Students are expected to arrive on time. It will be at the discretion of the faculty whether students can take the exam if they arrive late. A student who begins the test late will not be given additional time to complete the exam.

- Students may be assigned seats rather than letting them select their seats.
- All belongings, including devices, are to be placed in the area designated by the proctor.
- All devices are to be powered off and put away with student belongings prior to the start of the exam and during review sessions.
- There is to be no talking or other forms of communication between students during the exam session.
- Questions are not permitted during the examination.
- Students are to remain seated until directed to do otherwise by the proctor.

Computerized Testing:

- Students are expected to adhere to all previously outlined policies, procedures and guidelines.
- Students utilizing computerized testing, in class or remotely, are required to use Respondus Lockdown Browser and Respondus Monitor.
- Access for Respondus will be provided by Downstate and instructions for use will be provided within the course.
- Students are expected to take exams during the defined time period as set by course faculty.
- When onsite, computer screen barriers are to be used during computerized examinations.
- All exams will be video recorded through the student's webcam and maintained through Respondus for faculty use and review for 1 year.
- Exams will be reviewed for any instances of academic misconduct.
- Academic misconduct on a computerized, remotely monitored exam will be handled in the same manner as described above.

Post-Exam Review

Students will have the opportunity to review exams within one week of the posting of grades. Students are expected to maintain academic integrity during exam review. Belongings must be put away and devices must be powered off; note taking, of content related information, is permitted at the discretion of the faculty.

Procedures for Addressing Breaches of Academic and Professional Integrity

1. If a faculty member or proctor observes a possible breach of academic integrity during an examination, they may ask a student to move / change seats or otherwise address the observed behavior.
2. If a potential breach of academic integrity is identified, the faculty member will notify the student in writing (via email) to schedule an appointment to clarify the incident and determine if a breach has occurred.
3. The faculty member will notify the student's advisor and program director and chair, of the violation and academic penalty. Documentation is placed in the student's permanent academic file.
4. If a breach of professionalism or academic integrity is noted in the clinical setting, the student may be dismissed from the clinical day. The faculty member will notify the student's advisor and program director/chair of the breach, who will collaborate in the development of a plan. Documentation will be placed in the student's permanent academic file.
5. Breaches of academic integrity, including breaches of integrity and/or professional conduct, related to clinical experiences, may result in dismissal from the program.

ACADEMIC SUPPORT SERVICES

A variety of support services are offered to students to assist them in their academic development. They include group tutorials, individual learning sessions and group workshops. Topics include time management, test taking, study organization, reading, memory, test anxiety. Students may obtain assistance from the Office of Academic Support Services and Advising, HSEB, Room 6-026, Box 1190.

ATTENDANCE

Full and responsible participation in classroom and clinical experiences is deemed essential for the preparation of beginning and advanced practice nurses. Students must notify faculty of any anticipated or unanticipated absence.

Title IV Loan Information

Students must attend/participate in classes for the first three (3) weeks of the semester. This verification of attendance/verification of enrollment is a requirement for financial aid eligibility.

Attendance at Examinations

- Examinations must be taken as scheduled. Absence from a scheduled exam without prior notification and permission from the course instructor may result in a grade of zero (0) on the exam. Students may be required to provide official verification of reason for absence. Faculty reserve the right to accept/deny requests for make-up exams. Make-up exams may be in a different format than the original exam.

Attendance at Clinical (Undergraduate Program)

All students are expected to be present, on time, and prepared for assigned clinical and College lab or simulation experiences. Clinical absences for any reason other than religious observances, illness, or extenuating circumstances are not acceptable. Simulation and skills lab experiences are counted as clinical hours, therefore absences from these practices will be counted as clinical absences. Students are expected to follow all clinical policies in all settings (lab, simulation, agency).

Students must notify the instructor of an absence no later than 2 hours prior to the start of the clinical day. Notification of absence for religious observance must be done at the start of the semester. Students who have been absent from class or clinical for 3 days or longer must obtain health clearance from SUNY Downstate Student Health prior to return. For all absences, students must submit the clinical absence form and the health clearance form (when applicable) to the course faculty and program director.

Inability to Complete the Clinical Day: Students who are unprepared, do not adhere to regulations of the college, clinical institution or agency, may be asked by faculty/clinical preceptor to leave the clinical setting. Students will be required to attend a make-up or complete a make-up assignment as directed by the course faculty.

Faculty have the discretion to require additional assignments to make up for missed days.

Clinical absences will be made up through on-campus simulation and/or additional activities per the course faculty. No student is permitted to attend any other clinical group.

INCIDENTS DURING CLINICAL

In the event of an untoward occurrence (such as medication error or physical injury) involving a student or clinical faculty, the first priority is the safety of the patient and student. Once the clinical need has been addressed, the clinical faculty will follow agency's policy for incident reporting. The incident must be *promptly*, and no later than 24 hours after the occurrence, reported to the Program Director/Chair in the College.

Within 48 hours of the incident, the clinical faculty will submit a Clinical Incident Form (provided) by email to the Program Director/Chair and the Clinical Coordinator.

In the event that either a student or faculty member become ill during clinical, please follow the agency's rules regarding seeking medical care (emergency room, employee health).

COMMUNICATIONS

Students and faculty are expected to communicate in a professional manner, using Downstate email only. Response to email is expected within 3 business days.

Students are not permitted to use recording devices without the permission of the faculty.

Social Media (sites such as Facebook, Twitter, LinkedIn, etc. or any other sites that encourage interactivity with the use of text or multimedia "sharing") is a powerful tool for communication and networking with the potential for useful teaching and learning opportunities. Use of social media must adhere to FERPA and HIPAA regulations as well as conform to professional standards of behavior when using these platforms. Please refer to the American Nurses Association link for further information. For more information, see: <https://www.nursingworld.org/social/> and Social Media Policy in the appendix of this Handbook.

ACADEMIC POLICIES

ADD/DROP

Students may add or drop courses during the add/drop period, online. After the add/drop period, forms are available from the College of Nursing's Academic Programming Office. Add/drop changes must be approved by the program director and faculty teaching the course. Students must meet with their advisor to review any potential changes to their progression. After the add/drop period, withdrawal from a course is subject to policies outlined under "Course Withdrawal."

CHANGE OF PROGRAM

To change to another graduate program within the College of Nursing, students must apply for the new program through the SUNY Downstate Office of Student Admissions by filing a new application to the new program.

COURSE EVALUATIONS

Students are expected to complete course evaluations.

TRANSFER OF CREDITS

Students may request to transfer up to nine (9) credits from a prior academic institution to be applied toward their current degree program. Students are required to complete a transfer of credit request form (registrar's website) and provide a copy of the course syllabus to the program director/chair. The program director/chair will determine if the course is appropriate for transfer.

This process must be completed within the first semester of enrollment in order to allow proper progression in the course of study.

Undergraduate Programs: Students enrolling in the accelerated nursing program must complete 60 credits at SUNY Downstate.

For Graduate and Doctoral Programs: Graduate students must have earned a grade of "B" or higher in the course. Courses taken more than 5 years ago may not be eligible for transfer; this is up to the discretion of the program director. Advanced Health Assessment and Advance Pharmacology must have been completed within 2 years in order to be eligible for transfer. Faculty may require verification of competency through skills demonstration or written examination prior to acceptance of transfer.

LEAVE OF ABSENCE

A leave of absence may be granted for a maximum of one academic year.

1. A request for a leave of absence should be submitted in writing to the Program Director, including the Leave of Absence form. The Program Director will meet with the student, consult with the Associate Dean of Academic Affairs regarding the LOA request. If granted, the student will then meet with the Vice President of Student Affairs or designee to review any outstanding encumbrances. Any student with outstanding encumbrances is not entitled to have official transcripts sent and may be denied readmission.
2. Incomplete grades remaining from the semester in which the leave was taken must be removed in accordance with “Course Incomplete” Grade Regulations.

Returning from a Leave

It is the student’s responsibility to initiate the process. The student must:

1. Contact the Office of Student Affairs before the deadline stated in the leave of absence notification letter regarding his or her intent to return. The student must be prepared to document that all of the conditions of the leave have been met. If the student does not contact the Office of Student Affairs by the deadline date, he or she will be administratively withdrawn from the program.
2. If the deadline date and conditions have been met, the student will receive a letter from Student Affairs advising the student to meet with the academic advisor to schedule courses for the upcoming semesters.
3. If the student misses the deadline date and still wishes to attend the program, the student must reapply for admission to the program, following all admission procedures; or will be administratively withdrawn.
4. If the student requests an extension of his/her leave of absence, a written request must be submitted to the Office of Student Affairs before the deadline date of the expiration of the leave (deadline for return). The decision of whether to grant an extension and any additional required conditions is at the discretion of the program.

INCOMPLETE GRADES

A grade of “Incomplete” (I) shall be reported through Banner Self-Service for any student who has obtained, in advance, the permission of the course instructor to postpone completion of specific course requirements beyond the semester in which the course was taken.

Students who need additional time to complete clinical hours must be registered for at least one credit for the semester in which they are completing the hours, though not necessarily for the course they are completing.

1. Students who receive an “I” in a course must arrange for an anticipated date of completion with the course instructor. This date is to be determined by the faculty member but is not to exceed the end of the following semester in which the student is actively enrolled.
2. Students must have a letter grade in a prerequisite course to progress to any course(s) for which this course is a prerequisite. The completion of the outstanding requirement(s) is not to exceed 10 days from the date of being informed of the incomplete grade. Failure to remove the “I” grade within 10 days from the date of notification will result in administrative withdrawal from the course for which this incomplete course is a prerequisite.
3. Upon successful and timely completion of course requirements, the grade “I” will be removed, and the letter grade earned will be recorded on the student’s transcript.
4. A student on approved “Leave of Absence” with an outstanding “I” grade must remove the “I” by the end of the first semester after returning as a registered student.

WITHDRAWALS

Administrative Withdrawal

If a student does not register for any semester, and no request for a Leave of Absence has been made and/or granted, the student is deemed to be “out of status.”

1. Students who wish to return after one semester “out of status” must file for a retroactive leave of absence.
2. Nursing students who are “out of status” from the program more than one semester will be administratively withdrawn after two semesters, by a Change of Status form being sent from the Program Director or Chair to the Registrar.
3. Students who fail to comply with health clearance requirements or deadlines related to clinical placement processes may be administratively withdrawn from courses. Students may request an extension, for extenuating circumstances, *prior to the deadline*, to the clinical placement coordinator. Requests do not guarantee approval.

From a Course

A withdrawal grade of “W” is reported when a student withdraws prior to completing one third of a course. (See academic calendar) There is no penalty attached to the grade.

A withdrawal passing grade of “WP” is reported when a student withdraws at a passing level after completing one-third and prior to completing two-thirds of the course. (See academic calendar)

A withdrawal failing, “WF,” is reported when a student withdraws at a failing level after completing 1/3 but prior to completing two-thirds of the course. (see academic calendar)

To withdraw from a course, the student must:

1. obtain an Add/Drop form from the College of Nursing's Academic Programming Office;
2. discuss the intent to withdraw with the assigned faculty advisor/program director
3. obtain a withdrawal grade with the signature of the course instructor and the Program Director
4. return signed form to Office of the Registrar. The effective date of withdrawal (W, WP, WF) is the day the form is received by the Office of the Registrar.

Withdraw Failing (W/F) Policy: Undergraduate students are only permitted to receive a total of three withdrawal failing (WF) grades in the nursing program. These three WF grades may occur in any combination of nursing and supporting courses taken at the College of Nursing. However, only two WF grades are permitted in a single course. Dismissal from the program will occur when the WF limitation has been reached.

From the College

To withdraw from the College, the student must:

1. Meet with the program coordinator/chair and complete the Change of Status form.
2. Meet with the Associate Dean or designee to facilitate the withdrawal process. Students must return borrowed material to the library, obtain bursar clearance, financial aid clearance, if applicable, and residence hall clearance, if applicable. Any student with outstanding encumbrances is not entitled to receive, or have sent on his/her behalf, transcripts of academic work, and may be denied readmission.
3. The student must continue with his/her course work (except in an emergency situation) until the withdrawal has been approved.
4. The student will receive a letter from the Office of Student Affairs confirming the effective date of the withdrawal and a copy of the Change of Status form.

COLLEGE OF NURSING GRADING SYSTEM

(APPLIES TO BOTH GRADUATE/DOCTORAL AND UNDERGRAD)

Please note the College does not round in calculating grades. Grades are based on the following grading scale, using whole numbers only.

Grade	Quality Points	Numerical Range
A	4.0	94 – 100
A-	3.67	90 - <94
B+	3.33	87 - <90
B	3.00	84 - < 87
B-*	2.67	80 - < 84
C+*	2.33	75 - <80
C	2.00	65 - < 75
F	0.00	Below 65
I	None	A portion of the requirements for the course have not been completed for reasons beyond the control of the student (e.g. illness).
IP	None	Clinical course in progress
P	None	Successful completion of course requirements. No letter grade assigned.
W	None	Withdrawal prior to completion of 1/3 of the course.
WP	None	Withdrawal at passing level after completing 1/3 but prior to completing 2/3 of the course.
WF	0.00	Withdrawal at failing level after completing 1/3 but prior to completing 2/3 of the course. A WF is considered an academic deficiency and is averaged into the GPA.
E	None	Credit by Examination or Course Challenge/Requirement Waiver
TR	None	Course transferred from another institution without grade and grade is not averaged into the GPA
Z	None	Thesis in Progress
		Maintenance of Matriculation

*C+ is the minimum grade required for undergraduate courses

*B- is the minimum required grade for graduate clinical courses

GRADUATION REQUIREMENTS

To graduate, students must meet all college and program requirements as established in the catalog and other university, college or program publications. Where applicable, students must also meet specific academic requirements as specified by the program.

All degree requirements must be completed within five years of the date a student is first matriculated. Time elapsed during formal leave of absence is counted toward the five-year limit.

Candidates for graduation must complete all of the following by the day of graduation:

1. Complete all academic requirements for admission to the respective program.
2. Complete the program of study for the degree, including satisfactory completion of all required courses.
3. Meet all attendance, course, credit and other stated requirements of the program and college.
4. Have a minimum cumulative grade point average of 2.5 for the B.S. degree; 3.0 for the M.S. degree and Advanced Certificate.
5. Satisfy clinical course requirements.
6. Satisfy all financial obligations due to SUNY Downstate.
7. Complete a mandatory financial aid exit interview if the student has received financial aid at SUNY Downstate.
8. Have no disciplinary charges in progress or pending.

Note: The student has the responsibility to register for and satisfactorily complete all required course work. It is strongly recommended that each student make an appointment with her/his academic advisor and a staff member in the Office of the Registrar prior to his/her last semester, to review his/her program of study and verify that all degree requirements will be met.

MAINTENANCE OF MATRICULATION

In order to graduate at the end of any given semester, a student must be registered for that semester. A student may satisfy this requirement either by (a) being registered for coursework until graduation; or (b) registering for Maintenance of Matriculation to maintain matriculation. Students must receive permission from the Program Director/Chair to register for Maintenance of Matriculation.

Maintenance of Matriculation is a 0.00 credit course (INDI 4000). This course assists students to remove a grade of “I” while not enrolled in other courses. The only grade for the “course” will be a Z, which carries no value toward the GPA.

Students may not register for Maintenance of Matriculation while they are completing clinical course hours.

Students who need to take a semester off because there are no courses available for them to take or because they have personal, financial, or medical reasons to not be enrolled in course work must apply for an appropriate Leave of Absence.

DEAN'S LIST

Matriculated fulltime students who achieve a GPA of 3.5 or higher are considered on the “Dean’s List.”

ISSUANCE OF DIPLOMAS

Students may be approved for degree/certificate completion and the awarding of a diploma/certificate three times each year. A student’s degree/certificate conferral date is the next official graduation date after the degree/certificate requirements are completed. The three official graduation dates are May 31 (Spring); August 31 (Summer); and December 31 (Fall). The student’s official transcript records the actual date upon which degree requirements are completed.

COMMENCEMENT CEREMONY PARTICIPATION

Students are eligible to participate in the Commencement ceremony if they have fulfilled the degree requirements, or will fulfill the degree requirements within one semester after the date of Commencement. The Office of the Registrar confirms eligibility for graduation and participation in Commencement.

GRADUATION HONORS

Bachelor of Science Degree

The following honors are granted at graduation:

- *cum laude*, for a cumulative GPA of 3.50
- *magna cum laude*, for a cumulative GPA of 3.75
- *summa cum laude*, for a cumulative GPA of 3.90

Master of Science Degree and Doctorate of Nursing Practice Degree

To graduate “with honors,” a student must meet the following criteria:

- 3.80 GPA or above.
- No “C” grades.
- No record of disciplinary action or lack of professionalism while in the program.

ACADEMIC PROGRESSION

COURSE GRADES (UNDERGRADUATE)

Undergraduate students are required to achieve a minimum grade of “C+” (75%) for each course taken at the College of Nursing. Students must maintain a cumulative and/or semester grade point average of 2.5 in order to remain in satisfactory academic standing.

COURSE GRADES (GRADUATE)

Students are required to achieve a minimum grade of B- (80%) in the following courses:

NRMS 5190, NRMS 5180, NRMS 5110, CNNP 5230

NFNP 5230, NFNP 5131, NFNP 5130, NFNP 5300

NWHNP 5140, NWHNP 5240, NWHNP 5290, NWHNP 5300

Please note any course with a laboratory or clinical component requires students to pass both the clinical and didactic components. These components cannot be taken independently.

GPA REQUIREMENTS (UNDERGRADUATE)

An undergraduate student whose cumulative and/or semester GPA is below 2.50 will be placed on academic probation. A student on probation may register for a maximum of six credits. (This policy may be waived upon written request with rationale from the student to the Program Director and Associate Dean for Academic Affairs.)

A cumulative GPA of 2.5 must be maintained for 2 subsequent semesters in order to be removed from academic probation. Failure to do so will result in dismissal.

GPA REQUIREMENTS (GRADUATE)

Students are required to maintain cumulative grade point averages of “B” or better (3.0) or they are placed on academic probation. Students on probation may register for a maximum of 7 credits, including clinical courses. (This policy may be waived upon written request with rationale from the student to the Program Director and Associate Dean.)

Following placement on academic probation, a cumulative GPA of 3.0 must be achieved within consecutive semesters in order to be removed from academic probation. A student who fails to achieve a cumulative GPA of 3.0 within 2 consecutive semesters or 2 “F” in one term will be dismissed from the College of Nursing.

FAILURE IN A CLINICAL COURSE (UNDERGRADUATE)

Students who fail the clinical component of a course will receive an automatic failure in the course.

Students who fail either component of a clinical course are required to repeat both components of the course in their entirety.

Students who receive a failing (F) grade while enrolled in the College of Nursing will be allowed to repeat the course only once. Students who fail to achieve a passing grade in the repeated course will be dismissed from the College of Nursing.

FAILURE IN A CLINICAL EXPERIENCE (GRADUATE)

Students who fail the clinical component of a course will receive an automatic failure in the course. Students who receive a failing (F) grade while enrolled in the College of Nursing will be allowed to repeat the course only once. Students who fail to achieve a passing grade in the repeated course or who fail a subsequent course will be dismissed from the College of Nursing.

DISMISSAL

See below Policy on Dismissal.

ACADEMIC GRIEVANCE AND APPEALS

Students may appeal course grades or dismissal from the program.

APPEAL OF FINAL COURSE GRADE

Initial appeals should be made by the student directly with the course faculty, in writing, within 5 business days of the posting of any grade.

The faculty member and student will meet to discuss the appeal within 5 business days.

If a resolution cannot be achieved, and the student wishes to further appeal the decision, the student must notify the program director, in writing (email) of the appeal within 3 business days of the initial decision with the faculty member.

The program director will schedule a meeting within 5 days (with the student), the academic advisor, the faculty member of record and the Associate Dean for Academic Affairs. The student must email the appeal of course grade, including supporting documentation, to the program director prior to the meeting.

The committee will review the materials and render a decision. Students will be notified of the decision, in writing (email) by the committee within 3 business days.

DISMISSAL FROM PROGRAM AND APPEAL

Failure to meet requirements, whether through unsatisfactory academic or clinical performance, student unavailability for learning experiences, or **inappropriate or unprofessional behavior**, may result in academic dismissal from the College of Nursing. Students who fail to achieve a passing grade in the repeated course or who fail a subsequent course will be dismissed from the College of Nursing.

Withdraw Failing (W/F) Policy: Undergraduate students are only permitted to receive a total of three withdrawal failing (WF) grades in the nursing program. These three WF grades may occur in any combination of nursing and supporting courses taken at the College of Nursing. However, only two WF grades are permitted in a single course. Dismissal from the program will occur when the WF limitation has been reached.

A student who has been dismissed from the program must submit a new application for readmission. In addition, the student must submit a written request for evaluation of previous courses taken at the College of Nursing. Students who are dismissed may be readmitted one time and are held to the Admission, Curriculum and Educational requirements/policies in effect at that time. A decision by the Admissions Committee to readmit a student who has been dismissed is based on evidence that the student has taken steps to overcome obstacles to academic success.

Students are notified of dismissal from a program by Associate Dean for Academic Affairs within 5 business days of the end of the semester.

Students who wish to appeal the dismissal decision, may do so, in writing, to the Program Director, Associate Dean of Academic Affairs and the Assistant Vice President for Student Affairs with supporting documentation.

A committee consisting of three (3) faculty members, one (1) of whom can be selected by the student, will be formed by the Associate Dean for Academic Affairs to review the appeal. A meeting will be called, within 5 business days, to review the student's written statement and any additional documentation provided. The student will have an opportunity to attend this meeting and provide a statement.

A decision will be rendered by the committee and the student will be notified in writing within two (2) days of the meeting.

CLINICAL POLICIES AND PROCEDURES

REQUIRED PRE-CLINICAL DOCUMENTATION

All students must register for clinical placements prior to the beginning of the scheduled clinical experience.

Students are not allowed to register in any clinical course unless all of the following documents are current and on-file in the College of Nursing Academic Program Office:

- BLS and/or ACLS certification,
- health clearance from Downstate which includes documentation of appropriate titers and/or vaccinations including PPD
- satisfactory drug screen
- satisfactory background check
- NYS RN license (RN-BS, masters and doctoral students)
- malpractice insurance
- HIPAA certification

Students are responsible to update expired health clearance requirements. Failure to do so may result in administrative withdrawal from the course.

Please note, students may be required to complete additional clearance/training requirements per individual clinical agencies.

SIMULATION POLICIES AND PROCEDURES

The CON Simulation Lab is a safe, learner-centered, active learning space. The CON is deeply committed to providing quality simulation learning opportunities to develop and improve the procedural skills and core competencies for efficient and effective nursing practice.

1. Confidentiality Procedures: Learners are expected to maintain confidentiality about the progression of clinical scenarios and performance of their peers. In so doing, the integrity of the simulation learning opportunities is maintained for all while each learner's privacy is maintained and respected.
2. Safety Procedures: Physical and psychological safety measures for simulation learning opportunities are reviewed as is the simulation environment and its equipment.
3. Dress Code/Late/Unprepared/Absence Procedures: Learners are expected to be dressed according to specific degree program requirements. Equipment used to perform patient assessments such as stethoscope, watch with second hand, penlight, and pen must be brought to simulation lab.

Learners are expected to arrive at least 10 minutes before scheduled simulation start time. In so doing, the simulation learning activity will begin on time without interruptions to the progression of the clinical scenario and disruptions to others' learning. Learners will not be admitted into the simulation lab after the scheduled start time. Late-to-simulation learners will be required to contact their program chair to arrange make-up date.

4. Preparation for Simulation: Learners are expected to complete all pre-simulation learning activities. In so doing, the session learning goals and objectives as well as roles in the clinical scenario are integrated into the learning process. This preparation helps learners assimilate clinical information and action utilizing critical thinking during their assigned simulation session.

Learners are expected to notify their course faculty and program chair of any absence from scheduled simulation sessions, in accordance with absence policies.

DRUG SCREENING & BACKGROUND CHECK

Federal and State Regulations regarding alcohol and controlled substance abuse are identified in Appendix III of the Student Handbook. SUNY Downstate requires that all students comply with current New York State law regarding the use of substances in order to remain eligible for clinical activities. Failure to do so is a violation of SUNY Downstate policy and is subject to disciplinary action.

In addition to policies and procedures identified in Appendix III, the following policies will also be instituted when a College of Nursing student has a positive drug test:

1. The student will be notified by either the Office of Student Affairs (or designee) or the Dean of the College of Nursing (or designee) that a positive drug test report has been received. The student will be informed that he/she must take another drug test through CastleBranch.com, or another accepted vendor, at the student's expense.
2. The student will be immediately suspended from his/her academic/clinical program until clearance (fitness for duty) has been obtained.
3. If the second drug test is negative, then the student will be reinstated and warned that any subsequent positive drug tests will lead to possible disciplinary action.
4. If the second drug test is positive or if the student declines to take a second drug test, then the student will be continued on suspension.

DRESS CODE (UNDERGRADUATE)

A uniform dress code is designed to facilitate identification of student nurses and for professionalism, functionality, practicality, hygiene, and safety.

- Students are required to follow all agency policies.
- A clean, pressed College of Nursing uniform is required during clinical, lab and simulation experiences.
- A white knee length skirt or full-length pants for women and white full-length pants for men.
- A blue College of Nursing scrub top with a College of Nursing emblem sewn on the upper left sleeve of the top.
- A white, College of Nursing lab coat may be worn over the scrub top. A white t-shirt can be worn under the scrub top. No colored sweaters, jackets, or sweatshirts are permitted.
- Clean, white closed shoes with either white socks or neutral colored hose.
- Identification badges are to be worn above the waist at all times.
- A watch with a second hand.
- No perfume or aftershave/cologne.
- Nails must be kept short, clean and with no acrylic, tips, wraps, or other nail enhancements. Nail polish of a neutral color may be worn, but must not be chipped.
- Identification badges are to be worn above the waist at all times.
- Hair should be pulled off the collar and secured.
- Necklaces and dangling earrings are discouraged for safety reasons. Visible body piercing hardware is not allowed.

DRESS CODE (GRADUATE STUDENTS)

A uniform dress code is designed to facilitate identification of student nurses and for professionalism, functionality, practicality, hygiene, and safety.

- Students are required to follow all agency policies.
- Professional attire and a white lab coat with pockets are required. A Downstate College of Nursing emblem is to be sewn on the left upper arm of the white lab coat.
- Identification badges are to be worn above the waist at all times.
- Jeans, mini -skirts, tight pants, shorts, sweat suits, crop tops, coveralls, and open toe shoes, as well as other inappropriate attire are not to be worn in the clinical area at any time.
- No perfume or aftershave/cologne.
- Nails must be kept short, clean and with no acrylic, tips, wraps, or other nail enhancements. Nail polish of a neutral color may be worn but must not be chipped.
- Hair should be pulled off the collar and secured.
- Necklaces and dangling earrings are discouraged for safety reasons. Visible body piercing hardware is not allowed.

CLINICAL ABSENCES

Please see section on Attendance at Clinical.

ADDITIONAL INFORMATION

DISCIPLINARY PROCEDURES

Applies to all College of Nursing students. Refer to Appendix IV.

CONTACTS

Dean

Dr. Lori Escallier
(718) 270-7632

Associate Dean for Academic Affairs

Dr. Mary Hickey
(718) 270-7617

Associate Dean for Research and Sponsored Programs

SCHOOL OF PUBLIC HEALTH

VISION, MISSION, AND GOALS

VISION

Grow the SUNY Downstate School of Public Health into a nationally recognized School of Public Health that is known for:

- advancing Global Health
- creating innovative models to empower communities to address health disparities
- fostering the development of new knowledge and public health practices
- leadership in Urban and Immigrant Health
- promoting health equity
- training diverse public health professionals

MISSION

The mission of the SUNY Downstate School of Public Health is to advance public health knowledge, promote health and well-being, and prevent disease and disability within communities, particularly in urban and immigrant ones. Such actions are accomplished through excellence in the education of public health professionals, scientific investigation of public health issues, and service to communities through collaborative partnerships.

GOALS

Instruction:

- To provide an academic environment for public health education, research, and practice in an urban setting with an emphasis on urban and immigrant health.
- To educate individuals through an academic program that prepares graduates to identify, address, and resolve public health issues and manage public health programs in different settings, especially urban environments with diverse racial, ethnic, cultural, religious, and socioeconomic groups.

Research:

- To advance public health knowledge through scientific investigation of health and disease, with a focus on urban and immigrant health issues.
- To disseminate and interpret research results to professionals, patients, individuals and their families, and the public.

Service:

- To advance the health of underserved communities, both locally and globally, through collaborative public health approaches to health promotion and disease prevention and intervention.

PROFESSIONAL PUBLIC HEALTH VALUES

1. Advancement of public health knowledge
2. Promotion of health and well-being
3. Prevention of disease and disability
4. Reduction of premature mortality
5. Health Equity
6. Academic excellence in the education of public health professionals
7. Academic integrity
8. Grounded scientific research in public health problems
9. Partnerships with local and regional community organizations to effect health promotion and disease prevention
10. Provision of service to local and regional populations and communities to improve health and prevent disease and disability
11. Protection of, and respect for participants involved in public health research, for example: conducting research with ‘informed consent’ per National Institutes of Health (NIH) guidelines
12. Compliance with Health Insurance Portability and Accountability Act (HIPAA) guidelines
13. Medical and Public Health Ethics
14. Diversity of the Student Body
15. Diversity of the Faculty and Staff
16. Community Service
17. Faculty Participation in School Governance
18. Student Participation in School Governance

All information housed within this link: <http://www.downstate.edu/publichealth/mission.html>, including the competencies located at the bottom of the page in pdf format.

In addition to consulting the [SUNY Downstate Health Sciences University Student Handbook](#), all School of Public Health (SPH) students, both single and concurrent degree, should consult the [School of Public Health Student Handbook](#) for more detailed information regarding the respective programs.

ACADEMIC POLICIES

DEFERRAL OF ADMISSION

Accepted applicants to the School of Public Health (SPH) who request a deferral of admission and who are granted a deferral, are deferred for only one year. Deferrals of admission will not be extended beyond the one-year limit except under extraordinary circumstances.

MAXIMUM TIME ALLOWED FOR DEGREE COMPLETION

MPH: The time allotted for completion of the MPH degree, regardless of concurrent degree involvement is six (6) years unless there are compelling extenuating circumstances.

DrPH: The time allotted for completion of the Doctor of Public Health degree, regardless of concurrent degree involvement is eight (8) years unless there are compelling extenuating circumstances.

Maximum time allowed for degree completion may be extended in the event a student goes on a Leave of Absence.

TRANSFER CREDIT (DEGREE RESIDENCY REQUIREMENTS)

Advanced Certificate Program: Transfer Credits are not accepted.

MPH Program Transfer Credits

A maximum of twelve (12) *graduate level* credits from another CEPH and CHEA regionally accredited college and/or university can be transferred into the MPH program. Transfer of credits for courses used towards the completion of a granted degree will not be considered. Courses taken outside of SUNY Downstate's School of Public Health while actively matriculated in the program will not be considered.

DrPH Program Transfer Credits

A maximum number of fifteen (15) *doctoral level* credits from another CEPH and CHEA regionally accredited college and/or university can be transferred into the doctoral program. Courses used towards the completion of a granted degree will not be considered. However, some DrPH coursework may be waived if relevant doctoral level courses have been taken at another institution. Courses taken outside of SUNY Downstate's School of Public Health while actively matriculated in the program will not be considered.

For transfer of credits or waivers, the accepted student must provide: 1) a detailed course syllabus and 2) an official transcript verifying at least a B grade (3.0 on a 4.0 system) in that particular course(s).

If the student fails to provide appropriate proof of course content equivalency and an official transcript in a timely fashion, the option for credit transfer may be denied.

ACADEMIC ADVISING, SUPERVISION, AND EVALUATION OF STUDENT PROGRESS

Each student is assigned a faculty advisor upon admission to the School. Advisor assignments are based on faculty availability within the School. Faculty advisors assist students in selecting a program of study and monitoring progress toward the successful completion of the degree. Advisors are available throughout the academic year to assist students with problems or issues and for discussions regarding academic progress and career opportunities. Advisors may be changed by request to and with the approval of the departmental chair.

Advisors are required to remain current with each student's academic progress. Instructors are required to inform the advisor at appropriate intervals concerning students who are having academic difficulties. The advisor will, in turn, share said status with the departmental chair. Together, the advisor, and, as needed, the departmental chair, will work with the student to find necessary assistance.

Students are encouraged to maintain regular contact with advisors. Each student has the responsibility to meet with his/her faculty advisor at least once each semester prior to registration in order to review completed course work and course requirements and assure that the course plan is appropriate.

Students are required to enter a unique PIN code before proceeding with online registration. At the end of an advisement session, and upon approval of the course selection, the student's advisor will provide a unique PIN code that will allow a student to proceed with registration via the Banner-Self-Service system. PIN codes change every term, and as such, students must meet with the faculty advisor prior to every registration period.

It is the policy of the School of Public Health not to retain inactive students. To remain active, students must be registered for at least one course during the fall and spring terms. Students who are inactive for one (1) full year will be withdrawn from the School. There is no appeal for this determination.

Confidential files will be maintained on each student charting the student's academic progress according to the Family Educational Rights and Privacy Act (FERPA).

Students may not register for more than fifteen (15) credits per semester. Under extenuating circumstances, however, a student may seek Dean's approval to register for more than fifteen (15) credits.

For MPH students, a special emphasis is placed upon advising students engaged in the Culminating Experience. Each student and faculty advisor must review the protocol for the Culminating Experience and assure that the proper documents are completed.

For DrPH students, a special emphasis is placed upon advising students engaged in the doctoral dissertation process. Each student and his/her dissertation advisor (committee chair) and Committee, must work closely throughout to assure that the student and accompanying requirements and documents are completed properly. Note that the student engaged in dissertation work must register for thesis advisement each semester until the dissertation is completed and approved.

Dissertation Credits: A student may enroll for Dissertation credits after completion of all core and, concentration courses, as well as the Field Experience. The student must also pass his/her Qualifying Examination. Twelve (12) credits are required to complete the dissertation. The 12 credits can be allocated in several ways, but must be done with the approval of the student's advisor.

Steps required to complete the Doctor of Public Health degree:

- Passing the Qualifying Examination (QE), which may be taken only after a student completes all DrPH core and concentration courses, as well as the Field Experience.
- Completion of the Dissertation Proposal and Oral Defense of Dissertation Proposal,
- Completion of the written Dissertation, and
- Completion of the Dissertation Defense.

DrPH Dissertation Proposal:

The student is expected to develop his/her Dissertation Proposal and defend it orally before his/her Dissertation Proposal Committee. It is preferred that this Oral Defense would follow within, at most, two (2) years of completing the Qualifying Exam. The Faculty Advisor may grant the student additional time to complete this requirement, where appropriate.

For further details, students are strongly encouraged to consult the SPH Supplemental Handbook as well as the MPH/DrPH Field Experience, MPH Culminating Experience, and DrPH Dissertation Handbooks, all located on the SPH website.

ACADEMIC COUNSELING

The Academic Counseling Offices of the respective Colleges of Medicine, Nursing, Health Professions, and the School of Public Health are available to students for academic support. They provide individualized instruction, workshops, and resource materials on time management, study organization, test-taking techniques, and stress management. Group tutorials will be available for selected courses as needed. Referrals for one-to-one tutoring are available. An educational counselor is available to meet with individual students who are experiencing academic difficulties. The SPH will provide additional resources as needed.

ACADEMIC INTEGRITY

Students are expected to maintain the highest standards of honesty in their academic pursuits. Academic dishonesty is considered a threat to the integrity and reputation of SUNY Downstate Health Sciences University and all the faculty and students associated with it. Since academic integrity and behavior of students suggest their future professional behavior and integrity in fulfilling their public health responsibilities, the faculty and students of SUNY Downstate Health Sciences University are committed to upholding and enforcing the highest standards of academic integrity. Students found guilty of any form of academic dishonesty are subject to disciplinary action. Academic dishonesty includes cheating, forgery, plagiarism, and any other infringements that may imply deviance from the highest standards of honesty in all aspects of academic endeavor.

Forms of Academic Dishonesty

Cheating: This is defined as giving or obtaining information by improper means in meeting any academic requirements. Cheating is a serious violation that includes, but is not limited to, the following examples:

- a. The use of the same work for academic credit in more than one course without the knowledge or consent of the instructor(s).
- b. The fabrication of any information used to satisfy any academic requirement.
- c. Behavior that constitutes academic dishonesty during an examination include, but is not limited to:
 - 1) Copying the work of others.
 - 2) Deliberately exposing examination materials to review or use by other students.
 - 3) Using notebooks, textbooks, information, or materials not specifically authorized by the instructor.
 - 4) Speaking or communicating regarding the exam with other students at any time during the examination.
 - 5) Using a cell phone, beeper or other electronic device during an examination.
 - 6) Leaving the examination for any length of time during the examination, without the authorization of the instructor/proctor. (Leaving the examination room after the exam has started will only be authorized for genuine issues or emergencies. Student may be escorted when leaving and returning to exam room.)

Forgery: This is defined as the alteration of academic forms, documents, or records or the signing of such forms or documents by someone other than the designated or authorized individual. Forgery also includes modifying an examination or assignment that has been graded and returned to the student for review.

Plagiarism: This is the representation, intentional or unintentional, of someone else's words or ideas as one's own. This includes using the work of another student, past or present, as well as the work of published authors. Since under New York State law, words in print are the property of the author or publisher, the intent to deprive that person of property is a form of larceny punishable by fine. When using another person's words in a paper, students must place them within quotation marks or clearly set them off in the text and give them appropriate attribution by footnoting or references. When students use only the ideas and change the words, they must clearly identify the source of the ideas. Plagiarism, whether intentional or unintentional, is therefore a violation of the property of the author plagiarized and of the implied assurance by the students when they hand in work that the work is their own. This includes those individuals who facilitate acts of academic dishonesty by providing papers or other information by another student as their own work. If students have any questions about what constitutes plagiarism, it is their responsibility to clarify the matter by conferring with the instructor.

The model for citations and references used in course work is the Manual of Style of the American Medical Association (AMA), Tenth Edition. You can review examples on the AMA Citation Style website (<http://www.lib.jmu.edu/citation/amaguide.pdf>).

Multiple Submissions: Submitting substantial portions of the same work for credit more than once, without the prior explicit consent of both the instructor to whom the material is being submitted and the instructor to whom it has been submitted in the past is considered a multiple submission and is considered a violation of academic rules.

Procedures for Resolving Academic Integrity Cases

- Step 1. The faculty member/course director should first determine the nature of the breach/infracton of academic policy. During this process, the faculty member/course director must assemble credible and convincing evidence that a breach/infracton of academic policy has occurred and memorialize it in writing.
- Step 2. The faculty member/course director should present this evidence in writing and verbally to the Chair of the Department for discussion.
- Step 3. If the Chair of the Department believes the evidence to be credible and convincing, the faculty member/course director must communicate to the student in writing within 48 hours of that confirmation that a breach/infracton of academic policy has occurred and arrange to meet with the student as soon as possible.
- Step 4. After discussion with the student, the faculty member/course director should determine the course of action. This can include:
 - a. requiring that the student redo the assignment in the case of plagiarism
 - b. giving a failing grade on the specific academic effort under consideration.
 - c. giving a failing grade for the entire course

The faculty member/course director must communicate their decision to the student in writing, with a copy to the Vice Dean, within 48 hours of having discussed the matter with their Chair and having obtained concurrence that a breach/infracton did indeed occur. The faculty member/course director must memorialize in writing all discussions pertaining to the matter and keep them in a confidential file.
- Step 5. In the event that the student is given a failing grade for the course because of the infracton or a failing grade on the assignment that results in a failing grade for the course, the matter will be referred to the Committee on Student Evaluation, Promotion and Honors. The Committee will carefully examine the matter within a week of being informed of it and come to a decision which they will immediately communicate to the Vice-Dean for Academic and Student Affairs who in turn will immediately inform the student in writing.
- Step 6. The student will have the right to appeal the matter to Dean of the School of Public Health within forty-eight hours of being informed of the decision of the Committee on Student Evaluation, Promotion and Honors. The Dean will appoint an Appeals Committee comprised of faculty of the School of Public Health not previously associated with the matter at hand. This Appeals Committee will be provided with all necessary information. The student will have an opportunity to address the committee and present their version of events. The Appeals Committee will come to a decision and refer it to the Dean who will make the final decision.

Safe Assign Software

Safe Assign is a software package that provides an “antiplagiarism/anti-cheating” service for checking documents, and a grading system for enhancing feedback to students on written assignments. Faculty members at SUNY Downstate may opt to utilize this software. Furthermore, other sources must be considered in order to determine whether a violation of academic integrity has occurred. Violations of academic integrity policies by students are subject to academic integrity procedures and sanctions, and/or disciplinary procedures and sanctions.

PROFESSIONAL CONDUCT

All students are expected to exhibit a professional demeanor and behave in an appropriate manner while in class, in field experiences, and when interacting with SPH faculty, staff, and other students, and as individuals and groups within the respective communities. Students are expected to show respect for faculty, staff and fellow students during class and all program related interactions.

Unprofessional/inappropriate behavior includes, but is not limited to, the following:

1. Late arrival to class.
2. Late submission of papers or dated assignments.
3. Disruptive behavior in class, which includes the following:
 - a) Reading non-course related material in class.
 - b) Using cell phones/beepers/other electronic devices during class.
 - c) Having non-course related discussions with other students during class.

Please see the [SUNY Downstate Health Sciences University Student Handbook \(Appendix IV\)](#) for The Rules of Student Conduct.

ABSENCES FROM EXAMS

Students are expected to appear for examinations at the appointed time, or the course instructor may award the student a grade equivalent of “F” or “zero” for the exam. Students must contact the course instructor or the SPH Program Office no later than the day of the exam to explain the reason for his/her absence from the scheduled exam. Failure to notify the course instructor in a timely fashion regarding an absence from an exam may result in an “F” or “zero” for the exam. A student may be excused by the course instructor due to illness or other emergency. Personal physician notes (**may not be from a relative**) or a note from SUNY Downstate’s Student Health Service must be presented to the course coordinator to document excused absences for illness. (Some courses coordinators may only accept notes from the Student Health Service. Students are advised to consult the course instructor for the policy in that course.) If the student provides appropriate documentation, a make-up exam **may** be authorized by the course instructor. **The date and time of the make-up is at the discretion of the course instructor and/or the departmental chair.**

AUDITING

No course auditing will be permitted. Only SPH matriculated students, or those for whom a specific educational program (for example; medical residents/fellows) has been agreed upon by the departmental chair and/or Vice Dean, will be admitted to classes.

COURSE WITHDRAWALS

A student may withdraw from a course upon his/her written request. The request requires approval by both the course director and the SPH Departmental Chair.

A “W” will be recorded on the student’s official transcript if the withdrawal is prior to the deadline (as specified on the academic calendar) to withdraw with a grade of a “W”.

A “Withdraw Pass” (WP) will be recorded, if a student withdraws at a passing grade level from a course prior to the deadline (as specified on the academic calendar) to withdraw with a “WP” or a WF”.

A “Withdraw Fail” (WF) will be recorded, if a student withdraws at a failing grade level from a course prior to the deadline (as specified on the academic calendar) to withdraw with a “WP” or a WF”.

A “Fail” (F) will be recorded on the student’s official transcript if a student voluntarily withdraws after the deadline (as specified on the academic calendar) to withdraw with a “WP” or a WF”.

To withdraw from a course, the student must:

1. Obtain an Add/Drop form from the SPH Office of Enrollment and Student Affairs,
2. Discuss the intent to withdraw with the assigned faculty advisor,
3. Obtain a withdrawal grade with the signature of the course instructor and the departmental chair, and,
4. Return one copy to the SPH Office of Enrollment and Student Affairs and submit the form to the Registrar’s Office.

Students must speak to the course director and advisor(s) before withdrawing from a course.

Please note that withdrawal within the first week of classes entails no penalties – no “W” on the student’s record; no withdrawal fee. Withdrawal within the second week of classes entails no “W” on the student’s record, but does incur a 30 percent of the tuition charge. Please see the academic calendar for specific dates.

COURSE/GRADE APPEALS PROCEDURES

A student who is dissatisfied with a course grade or has been recommended for repeating a course by the SPH Committee of Student Evaluation, Promotion, and Honors (SEPH) will be granted the right to appeal the recommendation (in writing) to the Departmental Chair. The appeals process is as follows:

A student who is dissatisfied with a course grade or has been recommended for repeating a course by the SPH Committee of Student Evaluation, Promotion, and Honors (SEPH) has ten (10) business days after the official grade has been submitted to the Office of the Registrar to appeal a grade. After the ten (10) business day deadline, the grade is considered final and no changes can be made. The appeal process is as follows:

1. Within the ten (10) business day period, a student wishing to appeal a grade must first discuss the matter with the course director. If the matter is not resolved at the course director level, the student may appeal to the Departmental Chair by submitting a written appeal to the Departmental Chair, with a copy also to the Vice Dean.
2. The Departmental Chair will review the written appeal and interview the course director. The student will also be provided with an opportunity to discuss his/her grade appeal with the Departmental Chair.
3. Upon completion of the review process, the student will be notified of the final decision of the Departmental Chair within ten (10) business days of his/her grade appeal meeting with the Chair. The Chair is required to employ only his/her best effort to notify the student of his/her status. (Notification will be made to the address on file in the Office of the Registrar and a copy will be sent to the student’s Downstate e-mail account.) A copy of the chair’s decision letter will also be given to the Vice Dean, SPH and the SPH Assistant Dean for Enrollment & Student Affairs.

EVALUATION OF STUDENT PERFORMANCE

The faculty is charged with being objective and fair in the evaluation of student performance. Evaluation of student performance is conducted through multiple measures such as examinations (written and oral), class participation, and by observations in discussion groups.

Attendance in the SPH is a privilege and not a right. The SPH reserves the right to dismiss a student at any time for deficient academic performance or unprofessional behavior as determined by the SPH Committee on Student Evaluation, Promotion, and Honors or the disciplinary procedures of the College.

Course instructors are obligated to inform students of the course requirements and evaluation procedures at the beginning of each course. This information must be provided to students in writing. Each course instructor provides students with advice about their academic standing in the course, to detect academic difficulties prior to the final grade.

Course instructors are responsible for entering student grades on the Banner Self-Service system by the semester deadline as specified by the Office of the Registrar. Any change in a student grade must be submitted by the course instructor or SPH departmental chair in writing to the SPH Office of Enrollment and Student Affairs who will then submit the change of grade to the Office of the Registrar.

Student questions regarding a grade in a course must first be directed to the course instructor. If questions still remain, the student must meet with the departmental chair. The departmental chair’s decision is final. If a student believes that his/her final course evaluation has been affected by discriminatory behavior as defined by law, the student is urged to meet with the Vice Dean and/or the Chief Diversity Officer, in addition to the individuals listed above.

Institutional policy prohibits the posting of student grades by social security number or other personally identifiable mechanisms. Some instructors post final grades on the Blackboard system. To ensure confidentiality, students may access their final grades electronically through the Banner Self-Service Portal using their student ID numbers and passwords. At the discretion of the departmental chair, students may receive verbal notification of their grades from SPH Assistant Dean for Enrollment & Student Affairs *after* final grades are submitted to the Registrar each semester.

ACADEMIC PROBATION

A student whose cumulative GPA is below 3.0, based on a minimum of four (4) courses (12 credits), may be placed on academic probation. A student on probation may register for a maximum of six (6) credits per semester.

After completing twelve (12) credits on academic probation, a cumulative GPA of 3.0 must be achieved in order to be removed from academic probation. A student who fails to achieve a cumulative GPA of 3.0 or higher at the end of taking these additional twelve (12) credits or whose performance on a lesser number of credits makes it mathematically impossible for him/her to achieve the required GPA of 3.0, shall be referred to the Committee on Student Evaluation, Promotion, and Honors by the departmental chair, which will recommend one of the following options:

1. that the student be dismissed because of poor academic performance;
2. that the student be allowed to continue the next semester on a modified study program and be required to successfully repeat any failed course(s);
3. that the student take a leave of absence (for not more than one year) from the School of Public Health until readmitted to either repeat the course(s) or raise his/her GPA to 3.0;

The Committee may request that members of the faculty who are involved in the case be present to answer questions. They may also request additional information. A formal vote is taken and a recommendation is submitted in writing to the Dean. After considering the recommendations of the Committee, the Dean will make a determination. The Vice Dean will notify the student in writing of the action and of his/her right to appeal (See "Appeal and Notification).

Concurrent degree students who are placed on academic probation will have the other degree program notified of the change in status.

DEFICIENT GRADES

A "Fail" (F) grade and a "Withdraw Fail" (WF) are both considered a deficient grade and can be remediated only by repeating the entire course. However, the "F" grade and the "WF" remain on the official transcript along with the grade achieved by removing the deficiency. A student has only one opportunity to remove a deficient grade in a course. If the student fails this make-up, the student will be given a "Fail" grade.

Deficient grades in two or more courses in a semester may subject the student to dismissal. However, since each student's academic performance is reviewed on an individual basis; students are advised to meet with his/her student advisor and/or the departmental chair during the academic semester if they have questions about their particular situation.

SPH COMMITTEE ON STUDENT EVALUATION, PROMOTION, AND HONORS (SEPH)

Responsibilities

The SPH Committee on Student Evaluation, Promotion, and Honors is responsible for:

1. Evaluating the academic performance of all students
 2. Recommending students for promotion
 3. Evaluating students in academic difficulty
 4. Consequences to be applied for infractions of academic integrity
 5. Recommending plans for remediation of those students with deficiencies or those who have failed to register for the semester without an approved leave of absence
 6. Recommending students for graduation (see below for graduation requirements)
 7. Recommending the conferring of honors on those students whose work is outstanding
 8. Recommending students for marching in the annual May Commencement ceremony
1. Voting Members: The Committee will consist of a minimum of five voting faculty members inclusive of the Chair. All new voting faculty members will be appointed by the Dean.

Eligibility requirements for faculty appointment to the Committee include:

- a. The faculty member must be a member of the voting faculty.
 - b. The faculty member may not be an officer of the administration.
2. Non-voting members:
- a. The SPH Vice Dean and the SPH Assistant Dean for Enrollment & Student Affairs.
 - b. One representative from the Office of Student Affairs.

The following may attend as ex-officio members: SUNY Downstate Health Sciences University Dean of Student Affairs or Assistant Dean of Student Affairs.

Meetings of the SPH Committee on Student Evaluation, Promotion, and Honors are confidential and closed to all but the members of the Committee and *ex-officio* members and invited guests.

The Committee will meet a minimum of three times per year; ad hoc meetings will take place as needed. All matters discussed in the Committee are decided by vote in a meeting consisting of at least three voting members.

The Committee may make the following recommendations:

1. Graduation.
2. Graduation with Honors.
3. Promotion, unqualified.
4. Promotion with qualification:
 - a. Recommendation for probationary status (Academic Probation) because of poor academic record or unprofessional behavior.
 - b. Requirement for remedial work, such as a make-up examination or course paper, or repeat of a course/courses
5. Dismissal for academic failure or unprofessional behavior.

All recommendations of the SPH Committee on Student Evaluation, Promotion, and Honors, to repeat all or part of a course or courses, dismissal for academic failure, or unprofessional behavior shall require a majority vote. Such recommendations will be submitted to the SPH Dean.

Students will not be allowed more than three (3) years to complete the Advanced Certificate Curriculum, more than six (6) years to complete the MPH curriculum, or eight (8) years to complete the DrPH curriculum, except under special circumstances as determined and approved by the Committee and recommended to the Dean. The time limits pertain only to the MPH or DrPH portion of the concurrent degree program.

The SPH Committee on Student Evaluation, Promotion, and Honors is responsible for recommending to the Dean the dismissal of a student that may occur for any of the following reasons:

1. Unprofessional behavior
2. Inadequate performance while on probation (i.e. receives a deficient grade or violates the conditions of probation).
3. Failure to make satisfactory progress towards graduation.

In the event that the Committee is considering recommending a student for dismissal, prior to the Committee making a final recommendation, the student will be notified in writing and will be given an opportunity to meet with the committee to discuss and clarify any issues regarding his or her academic performance (See Appeals Process described below). The student will have a minimum of 48 hours to prepare his/her statement. If the student opts not to appeal, the recommendation for dismissal will be forwarded to the SPH Dean. A majority vote is required for dismissal.

Appeal and Notification Procedures

Students who have been recommended for dismissal for academic failure or unprofessional behavior by the SPH Committee of Student Evaluation, Promotion, and Honors (SEPH) shall be notified by the SPH Vice Dean (or designee) and may appeal the recommendation (in writing) to the Dean.

Cases in which students are being recommended for academic probation may not be appealed.

The appeals process is as follows:

1. Written (and/or email) notification will be sent by the Vice Dean (or designee) to the student of a decision of the SEPH Committee of unsatisfactory academic progress within five (5) business days of the SEPH Committee's decision. The Vice Dean (or designee) is required to employ only his/her best effort to notify the student of his/her status. (Initial notification will be made to the student's current local address on file with the Office of the Registrar, a copy will be sent to the student's Downstate e-mail account.) Students are responsible for keeping their current mailing address and telephone number on file with the Office of the Registrar and the SPH. Students in academic difficulty are advised to contact the Vice Dean immediately following the SEPH meeting to ascertain their academic status.
2. A student wishing to appeal a dismissal determination affecting him/her, as provided above, must submit a written appeal notice to the Vice Dean no later than three (3) business days after the student has been sent notification, by mail or email, of the SEPH Committee's action or determination. The written appeal letter should outline reasons for the appeal in detail. Appeals are intended to be expedited in the shortest reasonable time in order to provide the student with the opportunity to register for the ensuing term.
3. The written appeal will be considered by an Ad Hoc Appeals Committee appointed by the Dean. The voting members of the Ad Hoc Appeals Committee may not be members of the SEPH Committee and will be selected among those faculty not directly involved with the student's case. There will be a minimum of three voting members on the Ad Hoc Appeals Committee. SUNY Downstate's Associate or Assistant Dean of Student Affairs and SPH Assistant Dean for Enrollment and Student Affairs will serve as ex-officio, non-voting members.
4. The Chair of the Ad Hoc Appeals Committee will notify the student in writing that he/she is being granted an opportunity to appear before the Ad Hoc Appeals Committee to discuss, in detail, the reasons for his/her appeal. The Chair shall provide written/email notice of such a meeting (including the date, time and place) to the student and all Ad Hoc Appeals Committee members. The student will have, a minimum of 2 (two) business days advance notice of the meeting day and time. The meeting with the Ad Hoc Committee will be scheduled within 10 (ten) business days the Committee's receipt of the student's written appeal.
5. During the meeting, the student will be given an opportunity to present his/her appeal before the Ad Hoc Appeals Committee. The student will not be allowed to record any of the proceedings. After completion of the student's presentation, members of the Ad Hoc Appeals Committee may address questions to the student. Furthermore, the Ad Hoc Appeals Committee may seek information from the program chair, faculty, student's advisor, and/or other parties involved in the case. After the student has made any concluding remarks, the student will leave the meeting so that the Committee can discuss the appeal, and make a recommendation to the Dean.
 - a. The Ad Hoc Appeals Committee may recommend that the prior action of the SEPH Committee either be upheld, modified, or reversed. A decision requires a majority vote.

- b. The decision of the Ad Hoc Appeals Committee will be sent in writing within seven (7) business days by the Chair of the Ad Hoc Appeals Committee to the Dean, the Vice Dean, and the SPH Assistant Dean for Enrollment & Student Affairs.
 - c. The Vice Dean will notify the student, in writing, of the decision of the Ad Hoc Appeals Committee within fourteen (14) business days of his/her appeal meeting. The Vice Dean is required to employ only his/her best effort to notify the student of his/her status. (Notification will be made to the address on file in the Office of the Registrar and a copy will be sent to the student's Downstate e-mail account.)
6. The Dean, after due consideration, may either endorse the recommendation of the Ad Hoc Appeals Committee or make an independent determination. In either event, the Dean's decision is final and binding.
 7. The student will be notified of the final decision of the Dean. The Dean is required to employ only his/her best effort to notify the student of his/her status. (Notification will be made to the address on file in the Office of the Registrar and a copy will be sent to the student's Downstate e-mail account.)

GRADING SYSTEM

Instructors assign a letter grade reflecting the performance of each student in a course. Grade points are assigned to each letter grade based on a 4.0 system and the number of credits for each course. Cumulative grade point averages are calculated each semester

Course Average	Letter Grade	Grade Points/Credit	
96-100	A	4.00	
90-95	A-	3.67	
85-89	B+	3.33	
80-84	B	3.00	
75-79	B-	2.67	
70-74	C+	2.33	
60-69	C	2.00	
	F	0	
	I	None	
	P	None	Successful completion of course requirements. No letter grade assigned
	W	None	
	WF	0	
	WP	None	
	Z	None	Thesis in Progress

Fail: failure to successfully complete the requirements for a major portion of the course, failure to complete successfully requirements for the entire course, or withdrawal from a required course after the deadline as indicated on the academic calendar.

Incomplete: a portion of the requirements of a course has not been attempted

When the course requirements have been completed in a timely fashion (usually within two weeks), the course director reports the change of grade to the Registrar. If the course requirements have not been completed by the specified time, the "I" grade is changed to an "F". Course directors must submit any extensions to deadline dates for Incompletes, in writing, to the SPH Office of Student Affairs, who will in turn forward the request to the Office of the Registrar. The maximum length of time for satisfying course requirements is the last day of classes in the subsequent semester, unless there are special circumstances approved by the SPH Committee on Student Evaluation, Promotion, and Honors.

To be eligible for graduation, a student must remove any "Incomplete" grade. An "Incomplete" grade is not considered a deficient grade. However, for awarding graduation honors, the outstanding work must be completed before such honors will be granted.

Credit: the transcript notation when a student has advanced standing (e.g. transfer credit) for a course previously completed.

A "WF" grade is an academic deficiency and subject to review in the Student Evaluation process.

GRADUATION REQUIREMENTS

Students must meet all SPH graduation requirements:

1. Register for, and satisfactorily complete all required course work in the curriculum.
2. Register for, satisfactorily complete the Culminating Experience. DrPH students must register for and satisfactorily complete the Dissertation.
3. Satisfactory remediation of any academic deficiencies.
4. Be in good standing (i.e. not on academic or clinical or disciplinary probation at the time of graduation).
5. A grade point average of B or 3.0 on a 4.0-point system is required for successful completion of the degree requirement. Advanced Certificate students must maintain a cumulative GPA of a 2.0 to be eligible for graduation.
6. Have no disciplinary charges in progress or pending.
7. Satisfy all financial obligations due the SUNY Downstate Health Sciences University.
8. Complete a mandatory financial aid exit interview if the student has received financial aid while at the SUNY Downstate Health Sciences University.

Please note: Students are permitted to march in the Commencement Ceremony and have their names listed in the program only once. Any student who meets the above criteria and marches in the Commencement Ceremony and subsequently does not complete the final requirements for graduation WILL NOT be permitted to march again or have his/her name in the program the following year

GRADUATION HONORS

To graduate with honors, a student must meet the following criteria

- a. 3.60 GPA or above
- b. Outstanding (with honors) Successful completion of the Culminating Experience
- c. No "C" or lower grades
- d. No record of lack of professionalism or disciplinary issues while in the program

Students graduating in August or December of the previous year, or May of the current year and participating in the May Commencement Ceremony **of the current academic year** are eligible for the General Excellence Award for that academic year.

August and December Graduates

SPH students who complete all degree requirements in August or December of a given year may participate in the Commencement Ceremony in May of the following year.

Awards for August and December Graduates

Students, who graduate in August or December of the previous year, or May of the current year, are eligible for all Graduation Awards for that academic year.

HEALTH INFORMATION PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

All students must be current in their Health Information Portability and Accountability Act (HIPAA) training prior to matriculation, upon return from any leave of absence, and following any change in the law which requires re-training. Failure to do so will result in not being permitted to register or to participate in any clinical educational activities or Field Experiences or events which involve individuals in the field. For more information, contact the Office of the Registrar.

LEAVES OF ABSENCE

All leaves of absence are granted by the departmental chair or the Vice Dean. A request for a leave of absence may be approved or disapproved by the departmental chair. Permission for the leave must be obtained in accordance with these procedures and prior approval to return must also be granted.

Requesting a Leave:

Students are granted one (1) Leave of Absence while matriculated in the School of Public Health.

To request a Leave of Absence from the School of Public Health, a student must:

1. Obtain a Leave of Absence form from the SPH Office of Student Affairs.
2. Request a leave in writing as specified on the Leave of Absence form. The request must include:
 - a) the length of time desired for the leave (up to one year)
 - b) reasons for the request; and;
 - c) a description of the activities that will make the leave meaningful and useful (outline a plan).
3. This written request must be brought/sent to the SPH Office of Student Affairs, and the student must meet with the departmental chair or the Vice Dean.
4. The student must continue in coursework (barring an emergency situation as defined by the departmental chair), until the leave of absence is approved. The departmental chair (or designee) may request that the student meets with the Vice Dean prior to granting approval for the leave.

Advanced Certificate students have a maximum of three (3) years to complete the requirements.

Master of Public Health students have a maximum of six (6) years to complete the MPH degree. Doctor of Public Health students have a maximum of eight (8) years to complete the DrPH degree.

If the leave will extend the student's academic time past the maximum number of years allowed to complete the degree, that extension will require approval by the SPH Committee on Student Evaluation, Promotion, and Honors

5. Clearances from the Bursar, Financial Aid and Housing, if appropriate, must be obtained.

Although the departmental chair may grant a leave, the SPH Committee on Student Evaluation, Promotion, and Honors will review the student's academic status up until the time the leave was approved, and may recommend action. All grades earned by the student prior to the approval of the leave remain on the student's transcript (permanent record). Leaves of absence may be granted for the following reasons:

1. For Reasons of a Special Academic Program
2. Occasionally, leaves are granted for the purpose of special study. Written requests should be made to the departmental chair with documentation.
3. For Reasons of Health or Other Personal Emergency

If a health, family, social, or emotional situation necessitates time away from the program, a leave of absence may be recommended by the student's advisor or requested by the student. Depending on the nature of the student's request for leave, consultants from the Student Health Service and/or psychiatric consultants may be asked to provide information (with the student's consent) to the committee.

Leaves of absence are granted for a maximum of one year. An extension may occasionally be granted by the Dean, upon recommendation by the SPH Committee on Student Evaluation, Promotion, and Honors for unusual circumstances if the student requests an extension in writing at least two months prior to the expected reentry date.

Returning from a Leave

A student may only return if the departmental chair determines that the student has met the goals and conditions for the leave. A request to reenter must be received by the departmental chair by the date specified in the letter from the SPH Committee on Student Evaluation, Promotion, and Honors. Such requests will be evaluated in terms of the student's success in resolving the problems that necessitated the leave and the student's ability to resume the responsibilities of continuing in their program. Every student returning from a leave of absence must be cleared by the Student Health Service and receive written approval to resume classes.

A student granted permission to return from a leave must meet with the departmental chair and/or the student's advisor to schedule courses for the academic year.

If, at the end of the approved absence, the student has not applied for reentry or is not permitted reentry, the student is withdrawn from the college. There is no appeal from this determination.

STUDENT RECORDS

The SPH is in full compliance with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), which gives students access to educational records. Students may arrange to review their program records by making an appointment with the SPH Assistant Dean for Enrollment & Student Affairs.

EMAIL

It is an institutional policy not to communicate with students through personal e-mail accounts. As such, in order to receive official information distributed by faculty and administration, students are responsible for checking their email frequently – at least once a day.

DISCIPLINARY PROCEDURES

This applies to all School of Public Health students. See Appendix IV

APPENDICES

APPENDIX I

FEES POLICIES

Summary of Fees

ITEM	PAYABLE To	CHARGE
Drop/Add Fee*	SUNY Downstate	\$20.00
Late Registration Fee*	SUNY Downstate	\$40.00
Duplicate Diploma	SUNY Downstate	\$30.00
Mailing Fee Only	SUNY Downstate	\$9.00
Licensure	SUNY Downstate	\$15.00
Carrel Key replacement	SUNY Downstate	\$20.00*
Late Payment Fee*	SUNY Downstate	up to \$80.00 per semester
Return Check Fee	SUNY Downstate	\$20.00
Student Health Fee Full-Time Students/semester	SUNY Downstate	\$72.00
Student Health Fee Part-Time Students/credit	SUNY Downstate	\$6.00/cr
Technology Fee Full-time Students/semester	SUNY Downstate	\$159.50
Technology Fee Part-Time students/credit	SUNY Downstate	\$13.29/cr
Transcript Fee (Charged once per semester)	SUNY Downstate	\$5.00
Commencement Fee (charged in graduating semester)	SUNY Downstate	\$160.00
Late Payment Fee (for Payment Plan)	SUNY Downstate	\$10.00
Payment Plan Enrollment Fee	SUNY Downstate	\$25.00
Foreign Health Insurance	SUNY Downstate	\$542.50

Fees are subject to change subject to actions of SUNY or Downstate Health Sciences University.

TUITION AND FEES

New York State Residency Guidelines for Tuition Determination

An individual's domicile is that place where one maintains a permanent home and to which one intends to return. A residence hall is generally not considered a permanent home, and additional documentation is required for exceptions.

The deadline for change of residency by matriculated students with appropriate documentation are one month prior to the registration date for your college for the next semester (you must file a change for residency status six weeks prior to the registration deadline that you wish to have the change in effect). The Application for continuing/returning students is available in the Office of the Registrar.

Residency application for in-state versus out of state tuition rates for entering students are made by filing an application through the Office of Student Admissions.

A U.S. citizen or permanent resident of the U.S.A. whose domicile has been in New York State for a one-year period prior to registration pays in-state tuition rates. Persons who do not meet this one-year requirement are out of-state residents and pay out of state tuition rates. In-state rates will be applied to members of the U.S. Armed Forces, while on fulltime active duty in New York State. This classification is provided to the eligible individual only and not to the spouse or dependents of such person. Individuals who are not U.S. citizens or permanent residents of the U.S.A. must provide proof of immigration status before a residency determination can be made. Students on a temporary immigration status, aliens not lawfully present in the U.S.A. and students awaiting approval of an application for a change of immigration status are generally not eligible for New York State residency for tuition purposes. Each case will be considered individually, following State University of New York's "Administrative Policies on the Establishment of Residence for Tuition Purposes."

- A. The term resident is defined as an individual whose domicile is in New York State. The following principles would assist the residency determination under this policy.
1. An individual's domicile is that place where one maintains a permanent home and to which one intends to return. (In general, a residence hall is not considered a permanent home address.)
 2. One retains a given domicile until it is abandoned and another established.
 3. One does not acquire a new domicile simply by a presence in New York State for attendance at an institution of higher education. The act of living within the State's boundaries is, in itself, an insufficient demonstration of residency. The student must demonstrate establishment of a domicile (permanent place of abode) in New York State. Living in New York State solely for the purpose of attending a college or other postsecondary institution does not, in itself, demonstrate that legal residence has been established.
 4. The domicile of an unemancipated student is that of the parents or guardians. Evidence of emancipation must include the establishment of financial independence. Factors relevant to the determination of financial independence include, but are not limited to, the following:
 - a. employment of student on a full or part-time basis.
 - b. sources and extent of financial support by parents or guardian.

- c. sources and extent of other income.
 - d. independent filing by student of Federal or State income tax return.
 - e. parental claim of individual as dependent for exemption on Federal and State income tax return.
 - f. residence with parents or guardian during summer or other academic term recess.
 - g. status of student as financially independent for purposes of receipt of Federal and/or State financial assistance.
5. Proof of domicile is based upon an intention to make New York State a permanent home and the existence of facts tending to confirm such intention. Factors relevant to a determination of domicile include:
- a. residence of parents, spouse and children.
 - b. place of voter registration.
 - c. residence for personal income tax purposes.
 - d. financial independence, business pursuits, employment and income sources.
 - e. situs of motor vehicle and other personal property registration.
 - f. situs of real and personal property.
 - g. state issuing driver's license.

Student Health Insurance

(Health insurance charges are subject to change.)

For 2020-2021, the student health insurance policy offered through SUNY Downstate Health Sciences University is \$5,220 per year (Fall \$2,175.00; Spring \$3,045.00). Health insurance is mandatory for all full-time matriculated students, and for part-time matriculated students enrolled in a clinical course. The policy offered by the school can be waived if comparable coverage is claimed.

International Student Health Insurance

Students attending on an international student visa (F-1, J-1) are required to pay for SUNY sponsored health insurance, the exact amounts to be determined each year by SUNY. It can be waived if comparable coverage is shown.

Residence Hall Rental Refunds/Liability/Deposits

- 1) All students must pay an advance room deposit of \$500.00, payable to SUNY Downstate Health Sciences University at the time they submit their application for on-campus housing. This deposit is nonrefundable 60 calendar days prior to the start of the contract period. Students who defer payment of their deposit based on financial aid and fail to notify the housing office in writing 60 calendar days prior to the start of the contract period of their decision not to take on campus housing will be billed \$500.00.
- 2) Once either a single or married student/domestic partnership couple assumes occupancy, he/she is fully liable for the balance of the academic year rental except as indicated in #6 below. For rent liability purposes, the academic year shall be considered to be from the day before the beginning of the academic year for a specific program and class year to the day after the last day required by the academic program.
- 3) Students may remain in housing after their academic contract period ends. Students remaining in housing and returning for the fall will be offered a contract period for the fall semester that includes the non-academic period. A student exercising this option is considered to have assumed occupancy for the fall semester and is responsible for the full contract length.
- 4) Payment of the academic year rental obligation for single students can be in two installments, during Fall and Spring registration. Student licensees who intend to pay their rent from financial aid funds must obtain a letter of deferment from the Financial Aid Office and present it to the Bursar during registration. Advance deposits paid can be deducted from the fall payment.
- 5) The summer period shall be considered to be from June 1 through August 1. Liability for rent during the Summer period is based on actual occupancy, and is due on or before June 1.
- 6) A student licensee who vacates prior to the expiration of an academic year will be fully liable for the full academic year rental, except in the following instances:
 - a) Withdrawal due to induction into the military
 - b) Withdrawal due to circumstances beyond the control of the student (generally illness or illness in family)

A student licensee wishing to apply for a reduction in the rental charge for one of the reasons stated above must first complete the following procedures:

1. The student must submit a written request to the Director prior to checkout. This request must include justification and/or documentation for consideration for a reduction in rental obligation. Student licensees will be notified of any further documentation needed and of the approval or denial of their request.
2. Once approved, the student must return his/her room key to the main desk in 811 New York Avenue and sign the registration card. A member of the Residential Life staff will inspect the room and complete the room inventory form. The student must sign the room inventory form. At this time the student will be considered checked out.

APPENDIX II: ACADEMIC POLICIES

ACCREDITATION

SUNY Downstate Health Sciences University is accredited by the Middle States Commission on Higher Education, which was last re-affirmed on November 17, 2016. Our current accreditation status is located on their web site here: https://www.msche.org/institutions_view.asp?idinstitution=406

In addition to Middle States, over 90% of our students are enrolled in programs accredited by specialty accreditors. These include:

College of Medicine (MD Degree) – Liaison Committee on Medical Education (LCME)

School of Public Health (DrPH, MPH, and Advanced Certificate) – Council on Education for Public Health (CEPH)

School of Health Professions

- Diagnostic Medical Imaging (BS) – Commission on Accreditation of Allied Health Programs (CAAHP)
- Midwifery (MS, Advanced Certificate) – Accreditation Commission on Midwifery Education (ACME)
- Occupational Therapy (MS) – Accreditation Council for Occupational Therapy Education (ACOTE)
- Physical Therapy (BS/DPT) – Commission on Accreditation in Physical Therapy Education (CAPTE)
- Physician Assistant (MS) – Accreditation Review Committee for Physician Assistant (ARCPA)

College of Nursing

- RN to BS, Accelerated Nursing (BS) – Commission on Collegiate Nursing Education (CCNE)
- Women’s Health Nurse Practitioner, Family Nurse Practitioner (MS) – Commission on Collegiate Nursing Education (CCNE)
- Women’s Health Nurse Practitioner, Family Nurse Practitioner (Advanced Certificate) – Commission on Collegiate Nursing Education (CCNE)
- Nurse Midwifery is a joint program leading to the MS in the College of Nursing (Accredited by CCNE) and the Advanced Certificate in Midwifery in the School of Health Professions (Accredited by ACME).

POLICY ON TRANSFER CREDIT

This policy, in accordance with Federal Law, 34 CFR 602.24(e), assures that SUNY Downstate has transfer of credit policies that: (1) is publicly disclosed in accordance with section 668.43(a)(11); and (2) includes a statement of criteria established by the institution regarding the transfer of credit earned at another institution of higher education.

Policy

SUNY Downstate is an upper-division transfer and graduate institution. Students in our bachelor’s programs complete a minimum of 60 semester hours of pre-requisite courses prior to enrolling. Students in our graduate degree programs complete pre-requisite courses and a bachelor’s degree prior to enrolling. The pre-requisite courses are not taught at SUNY Downstate and must be taken at another institution of higher education. Pre-requisites for each program are listed on the [Admissions website](#) for each program. Completing the pre-requisites does not guarantee admission to SUNY Downstate or our programs.

The Office of Admissions evaluates transfer credit as part of the application process. Applicants are able to attend the accredited college(s) of their choice (as described below) to complete the pre-requisites prior to enrolling at Downstate. We accept credits from institutions, subject to the rules and limits of each program:

College Courses Completed in the United States

Official transcripts from all U.S. colleges/universities you have attended must be submitted in your application package, regardless of how long ago you attended the college or university and whether or not courses from those colleges/universities are being used for prerequisite courses. Please indicate on the application any courses in progress, or the processing of your application will be delayed.

Transfer Credits: We only accept credits from Colleges or Universities accredited by **regional accrediting organizations recognized by the Council of Higher Education Accreditation (CHEA)** such as: the Middle States Association of Colleges and Schools, the New England Association of Schools and Colleges, the North Central Association, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools, and the Western Association of Schools and Colleges. If you have any questions about whether a transfer course will be accepted, you should check with the Office of Admissions prior to enrolling in the course.

Studies Completed Outside of the United States

Applicants who have completed all or part of their post-secondary, college/university education in a country other than the United States are required to have a course-by-course, detailed, educational credential evaluation. The evaluation must be completed by a member of the National Association of Credential Evaluation Services (NACES). For a list of approved evaluation agencies, please review the NACES website at www.naces.org. Do not send your overseas college transcript in your application packet. Instead, the official course-by-course evaluation report must be sent directly from the agency to the Office of Admissions. Or go to: World Education Services at www.wes.org.

If your overseas courses have already been evaluated by an accredited U.S. college or university and the courses are listed on the college transcript individually with credit hours and grades, you may submit the transcript without a separate credential evaluation. However, if you are using any of the credits toward prerequisite courses for admission pre-requisites, you must still submit a complete course-by-course evaluation from a NACES member agency, even if the courses are listed on a transcript from a U.S. college or university.

Credit by Examination Programs

If you are fulfilling admissions requirements through the College-Level Examination Program (CLEP) examination, Regents College examinations, or Excelsior College examinations, you must have an official copy of your score report forwarded by the testing agency directly to the Office of Admissions (SUNY Downstate Health Sciences University, 450 Clarkson Avenue, MSC #60, Brooklyn, New York 11203), unless these credits already appear on the official transcripts of an accredited USA college or university.

The College Board (CLEP)
Tel: (609) 771-7865
www.collegeboard.com/clep

Dantes Subject Standardized Tests
Tel: (877) 471-9860
www.getcollegecredit.com

Excelsior College
Tel: (888)647-2388
www.excelsior.edu/exams

Course Equivalency Guides have been created to assist prospective students transferring into some programs. The Course Equivalency Guide is listed here: http://sls.downstate.edu/admissions/transfer_equiv/index.html

Questions about pre-requisites may be e-mailed to Student Admissions (admissions@downstate.edu).

Specific rules and restrictions regarding transfer into the College of Medicine are listed here:
<http://sls.downstate.edu/admissions/com/transfer/>

Online courses at accredited colleges may meet pre-requisite courses for most programs, though some programs require that lab courses required as pre-requisites be taken in-person.

There may be time limitations for courses meeting program of study credit or pre-requisite requirements. Check individual program requirements listed for each program on the Office of Student Admissions Web Site.

Articulation Agreements exist with many colleges and universities. Students, who are attending a college or university that is offering a program with an articulation agreement, should be careful to review the requirements of the agreement as the standard for guaranteed admission or transfer of credit may be more restrictive than those for applicants being considered for standard admission.

Transfer Credit Appeal Process

SUNY Downstate Health Sciences University's Transfer Credit Appeal Process is for students who do not agree with the campus decision regarding acceptance or placement of credit earned.

Who to contact:

Students wishing to pursue the transfer credit appeal process should first contact the Director of Admissions or designee by e-mail at admissions@downstate.edu. The Director of Admissions or designee will forward the question to the appropriate academic program director for review.

If a concern is not resolved through informal communication with the appropriate academic program director, the following process is available.

Appeal at the Student and campus level (available to all students):

The student submits a request to appeal to the Student Admissions Office, along with a letter outlining the reasons for the appeal, a catalog course description of the course in dispute from the year the course was taken, and any additional transfer course materials available. The appeal will be reviewed by representative(s) from Admissions, the program director, the Vice President for Student Affairs and the Dean of the SUNY Downstate school or college the student is applying to. Within 15 business days of the date of receipt of the appeal, a written response will be sent to the student regarding the disposition of the appeal.

The campus official responsible for the final determination of the acceptance or denial of transfer credit is the Vice President for Student Affairs, along with the Dean of the SUNY Downstate school or college the student is applying to.

Please note: If a decision is made to reverse the campus decision on a course, that reversal will apply only to that student, not to the generalized acceptability of the course.

Appeal at the SUNY System Level: (Available to students transferring from another State University of New York campus for coursework done at another SUNY campus only):

Appeal at the SUNY System level (available to SUNY transfer students only) can be found on-line at: <http://system.suny.edu/academic-affairs/student-mobility/student-transfer-appeal-process/>

If the student has not had a response from the campus within 15 business days, or is not satisfied with the response at the campus level, he/she can submit an appeal to the SUNY Provost with supporting materials. The SUNY Provost or designee will gain additional information from the receiving institution as needed. The SUNY Provost will respond to the student within five business days from receipt of completed appeal application.

If the SUNY Provost reverses the campus decision on a course, that reversal will apply only to that student, not to the generalized acceptability of the course. All decisions will be officially communicated to the student and the campus.

POLICY ON IDENTITY VERIFICATION

This policy describes the Student Identity Verification in Distance and Correspondence Education in compliance with US Department of Education, Office of Postsecondary Education Regulation 34 CFR 602.17(g).

Overview

Like many of our peer institutions, there are a number of courses at Downstate which utilize a mixed-methods approach to student learning. Most of these courses, however, still use traditional, in-class or in-lab evaluations and testing (including computer-based testing done on campus and under supervision of proctors and members of the faculty). The campus is in the process of updating its existing policies relating to courses that incorporate mixed or non-traditional methods of delivering course content. As a matter of policy, on an annual or semester basis (depending on how each individual school or college submits their course information), the Office of the Registrar obtains information from each course instructor as to whether their course is a distance learning course or has components that use distance learning.

At the present time, SUNY Downstate Health Sciences University (DHSU) does not have any programs that are, in their entirety, offered only by distance learning. The School of Public Health, the College of Nursing, and the School of Health Professions have each developed some online courses. The current model of instruction tends to be part of a course utilizing online materials, discussion boards, drop-boxes for assignment submission and other electronic formats available through our Course Management System (BLACKBOARD, utilizing the Angel Course Management software) but other parts of the course are taught in a traditional manner (e.g. classroom/lab), which serves to verify the confirmation of the identity of the student in the course. As of December, 2015, we have 16 courses that can be offered to students online in conjunction with other courses located on campus. We have convened a Distance Learning policy and implementation committee to monitor these efforts and set policy campus wide.

Methods used to ensure Student Identity Verification

Along with submitting applications that include identifying data, students matriculating into the Colleges of Medicine, Health Professions, Nursing, and the Schools of Public Health and Graduate Studies must complete a background check to further verify their identity. Downstate has a few non-matriculating students, primarily in the School of Public Health, who are required to submit information such as Driver's License or Passport along with their application.

Access is then provided to the students upon acceptance using their SID (Student Identification Number) and secure password provided to them. This provides access to all relevant systems at Downstate for courses that the individual student that is enrolled in through our LMS (Learning Management System) and Banner system. A diagram of steps used to provision accounts is attached, along with an accompanying detailed description.

We are currently reviewing technology such as biometric Signature recognition and remote exam proctoring software as we plan for our expected increase in Distance Learning.

Methods used to ensure Student Privacy

Student records are kept within our Student Information system (Banner), which utilizes secure sockets layer communication (SSL) and is accessible only on campus or from off campus via VPN (Virtual Private Network). Staff are provisioned with accounts that provide access to information they need, and there is a monthly Team Leader meeting in which issues such as provisioning other access to information is vetted. We are in the first phase of planning to install an add-on to our system called Banner Data Security, which will allow more robust security features as well as better auditing capabilities.

Students have access to their own records through Banner Self Service and can view some grading information in our LMS. Both systems share the same secure password and while students can share their own information with whomever they choose, they are advised not to provide this access to others as it reveals very personal information. Students can change passwords online through the email system or via a request to the helpdesk which is detailed in the attached account creation flowchart.

Notification regarding extra costs related to Identity Verification (such as proctoring)

College of Medicine students pay for the Background check via a service provided by the AMCAS and the results are included in the application submission to DHSU. Other students are informed of the process to acquire background checks as part of their application package. We do not currently ask students to incur any other costs related to this area.

Written procedures indicating offices responsible for the consistent application of Identity Verification

The offices of Student Affairs, Admissions, Academic and Library Computing, Information Security and the Helpdesk are responsible for the consistent application of Identity Verification. In addition to the workflow outlined on the attached diagram, representatives from the offices meet on a regular basis to review and look for improvement the processes as both policy and technology changes.

POLICY ON ASSIGNMENT OF CREDIT HOURS

SUNY Downstate Health Sciences University, as part of the State University of New York, has adopted the Carnegie Unit as a measure of academic credit. This policy defines how SUNY Downstate reviews new and existing courses and programs to assure our compliance with the SUNY Policy on Credit/Contact Hours (Document Number 1305) and the United States Department of Education definition of a credit hour as "an amount of work represented in intended learning outcomes and verified by evidence of student achievement."

Policy

SUNY Downstate Health Sciences University, as part of the State University of New York, has adopted the Carnegie Unit as a measure of academic credit. This is in compliance with the SUNY Policy on Credit/Contact Hours (Document Number 1305) and the United States Department of Education definition of a credit hour as "an amount of work represented in intended learning outcomes and verified by evidence of student achievement." (<http://ifap.ed.gov/dpccletters/attachments/GEN1106.pdf>)

Downstate offers a variety of instruction type of courses, including standard lecture and laboratory courses. In addition, as an academic health science center, many of our courses are practical learning experiences. Each individual school or college at Downstate reviews and approves their own curriculum, but all follow standard definitions as put forth by the institution, and are in full compliance with State University of New York policy.

Specifically, many courses follow the format of a standard credit hour awarded for fifteen 50-minute sessions of classroom instruction with a normal expectation of two hours of outside study for each class session. Therefore, a typical three credit hour course at Downstate meets for three 50-minute sessions per week for a fifteen week semester, and thus totaling 45 sessions. Another format commonly used is the practicum course, such as our clinical courses. For these courses, credit is awarded as defined by the State University of New York (Document Number 1305) for full-time independent study. Specifically, for clinical courses that meet full-time, one semester credit hour is awarded for each week of the course. For clinical courses that are not full-time, but rather interspersed with other coursework, one semester credit hour is awarded for every forty-five hours of involvement on the part of the student. As an example, a clinical course that meets for nine hours a week over the course of fifteen weeks would be assigned three semester credit hours.

New courses, revisions to current courses, and the programs of study are each approved through their respective college or school curriculum committee. It is the charge of each of these Committees to review and approve the curriculum only as it is in compliance with all federal, SUNY and national accreditation guidelines. In addition, virtually all of our programs must be individually accredited by their respective professional organizations. And each accrediting body reviews our courses for compliance with their individual requirements.

Depending on the individual school or college's by-laws, the approval for curriculum may only rest with the Curriculum Committee or it may also require approval by the faculty organization of the college or school. Final authority for the curriculum of each College rests with the Dean of the individual school or college and thus, ultimately, the Dean is responsible for ensuring that programs are reviewed periodically. The review of programs and curriculum is on-going and a continuous improvement process, with reviews occurring annually based on student feedback, changes in the discipline, and updated accreditation standards as published by the professional organizations. Any significant change in a course or a change in a program of study is required to be approved by the respective Curriculum Committee and may require approval by the State University of New York, the NYS Education Department, individual program accreditors, or Middle States.

POLICY ON STUDENT COMPLAINTS

Procedures

Any person who believes he/she has been aggrieved by SUNY Downstate or any of its schools or colleges may file a formal complaint with the Vice President for Student Affairs within 90 days of the alleged occurrence or event giving rise to the grievance. Although complaints may be made in person, by telephone, or in writing, the individual must file a formal complaint in writing. You will be asked to discuss your problem with a responsible college representative, one who may best be able to resolve your concerns. You should also review the section below on "Other Complaint Procedures" to determine if another procedure specific to your type of complaint exists.

In response to a written complaint, SUNY Downstate will investigate the allegations and respond to the grievant in a timely manner. Should the need arise, Downstate may contact the grievant for further information or clarification of the complaint. The complaint may be referred to a different responsible campus official for resolution (if appropriate or necessary); any final determination of a formal complaint will be made by an individual not directly involved in the alleged problem.

No adverse action will be taken by Downstate, or its official representatives or employees, against the student or other complainant based on the individual having filed a complaint. (See "Retaliation", below.)

The College will maintain a written record of the complaint and its resolution or disposition, including appropriate documentation, for a period of six years. Such file will be retained in the Office of the Vice President for Student Affairs and will not be part of the student's file.

If a grievant wish, he/she may also file a formal written complaint with the New York State Education Department in accordance with their guidelines (see below). The State Education Department Recommends that the complainant try to resolve the complaint with the institution prior to filing a complaint with the Department. An official complaint form and guidelines are available on their web site.

Students who are attending SUNY Downstate via distance learning where they are physically located in a state other than the State of New York can also file a complaint with the appropriate educational authority within that state. For information about how to file complaints as student who is distance learning and located outside of New York State, visit the NC-SARA web site: <https://nc-sara.org/student-complaints>.

Retaliation

Anyone who participates in this procedure has the right to do so without fear of or actual retaliation. It will be made clear to all parties that retaliation against an employee or a student, or third parties participating in a University sponsored program or affiliated activity, who has filed a complaint, or against any witness or other participant in this process, will result in appropriate sanctions or disciplinary action as covered by SUNY Downstate policies or applicable collective bargaining agreements. These sanctions will be invoked for retaliation regardless of the merits of the original complaint.

Retaliation is an adverse action taken against an individual as a result of the filing of a complaint, exercising a legal right, and/or participating in a complaint investigation as a third party witness. Participants who experience retaliation should contact the Vice President for Student Affairs, the Assistant Vice President for Diversity and Inclusion and/or Title IX Coordinator.

Other Complaint Procedures: Academic Matters, Discrimination, & Sexual Violence

Prior to filing a complaint, please note that each individual college or school has specific procedures for resolving academic complaints regarding assignment of grades (including individual exam/assignment or course grades), academic dismissal, or other academic matters. The established procedure, which is in the Student Handbook under the section for each individual school/college, should be utilized before filing a formal complaint.

Specific procedures for filing of complaints of Discrimination, which are handled by the SUNY Downstate Office of Diversity & Inclusion, and complaints regarding sex discrimination and sexual violence, which are handled by the SUNY Downstate Title IX Coordinator, are located in the Student Handbook and here: http://www.downstate.edu/diversity/complaint_procedure.html

Please note: Complaints regarding medical or patient care, violations of HIPAA, or other complaints relating to University Hospital of Brooklyn (except as it relates to a student's clinical educational experience) should follow the procedures of the SUNY Downstate Office of Compliance and Audit Services. Instructions to file a complaint in this regard are found on their web site: <http://www.downstate.edu/compliance/>

Continuous Improvement

Regularly, but no less often than once each year, the Office of the Vice President for Student Affairs shall provide the President and the Council of Deans which meets regularly with him/her, a report of the complaints received for that year and their resolution. The report shall address if there are any trends in complaints, as well as making recommendations for improvements to or new policies or procedures which would be designed to prevent valid complaints from repeating.

How to File a Complaint with the NYS Education Department

Section 494C(j) of the Higher Education Act of 1965, as amended, provides that a student, faculty member or any other person who believes he or she has been aggrieved by an institution of higher education has the right to file a written complaint.

In New York State, a complaint may be filed by any person with reason to believe that an institution has acted contrary to its published standards or that conditions at the institution appear to jeopardize the quality of the institution's instructional programs or the general welfare of its students. Any person who believes he or she has been aggrieved by an institution on or after May 4, 1994, may file a written complaint with the Department within three years of the alleged incident.

How to File a Complaint with the Department of Education

- The person should first try to resolve the complaint directly with the institution by following the internal complaint procedures provided by the institution. An institution of higher education is required to publish its internal complaint procedure in a primary information document such as the catalog or student handbook. (The Department suggests that the complainant keep copies of all correspondence with the institution.)
- If a person is unable to resolve the complaint with the institution or believes that the institution has not properly addressed the concerns, he or she may send a letter to the Postsecondary Complaint Registry to request a complaint form:

New York State Education Department
Office of College & University Evaluation
Mezzanine 5 North
Albany, New York 12230

- The Postsecondary Complaint Registry Form should be completed, signed, and sent to the above address. The completed form should indicate the resolution being sought and any efforts that have been made to resolve the complaint through the institution's internal complaint processes. Copies of all relevant documents should be included.
- After receiving the completed form, the Department will notify the complainant of its receipt and make any necessary request for further information. When appropriate, the Department will also advise the institution that a complaint has been made and, when appropriate, the nature of the complaint. The complainant will also be notified of the name of the evaluator assigned to address the specific complaint. The evaluator may contact the complainant for additional information.
- The Department will make every effort to address and resolve complaints within ninety days from the receipt of the complaint form.

Students residing outside New York State seeking information about how to file a complaint should reference this link: <http://system.suny.edu/academic-affairs/distance-learning/>

Complaint Resolution

Some complaints may fall within the jurisdiction of an agency or organization other than the State Education Department. These complaints will be referred to the entity with appropriate jurisdiction. When a complaint concerns a matter that falls solely within the jurisdiction of the institution of higher education, the complainant will be notified and the Department will refer the complaint to the institution in question and request that the matter receive a review and response.

Upon conclusion of the Department's complaint review or upon a disposition of the complaint by referral to another agency or organization, or to the institution of higher education, the Department will issue a written notice to the complainant describing the resolution of the complaint. The complainant may contact the Department evaluator directly for follow-up information or for additional assistance.

POLICIES FOR STUDENTS ON EXPOSURE TO INFECTIOUS AND ENVIRONMENTAL HAZARDS AND CARE FOR STUDENTS WHO HAVE BEEN EXPOSED, AND THE EFFECT ON LEARNING ACTIVITIES

Note: These policies mirror specific policies adopted by the College of Medicine which are located in the College of Medicine section of this Handbook.

Training Students on Exposure to Infectious & Environmental Hazards

This policy describes the mandatory training and education to insure our students understand how to protect themselves against infectious and environmental hazards.

Policy

During Orientation

- Students must attend a mandatory OSHA presentation by the Director of the Student Health Service, who discusses the following:
 - o The prevention of sharps and splash exposures, personal protective equipment (PPE), and steps to take if an exposure occurs.
 - o Information about hepatitis B, hepatitis C and HIV infection
 - o How to find additional information in the "Exposure to Blood and Body Fluids" section of the Student Health website, and in the Student Handbook which is distributed to students on a flash drive at Orientation and is also available online. OSHA training is performed annually.
 - o In all instances, standard and universal precautions are to be utilized by all students during patient care activities.

- Some students in New York State are required to receive training in Infection Control and Barrier Precautions which is given by the Hospital Infection Control Department, Division of Infectious Diseases. This New York State approved course is valid for a four year period.
- Wallet-sized cards are distributed to all students that contain:
 - Information about “Universal Standard Precautions” which includes PPE and steps to take in case of exposure, including follow-up care at Student Health.
 - A second card is distributed which contains emergency phone numbers and the HIV post-exposure protocol.
- Depending on their program, some students must be “fit-tested” for N-95 particulate respirators and receive a respirator for personal use.
- Documentation of required training is required prior to the student’s entrance into clinical training.

Procedures for Care & Treatment after Exposure to an Infectious or Environmental Hazard

Purpose

This policy describes the procedures for care and treatment after exposure to an infectious or environmental hazard including a definition of financial responsibility.

Policy

- Immediately after exposure to a needle puncture or mucous membrane exposure to blood or other potentially infectious material (OPIM) the student should:
 - Clean wound with soap and water or flush affected mucous membranes with clear water
 - Contact his or her supervisor. The student should not rely on fellow students or house staff for instructions.
- The student should report to the following depending on the site of clinical rotation or care:
 - For exposures at SUNY Downstate during normal working hours, the student should report to the Student Health Service. When Student Health Services is closed, report to the Emergency Room at SUNY Downstate.
 - For exposures at Kings County Hospital, the student should report to the Emergency Room at KCH.
 - For exposures at other clinical sites, the student should ask the nurse in charge, who will be able to direct the student how to proceed, e.g., to the Emergency Room or the Employee Health Service.
- If the student was not initially seen at the Student Health Services, the student should report there when it next opens for the necessary follow-up care. The Student Health Center is located at 440 Lenox Road, Apt 1-S, and is open Mon-Fri, 9 am-4 pm. The contact number is 718-270-1995 or 2018.
- Services received at Student Health will be at no charge. Charges to the student’s insurance for services received in the KCH Emergency Room may be reversed by having the student report to the KCH Employee Health Service within 5 days. The student’s insurance may be charged for services received at other clinical sites.
- It is the responsibility of the site of the clinical rotation to provide the appropriate follow-up of the source patient, if known.

Policy on Effects of Infectious Disease or Disability on Student Learning Activities

Purpose

This policy describes the effects of infectious and environmental disease or disability on student learning activities.

Policy

- All SUNY Downstate schools and colleges abide by the center-wide policy on HIV and other infectious or communicable diseases (see Section 20 of SUNY Downstate Health Sciences University UHB Policies and Procedures): and shall not discriminate against any person on the basis of HIV status or other communicable diseases (e.g. Hepatitis B, Hepatitis C). SUNY Downstate may not require a test for verification of HIV status or other communicable diseases for the purpose of attaining or maintaining academic admission or continued matriculation.
- SUNY Downstate shall maintain confidentiality regarding communicable diseases (e.g. HIV testing, HIV status, or AIDS-related conditions) of its students in accordance with all applicable federal, state and local laws and regulations and in accordance with all policies and procedures of SUNY Downstate Health Sciences University.
- For students who are infected with hepatitis B, hepatitis C, and/or HIV the risk of transmission to patients increases with the invasiveness of the procedure provided by the student and his/her viral load. The Society for Healthcare Epidemiology of America (SHEA) has issued guidelines for the above infections in healthcare workers, including students. The full report may be accessed at “Infection Control and Hospital Epidemiology”, March 2012, Vol. 31, No. 3. There are three categories of healthcare-associated procedures according to risk of transmission:
 - Procedures with de minimus risk of bloodborne virus transmission.
 - Procedures for which bloodborne virus infection is theoretically possible but unlikely.
 - Procedures for which there is definite risk of bloodborne virus transmission or that have been classified previously as “exposure-prone”.

An expert panel may be convened to counsel students who are known to be infected with hepatitis B, hepatitis C and/or HIV if they are performing Category II or Category III procedures, and have viral loads above those recommended in the SHEA guidelines for each infection.

- No person shall be subject to adverse education actions or removed from educational experiences solely because of a non-task related disability. Reasonable accommodations will be made for students with communicable disease consistent with the current state of knowledge on transmission of infection. If the Director of the Student Health Services determines that the safety of a student or the safety of others in contact with the student are at risk, the Director will contact the Dean of the college or school the student is enrolled in (or their designee). The Dean will then convene a panel to review and recommend educational activities for the student in question that are based on current state of knowledge on the infection.

Student Exposure to Extraordinary Infectious or Environmental Hazards Policy

Purpose

The purpose of this policy is to address student exposure to infectious and environmental hazards and to promote student health and safety during periods when extraordinary outbreaks of infectious disease or environmental hazards may affect the educational program for an individual student, group of students, or all students at SUNY Downstate. This policy specifically includes epidemics, pandemics or extraordinary environmental hazards that potentially threaten the health and safety of students in clinical environments. It does not include infectious or environmental exposure encountered in normal clinical activities. The latter policy regarding the effects of infectious diseases is also included in the Student Handbook (above).

Policy

1. The Dean of the individual school of college, working with the appropriate associate dean, program chair, or clinical coordinators, will determine the extent of student participation in academic and clinical activities when potential exposure to infectious or environmental hazards substantially exceeds expected standards. This may involve individual or small groups of students with potential exposure to a specific high risk environment or wide spread occurrences such as epidemics or pandemics.
2. The decision of the Dean (or his/her designee) will be based on the following principles:
 - a. While such situations may provide a unique learning experience the potential educational benefits must be weighed against student health and safety concerns, public health concerns and the objectives of the educational program. The first priority for students will be their health and safety.
 - b. Students are in an educational role and should not be involved in clinical activities that go beyond the roles performed in the normal clinical environment. Students may participate in clinical activities during periods of significant risk according to the level of clinical competence of the student and the assessment of risk of the clinical environment.
 - c. Academic education activities should continue wherever possible regardless of the cancellation of clinical education activities.
 - d. Students are not permitted to volunteer for involvement in clinical activities during situations subject to this policy without the approval of the Dean of the school or college they are enrolled in (or their designee).
 - e. As a matter of general course, all students will:
 - i. Have their immunization record reviewed annually and updated as needed through the Student Health Service
 - ii. Be mask-fitted (if appropriate for their academic program) through the Student Health Service
 - iii. Be schooled in the concept of universal precautions and techniques for infection control before exposure to clinical activities
3. It is the responsibility of faculty members, staff and students to notify the Dean in a timely manner of the existence of any hazardous environment that might affect students.
4. Any decisions made under this policy will be communicated promptly to students, faculty, and healthcare organizations affected by the decision.
5. The procedures for care and treatment of students after occupational exposure, and any secondary disability, would be addressed through Student Health Services at Downstate Health Sciences University.

Definitions

Epidemic: epidemic is a classification of a disease that appears as new cases in a given human population, during a given period, at a rate that substantially exceeds what is “expected,” based on recent experience

Pandemic: pandemic is an epidemic that spreads through human populations across a large region (for example a continent), or even worldwide.

Environmental Hazards: “Environmental hazard” is a generic term for any situation or state of events which poses a threat to the surrounding environment.

APPENDIX III: FEDERAL & STATE REGULATIONS

SEXUAL VIOLENCE RESPONSE POLICY

In accordance with the Students' Bill of Rights, reporters of sexual violence shall have the right to pursue more than one of the options below at the same time, or to choose not to participate in any of the options below:

I. REPORTING:

To disclose *confidentially* the incident to one of the following college officials, who by law may maintain confidentiality, and can assist in obtaining services (more information on confidential reporting is available in the Options for Confidentially Disclosing Sexual Violence Policy):

- Student Counseling Service, 440 Lenox Road Apt 1-M, (718) 270-1408;
- Student & Employee Health, 440 Lenox Road Apt 1-S, (718) 270-1995/2018;
- Employee Assistance Program, (718) 270-1489

To disclose *confidentially* the incident and obtain services from the New York State, New York City or county hotlines: <http://www.opdv.ny.gov/help/dvhotlines.html>. Additional disclosure and assistance options are catalogued by the Office for the Prevention of Domestic Violence and presented in several languages: <http://www.opdv.ny.gov/help/index.html> (or by calling 1-800-942-6906), and assistance can also be obtained through:

- SurvJustice: <http://survjustice.org/our-services/civil-rights-complaints/>;
- Legal Momentum: <https://www.legalmomentum.org/>;
- NYSCASA: <http://nyscasa.org/responding>;
- NYSCADV: <http://www.nyscadv.org/>;
- Pandora's Project: <http://www.pandys.org/lgbtsurvivors.html>;
- GLBTQ Domestic Violence Project: <http://www.glbtqdv.org/>; and
- RAINN: <https://www.rainn.org/get-help>.
- Safe Horizons: <http://www.safehorizon.org/>.

(Note that these hotlines are for crisis intervention, resources, and referrals, and are not reporting mechanisms, meaning that disclosure on a call to a hotline does not provide any information to the campus. Victims/survivors are encouraged to additionally contact a campus confidential or private resource so that the campus can take appropriate action in these cases).

To disclose the incident to one of the following college officials who can offer privacy and can provide information about remedies, accommodations, evidence preservation, and how to obtain resources. Those officials will also provide the information contained in the Students' Bill of Rights, including the right to choose when and where to report, to be protected by the institution from retaliation, and to receive assistance and resources from the institution. These college officials will disclose that they are private and not confidential resources and they may still be required by law and college policy to inform one or more college officials about the incident, including but not limited to the Title IX Coordinator. They will notify reporting individuals that the criminal justice process uses different standards of proof and evidence than internal procedures, and questions about the penal law or the criminal process should be directed to law enforcement or district attorney:

- Title IX Coordinator
- Vice President for Student Affairs; and
- University Police (24 hours/day, 7 days a week).

To file a criminal complaint with University Police and/or with local law enforcement and/or the New York State Police:

- University Police – (718) 270-2626, University Hospital Room A1-339
- New York City Police Department, 67th Precinct – 911 or (718) 287-3211, 2820 Snyder Avenue, Brooklyn, NY 11203 (between Nostrand and Rogers Avenues)
- New York State Police 24-hour hotline to report sexual assault on a NY College Campus: 1-844-845-7269.

To receive assistance by the Office of Student Affairs or the Title IX Coordinator in initiating legal proceedings in family court or civil court.

To file a report of sexual assault, domestic violence, dating violence, and/or stalking, and/or talk to the Title IX Coordinator for information and assistance. Reports will be investigated in accordance with Downstate Health Sciences University policy and the reporting individual's identity shall remain private at all times if said reporting individual wishes to maintain privacy. If a reporting individual wishes to keep his/her identity anonymous, he or she may call anonymously to discuss the situation and available options:

- Roxanna Thomas, JD, MS, Title IX Director, Basic Sciences Building 5-95, AskODI@downstate.edu, 718-270-1738, www.downstate.edu/diversity/title-ix

When the accused is an employee, a reporting individual may also report the incident to the Downstate Health Sciences University Office of Labor Relations or may request that one of the above referenced confidential or private employees assist in reporting to the Office of Labor Relations. Disciplinary proceedings will be conducted in accordance with applicable collective bargaining agreements. When the accused is an employee of an affiliated entity or vendor of the college, college officials will, at the request of the reporting individual, assist in reporting to the appropriate office of the vendor or affiliated entity and, if the response of the vendor or affiliated entity is not sufficient, assist in obtaining a persona non grata letter, subject to legal requirements and college policy.

- Office of Labor Relations, (718) 270-3019, 420 Lenox Road

You may withdraw your complaint or involvement from the Downstate Health Sciences University process at any time.

Regardless of which SUNY Downstate representative that the reporting individual contacts or submits a report to, at the first instance of disclosure, the reporting individual shall be informed that, under New York State Law: You have the right to make a report to University Police or Campus Security, local law enforcement, and/or State Police or choose not to report; to report the incident to your institution; to be protected by the institution from retaliation for reporting an incident; and to receive assistance and resources from your institution.

II. RESOURCES

To obtain effective intervention services.

- Student Counseling Service, 440 Lenox Road Apt 1-M, (718) 270-1408. There is no charge for services.
- Student & Employee Health, 440 Lenox Road Apt 1-S, (718) 270-1995/2018. Some services may be billed to your insurance.
- Kings County Hospital, 451 Clarkson Avenue, (718) 245-5209. Sexual contact can transmit Sexually Transmitted Infections (STI) and may result in pregnancy. Testing for STIs and emergency contraception is available; fees will be charged for services, insurance is accepted. The Kings County Hospital Emergency Department has a Rape Crisis Program with a trained Sexual Assault Response Team (SART).
 - Within 96 hours of an assault, you can get a Sexual Assault Forensic Examination (commonly referred to as a rape kit) at a hospital. While there should be no charge for a rape kit, there may be a charge for medical or counseling services off campus and, in some cases, insurance may be billed for services. You are encouraged to let hospital personnel know if you do not want your insurance policyholder to be notified about your access to these services. The New York State Office of Victim Services may be able to assist in compensating victims/survivors for health care and counseling services, including emergency funds. More information may be found here: http://www.ovs.ny.gov/files/ovs_rights_of_cv_booklet.pdf, or by calling 1-800-247-8035. Options are explained here: <http://www.ovs.ny.gov/helpforcrimevictims.html>.
 - To best preserve evidence, victims/survivors should avoid showering, washing, changing clothes, combing hair, drinking, eating, or doing anything to alter physical appearance until after a physical exam has been completed.

III. PROTECTION AND ACCOMMODATIONS

- When the accused is a student, to have the college issue a “No Contact Order,” consistent with SUNY Downstate Policy and Procedure, meaning that continuing to contact the protected individual is a violation of college policy subject to additional conduct charges; if the accused and a protected person observe each other in a public place, it is the responsibility of the accused to leave the area immediately and without directly contacting the protected person. Both the accused/respondent and reporting individual may request a prompt review of the need for and terms of a No Contact Order, consistent with SUNY Downstate policies. Parties may submit evidence in support of their request.
- To have assistance from University Police or other college officials in initiating legal proceedings in family court or civil court, including, but not limited to, obtaining an Order of Protection or, if outside of New York State, an equivalent protective or restraining order.
- To receive a copy of the Order of Protection or equivalent and have an opportunity to meet or speak with a college official who can explain the order and answer questions about it, including information from the Order about the accused’s responsibility to stay away from the protected person(s); that burden does not rest on the protected person(s).
- To an explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and interim suspension.
- To have assistance from University Police in effecting an arrest when an individual violates an Order of Protection or, if outside of New York State, an equivalent protective or restraining order within the jurisdiction of University Police.
- When the accused is a student and presents a continuing threat to the health and safety of the community, to have the accused subject to interim suspension pending the outcome of a conduct process. Parties may request a prompt review of the need for and terms of an interim suspension.
- When the accused is not a student but is a member of the college community and presents a continuing threat to the health and safety of the community, to subject the accused to interim measures in accordance with applicable collective bargaining agreements, employee handbooks, and SUNY Downstate policies and rules.
- When the accused is not a member of the college community, to have assistance from University Police or other college officials in obtaining a persona non grata letter, subject to legal requirements and college policy.
- To obtain reasonable and available interim measures and accommodations that effect a change in academic, housing, employment, transportation, or other applicable arrangements in order to ensure safety, prevent retaliation, and avoid an ongoing hostile environment. Parties may request a prompt review of the need for and terms of any interim measures and accommodations that directly affect them. While reporting individuals may request accommodations through any of the offices referenced in this policy, the following offices can serve as a point to assist with these measures:
 - Office of Diversity and Inclusion – (718) 270-1738
 - Office of Student Affairs – (718) 270-2187

IV. STUDENT CONDUCT PROCESS

- To request that student conduct charges be filed against the accused. Conduct proceedings are governed by the procedures set forth in the Downstate Health Sciences University Student Handbook, http://sls.downstate.edu/student_affairs/handbook.html, as well as federal and New York State law, including the due process provisions of the United States and New York State Constitutions.
- Throughout conduct proceedings, the respondent and the reporting individual will have:
 - The same opportunity to be accompanied by an advisor of their choice who may assist and advise the parties throughout the conduct process and any related hearings or meetings. Participation of the advisor in any proceeding is governed by federal law and the Student Code of Conduct;
 - The right to a prompt response to any complaint and to have their complaint investigated and adjudicated in an impartial and thorough manner by individuals who receive annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the respondent, including the right to a presumption that the respondent is “not responsible” until a finding of responsibility is made, and other issues related to sexual assault, domestic violence, dating violence, and stalking.
 - The right to an investigation and process conducted in a manner that recognizes the legal and policy requirements of due process (including fairness, impartiality and a meaningful opportunity to be heard) and is not conducted by individuals with a conflict of interest.
 - The right to receive advance written or electronic notice of the date, time, and location of any meeting or hearing they are required to or are eligible to attend. Accused individuals will also be told the factual allegations concerning the violation, a reference to the specific code of conduct provisions alleged to have been violated, and possible sanctions.
 - The right to have a conduct process run concurrently with a criminal justice investigation and proceeding, except for temporary delays as requested by external municipal entities while law enforcement gathers evidence. Temporary delays should not last more than 10 days except when law enforcement specifically requests and justifies a longer delay.
 - The right to offer evidence during and to review available relevant evidence in the case file (or otherwise held by SUNY Downstate).
 - The right to present evidence and testimony at a hearing where appropriate.
 - The right to a range of options for providing testimony via alternative arrangements, including telephone/videoconferencing or testifying with a room partition.
 - The right to exclude prior sexual history with persons other than the other party in the conduct process or their own mental health diagnosis or treatment from admittance in college disciplinary stage that determines responsibility. Past findings may be admissible in the disciplinary stage that determines sanction.
 - The right to ask questions of the decision maker and via the decision maker indirectly request responses from other parties and any other witnesses present.
 - The right to make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.
 - The right to simultaneous (among the parties) written or electronic notification of the outcome of a conduct proceeding, including the decision, any sanctions, and the rationale for the decision and any sanctions.
 - The right to know the sanction(s) that may be imposed on the accused based upon the outcome of the conduct proceeding and the reason for the actual sanction imposed. For students found responsible for sexual assault, the available sanctions are suspension with additional requirements and expulsion/dismissal.
 - Access to at least one level of appeal of a determination before a panel, which may include one or more students, that is fair and impartial and does not include individuals with a conflict of interest.
 - The right to have access to a full and fair record of a student conduct hearing, which shall be preserved and maintained for at least five years.
 - Contact the Office of Student Affairs for more information about the student conduct process = (718) 270-2187, Basic Sciences Building, Room 1-112.
 - The right to choose whether to disclose or discuss the outcome of a conduct hearing.
 - The right to have all information obtained during the course of the conduct or judicial process be protected from public release until the appeals panel makes a final determination unless otherwise required by law.

DEFINITION OF AFFIRMATIVE CONSENT

Under New York State Law, Affirmative Consent is defined as follows:

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Please note that to comply with the above definition of Affirmative Consent, you should remember the following:

- Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent may be initially given but withdrawn at any time.
- Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
- Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- When consent is withdrawn or can no longer be given, sexual activity must stop.

POLICY FOR ALCOHOL AND/OR DRUG USE AMNESTY IN SEXUAL AND INTERPERSONAL VIOLENCE CASES

The health and safety of every student at the State University of New York and its State-operated and community colleges is of utmost importance. SUNY Downstate recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. SUNY Downstate strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to SUNY Downstate officials or law enforcement will not be subject to SUNY Downstate's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

[This policy applies to students and refers to the student conduct code, not to academic or external policies and requirements. Further, students in clinical programs may also be subject to professional standards beyond the campus conduct code. In a clinical setting, being under the influence of alcohol or drugs while performing patient care cannot be overlooked.]

SUNY DOWNSTATE HEALTH SCIENCES UNIVERSITY

STUDENTS' BILL OF RIGHTS

The State University of New York and Downstate Health Sciences University (Downstate) are committed to providing options, support and assistance to survivors of sexual assault, domestic violence, dating violence, and/or stalking to ensure that they can continue to participate in Downstate University-wide and campus programs, activities and employment. All survivors of these crimes and violations, regardless of race, color, national origin, religion, creed, age, disability, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence status, or criminal conviction, have the following rights, regardless of whether the crime or violation occurs on campus, off campus, or while studying abroad:

All Students Have The Right To:

1. Make a report to local law enforcement and/or the New York State Police.
2. Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously.
3. Make a decision about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure from the institution.
4. Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard.
5. Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available.
6. Be free from any suggestions that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations.
7. Describe the incident to as few institutional representatives as practicable and not to be required to unnecessarily repeat a description of the incident.
8. Be free from retaliation by the institution, the accused and/or the respondent, and/or their friends, family, and acquaintances within the jurisdiction of the institution.
9. Access to at least one level of appeal of a determination.
10. Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process.
11. Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the University.

Options in Brief

Survivors have many options that can be pursued simultaneously, including one or more of the following:

- Receive resources, such as counseling and medical attention;
- Confidentially or anonymously disclose a crime or a violation (for detailed information on confidentiality and privacy visit downstate.edu/diversity/title-ix.html)
- Make a report to:
 - **The Title IX Coordinator**
718-270-1738
 - **Office of Student Affairs**
718-270-2187
 - **Office of Labor Relations**
718-270-3019
 - **Department of Police and Public Safety**
718-270-2626
 - **Local Law Enforcement - 67th Police Precinct**
718-287-3211
 - **Family Court or Civil Court**
347-401-9610 Family Court
347-404-9123 Civil Court

Copies of this Bill of Rights shall be distributed annually to students, made available on every college's website, and posted in each campus residence hall, dining hall and student union or campus center and shall include links or information to access the Sexual Violence Response Policy and the Options for Confidentially Disclosing Sexual Violence.

OPTIONS FOR CONFIDENTIALLY DISCLOSING SEXUAL VIOLENCE

The State University of New York and Downstate Health Sciences University (Downstate) want you to get the information and support you need regardless of whether you would like to move forward with a report of sexual violence to campus officials or to police. You may want to talk with someone about something you observed or experienced, even if you are not sure that the behavior constitutes sexual violence. A conversation where questions can be answered is far superior to keeping something to yourself. Confidentiality varies, and this document is aimed at helping you understand how confidentiality applies to different resources that may be available to you.

In this Policy:

- Privileged and Confidential Resources
- Privacy versus Confidentiality
- Requesting Confidentiality: How the College/University Will Weigh the Request and Respond
- Public Awareness/Advocacy Events
- Anonymous Disclosure
- Institutional Crime Reporting

PRIVILEGED AND CONFIDENTIAL RESOURCES

Individuals who are *confidential* resources will not report crimes to law enforcement or college officials without your permission, except for extreme circumstances, such as a health and/or safety emergency. At Downstate, this includes:

- Downstate Student Counseling Service: counseling@downstate.edu, (718) 270-1408
- Employee Assistance Program, Dr. Magda Alliancin, Director, (718) 270-1489
- Individuals serving in a pastoral role under Downstate's Department of Pastoral Care: Reverend Sharon Codner-Walker, Sharon.Walker@downstate.edu, (718) 270-2594
- Downstate physicians, licensed medical professionals or supervised interns when they are engaged in a physician/patient relationship: Student & Employee Health, 440 Lenox Road, Apt 1-S, (718) 270-1995/2018 (Please note that this does not include physicians, licensed medical professionals or supervised interns who are engaged with the reporting individual in a faculty/student relationship or supervisor/supervisee relationship. Physicians, licensed medical professionals or supervised interns working within the Student & Employee Health Service do not serve in a faculty role.)

Off-campus options to disclose sexual violence *confidentially* include (note that these outside options do not provide any information to the campus):

- Off-campus counselors and advocates. Crisis services offices will generally maintain confidentiality unless you request disclosure and sign a consent or waiver form. More information on an agency's policies on confidentiality may be obtained directly from the agency.

- **Crisis Centers**

Safe Horizon Brooklyn – 320 Schermerhorn St, 1st Fl, Brooklyn, NY (718) 330-5400 (toll free 800-621-4673)

CAMBA – 885 Flatbush Avenue, Brooklyn, NY (718) 282-5575 (toll free 800-310-2449)

Safe Horizon NYC– 2 Lafayette Street, 3rd FL, NY, NY (718) 943-8655 (hotline 212-227-3000)

- **Hospital SAFE/SANE Programs**

These local facilities are staffed by professionals trained to provide compassionate, knowledgeable assistance and support for sexual assault victims.

Kings County Hospital Center – 451 Clarkson Avenue, Brooklyn, NY (718) 245-3131

Coney Island Hospital – 2601 Ocean Parkway, Brooklyn, NY (718) 616-4400

Woodhull Medical Center – 760 Broadway, Brooklyn, NY (718) 963-8442

- Off-campus healthcare providers

Note that medical office and insurance billing practices may reveal information to the insurance policyholder, including medication and/or examinations paid for or administered. The New York State Office of Victim Services may be able to assist in compensating victims/survivors for health care and counseling services, including emergency compensation. More information may be found here: http://www.ovs.ny.gov/files/ovs_rights_of_cv_booklet.pdf, or by calling 1-800-247-8035. Options are explained here: <http://www.ovs.ny.gov/helpforcrimevictims.html>.

Note that even individuals who can typically maintain confidentiality are subject to exceptions under the law, including when an individual is a threat to him or herself or others and the mandatory reporting of child abuse.

PRIVACY VERSUS CONFIDENTIALITY

Even Downstate offices and employees who cannot guarantee *confidentiality* will maintain your *privacy* to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible under the law for tracking patterns and spotting systemic issues. Downstate will limit the disclosure as much as possible, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

REQUESTING CONFIDENTIALITY: HOW DOWNSTATE WILL WEIGH THE REQUEST AND RESPOND:

If you disclose an incident to a Downstate employee who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality or do not consent to the institution's request to initiate an investigation, the Title IX Coordinator must weigh your request against our obligation to provide a safe, non-discriminatory environment for all members of our community, including you.

We will assist you with academic, housing, transportation, employment, and other reasonable and available accommodations regardless of your reporting choices. While reporting individuals may request accommodations through several college offices, the following office can serve as a primary point of contact to assist with these measures Title IX Coordinator, Office of Diversity & Inclusion, (718) 270-1738. We also may take proactive steps, such as training or awareness efforts, to combat sexual violence in a general way that does not identify you or the situation you disclosed.

We may seek consent from you prior to conducting an investigation. You may decline to consent to an investigation, and that determination will be honored unless Downstate's failure to act does not adequately mitigate the risk of harm to you or other members of the Downstate community. Honoring your request may limit our ability to meaningfully investigate and pursue conduct action against an accused individual. If we determine that an investigation is required, we will notify you and take immediate action as necessary to protect and assist you.

When you disclose an incident to someone who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality, Downstate will consider many factors to determine whether to proceed despite that request. These factors include, but are not limited to:

- Whether the accused has a history of violent behavior or is a repeat offender;
- Whether the incident represents escalation, such as a situation that previously involved sustained stalking;
- The increased risk that the accused will commit additional acts of violence;
- Whether the accused used a weapon or force;
- Whether the reporting individual is a minor; and
- Whether we possess other means to obtain evidence such as security footage, and whether the report reveals a pattern of perpetration at a given location or by a particular group.

If SUNY Downstate determines that it must move forward with an investigation, the reporting individual or victim/survivor will be notified and SUNY Downstate will take immediate action as necessary to protect and assist them.

PUBLIC AWARENESS/ADVOCACY EVENTS

If you disclose a situation through a public awareness event such as "Take Back the Night," candlelight vigils, protests, or other public event, the University is not obligated to begin an investigation. Downstate may use the information you provide to inform the need for additional education and prevention efforts.

ANONYMOUS DISCLOSURE:

The New York State Hotline is for crisis intervention, resources and referrals and is not a reporting mechanism.

- New York State Hotline for Sexual Assault and Domestic Violence: 1-800-942-6906

INSTITUTIONAL CRIME REPORTING

Reports of certain crimes occurring in certain geographic locations will be included in the SUNY Downstate Clery Act Annual Security Report in an anonymized manner that neither identifies the specifics of the crime or the identity of the reporting individual or victim/survivor. (Title IX Coordinator, Office of Diversity & Inclusion, (718) 270-1738)

Downstate is obligated to issue timely warnings of Clery Act crimes occurring within relevant geography that represent a serious or continuing threat to students and employees (subject to exceptions when potentially compromising law enforcement efforts and when the warning itself could potentially identify the reporting individual. The reporting individual will never be identified in a timely warning.

The Family Educational Rights and Privacy Act allows institutions to share information with parents when (1) there is a health or safety emergency, or (2) when the student is a dependent on either parents' prior year federal income tax return. Generally, Downstate will not share information about a report of sexual violence with parents without the permission of the reporting individual.

[Note: for crisis intervention, resources and referrals, you may call the New York State Hotline for Sexual Assault and Domestic Violence, (800) 942-6906; this is not a reporting mechanism.]

STUDENT ONBOARDING AND ONGOING EDUCATION

The State University of New York and its State-operated and community colleges believe that sexual violence prevention training and education cannot be accomplished via a single day or a single method of training. To that end, SUNY campuses will continue to educate all new and current students using a variety of best practices aimed at educating the entire college community in a way that decreases violence and maintaining a culture where sexual assault and acts of violence are not tolerated.

SUNY Downstate is committed to providing this training to all new students, employees, and to all student organization leaders. For a listing of the trainings conducted in this regard contact the Title IX Coordinator or the Office of Student Affairs.

NO CONTACT ORDERS

A No Contact Order is a formal directive issued by SUNY Downstate requiring parties to have no direct or indirect interaction, including but not limited to written or electronic communication (i.e. letters, social media, text messages, etc.), telephone, recordings, or third party contact (i.e. friends, family members, acquaintances, etc.). A No Contact Order remains in effect until it is officially removed in writing.

No Contact Orders differ from court imposed restraining/protective orders and do not guarantee that parties will avoid sightings or passing interactions.

Requesting a No Contact Order:

A No Contact Order (NCO) may be requested, in writing, to the Office of Student Affairs. NCO's may be issued for the following: harassment, threats, physical assault, stalking, domestic violence, dating violence, sexual assault, retaliation or intimidation, or other behavior as outlined in the Student Code of Conduct. Your request for an NCO must contain the reason you are requesting the NCO (one of the reasons listed). If you are requesting a NCO related to dating violence, domestic violence, sexual assault or stalking, you will also be referred to campus advocacy services. The Office of Student Affairs is not a confidential resource, and outreach by other offices, such as the campus advocacy services at the Counseling Center or the Office of Title IX and Affirmative Action may occur. If you do not wish to provide any information regarding your request or are unsure about obtaining a No Contact Order, please access campus advocacy services such as the Counseling Service.

When requested, the Office of Student Affairs will review your request and a determination will be made regarding the issuance of a No Contact Order. Also note that any further action taken to review your request will require details such as dates of specific events, information to support your request (i.e. text messages, etc.), and the identity of the individual of who you are requesting the No Contact Order with. This information will be requested by the Office of Student Affairs prior to reviewing or processing your request.

Please note that requesting a No Contact Order may or may not result in disciplinary action against the individual whom you are requesting the order be issued against. If you are unsure about this, you should request a meeting with a Student Affairs Dean prior to requesting a No Contact Order.

No Contact Orders and the Campus:

- If a No Contact Order is issued between on-campus roommates/suitemates/apartment-mates, both parties will be moved. There will be situations where certain accommodations or spacing issues will not allow for student moves to occur. The Office of Residence Life and Services will evaluate and decide the final outcome/relocation at its discretion.
- If students have common courses, clinical sites, or other academic activities, every effort will be made to accommodate separating the individuals, but that may not be possible. These situations will be discussed with the individuals and Dean or the appropriate school.

SUNY Downstate's Sexual Violence Prevention and Response policies and procedures provides additional information pertaining to No Contact Orders in cases involving allegations of sexual misconduct, sex discrimination, domestic violence, dating violence, and/or stalking.

A violation of a No Contact Order should be reported to either the Office of Student Affairs or University Police. A violation of a No Contact Order is subject to disciplinary action.

Any student that has a No Contact Order can:

- request to challenge the application of a No Contact Order by providing information/evidence to support that the order should not be in place
- provide information/evidence that supports an alteration or modification of the No Contact Order
- present information/evidence that supports that the No Contact Order should remain in place

If you have questions, or wish to have a review of the No Contact Order, please contact the Office of Student Affairs.

BIAS-RELATED CRIME AND SEXUAL ASSAULT STATEMENTS

BIAS CRIMES PREVENTION

Hate Crimes and the Law

It is a State University of New York Downstate Health Sciences University University Police mandate to protect all members of the Downstate Health Sciences University community by preventing and prosecuting bias or hate crimes that occur within the campus's jurisdiction.

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, religion ethnicity, gender, sexual orientation, or disability. Hate/bias crimes have received renewed attention in recent years, particularly since the passage of the federal Hate/Bias Crime Reporting Act of 1990 and the New York State Hate Crimes Act of 2000 (Penal Law Article 485). Copies of the New York Law are available from the Office of Work Place Training and Development, ext. 6745.

Penalties for bias related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. Perpetrators who are students will also be subject to campus disciplinary procedures where sanctions including dismissal are possible.

In addition to preventing and prosecuting hate/bias crimes, State University of New York Downstate Health Sciences University University Police also assist in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined by the University as acts of bigotry, harassment, or intimidation directed at a member or group within the Downstate Health Sciences University community based on national origin, ethnicity, race, age, religion, gender, sexual orientation, disability, veteran status, color, creed, or marital status, may be addressed through the State University's Discrimination Complaint Procedure or the campus conduct code. Bias incidents can be reported to University Police as well as to the Office of Diversity and Inclusion (AA/EEO office).

If you are a victim of or witness to, a hate/bias crime on campus, report it to University Police by calling 2626 in an emergency, or the red campus emergency telephone. University Police will investigate and follow the appropriate adjudication procedures.

Victims of bias crime or bias incidents can avail themselves of counseling services from the Director of Student Counseling at 718 270-1408. Academic support services from the campus are available from the faculty or through the Office of Student Affairs, 718-270-2187.

For general information on Downstate Health Sciences University security procedures, see the University Police Department's web site at www.downstate.edu/police.

More information about bias-related and bias crimes, including up-to-date statistics on bias crimes is available from the University Police Department at 718-270-3161.

SEXUAL ASSAULT PREVENTION

Sexual Assault and the Law

The State University of New York at Downstate Health Sciences University has programs in place to protect all members of the Downstate community from sexual assault, including programs for prevention and prosecution of these crimes that occur within the jurisdiction of SUNY at Downstate Health Sciences University Police.

NYS Law contains the following legal provisions defining the crimes related to sexual assault:

Section 130.20 - Sexual Misconduct. This offense includes sexual intercourse without consent and deviate sexual intercourse without consent. The penalty for violation of this section includes imprisonment for a definite period to be fixed by the court up to one year.

Section 130.25/30/35 - Rape. This series of offenses includes sexual intercourse with a person incapable of consent because of the use of forcible compulsion or because the person is incapable of consent due to a mental defect, mental incapacity, or physical helplessness. This series of offenses further includes sexual intercourse with a person under the age of consent. The penalties for violation of these sections range from imprisonment for a period not to exceed four years up to 25 years.

Section 130.40/45/50 - Criminal Sexual Act. This series of offenses includes oral or anal sexual conduct with a person incapable of consent because of the use of forcible compulsion or because the person is incapable of consent due to a mental defect, mental incapacity, or physical helplessness. This series of offenses further includes oral or anal sexual conduct with a person under the age of consent. The penalties for violation of these sections range from imprisonment for a period not to exceed four years up to imprisonment for a period not to exceed 25 years.

Section 130.52 - Forcible Touching. This offense involves the forcible touching of the sexual or other intimate parts of another person for the purpose of degrading or abusing such person; or for the purpose of gratifying the actor's sexual desire. Forcible touching includes the squeezing, grabbing, or pinching of such other person's sexual or other intimate parts. The penalty for violation of this section includes imprisonment for a period of up to one year in jail.

Section 130.55/60/65 - Sexual Abuse. This series of offenses includes sexual contact with a person by forcible compulsion, or with a person who is incapable of consent due to physical helplessness, or due to the person being under the age of consent. The penalties for violation of these sections range from imprisonment for a period not to exceed three months up to imprisonment for a period not to exceed seven years.

Section 130.65.a/66/67/70 - Aggravated Sexual Abuse. This series of offenses occurs when a person inserts a finger or foreign object in the vagina, urethra, penis or rectum of another person by forcible compulsion, when the other person is incapable of consent by reason of being physically helpless, or when the other person is under the age of consent. The level of this offense is enhanced if the insertion of a finger or foreign object causes injury to the other person. The penalties for violation of these sections range from imprisonment for a period not to exceed seven years up to imprisonment for a period not to exceed 25 years.

If you are sexually or otherwise assaulted on campus:

- Get to a safe place as soon as you can.
- Try to preserve all physical evidence; do not bathe, douche, or change your clothes.
- Contact State University of New York at Downstate Health Sciences University Police immediately (call 2626 in an emergency, or use a red emergency phone).
- Follow-up services are available from Student Health and the Director of Student Counseling

Remember, assaults - sexual or otherwise - are crimes; they are not the victim's fault. Victims have the right to pursue adjudication of crimes that occur on the Downstate Health Sciences University campus through criminal courts and/or through the University's internal disciplinary process (under the Campus Code of Conduct). SUNY at Downstate Health Sciences University University Police are trained to assist with prosecution in both systems.

Disciplinary Action

Where there is probable cause to believe the college's regulations prohibiting sexual misconduct have been violated, the college will pursue strong disciplinary action through its own channels. This discipline includes the possibility of suspension or dismissal from the college.

An individual charged with sexual misconduct will be subject to college disciplinary procedures, whether or not prosecution under New York State Criminal Statutes is pending.

The college will make every effort to be responsive and sensitive to the victims of these serious crimes. Protection of the victim and prevention of continued trauma is the college's priority. When the victim and the accused live in the same residence hall, an immediate hearing with the Director of Residential Life and Services will be held to determine the need for modifying the living arrangements.

Assistance for any other personal or academic concerns will be reviewed and options provided.

During the disciplinary process, the rights of the respondent and reporting individual are enumerated in "Section IV: Student Conduct Process" as listed above.

Information and Support

If you are the victim of sexual assault or sexual misconduct, you may seek support services as well as the assistance described above. If you need help, call the following:

The New York City Police Department maintains a Rape Hotline - Female Detective)

24 hours

212-267-7273 (267-RAPE)

University Police

24 hours

(718) 270-2626

Director of Student Counseling

718 270-1408

Educational Programs

Educational programs to promote awareness of rape, acquaintance rape, and sex offenses are presented to the campus community. University Police and Student Development staff provide programs in the Residence Halls. Orientation/informational packets are also distributed at each orientation.

GRIEVANCE POLICY FOR ADDRESSING FORMAL COMPLAINTS OF SEXUAL HARASSMENT UNDER THE TITLE IX REGULATIONS

1. Introduction

What is the purpose of the Title IX Grievance Policy?

Title IX of the Educational Amendments of 1972 prohibits any person in the United States from being discriminated against on the basis of sex in seeking access to any educational program or activity receiving federal financial assistance. The U.S. Department of Education, which enforces Title IX, has long defined the meaning of Title IX's prohibition on sex discrimination broadly to include various forms of sexual harassment and sexual violence that interfere with a student's ability to equally access our educational programs and opportunities.

On May 19, 2020, the U.S. Department of Education issued a Final Rule under Title IX of the Education Amendments of 1972 that:

- Defines the meaning of "sexual harassment" (including forms of sex-based violence)
- Addresses how this institution **must** respond to reports of misconduct falling within that definition of sexual harassment, and
- Mandates a grievance process that this institution **must** follow to comply with the law in these specific covered cases before issuing a disciplinary sanction against a person accused of sexual harassment.

See, 85 Fed. Reg. 30026 (May 19, 2020). The full text of the Final Rule and its Preamble are available here: <http://bit.ly/TitleIXReg>

Based on the Final Rule, SUNY Downstate Health Sciences University will implement the following Title IX Grievance Policy, effective August 14, 2020.

How does the Title IX Grievance Policy impact other campus disciplinary policies?

In recent years, “Title IX” cases have become a short-hand for any campus disciplinary process involving sex discrimination, including those arising from sexual harassment and sexual assault. But under the Final Rule, SUNY Downstate Health Sciences University must narrow both the geographic scope of its authority to act under Title IX and the types of “sexual harassment” that it must subject to its Title IX investigation and adjudication process. *Only* incidents falling within the Final Rule’s definition of sexual harassment will be investigated and, if appropriate, brought to a live hearing through the Title IX Grievance Policy defined below.

SUNY Downstate Health Sciences University remains committed to addressing any violations of its policies, even those not meeting the narrow standards defined under the Title IX Final Rule.

Specifically, our campus has:

- A **Code of Conduct** that defines certain behavior as a violation of campus policy, and a separate **Sexual Misconduct Policy** that addresses the types of sex-based offenses constituting a violation of campus policy, and the procedures for investigating and adjudicating those sex-based offenses.

To the extent that alleged misconduct falls outside the Title IX Grievance Policy, or misconduct falling outside the Title IX Grievance Policy is discovered in the course of investigating covered Title IX misconduct, the institution retains authority to investigate and adjudicate the allegations under the policies and procedures defined within the Code of Conduct and Sexual Misconduct Policy through a separate grievance proceeding. {This policy is published annually in the Student Handbook and available on line at https://sls.downstate.edu/student_affairs/handbook.html}.

The elements established in the Title IX Grievance Policy under the Final Rule have no effect and are not transferable to any other policy of the College for any violation of the Code of Conduct, employment policies, or any civil rights violation except as narrowly defined in this Policy. This Policy does not set a precedent for other policies or processes of the College and may not be cited for or against any right or aspect of any other policy or process.

How does the Title IX Grievance Policy impact the handling of complaints?

Our existing Title IX office and reporting structure remains in place. What has changed is the way our Title IX office will handle different types of reports arising from sexual misconduct, as detailed in full throughout Section 2.

2. The Title IX Grievance Policy

General Rules of Application

Effective Date

This Title IX Grievance Policy will become effective on August 14, 2020, and will only apply to formal complaints of sexual harassment brought on or after August 14, 2020. Complaints brought prior to August 14, 2020 will be investigated and adjudicated according to the Title IX Grievance Policy if a case is not complete by that date.

Revocation by Operation of Law

Should any portion of the Title IX Final Rule, 85 Fed. Reg. 30026 (May 19, 2020), be stayed or held invalid by a court of law, or should the Title IX Final Rule be withdrawn or modified to not require the elements of this policy, this policy, or the invalidated elements of this policy, will be deemed revoked as of the publication date of the opinion or order and for all reports after that date, as well as any elements of the process that occur after that date if a case is not complete by that date of opinion or order publication. Should the Title IX Grievance Policy be revoked in this manner, any conduct covered under the Title IX Grievance Policy shall be investigated and adjudicated under the existing Code of Conduct and Sexual Misconduct Policy.

Non-Discrimination in Application

The requirements and protections of this policy apply equally regardless of sex, sexual orientation, gender identity, gender expression, or other protected classes covered by federal or state law. All requirements and protections are equitably provided to individuals regardless of such status or status as a Complainant, Respondent, or Witness. Individuals who wish to file a complaint about the institution’s policy or process may contact the Department of Education’s Office for Civil Rights using contact information available at <https://ocrcas.ed.gov/contact-ocr>.

Definitions

Covered Sexual Harassment

For the purposes of this Title IX Grievance Policy, “covered sexual harassment” includes any conduct on the basis of sex that satisfies one or more of the following:

1. An employee conditioning educational benefits on participation in unwelcome sexual conduct (i.e., quid pro quo);
2. Unwelcome conduct that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the educational institution’s education program or activity;
3. Sexual assault (as defined in the Clery Act), which includes any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent;
4. Dating violence (as defined in the Violence Against Women Act (VAWA) amendments to the Clery Act), which includes any violence committed by a person: (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship; (ii) The type of relationship; (iii) The frequency of interaction between the persons involved in the relationship.

5. Domestic violence (as defined in the VAWA amendments to the Clery Act), which includes any felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under New York State domestic or family violence laws or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of New York.
6. Stalking (as defined in the VAWA amendments to the Clery Act), meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to-- (A) fear for their safety or the safety of others; or (B) suffer substantial emotional distress.

Note that conduct that does not meet one or more of these criteria may still be prohibited under the Code of Conduct and Sexual Misconduct Policy.

Consent

For the purposes of this Title IX Grievance Policy, “consent” is defined in the Code of Conduct as follows:

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Education Program or Activity

For the purposes of this Title IX Grievance Policy, SUNY Downstate Health Sciences University's “education program or activity” includes:

- Any on-campus premises
- Any off-campus premises that SUNY Downstate Health Sciences University has substantial control over. This includes buildings or property owned or controlled by a recognized student organization.
- Activity occurring within computer and internet networks, digital platforms, and computer hardware or software owned or operated by, or used in the operations of SUNY Downstate Health Sciences University's programs and activities over which SUNY Downstate Health Sciences University has substantial control.

Formal Complaint

For the purposes of this Title IX Grievance Policy, “formal complaint” means a document – including an electronic submission - filed by a complainant with a signature or other indication that the complainant is the person filing the formal complaint, or signed by the Title IX Coordinator, alleging sexual harassment against a respondent about conduct within SUNY Downstate Health Sciences University's education program or activity and requesting initiation of the procedures consistent with the Title IX Grievance Policy to investigate the allegation of sexual harassment.

Complainant

For the purposes of this Title IX Grievance Policy, Complainant means any individual who has reported being or is alleged to be the victim of conduct that could constitute covered sexual harassment as defined under this policy.

Relevant evidence and questions

“Relevant” evidence and questions refer to any questions and evidence that tends to make an allegation of sexual harassment more or less likely to be true.

“Relevant” evidence and questions do not include the following types of evidence and questions, which are deemed “irrelevant” at all stages of the Title IX Grievance Process:

- Evidence and questions about the complainant's sexual predisposition or prior sexual behavior unless:
 - o They are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or
 - o They concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. 34 C.F.R. § 106.45(6)(i).
- Evidence and questions that constitute, or seek disclosure of, information protected under a legally-recognized privilege.
- Any party's medical, psychological, and similar records unless the party has given voluntary, written consent. 85 Fed. Reg. 30026, 30294 (May 19, 2020).

Respondent

For the purposes of this Title IX Grievance policy, Respondent means any individual who has been reported to be the perpetrator of conduct that could constitute covered sexual harassment as defined under this policy.

Privacy vs. Confidentiality

Consistent with the Code of Conduct and Sexual Misconduct Policy, references made to *confidentiality* refer to the ability of identified confidential resources to not report crimes and violations to law enforcement or college officials without permission, except for extreme circumstances, such as a health and/or safety emergency or child abuse. References made to *privacy* mean SUNY Downstate Health Sciences University offices and employees who cannot guarantee confidentiality but will maintain privacy to the greatest extent possible, and information disclosed will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible for tracking patterns and spotting systemic issues. SUNY Downstate Health Sciences University will limit the disclosure as much as practicable, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

Disability Accommodations

This Policy does not alter any institutional obligations under federal disability laws including the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Parties may request reasonable accommodations for disclosed disabilities to the Title IX Coordinator at any point before or during the Title IX Grievance Process that do not fundamentally alter the Process. The Title IX Coordinator will not affirmatively provide disability accommodations that have not been specifically requested by the Parties, even where the Parties may be receiving accommodations in other institutional programs and activities.

Making a Report Regarding Covered Sexual Harassment to the Institution

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

Contact Information for the Title IX Coordinator:

Name: Roxanna Thomas, JD, MS

Title: Title IX Director

Office Address: Basic Sciences Building 5-95

Email Address: AskODI@downstate.edu

Telephone Number: 718-270-1738

Such a report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address listed for the Title IX Coordinator.

Confidential Reporting

The following Officials will provide privacy, but not confidentiality, upon receiving a report of conduct prohibited under this policy:

- Title IX Coordinator or designee
- Student Affairs Deans or Academic Deans or Faculty
- NYS University Police Department

The following Officials may provide confidentiality:

- Counseling Center
- Student Health Services
- Campus Clergy

Non-Investigatory Measures Available Under the Title IX Grievance Policy

Supportive Measures

Complainants (as defined above), who report allegations that could constitute covered sexual harassment under this policy, have the right to receive supportive measures from SUNY Downstate Health Sciences University regardless of whether they desire to file a complaint, which may include Counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules, campus escort services, restrictions on contact between the parties (no-contact orders); changes in work or housing locations; leaves of absence; or increased security and monitoring of certain areas of the campus, as appropriate. Supportive measures are non-disciplinary and non-punitive. (*See* 85 Fed. Reg. 30401.)

Emergency Removal

SUNY Downstate Health Sciences University retains the authority to remove a respondent from SUNY Downstate Health Sciences University's program or activity on an emergency basis, where SUNY Downstate Health Sciences University (1) undertakes an individualized safety and risk analysis and (2) determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of covered sexual harassment justifies a removal.

If SUNY Downstate Health Sciences University determines such removal is necessary, the respondent will be provided notice and an opportunity to challenge the decision immediately following the removal. The procedure for doing so is defined under the "Change in Student Status/Interim Suspension Policy as defined in the Code of Conduct, Other Administrative Actions, (C).

Administrative Leave

SUNY Downstate Health Sciences University retains the authority to place a non-student employee respondent on administrative leave during the Title IX Grievance Process, consistent with State University of New York rules and applicable employee contracts.

The Title IX Grievance Process

Filing a Formal Complaint

The timeframe for the Title IX Grievance Process begins with the filing of a Formal Complaint. The Grievance Process will be concluded within a reasonably prompt manner, and no longer than ninety (90) business days after the filing of the Formal Complaint, provided that the Process may be extended for a good reason, including, but not limited to the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. The procedure for applying for extensions is described below.

To file a Formal Complaint, a complainant must provide the Title IX Coordinator a written, signed complaint describing the facts alleged. Complainants are only able to file a Formal Complaint under this Policy if they are currently participating in, or attempting to participate in, the education programs or activities of SUNY Downstate Health Sciences University, including as an employee. For complainants who do not meet this criteria, the College will utilize existing policy in the Code of Conduct and Sexual Misconduct Policy {published annually in the Student Handbook and available on line at https://sls.downstate.edu/student_affairs/handbook.html}.

If a complainant does not wish to make a Formal Complaint, the Title IX Coordinator may determine a Formal Complaint is necessary. SUNY Downstate Health Sciences University will inform the complainant of this decision in writing, and the complainant need not participate in the process further but will receive all notices issued under this Policy and Process.

Nothing in the Title IX Grievance Policy, Code of Conduct, or Sexual Misconduct Policy prevents a complainant from those seeking the assistance of state or local law enforcement alongside the appropriate on-campus process.

Multi-Party Situations

The institution may consolidate Formal Complaints alleging covered sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of covered sexual harassment arise out of the same facts or circumstances.

Determining Jurisdiction

The Title IX Coordinator or designee will determine if the instant Title IX Grievance Process should apply to a Formal Complaint. The Process will apply when all of the following elements are met, in the reasonable determination of the Title IX Coordinator:

1. The conduct is alleged to have occurred on or after August 14, 2020;
2. The conduct is alleged to have occurred in the United States;
3. The conduct is alleged to have occurred in SUNY Downstate Health Sciences University's education program or activity; and
4. The alleged conduct, if true, would constitute covered sexual harassment as defined in this policy.

If all of the elements are met, SUNY Downstate Health Sciences University will investigate the allegations according to the Grievance Process.

Allegations Potentially Falling Under Two Policies

If the alleged conduct, if true, includes conduct that would constitute covered sexual harassment and conduct that would not constitute covered sexual harassment, the Title IX Grievance Process will be applied to investigation and adjudication of only the allegations that constitute covered sexual harassment.

Mandatory Dismissal

If any one of these elements are not met, the Title IX Coordinator or designee will notify the parties that the Formal Complaint is being dismissed for the purposes of the Title IX Grievance Policy. Each party may appeal this dismissal using the procedure outlined in "Appeals," below.

Discretionary Dismissal

The Title IX Coordinator or designee may dismiss a Formal Complaint brought under the Title IX Grievance Policy, or any specific allegations raised within that Formal Complaint, at any time during the investigation or hearing, if:

- A complainant notifies the Title IX Coordinator in writing that they would like to withdraw the Formal Complaint or any allegations raised in the Formal Complaint;
- The respondent is no longer enrolled or employed by SUNY Downstate Health Sciences University; or,
- If specific circumstances prevent SUNY Downstate Health Sciences University from gathering evidence sufficient to reach a determination regarding the Formal Complaint or allegations within the Formal Complaint.

Any party may appeal a dismissal determination using the process set forth in "Appeals," below.

Notice of Dismissal

Upon reaching a decision that the Formal Complaint will be dismissed, the institution will promptly send written notice of the dismissal of the Formal Complaint or any specific allegation within the Formal Complaint, and the reason for the dismissal, simultaneously to the parties through their institutional email accounts. It is the responsibility of parties to maintain and regularly check their email accounts.

Notice of Removal

Upon dismissal for the purposes of Title IX, SUNY Downstate Health Sciences University retains discretion to utilize the SUNY Downstate Code of Conduct and Sexual Misconduct Policy {published annually in the Student Handbook and available on line at https://sls.downstate.edu/student_affairs/handbook.html} to determine if a violation of the Code of Conduct and Sexual Violence Response Policy has occurred. If so, SUNY Downstate Health Sciences University will promptly send written notice of the dismissal of the Formal Complaint under the Title IX Grievance Process and removal of the allegations to the conduct process.

Notice of Allegations

The Title IX Coordinator will draft and provide the Notice of Allegations to any party to the allegations of sexual harassment. Such notice will occur as soon as practicable, after the institution receives a Formal Complaint of the allegations, if there are no extenuating circumstances.

The parties will be notified by their institutional email accounts if they are a student or employee, and by other reasonable means if they are neither.

The institution will provide sufficient time for the parties to review the Notice of Allegations and prepare a response before any initial interview.

The Title IX Coordinator or designee may determine that the Formal Complaint must be dismissed on the mandatory grounds identified above, and will issue a Notice of Dismissal. If such a determination is made, any party to the allegations of sexual harassment identified in the Formal Complaint will receive the Notice of Dismissal in conjunction with, or in separate correspondence after, the Notice of Allegations.

Contents of Notice

The Notice of Allegations will include the following:

- Notice of the institution's Title IX Grievance Process and a hyperlink to a copy of the process.
- Notice of the allegations potentially constituting covered sexual harassment, and sufficient details known at the time the Notice is issued, such as the identities of the parties involved in the incident, if known, including the complainant; the conduct allegedly constituting covered sexual harassment; and the date and location of the alleged incident, if known.
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, as required under 34 C.F.R. § 106.45(b)(5)(iv);
- A statement that before the conclusion of the investigation, the parties may inspect and review evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the institution does not intend to rely in reaching a determination regarding responsibility, and evidence that both tends to prove or disprove the allegations, whether obtained from a party or other source, as required under 34 C.F.R. § 106.45(b)(5)(vi);
- Knowingly giving false information to the University or misrepresenting oneself, on or off-campus, may lead to disciplinary action under the Code of Conduct.

Ongoing Notice

If, in the course of an investigation, the institution decides to investigate allegations about the complainant or respondent that are not included in the Notice of Allegations and are otherwise covered "sexual harassment" falling within the Title IX Grievance Policy, the institution will notify the parties whose identities are known of the additional allegations by their institutional email accounts or other reasonable means.

The parties will be provided sufficient time to review the additional allegations to prepare a response before any initial interview regarding those additional charges.

Advisor of Choice and Participation of Advisor of Choice

SUNY Downstate Health Sciences University will provide the parties equal access to advisors and support persons; any restrictions on advisor participation will be applied equally.

The SUNY Downstate Health Sciences University has a long-standing practice of requiring students to participate in the process directly and not through an advocate or representative. Students participating as Complainant or Respondent in this process may be accompanied by an Advisor of Choice to any meeting or hearing to which they are required or are eligible to attend. The Advisor of Choice is not an advocate. Except where explicitly stated by this Policy, as consistent with the Final Rule, Advisors of Choice shall not participate directly in the process as per standard policy and practice of SUNY Downstate Health Sciences University.

SUNY Downstate Health Sciences University will not intentionally schedule meetings or hearings on dates where the Advisors of Choice for all parties are not available, provided that the Advisors act reasonably in providing available dates and work collegially to find dates and times that meet all schedules.

SUNY Downstate Health Sciences University's obligations to investigate and adjudicate in a prompt timeframe under Title IX and other college policies apply to matters governed under this Policy, and SUNY Downstate Health Sciences University cannot agree to extensive delays solely to accommodate the schedule of an Advisor of Choice. The determination of what is reasonable shall be made by the Title IX Coordinator or designee. SUNY Downstate Health Sciences University will not be obligated to delay a meeting or hearing under this process more than five (5) days due to the unavailability of an Advisor of Choice, and may offer the party the opportunity to obtain a different Advisor of Choice or utilize one provided by SUNY Downstate Health Sciences University.

Notice of Meetings and Interviews

SUNY Downstate Health Sciences University will provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings with a party, with sufficient time for the party to prepare to participate.

Delays

Each party may request a one-time delay in the Grievance Process of up to five (5) days for good cause (granted or denied in the sole judgment of the Title IX Coordinator or designee provided that the requestor provides reasonable notice and the delay does not overly inconvenience other parties.

For example, a request to take a five day pause made an hour before a hearing for which multiple parties and their advisors have traveled to and prepared for shall generally not be granted, while a request for a five day pause in the middle of investigation interviews to allow a party to obtain certain documentary evidence shall generally be granted.

Title IX Coordinator or designee shall have sole judgment to grant further pauses in the Process.

Investigation

General Rules of Investigations

The Title IX Coordinator or designee will perform an investigation under a reasonably prompt timeframe of the conduct alleged to constitute covered sexual harassment after issuing the Notice of Allegations.

SUNY Downstate Health Sciences University and not the parties, has the burden of proof and the burden of gathering evidence, i.e. the responsibility of showing a violation of this Policy has occurred. This burden does not rest with either party, and either party may decide not to share their account of what occurred or may decide not to participate in an investigation or hearing. This does not shift the burden of proof away from SUNY Downstate Health Sciences University and does not indicate responsibility.

SUNY Downstate Health Sciences University cannot access, consider, or disclose medical records without a waiver from the party (or parent, if applicable) to whom the records belong or of whom the records include information. SUNY Downstate Health Sciences University will provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence, (i.e. evidence that tends to prove and disprove the allegations) as described below.

Inspection and Review of Evidence

Prior to the completion of the investigation, the parties will have an equal opportunity to inspect and review the evidence obtained through the investigation. The purpose of the inspection and review process is to allow each party the equal opportunity to meaningfully respond to the evidence prior to conclusion of the investigation.

Evidence that will be available for inspection and review by the parties will be any evidence that is directly related to the allegations raised in the Formal Complaint. It will include any:

1. Evidence that is relevant, even if that evidence does not end up being relied upon by the institution in making a determination regarding responsibility;
2. inculpatory or exculpatory evidence (i.e. evidence that tends to prove or disprove the allegations) that is directly related to the allegations, whether obtained from a party or other source.

All parties must submit any evidence they would like the investigator to consider prior to when the parties' time to inspect and review evidence begins. See, 85 Fed. Reg. 30026, 30307 (May 19, 2020).

The institution will send the evidence made available for each party and each party's advisor, if any, to inspect and review through either an electronic format or a hard copy. The Institution is not under an obligation to use any specific process or technology to provide the evidence and shall have the sole discretion in terms of determining format and any restrictions or limitations on access.

The parties will have ten (10) business days to inspect and review the evidence and submit a written response by email to the investigator. The investigator will consider the parties' written responses before completing the Investigative Report. Parties may request a reasonable extension to the Title IX Officer or designee to be granted at the discretion of the Title IX Officer or designee.

Any evidence subject to inspection and review will be available at any hearing, including for purposes of cross-examination.

The parties and their advisors must sign an agreement not to disseminate any of the evidence subject to inspection and review or use such evidence for any purpose unrelated to the Title IX grievance process. See, 85 Fed. Reg. 30026, 30435 (May 19, 2020).

The parties and their advisors agree not to photograph or otherwise copy the evidence. See, 85 Fed. Reg. 30026, 30435 (May 19, 2020).

Inclusion of Evidence Not Directly Related to the Allegations

Evidence obtained in the investigation that is determined in the reasoned judgment of the investigator not to be directly related to the allegations in the Formal Complaint will not be disclosed, or may be appropriately redacted before the parties' inspection to avoid disclosure of personally identifiable information of a student. Any evidence obtained in the investigation that is kept from disclosure or appropriately redacted will be documented in a "privilege log" that may be reviewed by the parties and their advisors, if any. See, 85 Fed. Reg. 30026, 30438 (May 19, 2020).

Investigative Report

The Title IX Coordinator or designee will create an Investigative Report that fairly summarizes relevant evidence.

The Investigative Report is not intended to catalog all evidence obtained by the investigator, but only to provide a fair summary of that evidence.

Only relevant evidence (including both inculpatory and exculpatory – i.e. tending to prove and disprove the allegations - relevant evidence) will be referenced in the Investigative Report.

The investigator may redact irrelevant information from the Investigative Report when that information is contained in documents or evidence that is/are otherwise relevant. See, 85 Fed. Reg. 30026, 30304 (May 19, 2020).

Hearing

General Rules of Hearings

SUNY Downstate Health Sciences University will not issue a disciplinary sanction arising from an allegation of covered sexual harassment without holding a live hearing.

The live hearing may be conducted with all parties physically present in the same geographic location, or, at SUNY Downstate Health Sciences University's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually through an appropriate remote video-conferencing option (such as Zoom or Microsoft Teams). This technology will enable participants simultaneously to see and hear each other. At its discretion, SUNY Downstate Health Sciences University may delay or adjourn a hearing based on technological errors not within a party's control.

All proceedings will be recorded through an audio recording. That recording will be made available to the parties for inspection and review.

Prior to obtaining access to any evidence, the parties and their advisors must sign an agreement not to disseminate any of the testimony heard or evidence obtained in the hearing or use such testimony or evidence for any purpose unrelated to the Title IX Grievance Process. Once signed, this Agreement may not be withdrawn See, 85 Fed. Reg. 30026, 30435 (May 19, 2020).

Continuances or Granting Extensions

SUNY Downstate Health Sciences University may determine that multiple sessions or a continuance (i.e. a pause on the continuation of the hearing until a later date or time) is needed to complete a hearing. If so, SUNY Downstate Health Sciences University will notify all participants and endeavor to accommodate all participants' schedules and complete the hearing as promptly as practicable.

Participants in the live hearing

Live hearings are not public, and the only individuals permitted to participate in the hearing are as follows:

Complainant and Respondent (The Parties)

- The parties cannot waive the right to a live hearing.
- The institution may still proceed with the live hearing in the absence of a party, and may reach a determination of responsibility in their absence, including through any evidence gathered that does not constitute a "statement" by that party. 85 Fed. Reg. 30026, 30361 (May 19, 2020).
 - For example, A verbal or written statement constituting part or all of the sexual harassment itself is not a "prior statement" that must be excluded if the maker of the statement does not submit to cross-examination about that statement. In other words, a prior statement would not include a document, audio recording, audiovisual reading, and digital media, including but not limited to text messages, emails, and social media postings, that constitute the conduct alleged to have been the act of sexual harassment under the formal complaint. See, OCR Blog (May 22, 2020), available at <https://www2.ed.gov/about/offices/list/ocr/blog/20200522.html>
- SUNY Downstate Health Sciences University will not threaten, coerce, intimidate or discriminate against the party in an attempt to secure the party's participation. See 34 C.F.R. § 106.71; see also 85 Fed. Reg. 30026, 30216 (May 19, 2020).
- If a party does not submit to cross-examination, the decision-maker cannot rely on any prior statements made by that party in reaching a determination regarding responsibility, but may reach a determination regarding responsibility based on evidence that does not constitute a "statement" by that party.
- The decision-maker cannot draw an inference about the determination regarding responsibility based solely on a party's absence from the live hearing or refusal to answer cross examination or other questions. See 34 C.F.R. §106.45(b)(6)(i).
- The parties shall be subject to the institution's Rules of Decorum which shall be distributed to all parties by the Hearing Officer at the beginning of the hearing.

The Decision-maker

- The hearing body will consist of an administrative hearing officer, who shall be a member of the SUNY Downstate Health Sciences University community.
- No member of the hearing body will also have served as the Title IX Coordinator, Title IX investigator, or advisor to any party in the case, nor may any member of the hearing body serve on the appeals body in the case.
- No member of the hearing body will have a conflict of interest or bias in favor of or against complainants or respondents generally, or in favor or against the parties to the particular case.
- The hearing body will be trained on topics including how to serve impartially, issues of relevance, including how to apply the rape shield protections provided for complainants, and any technology to be used at the hearing.
- The parties will have an opportunity to raise any objections regarding a decision-maker's actual or perceived conflicts of interest or bias at the commencement of the live hearing.

Advisor of choice

- The parties have the right to select an advisor of their choice, who may be, but does not have to be, an attorney.
- The advisor of choice may accompany the parties to any meeting or hearing they are permitted to attend, but may not speak for the party, except for the purpose of cross-examination.
- The parties are not permitted to conduct cross-examination; it must be conducted by the advisor. As a result, if a party does not select an advisor, the institution will select an advisor to serve in this role for the limited purpose of conducting the cross-examination at no fee or charge to the party.
- The advisor is not prohibited from having a conflict of interest or bias in favor of or against complainants or respondents generally, or in favor or against the parties to the particular case.
- The advisor is not prohibited from being a witness in the matter.
- If a party does not attend the live hearing, the party's advisor may appear and conduct cross-examination on their behalf. 85 Fed. Reg. 30026, 30340 (May 19, 2020).
- If neither a party nor their advisor appear at the hearing, SUNY Downstate Health Sciences University will provide an advisor to appear on behalf of the non-appearing party. See, 85 Fed. Reg. 30026, 30339-40 (May 19, 2020).
- Advisors shall be subject to the institution's Rules of Decorum which shall be distributed to all parties by the Hearing Officer at the beginning of the hearing.

Witnesses

- Witnesses cannot be compelled to participate in the live hearing, and have the right not to participate in the hearing free from retaliation. See, 85 Fed. Reg. 30026, 30360 (May 19, 2020).
- If a witness does not submit to cross-examination, as described below, the decision-maker cannot rely on any statements made by that witness in reaching a determination regarding responsibility, including any statement relayed by the absent witness to a witness or party who testifies at the live hearing. 85 Fed. Reg. 30026, 30347 (May 19, 2020).
- Witnesses shall be subject to the institution's Rules of Decorum which shall be distributed to all parties by the Hearing Officer at the beginning of the hearing.

Hearing Procedures

For all live hearings conducted under this Title IX Grievance Process, the procedure will be as follows:

- The Administrative Hearing Officer shall serve as the Chair of the Hearing and will open and establish rules and expectations for the hearing;
- The Parties will each be given the opportunity to provide opening statements;
- The Administrative Hearing Officer will ask questions of the Parties and Witnesses;
- Parties will be given the opportunity for live cross-examination after the Hearing Officer conducts the initial round of questioning; During the Parties' cross-examination, the Hearing Office will have the authority to pause cross-examination at any time for the purposes of asking their own follow up questions; and any time necessary in order to enforce the established rules of decorum.
- Should a Party or the Party's Advisor choose not to cross-examine a Party or Witness, the Party shall affirmatively waive cross-examination through a written or oral statement to the Hearing Officer. A Party's waiver of cross-examination does not eliminate the ability of the Hearing Officer to use statements made by the Party.

Live Cross-Examination Procedure

Each party's advisor will conduct live cross-examination of the other party or parties and witnesses. During this live-cross examination the advisor will ask the other party or parties and witnesses relevant questions and follow-up questions, including those challenging credibility directly, orally, and in real time.

Before any cross-examination question is answered, the Hearing Officer will determine if the question is relevant. Cross-examination questions that are duplicative of those already asked, including by the Hearing Officer may be deemed irrelevant if they have been asked and answered.

Review of Recording

The recording of the hearing will be available for review by the parties within 5 business days, unless there are any extenuating circumstances. The recording of the hearing will not be provided to parties or advisors of choice.

Determination Regarding Responsibility

Standard of Proof

SUNY Downstate Health Sciences University uses the preponderance of the evidence standard for investigations and determinations regarding responsibility of formal complaints covered under this Policy. This means that the investigation and hearing determines whether it is more likely than not that a violation of the Policy occurred.

General Considerations for Evaluating Testimony and Evidence

While the opportunity for cross-examination is required in all Title IX hearings, determinations regarding responsibility may be based in part, or entirely, on documentary, audiovisual, and digital evidence, as warranted in the reasoned judgment of the Decision-maker.

Decision-makers shall not draw inferences regarding a party or witness' credibility based on the party or witness' status as a complainant, respondent, or witness, nor shall it base its judgments in stereotypes about how a party or witness would or should act under the circumstances.

Generally, credibility judgments should rest on the demeanor of the party or witness, the plausibility of their testimony, the consistency of their testimony, and its reliability in light of corroborating or conflicting testimony or evidence.

Still, credibility judgments should not rest on whether a party or witness' testimony is non-linear or incomplete, or if the party or witness is displaying stress or anxiety.

Decision makers will afford the highest weight relative to other testimony to first-hand testimony by parties and witnesses regarding their own memory of specific facts that occurred. Both inculpatory and exculpatory (i.e. tending to prove and disprove the allegations) evidence will be weighed in equal fashion.

Except where specifically barred by the Title IX Final Rule, a witness' testimony regarding third-party knowledge of the facts at issue will be allowed, but will generally be accorded lower weight than testimony regarding direct knowledge of specific facts that occurred.

The Final Rule requires that SUNY Downstate Health Sciences University allow parties to call "expert witnesses" for direct and cross examination. SUNY Downstate Health Sciences University does not normally provide for expert witnesses in other proceedings. While the expert witness will be allowed to testify and be crossed as required by the Final Rule, the Hearing Officer will be instructed to afford lower weight to non-factual testimony of the expert relative to fact witnesses, and any expert testimony that is not directed to the specific facts that occurred in the case will be afforded lower weight relative to fact witnesses, regardless of whether the expert witness testimony is the subject of cross examination and regardless of whether all parties present experts as witnesses.

The Final Rule requires that SUNY Downstate Health Sciences University allow parties to call character witnesses to testify. SUNY Downstate Health Sciences University does not normally provide for character witnesses in other proceedings. While the character witnesses will be allowed to testify and be crossed as required by the Final Rule, the Hearing Officer will be instructed to afford very low weight to any non-factual character testimony of any witness.

The Final Rule requires that SUNY Downstate Health Sciences University admit and allow testimony regarding polygraph tests (“lie detector tests”) and other procedures that are outside of standard use in academic and non-academic conduct processes. While the processes and testimony about them will be allowed to testify and be crossed as required by the Final Rule, the Hearing Officer will be instructed to afford lower weight to such processes relative to the testimony of fact witnesses.

Where a party or witness’ conduct or statements demonstrate that the party or witness is engaging in retaliatory conduct, including but not limited to witness tampering and intimidation, the Hearing Officer may draw an adverse inference as to that party or witness’ credibility.

Components of the Determination Regarding Responsibility

The written Determination Regarding Responsibility will be issued simultaneously to all parties through their institution email account, or other reasonable means as necessary. The Determination will include:

1. Identification of the allegations potentially constituting covered sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding which section of the Code of Conduct or Sexual Misconduct Policy, if any, the respondent has or has not violated.
5. For each allegation:
 - a. A statement of, and rationale for, a determination regarding responsibility;
 - b. A statement of, and rationale for, any disciplinary sanctions the recipient imposes on the respondent; and
 - c. A statement of, and rationale for, whether remedies designed to restore or preserve equal access to the recipient’s education program or activity will be provided by the recipient to the complainant; and
6. The recipient’s procedures and the permitted reasons for the complainant and respondent to appeal (described below in “Appeal”).

Timeline of Determination Regarding Responsibility

If there are no extenuating circumstances, the determination regarding responsibility will be issued by SUNY Downstate Health Sciences University within ten (10) business days of the completion of the hearing.

Finality

The determination regarding responsibility becomes final either on the date that the institution provides the parties with the written determination of the result of the appeal, if an appeal is filed consistent with the procedures and timeline outlined in “Appeals” below, or if an appeal is not filed, the date on which the opportunity to appeal expires.

Appeals

Each party may appeal (1) the dismissal of a formal complaint or any included allegations and/or (2) a determination regarding responsibility. To appeal, a party must submit their written appeal within five (5) business days of being notified of the decision, indicating the grounds for the appeal.

The limited grounds for appeal available are as follows:

- Procedural irregularity that affected the outcome of the matter (i.e. a failure to follow the institution’s own procedures);
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against an individual party, or for or against complainants or respondents in general, that affected the outcome of the matter.
- That the sanction or remedy imposed is not in due proportion to the nature and seriousness of the offense.

The submission of appeal stays any sanctions for the pendency of an appeal. Supportive measures and remote learning opportunities remain available during the pendency of the appeal.

If a party appeals, the institution will as soon as practicable notify the other party in writing of the appeal, however the time for appeal shall be offered equitably to all parties and shall not be extended for any party solely because the other party filed an appeal.

Appeals may be no longer than 25 pages (including attachments). Appeals should be submitted in electronic form using ARIAL or TIMES NEW ROMAN, 12-point font, and single-spaced. Appeals should use footnotes, not endnotes. Appeals that do not meet these standards may be returned to the party for correction, but the time for appeal will not be extended unless there is evidence that technical malfunction caused the appeal document not to meet these standards.

Appeals will be decided by a three-member panel to serve as the Appeal Board. Members of the Appeal Board will be selected from faculty who are not in the same program as the involved parties and may include up to one student, all of whom shall be free of conflict of interest and bias, and will not serve as investigator, Title IX Coordinator, or Hearing Officer in the same matter.

Outcome of appeal will be provided in writing simultaneously to both parties, and include rationale for the decision.

Retaliation

SUNY Downstate Health Sciences University will keep the identity of any individual who has made a report or complaint of sex discrimination confidential, including the identity of any individual who has made a report or filed a Formal Complaint of sexual harassment under this Title IX Grievance Policy, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding under this Title IX Grievance Policy.

No person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX of the Education Amendments of 1972 or its implementing regulations.

No person may intimidate, threaten, coerce, or discriminate against any individual because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding or hearing under this Title IX Grievance Policy.

Any intimidation, threats, coercion, or discrimination, for the purpose of interfering with any right or privilege secured by Title IX or its implementing regulations constitutes retaliation. This includes any charges filed against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but that arise from the same facts or circumstances as a report or complaint of sex discrimination or a report or Formal Complaint of sexual harassment. SUNY Downstate Health Sciences University has an amnesty policy on other offenses as enumerated in the Code of Conduct and Sexual Misconduct Policy.

Complaints alleging retaliation may be filed according to the SUNY Downstate's Sexual Misconduct Policy.

BUSINESS AND COMMERCIAL ACTIVITIES ON CAMPUS, DISTRIBUTION OF PRINTED INFORMATION, AND MARKETING OF CREDIT CARDS

In accordance with SUNY Board of Trustees resolution number 79-100 of 5/23/79: "No authorization will be given to private commercial enterprises to operate on State University campuses or in facilities furnished by the University other than to provide for food, campus bookstore, laundry, and cultural events." This resolution shall not be deemed to apply to Faculty Student Association activities approved by the University.

The contract between SUNY and Faculty Student Association provides for the operation of activities such as those described above plus other auxiliary services and facilities for students, faculty, and staff as authorized by the university president or his designee.

All student organizations engaged in selling a product or services on campus MUST check with the Office of Student Life with regard to the proper guidelines and procedures to be followed.

The peddling of newspapers or handbills which convey a point of view in the public areas of a SUNY campus is protected by the First Amendment. Public areas include the main lobby of the Student Center and sidewalks, but not areas such as corridors, rooms and all other lobbies in buildings.

Harassment or intimidation of members of the campus community by persons selling goods or services or proselytizing points of view or cause may require the removal of individuals from University property in accordance with the rules for the maintenance of public order.

Announcements offering subscriptions to newspapers and magazines or other goods or services may be placed on established bulletin boards on campus only after approval has been obtained from the University official in charge of the area in which the bulletin board is located. Door to door solicitation is not permitted on campus. Unaddressed hand bills and other notices of goods or services for sale are not to be sent through the campus mail, distributed to persons, or placed on vehicles on campus property.

Activities such as craft fairs and flea markets approved in advance by the proper authority (such as the Office of Student Life, SUNY Downstate Facilities Use Committee) may be held on campus. Such activities are limited to participation by students, faculty, and staff, and invited members of the public, and must be under the on-site control of a recognized campus organization. Commercial vendors are not permitted to sell or offer items for sale at events such as fairs and flea markets.

Political parties are also prohibited from soliciting funds or promoting membership on State University facilities.

Recognized University activities such as the performing arts and athletic, cultural, social, educational, or recreational events are not commercial by nature and are the responsibility of sponsoring campus organizations within the limits of their charter and/or University policy and regulations.

When approval has been granted to authorized individuals or organizations to engage in business or commercial activities on campus, they are subject to all University regulations. Violations may require revocation of approval to operate on campus.

In accordance with the legal requirements of NYS Education Law §6437, all SUNY campuses shall prohibit the advertising, marketing, or merchandising of credit cards on college campuses to students, except pursuant to an official college credit card marketing policy. At DHSU, this marketing falls within appropriate contracted services under the Faculty Student Association. Students are cautioned that external commercial entities may inappropriately solicit services and or information from students for the purpose of inappropriately or illegally conducting business on the campus and or the marketing of credit card services to other students. Students are urged to reject such solicitations or if uncertain of its validity to consult in advance with the Office of Student Affairs about the specific activity. *Improper solicitations to market credit card services to students should be reported to the Office of Student Affairs.*

NON-DISCRIMINATION NOTICE

SUNY Downstate is committed to fostering a diverse community of outstanding faculty, staff, and students, as well as ensuring equal educational opportunity, employment, and access to services, programs, and activities, without regard to an individual's race, color, national origin, religion, creed, age, disability, sex, gender identity, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. Employees, students, applicants or other members of the University community (including but not limited to vendors, visitors, and guests) may not be subjected to harassment that is prohibited by law, or treated adversely or retaliated against based upon a protected characteristic

SUNY Downstate's policies are in accordance with federal and state laws and regulations prohibiting discrimination and harassment. These laws include the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964 as Amended by the Equal Employment Opportunity Act of 1972, and the New York State Human Rights Law. These laws prohibit discrimination and harassment, including sexual harassment and sexual violence.

Inquiries regarding the application of Title IX and other laws, regulations and policies prohibiting discrimination may be directed to Roxanna Thomas, JD, MS, Title IX Director, Basic Sciences Building, AskODI@downstate.edu, 718-270-1738.

Inquiries may also be directed to the United States Department of Education's Office for Civil Rights, 32 Old Slip, 26th Floor, New York, NY 10005-2500; Telephone (646) 428-3800; Email OCRNewYork@ed.gov.

POLICY ON SEXUAL HARASSMENT

Colleges and universities have a dual responsibility in the prevention of sexual harassment. As employees, we must meet the obligations imposed by the 1980 guidelines issued by the Equal Employment Opportunity Commission (EEOC). In addition, institutions of higher education also must provide protection from and access to redress for sexual harassment against students, as recommended in Title IX of the 1972 Educational Amendments. SUNY Downstate Health Sciences University, as employer and as educator, remains committed to providing an environment free from harassment for its employees and students.

Roxanna Thomas, JD, MS, is SUNY Downstate's Title IX Director.

I. POLICY

It is the policy of SUNY Downstate Health Sciences University, in keeping with efforts to establish an environment in which the dignity and worth of all members of our community are respected, that sexual harassment of employees and students is unacceptable conduct and will not be tolerated. Sexual Harassment situations that are brought to management's attention will be dealt with immediately, and appropriate corrective action will be taken promptly. Sexual Harassment may involve the behavior of a person of the opposite or same sex, when that behavior falls within the definition outlined below.

DEFINITION

Sexual harassment of employees and students at SUNY Downstate Health Sciences University is defined as any unwelcome sexual advance, request for sexual favors, or other verbal or physical conduct of a sexual nature, as well as gender-based harassment that need not include sexual advances, when: submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or status as a student; submission to or rejection of such conduct is used as the basis for decisions affecting the employment or academic status of that individual; or such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or educational experience, or creates an intimidating, hostile or offensive work or educational environment. A hostile environment is created by, but not limited to, discriminatory intimidation, ridicule or insult. It need not result in an economic loss to the affected person.

These guidelines define sexual harassment and recognize it as a violation of Title VII of the Civil Rights Act of 1964. There are many types of conduct that could constitute sexual harassment. Some examples include, but are not limited to; demanding sexual favors in exchange for a promotion or raise, changing performance expectations after a subordinate refuses repeated requests for a date, comments about body parts or sex life, leering, offensive e-mail, off-color jokes, touching inappropriately, gestures, suggestive pictures, and/or personal gifts.

SEXUAL HARASSMENT COMPLAINT PROCEDURES

Please refer to the Complaint Procedure Process later in this section.

For those who have a complaint concerning sexual harassment that they wish to make during off-hours (5:00 p.m. – 9:00 a.m.), the following procedures are available:

For incidents that take place within University Hospital, employees or students or members of the public may contact University Police/Public Safety at extension 2626 to notify them of the complaint. A University Police/Public Safety Supervisor will arrange to take the complaint and will simultaneously notify the Hospital Administrator on Duty (A.O.D.) or the Nursing Supervisor on Duty. The A.O.D. or the Nursing Supervisor will have the responsibility to take any immediate steps that may be necessary to protect the complainant until the next business day, when the Office of Diversity (O.D.) initiates contact with the complainant. University Police/Public Safety and the A.O.D. will transmit the information to O.D. by hand by 9:00 a.m. the next business day.

If, for any reason, the complainant chooses not to report the incident(s) to University Police/Public Safety (if, for example, the alleged harasser may be a member of that Department), then the complainant should call extension 2121, the Page Operator, and page the Hospital Administrator on Duty (A.O.D.), or, in the A.O.D.'s absence, the Nursing Supervisor on Duty. The A.O.D. or the Nursing Supervisor will respond by contacting the complainant, meeting with her/him and taking a brief statement.

In this instance, the A.O.D. or the Nursing Supervisor will be solely responsible for an administrative response that protects the complainant until the O.D. initiates contact with the complainant and has an opportunity to investigate. The A.O.D. or the Nursing Supervisor will transmit the report to O.D. at 9:00 a.m. the next business day.

For incidents that occur outside University Hospital proper [for example, in the Basic Science Building or the Health Science Education Building, or a satellite clinic], persons should contact University Police/Public Safety at extension 2626 to report any complaint of sexual harassment. A University Police/Public Safety Supervisor will respond, take the complaint and have the responsibility to take any immediate steps that may be necessary to protect the complainant until the next business day, when the Office of Diversity and Inclusion initiates contact with the complainant and has an opportunity to investigate. University Police/Public Safety will transmit the report to O.D. at 9:00 a.m. the next business day.

The person who believes that she/he has experienced sexual harassment may also leave a telephone message at extension 1738, the Office of Diversity & Inclusion (ODI), if the caller believes an administrative response to the report can wait until the next day. The caller should leave a clear message as to how to contact her/him the next morning. ODI will respond to the complaint during the next business day.

The person who believes she/he has experienced sexual harassment is strongly encouraged to promptly give a written statement to ODI. This procedure provides a better opportunity to investigate and expeditiously remedy any misconduct.

Retaliation of any kind will not be tolerated. This prohibition includes any retaliation against a person who has filed a complaint of sexual harassment as well as anyone who assists in an investigation or in good faith provides information on behalf of a party.

To affect this policy, every student and employee should consider it a civic and moral obligation to report knowledge of any illegal discrimination to the Office of Diversity & Inclusion.

Therefore, we strongly encourage students and employees to offer support to anyone who believes he or she is a recipient of illegal discrimination. Part of that support should consist of urging the person to report such an incident to the Office of Diversity & Inclusion, to one's supervisor, to Labor Relations or, if appropriate, to University Police/Public Safety.

Recent decisions of the United States Supreme Court make it clear that aggrieved persons may forfeit their opportunity to successfully litigate cases if they unreasonably fail to bring matters of discrimination to the attention of the in-house officer responsible for investigating those matters. SUNY Downstate Health Sciences University's Office of Diversity & Inclusion stands ready to thoroughly and objectively examine every formal complaint, which is brought to its attention.

CONSENSUAL RELATIONSHIPS POLICY

The State University of New York Downstate Health Sciences University (Downstate) is committed to providing a work and educational environment for its faculty, staff, visitors and students free of intimidation and harassment. Downstate's Sexual Misconduct Policy states that such conduct is unacceptable and will not be tolerated. Further, incident of sexual harassment will be addressed promptly and the appropriate corrective action will be taken. Faculty, staff, visitors and students may use ODI's EEO Complaint Form to file a complaint of discrimination with the Downstate Office of Diversity & Inclusion.

Downstate encourages the development of mentoring and collegial relationships characterized by professional and ethical behavior that is free of discriminatory actions. Consensual sexual relationships between a faculty member and a student or between a supervisor and an employee exceed what is believed to be a collegial business or academic partnership and may compromise the objectivity and integrity of the individuals in positions of influence and power. Downstate recognizes that the decision to engage in such relationships is a personal one. Nonetheless, to fulfill its obligation and commitment to equal employment and educational opportunity and to prevent questionable standards of professional conduct, Downstate strongly discourages consensual sexual relationships between faculty and students, and between supervisors and subordinate employees.

Consensual sexual relationships are considered problematic by Downstate for two major reasons: conflict-of-interest and the power differential. Students depend upon professors for grades, recommendations and opportunities for teaching and research. Employees rely upon supervisors for promotions, raises, job assignments, overtime, and other terms and conditions of employment. Conflict-of-interest inevitably arise when individuals have responsibility for evaluating the work or academic performance, or for hiring or making salary or other personnel decisions involving those with whom they have intimate romantic relationships.

The parties in a consensual sexual relationship must recognize that the reasons for entering, maintaining or terminating such a relationship may be a function of the power differential, and that the relationship may not be truly welcome or consensual. With an academic or employment career at stake, a student or employee may find it difficult or threatening to refuse a request from a professor or supervisor, no matter how casual the request. Such relationships may also be inappropriate in that they may create a negative or uncomfortable working or learning environment for others who may perceive preferential treatment.

Further, even in a seemingly consensual sexual relationship, consent cannot be considered a defense in a complaint of sexual harassment or retaliation. In addition, it is almost always the individual in the relationship with greater power who bears the burden of accountability. Thus, as the person in authority, it is the faculty member's or supervisor's responsibility to refrain from initiating and to discourage such behavior, and to maintain appropriate professional boundaries at all times.

GUIDELINES:

Persons entering a consensual sexual relationship should seriously consider the problems and issues such a dual relationship can create. Faculty members and supervisors who develop a sexual relationship and who are also involved in a work or academic relationship should act immediately to remove themselves from the mentoring or supervisory role.

Consensual sexual relationships between faculty members and students or between supervisors and employees outside the instructional or supervisory context may also lead to difficulties, particularly when the parties involved are in the same academic unit or work department. Problems may occur from the student's or employee's perspective and can affect not only the individuals involved directly, but also the overall academic or work environments. Therefore, Downstate encourages faculty and administrators in positions of influence to remove themselves from personal relationships or situations in which they will be perceived as making academic or personnel decisions that are based on favoritism rather than merit. It shall be the responsibility of the individual with the power or status advantage to eliminate or mitigate a conflict situation, the consequences of which might prove detrimental to either party in the relationship.

The Office of Diversity & Inclusion, x1738, is available to answer questions regarding this policy and to consult if problems occur or when individuals are uncertain about how to manage boundaries in a dual relationship.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (BUCKLEY AMENDMENT)

Definitions

For the purposes of this policy, SUNY DHSU has used the following definition of terms.

Student - any person who attends or has attended SUNY DHSU.

Education Records - any educational record directly related to the student and maintained by SUNY DHSU or by a party acting for SUNY DHSU except:

1. A personal record kept by a staff member if it is kept in the sole possession of the maker of the record and is not accessible or revealed to other persons except a temporary substitute for the maker of the record.
2. Records created and maintained by SUNY DHSU's Public Safety Department for law enforcement purposes.
3. An employment record of an individual, whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual's employment.
4. Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional if the records are used only for the treatment of a student and made available only to those persons providing the treatment.
5. Alumni records which contain information about a student after he or she is no longer in attendance at the University and which do not relate to the person as a student.

Annual Notification

Students will be notified of their FERPA rights annually by publication in the Student Handbook.

Procedure to Inspect Education Records

Students may inspect and review their education records upon request to the appropriate record custodian.

Students should submit to the record custodian or an appropriate SUNY DHSU staff person a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The record custodian or an appropriate SUNY DHSU staff person will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Requests from active current students are normally responded to within 24-48 hours (during business days). For former students, or in the rare circumstances where information has already been archived, we make every effort to respond as soon as possible, but access may take up to 45 days or less from the receipt of the request. When a record contains information about more than one student, the student may inspect and review only the records which relate to him or her.

Right of SUNY DHSU to Refuse Access

SUNY DHSU reserves the right to refuse to permit a student to inspect the following records:

1. The financial statement of the student's parents.
2. Letters and statements of recommendation for which the student has waived his or her right of access, or which were placed in his or her file before January 1, 1975.
3. Records connected with an application to attend SUNY DHSU if that application was denied.
4. Those records which are excluded from the FERPA definition of education records.

Refusal to provide copies

SUNY DHSU reserves the right to deny transcripts or copies of educational records not required to be made available by FERPA in any of the following situations:

1. The student has an unpaid financial obligation to SUNY DHSU.
2. There is an unresolved disciplinary action against him or her.

Fees for Copies of Records

The fee for copies of educational records will be \$.10 per page. If the document is to be mailed, the cost of mailing will also be charged.

Disclosure of Education Records

SUNY DHSU will disclose information from a student's education records only with the written consent of the student, except:

1. To University officials who have a legitimate educational interest in the records.

A university official is: a person employed by the University in an administrative, supervisory, academic or research, or support staff position; a person elected to the Board of Trustees; a person employed by or under contract to the University to perform a special task, such as the attorney or auditor.

A University official has a legitimate educational interest if the official is: performing a task that is specified in his or her position description or by a contract agreement; performing a task related to a student's education; performing a task related to the discipline of a student; providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid.

2. To officials of another school, upon request, in which a student seeks or intends to enroll.
3. To certain officials of the U.S. Department of Education, the Comptroller General, and state and local educational authorities, in connection with certain state or federally supported education programs.
4. In connection with a student's request for or receipt of financial aid as necessary to determine the eligibility, amount, or conditions of the financial aid, or to enforce the terms and conditions of the aid.

5. If required by a state law requiring disclosure that was adopted before November 19, 1974.
6. To organizations conducting certain studies for or on behalf of the University.
7. To accrediting organizations to carry out their functions.
8. To parents of an eligible student who claim the student as a dependent for income tax purposes.
9. To comply with a judicial order or a lawfully issued subpoena.
10. To appropriate parties in a health or safety emergency.
11. Directory information so designated by the University.
12. The results of any disciplinary proceeding conducted by the University against an alleged perpetrator of a crime of violence to the alleged victim of that crime.

Record of Requests for Disclosure

SUNY DHSU will maintain a record of all requests for and/or disclosure of information from a student's education records. The record will indicate the name of the party making the request, any additional party to whom it may be re-disclosed, and the legitimate interest the party has in requesting or obtaining the information. The record may be reviewed by the eligible parents or student.

Directory Information

FERPA allows an institution to release student "directory information" without a student's consent, unless the student has requested such information be kept confidential. SUNY Downstate designates the following as directory information:

Name, address, telephone number, date of birth and place of birth, Downstate e-mail address, Downstate SID, student photos, school of attendance, dates of attendance, major field of study, class year, current credit load, credit hours earned, degrees received, dates of degrees, participation in officially recognized activities, honors and awards received, internships, residency or other post-completion placements (applies only to College of Medicine and School of Graduate Studies), and the most recent previous educational agency or institution attended. SUNY DHSU may disclose any of these items without prior written consent, unless notified in writing to the contrary during the fall registration period.

To opt out of directory information disclosures, you will complete a Family Educational Rights and Privacy Act (FERPA) Opt In/ Opt Out form found in the Office of the Registrar. You may do this at the time of fall registration only.

SUNY Downstate publishes the DHSU Student Telephone Directory, which may be made public. This directory contains name, local address, program and class year, and local telephone number. Because the Directory is published only once a year, requests to change directory information after the date of publication may not be reflected in the printed directory. However, the changes will be made in all official student records and will remain until such time as one requests a change in data to be released/withheld.

Correction of Education Records

Students have the right to ask to have records corrected that they believe are inaccurate, misleading, or in violation of their privacy rights. The following are the procedures for the correction of records:

1. The student must ask the appropriate official of SUNY DHSU to amend a record in writing. The student should identify the part of the record he/she wants changed and specify why he/she believes it is inaccurate, misleading or in violation of his/her privacy or other rights.
2. That office must reach a decision and inform the student of this decision, in writing, within a reasonable time after receipt of the request. If it decides not to comply, that office will notify the student of the decision and advise him/her right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights.
3. Upon request, SUNY DHSU will arrange for a hearing, and notify the student, reasonably in advance, of the day, place, and time of the hearing.
4. The hearing will be conducted by a person or persons appointed by the Vice President for Student Affairs, who do not have a direct interest in the outcome of the hearing. The student will be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney. If the student is represented by an attorney, SUNY Legal Counsel must also be present.
5. The hearing officer/panel will prepare a written decision based solely on the evidence presented at the hearing, within a reasonable time period after the conclusion of the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.
6. If the hearing officer/panel decides that the information is inaccurate, misleading, or in violation of the student's right of privacy, the record will be amended and the student will be notified, in writing, that the record has been amended.
7. If the hearing officer/panel decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, the student will be notified that he/she has a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision. The statement will be maintained a part of the student's education records as long as the contested portion is maintained. If SUNY DHSU discloses the contested portion of the record, it must also disclose the statement.

Note:

1. Former students are not given a right to inspect records which only contain information about them after they left school.
2. Notification of student rights under the Act need not be sent to former students.
3. Students may give consent for disclosures of their education records to a "class of parties" as well as a specific individual or institution.

4. Schools need only make a “reasonable effort” to notify students of a subpoena in advance of compliance.
5. Parents of students attending the University are not given a right to inspect student records (e.g. receive grades) without student consent.
6. The opportunity for a hearing as specified in 99.21 of the regulations should not be construed to apply to questions concerning the underlying reasons for the granting of a particular grade. Instead, a hearing to determine the accuracy of any grade should be confined to the issue of whether or not the recorded grade corresponded to the grade reported by the faculty member.

Alleged failures to comply with the requirements of FERPA may be filed by students with the U.S. Department of Education. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
 U.S. Department of Education
 600 Independence Avenue, SW
 Washington, D.C. 20202-4605

Types, Locations, and Custodians of Education Records

Types	Location	Custodian
Admissions Records	Office of Admissions	Admissions
Academic Records (active students)	Office of the Registrar	Registrar
Academic Records (former students)	Archives	Registrar
Health Records (current students)	Student Health	Director, Student Health
Health Records (former students)	Archives	Director, Student Health
Financial/Financial Aid Records	Financial Aid/Bursar	Financial Aid/Bursar
Progress Records	Dean’s Office at each college or dept./Instructor	Dean
Disciplinary Records	Student Affairs Office	VP for Student Affairs

As of January 3, 2012, the U.S. Department of Education’s FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records—including your Social Security Number, grades, or other private information—may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (“Federal and State Authorities”) may allow access to your records and Personally Identifiable Information without your consent to *any* third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is “principally engaged in the provision of education,” such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records and Personally Identifiable Information without your consent to researchers performing certain types of studies, in certain cases *even when we object to or do not request such research*. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your Personally Identifiable Information, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent Personally Identifiable Information from your education records, and they may track your participation in education and other programs by linking such Personally Identifiable Information to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

HEALTH REGULATIONS

As required by the 1982 resolution of the SUNY Board of Trustees, and as a condition of registration, all students must submit a fully completed medical history form and a physician’s report to the Health Service. Effective August 1, 1990, New York State Public Health Law 2165 requires students born since January 1, 1957, to show immunity against measles, mumps, and rubella. In addition, all students in the clinical setting must be in compliance with the New York State Health Department regulations and comply with an annual health assessment. Students not in compliance will have a “health clearance hold” placed on their registration, and will not be eligible to register for the subsequent semester until they are in compliance. OSHA regulations also require TB mask fitness and fit testing prior to any patient contact.

ACCEPTABLE USE POLICY FOR COMPUTING AND NETWORK RESOURCES

The computer network at SUNY Downstate Health Sciences University provides a virtually unlimited supply of resources and information to the community, but the system also places an enormous responsibility on all users. All SUNY Downstate rules are applicable to all uses of computers and related technologies. This document is intended to clarify those rules as they apply specifically to network and computer usage.

Any user must adhere to the same code of ethics that governs all other aspects of life within the bounds of our learning community. Any actions performed or initiated through the network must reflect the integrity, honesty, and compliance with SUNY Downstate’s rules of conduct, which are required of all representatives of SUNY Downstate. Policies protecting the privacy of a user’s work on the network are built from the premise that an unlocked computer does not give an outsider legitimate access to an individual’s files, just as an unlocked door does not give an outsider legitimate access to the personal belongings contained within a room. The following policies exist to ensure the ethical use of the network at SUNY Downstate:

1. Accessing the accounts and files of others is prohibited.

This rule protects all users on the network, not just the SUNY Downstate community. Taking advantage of a user who inadvertently leaves a computer without logging out is no different than entering an unlocked room and stealing, reading a personal letter, or destroying someone’s personal property.

2. Attempting to subvert network security, to impair functionality of the network, or to bypass restriction set by the administrators is prohibited.

Assisting others in violating these rules by sharing information or passwords, the loading of unauthorized software onto public computers and the overloading of network capacity are also considered unacceptable behavior. It is the responsibility of the user to become familiar with any additional specific policies posted by the administrator of a lab, unit or department prior to using its computer resources.

3. Improper use or distribution of information is prohibited. Educational materials placed on Blackboard and lecture podcasts are for Downstate student use. They are not to be distributed outside of Downstate. This includes copyright violations such as software piracy as well as plagiarism, harassment and fraud. The network is a valid academic resource, and use thereof is governed by the same rules as library resources.

4. Using the network for commercial purposes or in support of illegal activities is prohibited.

SUNY Downstate maintains the network for academic purposes as well as for school related and personal communication. If you are in doubt about the definition of “illegal activity” talk to a network administrator.

5. Legitimate use of a computer or network system does not extend to whatever an individual is capable of doing with it. Although some rules are built into the system itself, these restrictions cannot limit completely what an individual can do or can see. In any event, each member of the community is responsible for his/her actions whether or not rules are built in, and whether or not they can be circumvented.

6. Users accessing the network are representatives of SUNY Downstate, and are expected to behave accordingly.

Those who are unsure of what constitutes appropriate behavior should ask themselves the question: “Will my actions reflect well on the SUNY Downstate community?”

Those who violate the above standards of behavior will be denied use of SUNY Downstate computers or network systems. In addition to the policy described in this document, as a user of Downstate resources you are subject to applicable New York State and Federal laws. Violations will be referred to the appropriate SUNY Downstate body adjudicating academic integrity or disciplinary actions, and/or to the appropriate local, State, and Federal authorities, at SUNY Downstate’s discretion. SUNY Downstate reserves the right to investigate suspected violations using all appropriate means. Furthermore, SUNY Downstate may terminate or restrict any person’s access to its resources, without prior notice, if such action is necessary to maintain availability, security, and integrity of operations for other users of its resource.

Peer to Peer File Sharing

As stated in #3 above, unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject students to civil and criminal liabilities:

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For “willful” infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

For more information, please see the Web site of the U.S. Copyright Office at www.copyright.gov, especially their FAQ’s at www.copyright.gov/help/faq.

SECT. 224-A NEW YORK STATE EDUCATION LAW: “STUDENTS UNABLE BECAUSE OF RELIGIOUS BELIEFS TO ATTEND CLASSES ON CERTAIN DAYS”

1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that s/he is unable, because of religious beliefs, to register or attend classes or to participate in any examination, study or work requirements on a particular day or days.
2. Any student in an institution of higher education who is unable, because of his or her religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.
3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his or her religious beliefs, an equivalent opportunity to register for classes or make up any examination, study, or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.
4. If registration, classes, examinations, study or work requirements are held on Friday after four o’clock post meridian or on Saturday, similar or makeup classes, examinations, study, or work requirements or opportunity to register shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, examinations, study, or work requirements or registration held on other days.

5. If effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of his or her availing himself or herself of the provisions of this section.
6. Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the supreme court of the county in which such institution of higher education is located for the enforcement of his or her rights under this section.
- 6-a. It shall be the responsibility of the administrative officials of each institution of higher education to give written notice to students of their rights under this section, informing them that each student who is absent from school, because of his or her religious beliefs, must be given an equivalent opportunity to register for classes or make up any examination, study or work requirements which he or she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to such student such equivalent opportunity.
7. As used in this section, the term "institution of higher education" shall mean any institution of higher education, recognized and approved by the regents of the university of the state of New York, which provides a course of study leading to the granting of a post-secondary degree or diploma. Such term shall not include any institution which is operated, supervised or controlled by a church or by a religious or denominational organization whose educational programs are principally designed for the purpose of training ministers or other religious functionaries or for the purpose of propagating religious doctrines. As used in this section, the term "religious belief" shall mean beliefs associated with any corporation organized and operated exclusively for religious purposes, which is not disqualified for tax exemption under section 501 of the United States Code.

POLICY ON CAMPUS DISORDER

§535.2 CHAPTER V - STATE UNIVERSITY

Part 535

Rules of the Board of Trustees

(Statutory authority: Education Law, §6450)

Sec. Sec.

- | | | | |
|-------|---|-------|---------------------|
| 535.1 | Statement of Purpose | 535.5 | Penalties |
| 535.2 | Application of Rules | 535.6 | Procedure |
| 535.3 | Prohibited conduct | 535.7 | Enforcement program |
| 535.4 | Freedom of speech and assembly; | | |
| 535.8 | Communication, picketing and demonstrations | | |
| 535.9 | Notice, hearing, determination | | |

Historical Note

Part added and filed October 14, 1969

1. Applicability

Held that Part 535 et seq. of the rules and regulations of the Board of Trustees of the State University relating to the maintenance of public order (8 NYCRR Part 535 et. seq.) are applicable not only to campus disorders which involve militant students demonstrating against national policy, racial discrimination, the Vietnam War, etc., but also to apply to a situation where, after having engaged in a heated intramural basketball game, a student allegedly took part in assaulting and injuring several players on opposing team, an official, and other students. *Matter of Hanger v. State University of New York at Binghamton*, 39 AD 2d 253 (1972).

Section 535.1 Statement of Purpose. The following rules are adopted in compliance with section 6450 of the Education Law and shall be filed with the Commissioner of Education and the Board of Regents on or before July 20, 1969, as required by that section. Said rules shall be subject to amendments or revisions thereof shall be filed with the Commissioner of Education and the Board of Regents within 10 days after adoption. Nothing herein is intended, nor shall it be construed, to limit or restrict the freedom of speech or peaceful assembly. Free inquiry and free expression are indispensable to the objectives of a higher educational institution. Similarly, experience has demonstrated that the traditional autonomy of the educational institution (and the accompanying institutional responsibility for the maintenance of order) is best suited to achieve these objectives. These rules shall not be construed to prevent or limit communication between and among faculty, students and administration, or to relieve the institution of its special responsibility for self-regulation in the preservation of public order. Their purpose is not to prevent or restrain controversy and dissent but to prevent abuse of the rights of others and to maintain that public order appropriate to a college or university campus without which there can be no intellectual freedom and they shall be interpreted and applied to that end.

Historical Note

Sec. added and. filed Oct. 14, 1969

Section 535.2 Application of rules. These rules shall apply to all State operated institutions of the State University except as provided in Part 550 as applicable to the State University Maritime College. These rules may be supplemented by additional rules for the maintenance of public order heretofore or hereafter adopted for any individual institution, approved and adopted by the State University Trustees and filed with the Commissioner of Education and Board of Regents, but only to the extent that such additional rules are not inconsistent herewith.

The rules hereby adopted shall govern the conduct of students, faculty and other staff, licensees, invitees, and all other persons, whether or not their presence is authorized, upon the campus of any institution to which such rules are applicable and also upon or with respect to any other premises or property, under the control of such institution, used in its teaching, research, administrative, service, cultural, recreational, athletic and other programs and activities, provided however, that charges against any student for violation of these rules upon the premises of any such institution other than the one at which he is in attendance shall be heard and determined at the institution in which he is enrolled as a student.

Historical Note

Sec. added, filed Oct. 14, 1969, amds. 1973

Amended 1st sentenced filed: Oct. 14 1969, Apr. 10, 1979, Jan. 9

Section 535.3 Prohibited conduct. No person, either singly or in concert with others, shall:

- (a) Willfully cause physical injury to any other person, nor threaten to do so for the purpose of compelling or inducing such other person to refrain from any act which he has a lawful right to do or to do any act which he has a lawful right not to do.
- (b) Physically restrain or detain any other person, not remove such person from any place where he is authorized to remain.
- (c) Willfully damage or destroy property of the institution or under its jurisdiction, nor remove or use such property without authorization.
- (d) Without permission, expressed or implied, enter into any private office of an administrative officer, member of the faculty or staff member.
- (e) Enter upon and remain in any building or facility for any purposes other than its authorized uses or in such manner as to obstruct its authorized use by others.
- (f) Without authorization, remain in any building or faculty after it is normally closed.
- (g) Refuse to leave any building or facility after being required to do so by an authorized administrative officers.
- (h) Obstruct the free movement of persons and vehicles in any place to which these rules apply.
- (i) Deliberately disrupt or prevent the peaceful and orderly conduct of classes, lectures and meetings or deliberately interfere with the freedom of any person to express his views, including invited speakers.
- (j) Knowingly have in his possession upon any premises to which these rules apply, any rifle, shotgun, pistol, revolver, or other firearm or weapon without the written authorization of the chief administrative officer whether or not a license to possess the same has been issued to such a person.
- (k) Willfully incite others to commit any of the acts herein prohibited with specific intent to procure them to do so.
- (l) Take any action, create, or participate in the creation of any situation which recklessly or intentionally endangers mental or physical health or which involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization.

Historical Note

Sec. added filed Oct. 14, 1969

Section 535.4 Freedom of Speech and assembly; picketing and demonstrations.

- (a) No student, faculty or other staff member or authorized visitor shall be subject to any limitation or penalty solely for the expression of his views not for having assembled with others for such purpose. Peaceful picketing and other orderly demonstrations in public areas of ground and building will not be interfered with. Those involved in picketing and demonstrations may not, however, engage in specific conduct in violation of the provisions of the preceding section.
- (b) In order to afford maximum protection to the participants and to the institutional community, each State-operated institution of the State University shall promptly adopt and promulgate, and thereafter continue in effect as revised from time to time, procedures appropriate to such institution for the giving of reasonable advance notice to such institution of any planned assembly, picketing or demonstration upon the ground of such institution, its proposed locale and intended purpose, provided, however, that the giving of such notice shall not be made a condition precedent to any such assembly, picketing or demonstration and provided, further, that this provision shall not supersede nor preclude the procedures in effect at such institution for obtaining permission to use the facilities thereof.

Historical Note

Sec. added, filed Oct. 14, 1969; and. filed Apr. 10, 1979 effective immediately.

New sec. substituted.

Decisions

1. Use of campus meeting facilities-union organizing efforts. Held that although its collective bargaining agreement with petitioner employee organization precluded it from granting "meeting space in State facilities" to outside organizations, respondent State University of New York at Stony Brook nevertheless validly gave permission to members or rival hospital union to speak at campus meeting sponsored by student organizations. Respondent could not constitutionally preclude use of its facilities to outside organizations for purposes unrelated to union organizing efforts. *Civil Service Employees Association, Inc. V. State University of New York*, 82 Misc 2d 334 (1974)

Section 535.5 Penalties. A person who shall violate any of the provisions of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall:

- (a) if he is a licensee or invitee, have his authorization to remain upon the campus or other property withdrawn and shall be directed to leave the premises. In the event of his failure or refusal to do so he shall be subject to ejection.
- (b) If he is a trespasser or visitor without specific license or invitation, be subject to ejection.
- (c) If he is a student, be subject to expulsion to such lesser disciplinary action as the facts of the case may warrant, including suspension, probation, loss of privileges, reprimand or warning.

- (d) If he is a faculty member having a term or continuing appointment, be guilty of misconduct and be subject to dismissal or termination of his employment or such lesser disciplinary action as the facts may warrant including suspension without pay or censure.
- (e) If he is a staff member in the classified service of the civil service, described in Section 75 of the Civil Service Law, be guilty of misconduct, and be subject to the penalties prescribed in said section.
- (f) If he is a staff member other than one described in subdivisions (d) and (e) be subject to dismissal, suspension without pay or censure.

Historical Note

Sec. added, filed Oct. 14, 1969; and. filed Apr. 10, 1970 effective immediately. Inserted parenthetical material in first sentence.

Section 535.6 Procedure.

- (a) The chief administrative officer or his designee shall inform any licensee or invitee who shall violate any provisions of these rules (or of the rules of any individual institution supplementing or implementing these rules) that his license or invitation is withdrawn and shall direct him to leave the campus or other property of the institution. In the event of his failure or refusal to do such officer shall cause his ejection from such campus or property.
- (b) In the case of any other violator, who is neither a student or faculty or other staff member, the chief administrative officer or his designee shall inform him that he is not authorized to remain on the campus or other property of the institution and direct him to leave such premises. In the event of his failure or refusal to do so such officer shall cause his ejection from such campus or property. Nothing in this subdivision shall be construed to authorize the presence of any such person at any time prior to such violation or to affect his liability to prosecution for trespass or loitering as prescribed in the Penal Law.
- (c) In the case of a student, charges for violation of any of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be presented and shall be heard and determined in the manner hereinafter provided in Section 535.9 of this Part.
- (d) In the case of a faculty member having a continuing or term appointment, charges of misconduct in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be made, heard and determined as prescribed in that section.
- (e) In the case of any staff member who holds a position in the classified Civil Service, described in Section 75 of the Civil Service law, charges of misconduct in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be made, heard and determined as prescribed in that section.
- (f) Any other faculty or staff member who shall violate any provision of these rules (or of the rules of any individual institution supplementing or implementing these rules) shall be dismissed, suspended, or censured by the appointing authority prescribed in the policies of the Board of Trustees.

Historical Notes

Sec. added, filed Oct. 14, 1969; and filed Apr. 10, 1970 effective immediately. Substituted new (a), (c), (d), (e), (f)

Section 535.7 Enforcement Program.

- (a) The chief administrative officer shall be responsible for the enforcement of these rules (or of the rules of any individual institution supplementing or implementing these rules) and he shall designate the other administrative officers who are authorized to take action in accordance with such rules when required or appropriate to carry them into effect.
- (b) It is not intended by a provision herein to curtail the right of student, faculty, or staff to be heard upon any matter affecting them in their relations with the institution. In the case of any apparent violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) by such persons, which in the judgment of the chief administrative officer or his designee, make reasonable effort to learn the cause of the conduct in question and to persuade those engaged therein to desist and to resort to permissible methods for the resolution of any issues which may be presented. In doing so such officer shall warn such persons of the consequences of persistence in the prohibited conduct, including their ejection from any premises of the institution where their continued presence and conduct is in violation of these rules (or of the rules of any individual institution supplementing or implementing these rules).
- (c) In any case where violation of these rules (or of the rules of any individual institution supplementing or implementing these rules) does not cease after such warning and in other cases of willful violation of such rules, the chief administrative officer or his designee shall cause the ejection of the violator from any premises which he occupies in such violation and shall initiate disciplinary action as herein before provided.
- (d) The chief administrative office or his designee may apply to the public authorities for any aid which he deems necessary in causing the ejection of any violator of these rules (or of the rules of any individual institution supplementing or implementing these rules) and he may request the State University Counsel to apply to any court of appropriate jurisdiction for an injunction to restrain the violations or threatened violation of such rules.

Historical Notes

Sec. added, filed Oct. 14, 1969; and. filed Apr. 10, 1970 effective immediately. New sec. substituted

Section 535.8 Communication

In matters of the sort to which these rules are addressed, full and prompt communication among all components of the institutional community, faculty, students and administration, is highly desirable. To the extent that time and circumstances permit, such communications should precede the exercise of the authority, discretion and responsibilities granted and imposed in these rules. To these ends each State-operated institution of the State University shall employ such procedures and means, formal and informal, as will promote such communication.

Historical Notes

Sec. added, filed Apr. 10, 1970 effective, immediately

Section 535.9 Notice, hearing and determination of charges against student.*

* Applies to charges for violation of the rules prescribed by or referred to in this Part heretofore served which have not been finally determined within 60 days after the adoption hereof, which charges shall be referred to the committee constituted pursuant to said Section 535.9 for determination in accordance therewith, and said section shall apply to all charges for violation of such rules hereafter made, whether for violations heretofore or hereafter committed.

- (a) The term chief administrative officer, as used in these rules, shall be deemed to mean and include any person authorized to exercise the powers of that office during a vacancy therein or during the absence or disability of the incumbent, and for purposes of this section shall also include any designee appointed by said officer.
- (b) Whenever a complaint is made to the chief administrative officer of any State-operated institution of the University of a violation by a student or students of the rules prescribed in this Part (or of any rules adopted by an individual institution supplementing or implementing such rules) or whenever he has knowledge of the facts reduced to writing. If he is satisfied from such investigation and statements that there is reasonable ground to believe that there has been such a violation he shall prepare or cause to be prepared charges against the student or students alleged to have committed such violation which shall state the provision prescribing the offense and shall specify the ultimate facts alleged to constitute such offense.
- (c) Such charges shall be in writing and shall be served on the student or students named therein by delivering the same to him or them personally, if possible, or if not, by mailing a copy of such charges by registered mail to such student or students at his or their usual place or places of abode while attending college and also to his or their home address or addresses, if different.
- (d) The notice of charges so served shall fix a date for hearing thereon not less than 10 nor more than 15 days from the date of service which shall be the date of mailing where necessary to effect service by mail. Failure to appear in response to the charge on the date fixed for hearing, unless there has been a continuance for good cause shown, shall be deemed to be an admission of the facts stated in such charges and shall warrant such action as may then be appropriate thereon. Before taking such action, the hearing committee, herein after referred to, shall give notice to any student, who has failed to appear, in the manner prescribed in subdivision (c), of its proposed findings and recommendations to be submitted to the chief administrative officer and shall so submit such findings and recommendations 10 days thereafter unless the student has meanwhile shown good cause for his failure to appear, in which case a date for hearing shall be fixed.
- (e) Upon demand at any time before or at the hearing the student charged or his representative, duly designated, shall be furnished a copy of statements taken by the chief administrative officer in relation to such charges and with the names of any other witnesses who will be produced at the hearing in support of the charges, provided however, that this shall not preclude the testimony of witnesses who were unknown at the time of such demand.
- (f) The chief administrative officer may, upon the service of charges, suspend the student named therein, from all or any part of the institution's premises or facilities pending the hearing and determination thereof, whenever, in his judgment, the continued presence of such student would constitute a clear danger to himself or to the safety of persons or property on the premises of the institution or would pose an immediate threat of disruptive interference with the normal conduct of the institution's activities and functions, provided however that the chief administrative officer shall grant an immediate hearing on request of any student so suspended with respect to the basis for such suspension.
- (g) There shall be constituted at each State-operated institution a hearing committee to hear charges against students of violation of the rules for maintenance of public order prescribed by or referred to in this Part. Such committee shall consist of three members of the administrative staff and three members of the faculty, designated by the chief administrative officer, and three students who shall be designated by the members named by the chief administrative officer. Each such member shall serve until his successor replacement has been designated. No member of the committee shall serve in any case where he is a witness or is or has been directly involved in the events upon which the charges are based. In order to provide for cases where there may be such a disqualification and for cases of absence or disability, the chief administrative officer shall designate an alternate member of the administrative staff and an alternate member of the faculty, and his principal designees shall designate an alternate student member, to serve in such cases. Any five members of the committee may conduct hearings and make findings and recommendations as hereinafter provided. At any institution where the chief administrative officer determines that the number of hearings which will be required to be held is, or may be, so great that they cannot otherwise be disposed of with reasonable speed, he may determine that the hearings committee shall consist of six members of the administrative staff and six members of the faculty to be designated by him and of six students who shall be designated by the members so designated by him. In such event the chief administrative officer shall designate one of such members as chairman who may divide the membership of the committee into three divisions each to consist of two members of the administrative staff, two faculty members and two students and may assign charges among such divisions Any four members of each such division may conduct hearings and make recommendations as hereinafter provided.
- (h) The hearing committee shall not be bound by the technical rules of evidence but may hear or receive any testimony or evidence which is relevant and material to the issues presented by the charges and which will contribute to a full and fair consideration thereof and determination thereof. A student against whom the charges are made may appear by and with representatives of his choice. He may confront and examine witnesses against him and may produce witnesses and documentary evidence in his own behalf. There may be present at the hearing; the student charged and his representatives and witnesses; other witnesses; representatives of the institutional administration; and, unless the student shall request a closed hearing, such other members of the institutional community or other persons, or both, and may be admitted by the hearing committee. A transcript of the proceedings shall be made.

- (i) Within 20 days after the close of a hearing the hearing committee shall submit a report of its findings of fact and recommendations for disposition of the charges to the chief administrative officer, together with a transcript of the proceedings, and shall at the same time transmit a copy of its report to the student concerned or his representative. Within 10 days thereafter the chief administrative officer shall make his determination thereon. Final authority to dismiss the charges or to determine the guilt of those against whom they are made to expel, suspend or otherwise discipline them shall be vested in the chief administrative officer. If he shall reject the findings of the hearing committee in whole or in part he shall make new findings, which must be based on substantial evidence in the record and shall include them in the notice of his final determination which shall be served upon the student or students with respect to whom it is made.

Historical Note

*Sec. added, filed Apr. 10, 1970; and filed May 7, 1970. Added "At any ****hereinafter provided.*

Section 535.10

- (a) Organizations which operate upon campus of any State-operated institution or upon the property of any State-operated institution used for educational purposes shall be prohibited from authorizing the conduct described in subdivision (1) of Section 535.3 herein.
- (b) Procedure. The chief administrative officer at each state-operated institution shall be responsible for the enforcement of this section, and, as used herein, the term chief administrative officer, shall include any designee appointed by said officer.
 - (1) Whenever the chief administrative officer has determined on the basis of a complaint or personal knowledge that there is reasonable ground to believe that there has been a violation of this section by any organization, the chief administrative officer shall prepare or cause to be prepared written charges against the organization which shall state the provision proscribing the conduct and shall specify the ultimate facts alleged to constitute such violation.
 - (2) Such written charges shall be served upon the principal officer of the organization by registered or certified mail, return receipt requested, to the organization's current address and shall be accompanied by a notice that the organization may respond in writing to the charges within ten (10) days of receipt of said notice. The notice of the charge so served shall include a statement that the failure to submit a response within ten (10) days shall be deemed to be an admission of the facts stated in such charges and shall warrant the imposition of the penalty described in subdivision (c) herein. The response shall be submitted to the chief administrative officer and shall constitute the formal denial or affirmation of the ultimate facts alleged in the charge. The chief administrative officer may allow an extension of the ten (10) days response period.
 - (3) Upon written request, by an authorized representative of the organization, the chief administrative officer shall provide the representative organization an opportunity for a hearing. A hearing panel designated by the chief administrative officer shall hear or receive any testimony or evidence which is relevant and material to the issues presented by the charge and which will contribute to a full and fair consideration thereof and determination thereon. The organization's representative may confront and examine witnesses against it and may produce witnesses and documentary evidence on its behalf. The hearing panel shall submit written findings of fact and recommendations for disposition of the charge to the chief administrative officer within twenty (20) days after the close of the hearing.
 - (4) Final authority to dismiss the charges or to make a final determination shall be vested in the chief administrative officer. Notice of the decision shall be in writing; shall include the reasons supporting such decision; and shall be served on the principal officer of the organization by mail in the manner described in paragraph (2) above within a reasonable time after such decision is made.
- (c) Penalties. Any organization which authorizes the prohibited conduct described in subdivision (1) of Section 535.3 shall be subject to the rescission of permission to operate upon the campus or upon the property of the State operated institution used for educational purposes. The penalty provided in this subdivision shall be in addition to any penalty which may be imposed pursuant to the Penal Law and any other provision of law, or to any penalty to which an individual may be subject to this Part.
- (d) Bylaws Section 6450 (1) of the Education Law requires that the provisions of this Part which prohibit reckless or intentional endangerment to health or forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization shall be deemed to be part of the bylaws of all organizations which operate upon the campus of any State-operated institution or upon the property of any State-operated institution used for educational purposes. The statute further requires that each such organization shall review these bylaws annually with individuals affiliated with the organization.
- (e) Distribution of the provisions of this Part which prohibit reckless or intentional endangerment to health or forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization shall be given to all students enrolled in each State-operated institution.

COMPLAINT PROCEDURE PROCESS FOR ISSUES OF DISCRIMINATION OR HARASSMENT

Overview

The State University of New York Downstate Health Sciences University ("SUNY Downstate" or "The University,") in its continuing effort to seek equity in education and employment and consistent with Federal and State anti-discrimination legislation, has adopted a complaint procedure for the prompt and equitable investigation and resolution of allegations of unlawful discrimination on the basis of race, color, national origin, religion, creed, age, gender, sexual orientation, disability, gender identity, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. Harassment on the basis of the above categories is one form of unlawful discrimination.

Employees, who observe or become aware of sex discrimination, including sexual harassment, sexual assault and sexual violence, should report this information to the campus Title IX Coordinator. Conduct that may constitute harassment is described below (see Definitions and Prohibited Behavior). More detailed information may be obtained from the Office of Diversity & Inclusion (ODI).

Jurisdiction of the Office of Diversity and Inclusion

Complaints of discrimination should be made to the Assistant Vice President (AVP) of the Office of Diversity & Inclusion or his/her designee. Complaints of sex discrimination and sexual violence should be made to the Title IX Coordinator. Complaints or concerns that are reported to a University administrator, manager, or supervisor concerning an act of discrimination or harassment or acts of discrimination or harassment that administrators, managers, or supervisors observe or become aware of shall be immediately referred to the Office of Diversity & Inclusion. As of September 2018, faculty who are members of the University United Professional (UUP) are also deemed mandated reporters. All other employees who observe or become aware of sex discrimination, including sexual harassment and sexual violence, should report this information to the campus Title IX Coordinator. Employees with Title IX compliance responsibilities and/or employees who have the authority to take action to redress the harassment must report any complaints to the Title IX Coordinator. Complaints may also be made directly to the Assistant Vice President and/or Title IX Coordinator by anyone who experiences, observes, or becomes aware of discrimination or harassment. ODI will also receive initial inquiries, reports, and requests for consultation. ODI will respond as appropriate and in a timely manner.

SUNY Downstate is committed to providing a learning and working environment free from discrimination. SUNY Downstate, through the Office of Diversity & Inclusion, reserves the right to pursue any complaint of discrimination about which it becomes aware. Based on information received, the Assistant Vice President and/or Title IX Coordinator may exercise his/her discretion and initiate a complaint on behalf of the SUNY Downstate community, regardless of complainant cooperation or involvement.

In addition, ODI may determine that a specific complaint of unlawful discrimination or harassment is of such a serious or potentially criminal nature that the investigative steps outlined in the process should be accelerated or eliminated. Such a circumstance will be communicated to the President (or his/her designee) and to the Vice President of Human Resources and/or the Assistant Vice President for Employee & Labor Relations for appropriate action, including the initiation of disciplinary action. If the Respondent is a student, the referral will be to the Vice President for Student Affairs.

The Assistant Vice President, or in instances involving sex discrimination, the Title IX Coordinator, is available to assist in preparing the complaint. The Title IX Coordinator will ensure that complainants are aware of their Title IX rights and available resources on and off-campus, and the right, if any, to file a complaint with local law enforcement. SUNY Downstate will comply with law enforcement requests for cooperation and such cooperation may require the campus to temporarily suspend the fact-finding aspect of an investigation while the law enforcement agency is in the process of gathering evidence. In cases of domestic violence, dating violence, intimate partner violence, stalking, or sexual violence, the campus will resume its investigation within 10 business days. In other cases, the campus will resume its investigation as soon as it is notified by the law enforcement agency that it has completed the evidence gathering process. In all cases, SUNY Downstate will implement appropriate interim steps during the law enforcement agency's investigation period to provide for the safety of the victim(s) and the campus community.

SUNY Downstate will take steps to prevent discrimination and harassment, to prevent the recurrence of discrimination and harassment, and to remedy its discriminatory effects on the victim(s) and others, if appropriate. These measures are intended to balance the rights of those bringing complaints of discrimination, harassment, and retaliation (i.e. the "Complainant") with those against whom claims are brought (i.e. the "Respondent"). The Complainant is not required to file an internal complaint with SUNY Downstate before filing a complaint with a State or Federal agency.

This procedure may be used by any SUNY Downstate student or employee, as well as by third parties for incidents that occur on and off campus when the respondent is a Downstate employee or student. Employee grievance procedures established through negotiated collective bargaining agreements, academic grievance review committees, student disciplinary grievance boards, and any other procedures defined by collective bargaining agreements or contracts will continue normal protocol. To reiterate, this procedure does not in any way deprive a Complainant of the right to file with outside enforcement agencies, including but not limited to the New York State Division of Human Rights, the Equal Employment Opportunity Commission, the Office for Civil Rights of the United States Department of Education, the Office of Federal Contract Compliance of the United States Department of Labor. Additionally, the Title IX Coordinator can provide additional information and resources to any complainant that may have been a victim of sexual harassment, sexual violence or sexual assault.

However, after filing with an outside enforcement agency, or upon the initiation of litigation, the complaint shall be referred to the campus Title IX Coordinator for investigation with the Office of Senior Managing Counsel.

Time Limits

Employees. Employees of SUNY Downstate and third parties participating in a University sponsored program or affiliated activity, must file a written complaint with the Office of Diversity & Inclusion (ODI) within 180 calendar days following the alleged discriminatory act or the date on which the Complainant first knew or reasonably should have known of such act. There is no time limit for complaints of sexual misconduct. All such complaints may be filed in person or submitted in writing to ODI.

Students. Students must file a complaint within 180 calendar days following the alleged discriminatory act, or 180 calendar days after a final grade is received for the semester during which the discriminatory acts occurred, if that date is later. For alleged discriminatory acts in a spring semester, students will have 180 calendar days from the beginning of the following fall semester to file a complaint.

It is the Complainant's responsibility to be certain that any complaint is filed within the 180-day period.

Should a complaint of domestic violence, dating violence, stalking, or sexual violence be brought beyond the 180-day period, it will be tracked and investigated to the extent possible consistent with the campus Title IX obligations, including the Title IX Coordinator's duties to spot patterns and address systemic issues.

As soon as reasonably possible after the date of filing of the complaint, the Title IX Coordinator will provide notice of the complaint to the respondent.

Retaliation

Anyone who participates in the procedure has the right to do so without fear of or actual retaliation. It will be made clear to all parties that retaliation against an employee or a student, or third parties participating in a University sponsored program or affiliated activity, who has filed a discrimination complaint, or against any witness or other participant in this process, will result in appropriate sanctions or disciplinary action as covered by SUNY Downstate policies or applicable collective bargaining agreements. These sanctions will be invoked for retaliation regardless of the merits of the original complaint.

Retaliation is an adverse action taken against an individual as a result of complaining about unlawful discrimination or harassment, exercising a legal right, and/or participating in a complaint investigation as a third-party witness. Participants who experience retaliation should contact the Assistant Vice President and/or Title IX Coordinator.

Confidentiality

To the extent practicable or allowable by law, all aspects of the complaint and investigation conducted in accordance with these procedures will be confidential. All affected parties shall cooperate fully in the investigation and shall maintain and preserve the confidentiality of the investigation.

Procedures for Resolving Complaints

Complaint Consultation and Review

Any student or employee of SUNY Downstate, or third party participating in a University sponsored program or affiliated activity, may consult with the Assistant Vice President and/or Title IX Coordinator regarding potential discrimination or harassment. ODI will assist the individual in understanding the nature of the incident, the complaint process, resources available to the individual, and other options to resolve the issue. The individual need not take any further action.

SUNY Downstate may take interim measures to protect the parties during the investigation process. Interim measures will not disproportionately impact the complainant. Interim measures involving employees in collective bargaining units should be determined in consultation with campus labor relations. Interim measures for students may include, but is not limited to, information about how to obtain counseling and academic assistance in the event of sexual assault, and steps to take if the accused individual lives on campus and/or attends class with the complainant.

Investigation and Mediation of Informal Complaints

The individual may elect to have the matter resolved informally through mediation, if appropriate. If mediation is successful, ODI will send a written notice to that effect to both parties. The matter will then be closed. Should mediation be unsuccessful ODI will advise the complainant of her or his right to proceed with a formal complaint.

****Complaints of sexual violence will not be resolved by using mediation, but instead must be referred immediately to the campus Title IX Coordinator. The complainant will not be required to resolve the problem directly with the respondent in cases of sex discrimination.***

At any time in this process, the Complainant may elect to file a formal complaint, as long as it is within the 180-day time limit. (See "Time Limits" above.)

Investigation of Formal Complaints

If there is a formal complaint filed, ODI will take all reasonable steps necessary to complete the investigation within 90 calendar days after receipt of the complaint. When appropriate, ODI may extend this deadline for a reasonable period of time to conclude its investigation. Both the Complainant and the Respondent(s) shall be entitled to submit written statements or other relevant and material evidence and witnesses. An informal investigation will only be used with the consent of both parties and only where its use is deemed appropriate by ODI (complaints of sexual violence will not be resolved by using mediation, but instead must be referred immediately to the Title IX Coordinator).

The burden of proof in cases of sex discrimination is preponderance of the evidence.

Failure to Cooperate in matters concerning employees: If the Respondent refuses to cooperate and/or responds in an untimely manner, AVP may terminate any further processing of the complaint and refer the matter to the Office of Labor Relations. Failure to cooperate meaningfully in a review of a complaint of discrimination may be grounds for discipline.

Inaction by Complainant: If at any time during an investigation, a Complainant declines to cooperate with ODI, or if ODI determines that the Complainant no longer wishes to pursue her/his complaint, the matter may be considered closed, with appropriate notification. SUNY Downstate reserves the right to pursue any complaint of discrimination about which it becomes aware. Based on information received, the Assistant Vice President/Title IX Coordinator may exercise his/her discretion and initiate a complaint on behalf of the Downstate campus community, regardless of complainant cooperation or involvement.

In matters involving employees, if legal counsel is retained by a Complainant or Respondent that counsel may not participate or be present at any meeting convened by ODI. Respondents and Complainants are expected to communicate with the ODI directly, not through legal counsel or other intermediaries.

Resolution of Formal Complaint

In concluding a formal investigation of a complaint of discrimination or harassment, ODI's determination may be that:

- The complaint was not substantiated. If ODI determines that there is insufficient credible evidence to support the allegation of discrimination, the complaint shall be dismissed and SUNY Downstate shall take no further action.
- The complaint was substantiated. For Respondents who are students, ODI may determine that sufficient information exists to refer the matter to the Vice President for Student Affairs for review and appropriate action under the student conduct code.

For Respondents who are employees (including those in collective bargaining units), ODI may determine that sufficient information exists to recommend disciplinary action. The matter may then be referred to the Office of Labor Relations for further investigation and appropriate action under the applicable bargaining agreement. Corrective action may include, but is not limited to: reprimand, mandatory counseling, written counseling, probation, suspension, termination of employment, or non-renewal of contract.

The decision of the Office of Diversity & Inclusion is the final decision of the University; there are no internal appeals. However, a complainant may elect to file a complaint with one or more State and Federal agencies.

Definitions and Prohibited Acts and Behaviors

Definitions

Consent/Affirmative Consent - clear unambiguous, knowing, informed and voluntary agreement between all participants to engage in sexual activity. Silence or lack of resistance cannot be interpreted as consent. When consent is withdrawn or cannot be given, sexual activity must stop. Consent cannot be given when a person is incapacitated. Incapacitation occurs when an individual lacks the ability to fully, knowingly choose to participate in sexual activity. Incapacitation includes impairment due to drugs or alcohol (whether such use is voluntary or involuntary), the lack of consciousness or being asleep, being involuntarily restrained, if any of the parties are under the age of 17, or if an individual otherwise cannot consent. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.

Harassment on the Basis of Protected Characteristic(s) other than Sex/Gender – harassment based on race, color, age, religion, national origin, disability, sexual orientation or other protected characteristics is oral, written, graphic or physical conduct relating to an individual’s protected characteristics that is sufficiently severe, pervasive, or persistent so as to interfere with or limit the ability of an individual to participate in or benefit from the educational institution’s programs or activities.

Sex Discrimination – behaviors and actions that deny or limit a person’s ability to benefit from, and/or fully participate in the educational programs or activities or employment opportunities because of a person’s sex. This includes but is not limited to sexual harassment, sexual assault, sexual violence by employees, students, or third parties. Employees should report sexual harassment that they observe or become aware of to the Title IX coordinator.

Sexual assault is defined as a physical sexual act or acts committed against a person’s will and consent or when a person is incapable of giving active consent, incapable of appraising the nature of the conduct, or incapable of declining participation in, or communicating unwillingness to engage in, a sexual act or acts. Sexual assault is an extreme form of sexual harassment.* Sexual assault includes what is commonly known as “rape,” whether forcible or non-forcible, “date rape” and “acquaintance rape.” Nothing contained in this definition shall be construed to limit or, conflict with the sex offenses enumerated in Article 130 of the New York State Penal Law, which shall be the guiding reference in determining if alleged conduct is consistent with the definition of sexual assault.

Sexual Harassment in the Educational Setting – unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a student denies or limits, on the basis of sex, the student’s ability to participate in or to receive benefits, services, or opportunities in the educational institution’s program.

Sexual Harassment in the Employment Setting – unwelcome sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature when any of the following occurs:

- Submission to such conduct is made a term or condition of an individual’s continued employment, promotion, or other condition of employment.
- Submission to or rejection of such conduct is used as a basis for employment decisions affecting an employee or job applicant.
- Such conduct is intended to interfere, or results in interference, with an employee’s work performance, or creates an intimidating, hostile, or offensive work environment.

Sexual Violence - physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent.

Preponderance of the Evidence – the standard of proof in sexual harassment and sexual assault cases, which asks whether it is “more likely than not” that the sexual harassment or sexual violence occurred. If the evidence presented meets this standard, then the accused should be found responsible.

General Inquiries

Office of Diversity and Inclusion | 450 Clarkson Avenue, MSC 1220|
Brooklyn, NY 11203 | Tel (718) 270-1738 | Fax (718) 270-2276

ACADEMIC GRIEVANCES:

If a campus Academic Grievance Committee has been established to review student complaints concerning grades, it shall continue to hear such complaints. If discrimination is alleged to be the basis for the grade, the campus chief diversity officer may at the request of the Academic Grievance Committee sit with that committee in an advisory capacity during the review.

For more information on filing a grievance alleging discrimination, please see the Office of Diversity's webpage at <http://www.downstate.edu/diversity>

UNLAWFUL SALE OF DISSERTATIONS, THESES AND TERM PAPERS

The following is a reproduction of Section 213(b) of the Education Law of New York State, which was amended June 22, 1981, concerning the illegal sale of term papers, theses or dissertations:

1. No person shall, for financial consideration, or the promise of financial consideration, prepare, offer to prepare, cause to be prepared, sell or offer for sale to any person any written material which the seller knows, is informed or has reason to believe is intended for submission as a dissertation, thesis, or term paper, essay, report or other written assignment by a student in a university, college, academy, school or other educational institution to such institution or to a course, seminar or degree program held by such institution.
2. Nothing herein contained shall prevent such educational institution or any member of its faculty or staff from offering courses, instruction, counseling or tutoring for research or writing as part of a curriculum or other program conducted by such educational institution. Nor shall this section prevent any educational institution or any member of its faculty or staff from authorizing students to use statistical, computer or any other services which may be required or permitted by such educational institution in the preparation, research, or writing of a dissertation, thesis, term paper, essay, report, or other written assignment intended for submission to such educational institution in fulfillment of the requirements for a degree, diploma, certificate or course of study. Nor shall any person be prevented by the provisions of this section from rendering services for a fee, which shall be limited to the typing, transcription or reproduction of a manuscript.
3. Nothing contained within this section shall prevent any person from selling or offering for sale a publication or other written material which shall have been registered under the United States laws of copyright, provided, however, that the owner of such copyright shall have given his authorization or approval for such sale, and provided, however, that the owner of such copyright shall have given his authorization or approval for such sale, and provided further that such publication or other written material shall not be intended for submission as a dissertation, thesis, term paper, essay, report or other written assignment to such educational institution within the State of New York in fulfillment of the requirements for a degree, diploma, certificate or course of study.
4. No person shall sell, assign or otherwise transfer for business or for any other purpose to any person any information and material of a personal or private nature acquired from a purchaser of a dissertation, thesis, term paper, essay, report or other written assignment without the prior consent of such purchaser. The term "information and material of a personal and private nature" as used in this subdivision shall include, but not be limited to, the name of such purchaser, his address and telephone number, the name of such educational institution, the name or number of the course, the name of the faculty member or members for whom such written assignment has been prepared, and any description of the research involved or the nature of such written assignment.
5. A violation of the provisions of this section shall constitute a class B misdemeanor.
6. The attorney general and district attorney of the county wherein a violation of this section occurs shall have concurrent authority to investigate and prosecute any violation of this section and any related violations discovered during the course of such investigation.
7. Whenever there shall be a violation of this section, an application also may be made by the attorney general in the name of the people of the State of New York to a court or justice having jurisdiction to issue an injunction and, upon notice to the defendant of not less than five days, to enjoin and restrain the continuance of such violation; and if it shall appear to the satisfaction of the court or justice that the defendant has, in fact, violated this section, an injunction may be issued by such court or justice, enjoining and restraining any further violation, without requiring proof that any person has, in fact, been injured or damaged thereby. In any such proceeding the court may make allowances to the attorney general as provided in section eighty-three hundred three, subdivision six of the civil practice law and rules. In connection with any such proposed application, the attorney general is authorized to take proof and make a determination of the relevant facts and to issue subpoenas in accordance with the civil practice law and rules. Additionally, the attorney general may apply in any such proceeding for a monetary penalty of not more than one thousand dollars per violation.

TOBACCO USE POLICY

The New York Public Health Law – Article 13E, "Clean Indoor Air Act", prohibits smoking in any indoor area of a place of employment. In compliance with these requirements and consistent with State University of New York (SUNY) Downstate Health Sciences University's (DHSU) goal of protecting patients, students, visitors and staff from harmful effects of tobacco smoke, SUNY DHSU is designated a smoke free environment.

The policy prohibits use of tobacco products including cigarettes and "spit tobacco" or e-cigarettes within the facilities or on the property of SUNY DHSU at any time. This pertains to all persons, patients, visitors, students and staff in any and all buildings of SUNY DHSU.

The policy includes all hospital and academic buildings at SUNY Downstate, and also includes the general access, common, non-residential and public areas, and office space of 440 Lenox Road and the 811 and 825 New York Avenue Student Residence Halls (e.g., hallways, stairways, elevator entrances, bathrooms and offices).

Smoking is also prohibited in all outdoor areas, including:

- Within 25 feet of the building entrances
- Within 25 feet of the ambulance and emergency receiving areas.
- Loading docks and service yard
- Within 50 feet of the bulk oxygen storage facility
- Within 50 feet of fuel oil storage (filling and venting)

Smoking is prohibited in all SUNY Vehicles.

Definition

No use of tobacco products including cigarettes and “spit tobacco” or e- cigarettes is permitted within the facilities or on the property of SUNY Downstate Health Sciences University at any time.

Responsibility

UNIVERSITY POLICE

- The Chief of University Police is designated as SUNY DHSU’s “Clean Indoor Air Act Agent”.
- The Chief of University Police will direct university Police staff to monitor the buildings for compliance with policy
- Shall enforce the “No Smoking” policy
- Shall document violators and refer violators to appropriate department heads.

LABOR RELATIONS

The Director of Labor Relations shall take the appropriate disciplinary action(s) when employees are referred with two (2) or more infringements of the policy.

FACILITIES MANAGEMENT AND DEVELOPMENT

- Will provide the universal “Smoking Prohibited” signs (symbol of a red circle around a cigarette with a diagonal red line through the cigarette).
- Signage shall be posted at all entrances and prominent locations inside and outside of all buildings.

DEPARTMENT HEADS/CHAIRS/DIRECTORS/SUPERVISORS

Will institute procedures, which inform employees of and ensure that all personnel in their areas comply with this policy.

EMPLOYEES

Employees may request information on smoking cessation programs

THE PUBLIC

- Will comply will all sections of this policy
- Any person who fails to comply with the requirements of this policy will be in violation of Article 13 of the New York State Health Law and subject to the impositions of civil fines and in addition to any disciplinary actions imposed by SUNY DHSU.

Cessation Programs:

SUNY Downstate will assist employees or students in their effort to stop smoking by providing information on external programs. Further information on such programs will be distributed on an ongoing basis or by request. For employees, attendance at such programs must be done on the employee’s own time.

Procedures/Guidelines:

1. University Police will make all violators aware of the “No Smoking” policy
2. University Police will confiscate cigarettes, matches, and lighters from patients who refuse to comply.
3. Employees or students who refuse to obey the “No Smoking” policy will be documented.
4. The Chief of University Police will forward a copy of the violations to the employee’s Department Head or to Student Affairs for students.
5. Employees who receive two (2) or more violations will be referred to Labor Relations.
6. Students who receive two (2) or more violations will be referred to the Student Judiciary.
7. Anyone who observes a patient, visitor, employee, or student violating the “No Smoking” policy can call University Police at ext. 2626.
8. The Chief of University Police will provide the Safety Committee with monthly reports on the number of smoking violations issued, their locations and status of violators.
9. Patients in violation will be instructed that SUNY Downstate will not tolerate smoking. Penalties could include, but not limited to confiscation of smoking articles, denial of visiting privileges and other types of restrictions.
10. Visitors who ignore smoking regulations or refuse to extinguish smoking articles may be escorted off hospital property.

ALCOHOL AND CONTROLLED SUBSTANCE ABUSE POLICY

(first issued December 31, 1990)

All students are prohibited from unlawfully manufacturing, distributing, dispensing, possessing or using a controlled substance or alcohol on the SUNY Downstate campus or at SUNY Downstate sponsored activities. If a positive determination of abuse of alcohol or a controlled substance is made, SUNY Downstate will seek disciplinary penalties in accordance with the following schedule. Similar rules apply to SUNY Downstate employees.

Campus Penalties

1. Violation of Alcoholic Beverages Policies:

1.01 Possession of alcohol or consumption of alcohol while engaged in clinical or learning duties or in a manner which renders them unfit for clinical or learning duties. Students are prohibited from being under the influence of alcohol while engaged in clinical or learning duties. Unlawful possession or use of alcohol on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited.

1st Offense: Probation and referral to an in-house or community substance abuse program.

2nd Offense: Suspension for one semester; reinstatement subject to completion of a certified substance abuse program.

3rd Offense: Suspension for one year or expulsion if circumstances warrant.

1.02 Unlawful manufacturing of alcohol is prohibited.

1st Offense: Penalties range from a formal warning through suspension for one semester and referral for criminal prosecution.

2nd Offense: Suspension for one year and referral for criminal prosecution.

3rd Offense: Expulsion and referral for criminal prosecution.

1.03 The sale of alcohol on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited, except as authorized by SUNY Downstate policies or procedures.

The service of alcohol in public areas of SUNY Downstate property or as part of any SUNY Downstate activity is prohibited except as authorized by SUNY Downstate policies and procedures.

1st Offense: Penalties range from a formal warning through suspension for a semester and possible referral for criminal prosecution.

2nd Offense: Suspension for one year and possible referral for criminal prosecution.

3rd Offense: Expulsion and possible referral for criminal prosecution.

1.04 The use of alcoholic beverages for pledging or qualifying for membership in any organization is prohibited.

1st Offense: Individuals: Suspension from University for one semester.

Organizations: Privileges and status are revoked for a period not to exceed two years.

2nd Offense: Individuals: Expulsion

Organization: Privileges and status may be revoked indefinitely.

2. Violation of Drugs Policies

2.01 Students are prohibited from unlawful possession of controlled substances** or consumption of controlled substances** on SUNY Downstate property or as part of any SUNY Downstate activity. Students are prohibited from being under the influence of controlled substances** on SUNY Downstate property or as part of any SUNY Downstate activity.

1st Offense: Probation and participation in an in-house or community substance abuse program and possible referral for criminal prosecution.

2nd Offense: Suspension for one semester; reinstatement subject to completion of a certified substance abuse program and possible referral for criminal prosecution.

3rd Offense: Suspension for one year or expulsion and possible referral for criminal prosecution.

2.02 Unlawful possession of any substance** with intent to sell or in quantities sufficient to constitute a felony under the Penal Law of New York State on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited. (See information on New York State felony drug offenses.)

1st Offense: Expulsion and referral for criminal prosecution.

2.03 Unlawful distribution, dispensing, sale, attempted sale, or purchase of any substance** on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited.

1st Offense: See 2.02

2.04 Unlawful possession of drug paraphernalia on SUNY Downstate property, or as part of any SUNY Downstate activity is prohibited.

1st Offense: See 2.01

2nd Offense: See 2.01

3rd Offense: See 2.01

** As used in this section "substance(s)" is any drug listed in the following Policy Statement.

Legal Penalties

New York State and Federal penal laws provide a wide range of penalties for crimes related to the possession, sale and trafficking of controlled substances and marijuana. In New York, penalties for possession of marijuana range from a minimum of a fine up to \$100 to a maximum of fifteen years imprisonment. Penalties for possession or sale of other drugs, such as cocaine, crack, heroin, LSD or amphetamines range from a minimum of up to one year to a maximum of life imprisonment. A table summarizing the New York State penalties for narcotic and marijuana offenses is contained in Attachment C.

Federal penalties for manufacturing, importing, exporting or trafficking (including possession with intent to commit such offenses) in marijuana range from a minimum of up to eighteen months imprisonment to life imprisonment for repeat offenders when death or serious injury results from the use of marijuana. Federal penalties for such offenses involving other drugs such as heroin, cocaine and amphetamines range from a minimum of up to thirty-seven months imprisonment to life imprisonment for repeat offenders when death or serious injury results from the use of such drugs. A table summarizing the Federal penalties for narcotic and marijuana offenses is contained in Attachment D.

The New York State Vehicle and Traffic Law also provides significant penalties for driving under the influence of alcohol or a controlled substance. Penalties for driving while intoxicated (a blood alcohol content of at least .08%, or intoxication by a drug) range from a minimum of a \$500 to \$1000 fine and/or up to one year imprisonment to a maximum of a \$1000 to \$5000 fine and/or up to four years imprisonment. In addition, the operator's driver's license must be revoked for a period of six months to one year.

Penalties for driving while impaired by alcohol or a controlled substance (a blood alcohol content of less than .08%) range from a minimum of a \$300 to \$500 fine and/or up to 15 days imprisonment, plus suspension of the operator's driver's license for a period of 90 days, to a maximum of a \$750 to \$1500 fine and/or up to 6 months imprisonment plus revocation of the operator's driver's license for six months.

Health Risks

The health risks of drug and alcohol abuse are substantial. Medical authorities indicate that the short-term effects of marijuana include impairment of memory and physical coordination, anxiety and increased heart rate. Long-term effects of habitual use include severe lung damage and deleterious effects on male and female reproductive hormones. The use of cocaine or crack, a highly addictive drug, may result in depression, paranoia, an irregular heartbeat, and increased blood pressure. Long-term or substantial use may lead to destruction of liver and nasal cell, angina, seizures, delirium, heart attacks and strokes. Cocaine or crack use also has a devastating effect on fetal development, and may result in miscarriage, an addicted baby, or stillbirth. Attachment E lists the harmful effects associated with these and other drugs.

The use of alcohol causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

Counseling, Treatment, Rehabilitation and Re-Entry Programs

This policy is a supplement to SUNY Downstate's Policy Statement on Alcohol and Controlled Substances in the Workplace, issued on October 27, 1989 (see Appendix). This policy has a direct effect only on employees; however, students should be aware of the rules that affect SUNY Downstate as a whole.

Any students who may have developed a drug-related problem, suspect they are at risk, or seek information about illegal or controlled drugs, may seek counseling and referral by the Student Health Service or from the Director of Student Counseling, to an appropriate treatment program. Please note, however, that such a referral does not exempt any student from disciplinary or other action by SUNY Downstate. (A list of treatment programs in New York City also appears at the end of this section). A full range of detoxification, outpatient and inpatient rehabilitation and re-entry programs is available in New York City. The programs listed below will refer clients based on individual needs.

Alcoholics Anonymous	212-870-3400
Al-Anon	212-941-0094
Greater NY Regional Help Line	212-929-6262
N.Y.S. Addictions Hotline	800-522-5353
Federal Substance Abuse & Mental Health Services	800-662-HELP

SUNY Downstate will review its drug and alcohol programs periodically for effectiveness and consistency of application and where necessary make appropriate changes.

If you have any questions about any aspects of this statement, contact the Office of Student Life, 718 270-2487.

POLICY ON DRUGS & DRUG TESTING

Federal and State Laws and Regulations regarding alcohol and controlled substance abuse are identified in Appendix III of the Student Handbook. SUNY Downstate requires that all students comply with current New York State law regarding the use of substances in order to remain eligible for academic or clinical activities (even if they visit another locality, state or foreign country where such substances may be permitted). Students shall be responsible for assuring that they do not participate in activities or ingest substances when visiting other U.S. states or foreign countries which may cause them to be ineligible to participate in academic or clinical activities because these substances are not permitted in New York State or by policy of SUNY Downstate or our affiliated hospitals. Failure to do so is a violation of SUNY Downstate policy and is subject to disciplinary action.

In addition to other policies and procedures identified in Appendix III, the following policies will also be instituted when a student has a positive drug test (either from an academic or clinical site or from a drug test that may have been voluntarily undertaken by the student e.g. such as in preparation for a clinical affiliation):

1. The student will be notified by Office of Student Affairs or the Academic Dean of their School or College (or their designee) that a positive drug test report has been received. The student will be informed that he/she must take another drug test (within one week of our receipt of the original drug test report) through CastleBranch.com, or another accepted vendor, at the student's expense.
2. The student will be immediately suspended from his/her academic/clinical program until clearance (fitness for duty) has been obtained.
3. If the second drug test is negative, then the student will be reinstated and warned that any subsequent positive drug tests will lead to possible disciplinary action and/or possible external reporting to the New York City Police Department.
4. If the second drug test is positive or if the student declines to take a second drug test, then the student will be continued on suspension, will be reported to the appropriate academic or disciplinary committee for evaluation, and possible disciplinary action and/or reporting to the New York City Police Department.
5. Resources can be found in Appendix III of the Student Handbook for students who violate state and federal regulations and/or college policies on alcohol or controlled substance abuse.

Specific policies regarding drug testing and clinical activities, which may have additional requirements, may also be found in individual college or school policies in this handbook.

SUBSTANCE ABUSE PROGRAM FOR STUDENTS

A standing, campus-wide Substance Abuse Committee (SAC), reporting directly to the President, provides the overall operation and coordination of the **Substance Abuse Program for Students**. Membership of the SAC consists of faculty, staff, and students from the four colleges at SUNY Downstate. The functions of the Committee are to plan and coordinate educational programs, outreach and extracurricular activities around the issues of alcohol and other drug abuse, and to manage the Substance Abuse Program for Students. **For more information, contact our pre-recorded information line at 718-270-4545.**

If you are interested in getting involved with the Committee, please contact Kristen Diorio at 718 270-2485.

Goals of the Substance Abuse Program for Students

- To provide compassionate assistance to students with substance abuse problems before they or other are seriously or irreversibly harmed;
- To assist recovering students to continue their education without stigma or penalty;
- To protect the rights of students to receive information, referral, and treatment **in confidence**;
- To protect patients and others from the harm that impaired students may cause;
- To increase student, faculty, and staff awareness of, and sensitivity to, the dimensions of alcohol and other drug abuse problems;
- To educate students, faculty, and staff about the options available for dealing with alcohol and other drug abuse problems.

Seeking help voluntarily through the Substance Abuse Program for Students is an alternative to getting caught and/or arrested and facing expulsion from school. **We encourage all students with problems with alcohol or other drugs to use this Program. There is no penalty for seeking help through this program.**

If you would prefer not to make an initial, confidential, contact with anyone on campus, the following off-campus confidential services are also available:

- For medical students and PA students (licensed or unlicensed), **The Committee for Physicians' Health at 800-338-1833**
- For nursing students and SOHP students (who are already licensed by the State of New York), **The Professional Assistance Program at 518-474-3817, Ext. 480**
- For SOHP students (who are unlicensed), please utilize our on-campus resources

SUBSTANCE ABUSE TREATMENT PROGRAMS IN NEW YORK CITY WITH TRACKS FOR IMPAIRED PROFESSIONALS

In-Patient Treatment Programs

Holliswood Hospital, 87-37 Palermo Street, Holliswood, NY 11423: Most insurances, sliding scale for self pays, adults 17 and above; dual diagnosis program. HOLLISWOODHOSPITAL.COM (800) 486-3005.

Smithers Alcoholism Treatment Center (St. Luke's Roosevelt Hospital), 2 Park Avenue, Yonkers, NY 10703: Most major medical insurances; Medicaid/Medicare; Adults 18 and over; gay and lesbian tracks (914) 964-7873

South Beach Alcoholism Treatment Center, 777 Seaview Avenue, Bldg. #1, Staten Island, NY 10305: Most private insurances, Medicaid/Medicare, sliding scale for self-pay, no charge; adults 18 and over. (718) 667-5202

Out-Patient Treatment Programs

Arms Acres Manhattan Outpatient Services, 80-02 Q Garden Road, Q Garden, NY, 11415; 3584 Jerome Avenue, Bronx, NY 10467. Most private insurance, sliding scale for self-pay; adults 18 and over; 3 months-1 year program; day, evening and intensive care programs. ARMSACRES.COM/OUTPATIENT (888) 227-4641

Bedford Stuyvesant Alcoholism Treatment Center, 1121 Bedford Avenue, Brooklyn, NY 11216: Most private insurance, Medicaid/Medicare, sliding scale for self-pay, no charge; adults 18 and over; dual diagnosis program; alcoholism treatment only. (718) 636-4200

Bellevue Hospital Outpatient Clinic 462 1st Avenue at 30th Street, New York, NY 10016: Most private insurance, sliding scale for self-pay Medicaid/Medicare; adults 18 and over; alcoholism treatment only. G/I 212 562-4141, App 212 562-5555

Cumberland Neighborhood Family Care Center-Alcoholism Treatment Center, 100 North Portland Avenue, Brooklyn, NY 11205: Most private insurance, Medicaid/Medicare, sliding scale for self-pay, no charge; adults 21 and over; alcohol and other drugs; dual diagnosis program; length of program varies. Montefiore North Medical Center (718) 920-9000

South Bronx Mental Health Council, 1241 Lafayette Avenue, Bronx, NY: Most private insurance, sliding scale for self-pay, no charge; adults 18 and over; alcohol and other drugs; dual diagnosis program; Spanish speaking services; length of program 12-18 months; gay and lesbian program. (718) 993-1400

St. John's Episcopal Hospital, 327 Beach 19th Street, Far Rockaway, NY 11691: Most private insurance, sliding scale for self-pay, Medicare/Medicaid; adults 18-65; dual diagnosis program; average length of program 18 months. EHS.ORG (718) 869-7000

STUDENT ORGANIZATION ALCOHOL & EVENT POLICY

SUNY Downstate Health Sciences University desires to provide opportunities for personal growth and leadership development for its students. One goal of the institution is to provide co-curricular education through programming for students. Another is to help create a campus environment that allows for the social development of the student population. In tandem with this objective is the concern for the safety and overall well-being of the campus community and campus facilities, recognizing that involvement in the co-curricular experience is not a right but a privilege.

This concept allows recognized student organizations the freedom to plan, organize and implement activities. This enables them to achieve their individual organizational goals, while accepting responsibility for the activities of the organization. The following policy was developed in an effort to achieve these objectives.

The purpose of these Policies is to serve as a substantive policy guide for all student organizations at SUNY Downstate Health Sciences University whether on or off campus. Each organization should understand that these policies do not take the place of the SUNY Downstate Student Handbook or any existing SUNY Policies and Procedures. As officers of a student organization working closely together, it is your responsibility to make sure that all College Policies and Procedures are made known to your members. SUNY Downstate Health Sciences University will assume that all members of the SUNY Downstate Community, including members of student organizations are aware of, and agree to abide by and uphold, all SUNY Policies, as well as all local, state and federal laws. Questions should be immediately referred to the Department of Student Life.

ONLY REGISTERED STUDENT ORGANIZATIONS ARE PERMITTED TO HAVE EVENTS OR ACTIVITIES ON THE SUNY DOWNSTATE CAMPUS.

Registration/Planning

- a) All student organization events, whether on campus or off, whether alcohol will be present or not, must be registered with the Department of Student Life. Depending on the nature and scale of the event, Registration may require completion of the "Event Request & Registration Form." The "Event Request & Registration Form" is required for events that: involve alcohol or have attendance over 60 people; the form may be required for other events or activities at the discretion of the Department of Student Life. Forms must be completed and turned in to the Office of Student Life no later than 2 weeks prior to the event. It is the responsibility of the hosting Organization(s) to make sure that all paperwork is completed on time.
- b) All publicity, including, but not limited to electronic communications, flyers, posters, and invitations must be approved by the Department of Student Life.
- c) Additional University Police coverage may be required for events. This will be determined by the Department of University Police in consultation with the Department of Student Life. Additional coverage will be charged to the Student Organizations at current rates established the Department of University Police.
- d) Events with alcohol will need to complete an "Alcohol Policy Form;" available from the Department of Student Life.

Food

- a) When a student organization would like to provide beverages and/or food to individuals outside of their organization, catered food services must be arranged with a Department of Health licensed food service provider. Due to health and liability issues, students may not cook or otherwise provide any homemade food at events.

Alcohol

The serving of alcoholic beverages at student organization events is limited to spaces within and adjacent to the Student Center and Residence Halls.

a) Individual Responsibility

No persons under the age of 21 may bring alcoholic beverages into or consume such beverages within the facilities of the SUNY Downstate and adjacent patios, courtyards, and exterior properties.

The consumption of alcoholic beverages by those of legal age is limited to officially approved events. Consumption must be confined to the area specifically designated in the approval form.

Students living in the Residence Halls, who are 21 years of age or older, may consume and serve alcoholic beverages in the privacy of their own rooms, within the limits of applicable state laws and university policies. The serving of alcoholic beverages in lounges and other public areas must be registered in advance as described. Parties in private rooms need not be registered.

b) Approval Process

Recognized student organizations wishing to serve alcoholic beverages at functions within the Student Center and Residence Halls must follow the procedures as described herein. Alcoholic beverages are limited to beer and wine. Hard liquor is prohibited.

1. The person (who must be at least 21 years of age) assuming responsibility for the event must reserve the requested facility and complete and return a "TERMS AND CONDITIONS FOR SERVING ALCOHOLIC BEVERAGES" form a minimum of 3 weeks in advance of the event and provide proof of age. These forms are available from the Department of Student Life.
2. The form will be reviewed by the Department of Student Life who will set the limits on amounts of alcohol and duration of the event. Upon approval the form will be returned to the applicant.
3. The applicant completing the form assumes responsibility for insuring that all state laws and institutional policies are enforced and adhered to.
4. Advertising should focus on the social, cultural or educational aspects of the events rather than the types and amounts of alcohol to be served. Advertising may not suggest or imply that the general public is invited. Advertisement of alcoholic beverages in may not be the primary focus of publicity. All advertisements for events where alcohol is to be served must be reviewed by the Department of Student Life and may be prohibited for any reason.
5. Parties in the Residence Halls and Student Center are limited to 4 hours in length. Parties in the Residence Halls will be limited to a four-hour time limit ending no later than the following time requirements: Sunday - Thursday from 8pm-12am, and Friday and Saturday from 9pm-1am.

c) Responsibility For Administering The Event

1. Student and staff must present their proper identification as legal proof of age. Guests at events where alcohol is served must be 21 years of age and must present two forms of identification [at least one a photographic ID (i.e. student ID or driver's license)] to be issued a hand stamp. No individuals may be served without a hand stamp indicating legal age. Student organizations must provide a minimum of 2 people to work the door at all times at all events where alcohol is to be served.
2. Any student or person (student, faculty or staff) who invites a guest assumes responsibility for the behavior of the guest and must be present for the duration of the guest's stay. Guests who arrive in the absence of their host or hostess may not be admitted to the function and/or building. Management reserves the right to deny access to any guest. No guests under the age of 21 are permitted at any event where alcohol is served. Guests in the Residence Halls must be officially signed-in by their host. No guest will be admitted to the Residence Halls without their host.
3. All alcoholic beverages must be served. There is no self-service of any alcoholic beverages and alcoholic beverages may not be served in original containers (i.e. beers must be served in cups, not in their can). Bottles, kegs, and beer balls are prohibited. Only 1 drink is to be served per person at a time. All servers of alcoholic beverages must be a minimum of 21 years of age. They may not consume alcoholic beverages before or during an event. They must be fully briefed as to means of identifying those who can be served as well as to not serve anyone whom they consider to be intoxicated. The Department of Student Life reserves the right to refuse service to any person at any time.
4. Appropriate, sizeable and visible quantities of food and nonalcoholic beverages will be available at all functions where alcohol is served. Failure to provide adequate quantities will result in termination of the event.
5. Drinking games and devices that encourage intoxication are not permitted. Beverages of any type with unusually high alcoholic content are not permitted.
6. Gambling of any type is prohibited on campus at organized student organization events.
7. The serving of alcoholic beverages must end 1/2 hour prior to the ending time established on the "TERMS AND CONDITIONS" form.
8. Events will be visited and monitored by Department of Student Life staff during the event and may be ended at any time.

d) Procedures for Obtaining Alcohol for Events

1. Beer and wine are the only approved alcoholic beverages for student organization events. All alcoholic beverages must be ordered through the Department of Student Life.
2. Alcoholic beverages obtained by groups through the above procedure can only be served on the premises. It may NOT be taken to an off-campus location. It is illegal to sell alcohol at any function unless a special permit is obtained from the New York State Liquor Control Board. The charging of an admission fee to an event where alcohol is served or any revenue-generating activity at such an event constitutes the sale of alcohol and as such, is prohibited.
3. No alcoholic beverages may be obtained from the institution for use by individuals or groups for private functions.

e) **Violations of the Alcohol Policy**

Violations of the State law and/or of SUNY or Downstate policy by any persons will result in their removal from the event. Students will be referred to their appropriate Dean for disciplinary action. Staff will be referred to their supervisors. Groups (staff or students) whose representatives responsible for supervising an event fail to insure that the policies enumerated above are enforced, may have the privilege of sponsoring further on-campus events withdrawn. Students who reside in the Residence Halls are subject to disciplinary action through the Office of Residential Life and Services and may jeopardize their housing eligibility. **AT THE DISCRETION OF MANAGEMENT, ANY EVENT MAY BE SHUT-DOWN IMMEDIATELY.**

DRUG FREE SCHOOL AND COMMUNITIES ACT AMENDMENT OF 1989

The New York State Penal Law, Article 220, prohibits the unlawful use of controlled substances. The penalties for the illegal use, possession, or distribution of controlled substances are clearly spelled out by law and include prison terms ranging from one year to life in prison on conviction. The mere giving or offering to give another person any controlled substances is defined by law to mean “sell” and is a felony. Possession alone of a controlled substance constitutes a felony.

As a student of SUNY Downstate Health Sciences University, and in compliance with the Drug Free Schools and Communities Act Amendments of 1989, you should be aware of the following policy, which must be followed:

The unlawful use, possession, manufacture, dispensation or distribution of illicit drugs or alcohol in all SUNY Downstate Health Sciences University locations is prohibited.

Students who manufacture, distribute, dispense, possess, or use an illicit drug or alcohol will be subject to disciplinary procedures consistent with applicable New York State and Federal laws, rules and regulations.

Disciplinary measures shall include, but not be limited to, criminal prosecution of violations of State and Federal laws, rules and regulations and disciplinary actions by the college judicial process, ranging from dismissal or lesser sanctions of suspension, probation or warnings, as the facts of the situation warrant or are determined appropriate. Convictions in the courts for a felony offense may similarly lead to dismissal. Referral to an appropriate rehabilitation program may also be included.

In the Appendix are the details applicable to legal sanctions under State and Federal law for the unlawful possession or distribution of illicit drugs and alcohol, and a description of health risks associated with the use of illegal drugs and the abuse of alcohol.

The University is obliged to, and will, cooperate fully with local or state authorities in any cases of suspected illegal use, possession, or distribution of drugs controlled by state law.

Sanctions For Drug And Alcohol Policy Violations

Following is the schedule of sanctions for violations of the drug and alcohol policies that SUNY Downstate is required to develop under the Drug Free Schools and Communities Act Amendments of 1989. Violations of the policies often occur simultaneously with other behavioral problems, such as failure to attend to duties, poor performance of assignments, threats, and altercations, to name only a few possibilities. The penalties suggested do not preclude SUNY Downstate from seeking or imposing, additional penalties for any related behavioral problems.

Abuse of Alcohol Consumption

- a) Obvious abuse of alcohol consumption is prohibited and may lead to University disciplinary action;
- b) Intoxication is not an excuse for violation of the University rules and expectations.
 - 1. Every student is subject to, at all times certain provisions of the New York State Penal Law, the New York Alcohol Beverage Control Law, and university policy as it pertains to the use and sale of alcoholic beverages. The consumption of alcoholic beverages is not permitted in the public areas of any building on the SUNY Downstate Health Sciences University premises, except at approved social functions. Also see Appendix: SUNY Downstate Health Sciences University Alcohol Policies and Procedures; and the Drug Free School and Communities Act of 1989.
 - 2. The use of alcoholic beverages at SUNY Downstate Health Sciences University is subject to the State Liquor Authority Alcoholic Beverages Control Law and to certain provisions of the New York Penal Law, in addition to the policies outlined in the Student Handbook and Board of Trustees Policies.
 - a. Prohibited Sales (ABC Article 5, Section 65 Revised Penal Law) No person shall sell, deliver, or give away any alcoholic beverages to:
 - 1) Persons under the age of twenty-one (21) years;
 - 2) Any intoxicated person or any person who appears to be under the influence of an alcoholic beverage.
 - 3) Any habitual drunkard known to be such to the person authorized to dispense alcoholic beverages. Individuals violating this law are subject to arrest under New York State law and/or action by Downstate Health Sciences University disciplinary system.
 - 3. Other Violations of the Law and College Policy (ABC Article 5, Section 65) Persons under the age of 21 are prohibited from possessing any alcoholic beverage with intent to consume the beverage. Exceptions are provided for consumption in an instructional setting and in cases where the alcoholic beverage is provided by the parents or guardian.
 - 4. Violators are subject to a fine of up to \$50.00 per offense, but are not subject to arrest. Alcoholic beverages involved in alleged violation of this law may be seized by authorized law enforcement officials, including campus safety officers. Disposal and destruction of the seized alcoholic beverage are also authorized but cannot be carried out until three days after the initial appearance date, unless otherwise ordered by the court.

5. Persons under the age of 21 who falsify or fraudulently alter proof of age for the purpose of purchasing or attempting to purchase alcoholic beverage are guilty of a violation punishable by a fine of up to \$100.00 and a community service requirement of up to thirty (30) hours.
6. A person under the age of 21 who presents an altered New York State driver's license for the purpose of illegally purchasing an alcoholic beverage may be subject to a suspension of that driver's license for up to ninety (90) days and may also be required to apply to the Department of Motor Vehicles for a restricted use driver's license following the suspension.

SUNY DOWNSTATE SANCTIONS FOR VIOLATIONS OF THE ALCOHOL AND DRUG POLICIES

Violations	1st Offense	2nd Offense	3rd Offense
Section 1 Alcohol Beverages Policies			
<p>1.01 b) Students</p> <p>Possession of alcohol or consumption of alcohol while engaged in clinical or learning duties or in a manner which renders them unfit for clinical or learning duties. Students are prohibited from being under the influence of alcohol while engaged in clinical or learning duties. Unlawful possession or use of alcohol on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited.</p>	<p>Probation and referral to an in-house or community substance abuse program.</p>	<p>Suspension for one semester; reinstatement subject to completion of a certified substance abuse program.</p>	<p>Suspension for one year or expulsion if circumstances warrant.</p>
<p>1.02 b) Students</p> <p>Unlawful manufacturing of alcohol is prohibited.</p>	<p>Penalties range from a formal warning through suspension for one semester and referral for criminal prosecution.</p>	<p>Suspension for one year and referral for criminal prosecution.</p>	<p>Expulsion and referral for criminal prosecution.</p>
<p>1.03 b) Students</p> <p>The sale of alcohol on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited, except as authorized by SUNY Downstate policies and procedures.</p> <p>The service of alcohol in public areas of SUNY Downstate property or as part of any SUNY Downstate activity is prohibited except as authorized by SUNY Downstate policies and procedures.</p>	<p>Penalties range from a formal warning through suspension for a semester and possible referral for criminal prosecution.</p>	<p>Suspension for one year and possible referral for criminal prosecution.</p>	<p>Expulsion and possible referral for criminal prosecution.</p>
<p>1 Students</p> <p>The use of alcoholic beverages for pledging or qualifying for membership in any organization is prohibited.</p>	<p>Individuals: Suspension from the University for a semester.</p> <p>Organization: Privileges and status are revoked for a period not to exceed two years.</p>	<p>Individuals: Expulsion</p> <p>Organization: Privileges and status may be revoked indefinitely.</p>	

Violations	1st Offense	2nd Offense	3rd Offense
Section 2 Drug Policies			
2.01 b) Students Students are prohibited from unlawful possession of substances or consumption of any substance on SUNY Downstate property or as part of any SUNY Downstate activity. Students are prohibited from being under the influence of substances on SUNY Downstate property or as part of any SUNY Downstate activity.	Probation and participation in an in-house or community substance abuse program and possible referral for criminal prosecution.	Suspension for one semester; reinstatement subject to completion of a certified substance abuse program and possible referral for criminal prosecution.	Suspension for one year or expulsion and possible referral for criminal prosecution.
2.02 b) Students Unlawful possession of any substance** with intent to sell or in quantities sufficient to constitute a felony under the Penal Law of New York State on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited.	Expulsion and referral for criminal prosecution.		
2.03 b) Students Unlawful distribution, dispensing, sale, attempted sale, or purchase of any substance** on SUNY Downstate property or as part of any SUNY Downstate activity is prohibited.	Expulsion and referral for criminal prosecution.		
2.04 b) Students Unlawful possession of drug paraphernalia on SUNY Downstate property, or as part of any SUNY Downstate activity is prohibited.	Probation and participation in an in-house or community substance abuse program and possible referral for criminal prosecution.	Suspension for one semester; reinstatement subject to completion of a certified substance abuse program and possible referral for criminal prosecution.	Suspension for one year or expulsion and possible referral for criminal prosecution.

** As used in this document, “substance(s)” is any drug listed in Attachments A or B to the Policy Statement.

CRIMINAL BACKGROUND CHECKS AND CRIMINAL CONVICTIONS POLICY

State University of New York (SUNY) policy states that campuses are prohibited from inquiring into an applicant’s prior criminal history in making a decision on admission. SUNY policy states that, “Higher education plays a critical role in promoting good citizenship, expanding economic opportunity and improving the quality of community life. The State University of New York was founded to provide the people of the State of New York with broad based access to high quality educational services. It is in the interest of the State to facilitate the admission of individuals with previous criminal convictions because improved access to higher education can enhance public safety by reducing recidivism and facilitating successful reintegration into society. Such efforts must be balanced with reasonable actions to protect the safety of the campus community.”

In compliance with SUNY policy, SUNY Downstate Health Sciences University sets the following policy regarding criminal background checks and criminal convictions both prior to and during enrollment at SUNY Downstate:

Pre-Admission Inquiry

SUNY Downstate does not use prior criminal history in making any decisions on admission to SUNY Downstate. Some programs at SUNY Downstate use third party applications, such as the College of Medicine, that do ask and collect this information, but this information is not used in the review of applications or in decisions on who is invited to submit supplemental applications (when required), invited to campus for interviews (if applicable), or in final decisions on admission.

Post-Admission Inquiry

Since all SUNY Downstate programs involve either clinical or field experiences, all students who have been accepted to SUNY Downstate are required to complete a criminal background check prior to enrollment, at your expense. Background Checks will be conducted post-admission and are not used by the Admissions Committee to determine admissibility. If you are accepted, instructions for completing this requirement will be sent to applicants during the semester prior to enrollment. Once you receive these instructions, you must successfully complete the background check no later than one month prior to your enrollment at SUNY Downstate (or as soon as possible if there is less than one month remaining prior to enrollment). (Please note that some applicants, such as those to the College of Medicine, have a background check completed as part of their third party application process. These applicants do not have to complete an additional background check.)

SUNY Downstate has identified a vendor who can be used to conduct a criminal background check, currently CastleBranch.com. You do not have to use CastleBranch, but must complete an equivalent check within the past year prior to your first day of classes.

The background check completed must include the following:

- County Criminal Records Search (for every county you have lived in, except as indicated below under New York State)
- National Criminal Records Search
- Nationwide Sexual Offender Index
- Social Security Alert
- Residency History
- New York State-wide Criminal Records Search (note: Because New York State does not permit a county records search in the five boroughs of New York City or the counties of Nassau and Suffolk, this additional search is required. All counties in the State of New York are included in this search.)

Currently Enrolled Student Inquiry

On occasion, a clinical site may conduct their own criminal background check or require you to get a new background check, at your expense. Students who are requested to do so should contact the Office of Student Affairs for instructions on how to complete this background check.

Criminal Convictions which occur after Enrollment

Because all SUNY Downstate programs involve either clinical or field experiences, students who are convicted of a crime after the completion of their initial background check are required to report any new convictions which did not appear on their initial background check to the Vice President for Student Affairs (or his/her designee). The Office of Student Affairs will conduct a confidential review, similar to the review conducted post-Admission as described below. Criminal activity that occurs while a student is in attendance at SUNY Downstate may also result in disciplinary action, and will be addressed through SUNY Downstate's academic and/or disciplinary policies as described in Appendix IV of the Student Handbook.

Falsification or Omission of Information

Falsification of information, including omission of relevant information, in the completion of a background check or a background check review is a severe violation of SUNY Downstate policy and will result in disciplinary action, including possible dismissal or rescinding of your acceptance for an applicant who was previously accepted.

Review of Background Checks

In compliance with SUNY policy, SUNY Downstate has established a standing campus committee, chaired by the Vice President for Student Affairs, and including the Academic Dean of the program the student is enrolled/will enroll in, and the Chief of University Police (or their designees), to decide whether an applicant who has made a post-admission disclosure of a prior felony conviction shall be permitted access to campus housing, clinical or field-work experiences, internships or study abroad programs, and any conditions on such access. New York State Corrections Law [sections 750, 752 and 753] forbids discrimination against individuals previously convicted of criminal offenses. As a result, the committee will carefully evaluate the relevance of an individual's previous felony convictions to the activities/services requested consistent with the legal standards articulated in the NYS Corrections Law.

In order to facilitate this evaluation, the committee may request the following:

1. The specifics of all prior felony convictions and dates of occurrence;
2. For students in parole or probation status, references must be provided from the Department of Correctional Services Division of Parole or the Office of Probation and Correctional Alternatives, including the name and addresses of parole or probation officers. Parole and probation officials should be questioned as to whether the individual's admission as a student or participation in the activities/services requested are consistent with the student's parole or probation conditions or would pose a threat to the safety of the campus community;
3. A personal interview to either clarify or verify information may be conducted if desired by the committee.

After reviewing all available information, the committee will decide whether to grant or deny the individual's participation in the activities/services requested or to grant such participation subject to articulated conditions. Admission and/or participation in requested activities/services may only be denied if such admission/participation would pose an unreasonable risk to property or the safety or welfare of specific individuals or the general public.

SUNY Downstate advises students that a prior conviction may impede their ability to complete the requirements of certain academic programs and to meet the licensure requirements for certain professions. SUNY Downstate cannot advise a prospective applicant or student on how their prior conviction may impact their ability to meet licensure requirements, and thus the individual must contact the licensing agency directly. Regardless of the individual's ability to meet requirements of the academic program or licensure, once the individual is notified of their potential inability to meet these requirements, SUNY Downstate will not prohibit them from pursuing a particular course of study if they are otherwise able under this policy.

Confidentiality and Record Keeping

Background check reports conducted by SUNY Downstate and other submitted information are confidential and may only be reviewed by SUNY Downstate officials as part of the formal review process described above and will be maintained by the Office of Student Affairs in accordance with the Family Educational Records and Privacy Act (FERPA). The records will be maintained for a period of time in accordance with the State University of New York's record retention policy for student records. SUNY Downstate will only report to clinical or other affiliates, when required, if a student has successfully "passed" a criminal background check and, if required, the date the check was last completed. If a site requires additional information, or if the student has not successfully "passed" the background check, the student will have to give permission for release of that information, in compliance with FERPA.

Background checks conducted by other clinical sites will be reviewed and maintained by those sites in accordance with their rules.

SOCIAL MEDIA GUIDELINES

Social networking offers the opportunity to interact, keep in contact, and develop longstanding professional and social interactions. As a student in a medical related field, you must be aware of the special obligations that your identity as a medical professional has and the public and potentially permanent nature of your postings in these forums. Although the use of social media provides the great potential to interact with a worldwide audience, it also provides the potential for significant lapses in professional behavior. Although sites may give the promise of privacy, anything posted on-line should be considered in the public realm and potentially visible by many people.

On social media, the lines between public and private, personal and professional are significantly blurred. Just by identifying yourself as SUNY Downstate student, you create a perception about Downstate by those who have access to your social network profile or weblog. Be sure that all content associated with you is consistent with your position at the school and with SUNY Downstate's values and professional standards.

As such, the following guidelines should be used when interacting with social media as a student, whether using the networks personally or professionally or whether using personal or college-owned equipment. (Note: These policies apply only to students. For policy guidelines for faculty, staff, and for use of official SUNY Downstate Social Media accounts, contact the Office of Intuitional Advancement.)

1. Social network postings are subject to the same professionalism standards as any other personal interactions. For a definition of professionalism, see the SUNY Downstate Honor Code. The permanence and written nature of these postings make them even more subject to scrutiny than most other forms of communication. Students are subject to disciplinary actions within the school for comments that are either unprofessional or violate patient privacy.
2. You should not use SUNY Downstate logos or logos of our clinical affiliates without permission of the Office of Intuitional Advancement (at Downstate) or the appropriate office at an affiliate.
3. Avoid giving specific medical advice on-line, and remember that any medically related site or site that contains medically related opinions should contain the disclaimer that "The posts on this site are my own and do not necessarily represent the position or opinion of SUNY Downstate." Remember to always differentiate the difference between medical opinions and medical facts.
4. Use of Social Media can have legal ramifications. Comments made regarding care of patients or that portray you, colleagues, or a SUNY Downstate department in an unprofessional manner can be used in court or other disciplinary proceedings.
5. Always be aware of what others post on your social media sites and how they may reflect on you. It may be useful to use controls that either block or require your approval before others can post directly onto your social media. Remember that you can be held responsible for photos or content which others post about you, especially if you are "tagged" in them.
6. Keep in mind that statements and photos posted on Social Media sites are potentially viewable by future employers, and even if deleted can be recovered under certain circumstances. Be aware too, that images can be downloaded by and forwarded to others. It is not uncommon for potential employers to search for the social network profiles of potential hires, and there are many examples of people not being offered a job because of findings on social networking sites.
7. Be mindful of your privacy settings and check them often. Be sure to use settings which optimize your privacy and security and avoid sharing personal information about yourself such as addresses, phone numbers, or data (such as license numbers or identification numbers) which may be used to gain access to your records.
8. Confidentiality regulations apply on-line as they do in person. Posting pictures of patients (including photos depicting the body parts of patients), patient names, or any information about patients is NEVER permitted under any circumstance, and can subject you not just to disciplinary action, but legal ramifications as a violation of HIPAA.
9. Maintain the privacy of fellow students, colleagues, medical professionals, and other hospital or clinical employees unless they have given you permission for their name or likeness to be used.
10. Interaction with patients on social media is prohibited for students (unless the person was known in another capacity prior to them becoming a patient).
11. Relationships online with faculty, preceptors, attending physicians, fellows, supervising residents, interns, and other medical students are all governed by the SUNY Downstate policy against sexual harassment and violations of that policy are not tolerated. Cyber stalking, requests from those who supervise you to engage in activities outside of work, and inappropriate postings to social networking sites can all be considered forms of sexual harassment and should be reported immediately to the Office of Student Affairs or to the Title IX Coordinator.

Students are strongly encouraged to alert colleagues to unprofessional or potentially offensive comments made online to avoid future indiscretions and refer them to these guidelines. Students should also be aware of Social Media or Networking policies at the Clinical Site which you may be assigned as they may be more restrictive than this policy.

APPENDIX IV: RULES OF STUDENT CONDUCT

RULES OF STUDENT CONDUCT

In addition to the rules of student conduct described below, students are also obligated to follow the regulations and behavioral guidelines in other sections of this Student Handbook (particularly the academic integrity and professionalism sections described in the college sections and federal and state regulations described in Appendix III), in rules and regulations distributed in the Residence Halls, and any other written documents disseminated by the University or your academic program pertaining to this topic. Violations of student conduct rules are subject to disciplinary action.

The decision following disciplinary action may include, but is not limited to:

- a) dismissal of charges
- b) disciplinary warning
- c) disciplinary probation
- d) loss of privileges
- e) fines, restitution, community service
- f) residence hall suspension
- g) residence hall expulsion
- h) university suspension
- i) university expulsion
- j) permanent transcript notation – a student found guilty of hazing or other serious violations of the student conduct code, especially when it leads to the death or serious physical injury to another person will have a permanent notation made on their permanent transcript. In addition, a student found responsible for such violations shall not receive credit for the semester in which the suspension or expulsion occurred, and will be liable for all tuition and fees for that semester.

Expectations

Every member of the SUNY Downstate community has a right to feel secure in person and property and has a responsibility to respect and protect the rights of others.

Conduct which interferes with or threatens the operation of the University or the rights of others, either in or out of the classroom is not condoned.

All members of the University are expected to conduct themselves lawfully, maturely, and responsibly, and to share the responsibility of maintaining standards of behavior which are essential to the smooth functioning of the institution.

Violations of the Rules of Student Conduct on or off-campus by any full-time or part-time student may lead to administrative and/or disciplinary action and/or criminal prosecution. Campus judicial action for inappropriate student conduct at off-campus locations may be taken whenever the student's conduct adversely affects the campus community or undermines the interests and/or mission of the institution.

Students are expected to abide by the rules of the University and by state, local, and federal laws.

Furthermore, all students are responsible for the behaviors of their guests and the behaviors and activities which occur within any space which is assigned to them by the College (including, but not limited to, on-campus residence halls, apartments, or work spaces within academic buildings). All guests must comply with all SUNY Downstate policies. As a host, the student will be held personally responsible for any violation of College Policy committed by their guest(s), regardless of whether the guests are appropriately registered.

Abuse

Physical harm or verbal abuse, intimidation, or harassment of another person or persons is prohibited. Reckless actions which could endanger the safety of others or which result in harm to another person or persons are prohibited and may lead to University disciplinary action and/or criminal prosecution.

Address and Change of Address

Providing a correct address is part of the registration process. If this information is missing, registration can be declared incomplete.

Changes of address, telephone, or home address which occur during the year must be reported immediately to the Registrar's Office.

The assigned campus post office box is the "official" student address as recognized by the University, for students who have a campus post office box. This box should be checked often; important University information, such as notices relating to Student Accounts Office activities is mailed by the University to the assigned post office box and not to the student's off-campus address.

AIDS and AIDS- related Conditions

SUNY Downstate recognizes that human immunodeficiency virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS) are serious health problems. SUNY Downstate's policy on HIV and AIDS is designed to assist in efforts to halt transmission of HIV, to protect the rights of all individuals affiliated with the campus, and to provide clear and consistent guidance for decision-making by campus administrators when faced with situations in which HIV or AIDS is a factor. Policies and procedures will be reevaluated and changed according to new medical, legal, and scientific advances; and recommendations from the Surgeon General and the Centers for Disease Control.

1. The University's primary response to AIDS is educational. The University expects that well-informed individuals will make positive and responsible decisions about their sexual and social behavior. The University also expects that individuals will interact sensitively, appropriately, and compassionately with persons with HIV/AIDS. The University will not tolerate harassment of individuals with HIV/AIDS or of those who are perceived to have or be at risk for HIV/AIDS. Individuals who harass others will be subject to appropriate disciplinary action.
2. The University supports the rights of individuals with HIV/AIDS to engage in the activities of daily living. The University will not unlawfully discriminate against individuals having or perceived as having HIV/AIDS in regard to access to employment, facilities, programs, or services. Students with HIV/AIDS shall not be denied the opportunity to participate in any aspect of campus community life, affairs, or social activities as long as they are able to do so.
3. The University will respond to individuals with HIV/AIDS on a case by case basis.
4. Individuals with HIV/AIDS shall be accorded the same respect for personal privacy and confidentiality due all members of the University. The University will protect and maintain confidentiality of individuals with HIV/AIDS to the fullest extent authorized by law and with the proviso that the right to privacy may be limited by public health reporting requirements.
5. HIV antibody testing will not be required or performed by the University. HIV antibody testing will not be required as a condition of employment or admission, or for participating in any aspect of campus community life, affairs, or activities.
The University will support and assist those individuals who themselves consider testing by referring them to the appropriate resources for counseling, testing, and related services.
6. The University is committed to the prevention of HIV transmission through development of policies and procedures that safeguard campus individuals. The guidelines and precautions outlined by the Center for Disease Control of the United States Public Health Service must be considered and followed for any occupational activities or programs of instruction, practice, research, or training in which there is a potential risk for exposure of individuals to the HIV virus.

Animals on Campus

The campus is not a sanctuary for unsupervised animals. Person who wish to bring their pets on campus are not prohibited from doing so, but must take the responsibility to uphold the following conditions:

1. Animals (dogs, cats, birds, etc.) are not permitted in any area of the Student Center. This is based on the New York State Sanitary Code, which reads as follows: "No animals or fowls shall be kept in or allowed in any area in which food is prepared, stored, or served." The Health Department will shut down the food service if this code is violated.
2. Dogs brought to campus must be in proper custody as prescribed in the New York City dog law, which stipulates that dogs are not to run at large.
3. University regulations require that dogs must be leashed and under control at all times. NOTE: An animal tied and left unattended is in violation of this regulation.
4. Permission to have supervised pets in classrooms and buildings, not included in the above, is determined by the person in charge.
5. Unlicensed dogs may be impounded. This ordinance is enforced both by Public Safety officers and the New York City dog warden.
6. Animals are not allowed in the residence halls.

Campus Disorder

Students, faculty, administration, and staff of SUNY Downstate Health Sciences University realize the responsibilities that society will place on them and should react to this trust accordingly. Ethical ideals and conduct are essential to the health professions. Personal honor, integrity, and dignity must be recognized and fostered. SUNY Downstate expects its members to conduct themselves in a mature, responsible and lawful manner at all times. Each member must respect the rights and privileges of every other member and of their fellow citizens.

In order to accomplish these ends, we as members of the medical and health related professions, maintain the following objectives: to have the student conduct himself/herself in a proper manner, both in exercises concerned with evaluation of academic achievement as well as in activities concerned with the welfare and life of a patient; to encourage the treatment of students as mature, responsible individuals, capable of intelligent and ethical self-direction; and to protect the profession from those few who might violate its standards.

No one shall be permitted to commit any act, which interferes with the educational process and/or the daily operation within SUNY Downstate Health Sciences University. Campus visitors who commit any act which interferes with the educational process and/or the daily operation within SUNY Downstate Health Sciences University shall be dealt with through campus and/or civil authorities.

Classroom Discipline

Any instructor may exclude from attendance any student who, in the instructor's judgment, has seriously impaired the class's ability to achieve the objectives of the course, or who is guilty of offensive conduct toward the instructor or other members of the class. The student may appeal the instructor's action to the department chair through the department's grievance procedure. If the student is not satisfied with the ruling or recommendation emerging from the grievance hearings, an appeal may be brought to the appropriate academic dean. Violations of this section are also subject to disciplinary action under the rule on obstruction or disruption.

Computer Usage Policies

See “Student Computing” section in the General Information section of the Student Handbook.

Cooperation

Students are expected to cooperate with University officials when those officials have identified themselves and are acting within their authority to enforce University policy. University officials include faculty and staff of the University. Also included are student employees who are carrying out assigned work responsibilities. Failure to do so may lead to University discipline.

Cooperation includes, but is not limited to, appearing at offices when requested to do so, showing IDs, leaving areas, completing or adhering to the terms of a judicial sanction, etc.

Copyright Law

Students should be aware that copyright laws cover photocopying and other reproductions of materials. Students should contact faculty members or library staff for information regarding these laws.

Damage and Destruction

Damaging, destroying, or defacing University property or the property of any person is prohibited and may lead to University disciplinary action and/or criminal prosecution.

Students are liable for all damage they cause, whether by intentional or unintentional means, unless the damage is the result of a defect or normal wear and tear. Restitution does not preclude possible disciplinary action.

Demonstrations

Students are free to voice dissent and to demonstrate in an orderly and peaceful manner, subject to reasonable time, place, and manner regulations of SUNY Downstate Health Sciences University. Picketing or demonstrating must not interfere with the normal flow of pedestrian or vehicular traffic or with entrances to buildings and must not interfere with the normal functioning of the University. Objects that may prove dangerous in a crowd are not permitted (e.g. sticks in support of signs or banners). Failure to abide by these guidelines may lead to University discipline, including the use of the Rules for the Maintenance of Public Order.

Documents, Keys, Telephones: Misuse of

1. Forging, altering, or transferring an ID card, or other University document (e.g. registration form, admission application, financial aid application) is prohibited.
2. Duplicating keys to University facilities without authorization is prohibited. Unauthorized possession or use of keys, or the lending of keys for illegal or unauthorized purpose, tampering with or changing locks to University facilities without authorization is also prohibited.
3. Charging telephone or telegraph tolls to University telephones and unauthorized use of telecommunication authorization codes is prohibited.

Facilities: Locked

All unauthorized persons must leave University buildings at the time they are closed (unless special arrangements have been made).

Propping open exterior or interior doors, which allows access to a locked facility, is prohibited. Forcible entry into any building or facility is prohibited. Failure to observe these rules may lead to University disciplinary action and/or criminal prosecution.

Facilities: Use of

Individuals may not reserve University facilities for personal reasons. Student organizations, except when holding an initial organizational meeting, must be officially registered and recognized by the University to be eligible to use University facilities.

1. Reserving of Rooms: Most facilities for non-class use with arrangements for set-ups, sound systems, and other equipment, and the personnel to operate it, should be made as far in advance as possible with the Director of Student Life. Events should be planned to conform to the building hours. Information regarding reserving of facilities may be obtained from these offices. Use of facilities without appropriate permission may lead to University discipline.
2. Regulations: Students using facilities which are open to their use (i.e. library, computer facilities, study carrels, Student Center, etc.) are expected to abide by the rules in effect for those areas and are expected to cooperate with those in charge. Failure to do so may lead to University discipline.

False Information

Knowingly giving false information to the University or misrepresenting oneself, on or off-campus, may lead to disciplinary action.

Falsification of admissions or financial aid information may lead to dismissal from the institution.

False Reports

Persons who initiate or circulate a false report of impending occurrence of an explosion, fire, crime, or other emergency are subject to University discipline and to criminal prosecution.

Fire and Safety Regulations

Persons found tampering with fire safety equipment on the campus are subject to University discipline and to arrest under applicable sections of the New York State penal law.

Persons who intentionally, carelessly, or recklessly cause the report of a false fire alarm, either personally or by activating the fire alarm system are subject to University discipline and to arrest under applicable sections of the New York State penal law.

Persons recklessly, carelessly, or intentionally causing a fire to be ignited in any University building or on the grounds of the campus without a legitimate purpose are subject to University discipline and to arrest under applicable sections of the New York State penal law. This does not apply to fireplaces, barbecue grills, or other authorized areas.

Persons intentionally interfering with or failing to follow emergency procedures, including fire drills, are subject to disciplinary action.

Gambling

Per Article 225 of the Penal Law of the State of New York, gambling is considered an illegal activity; therefore, gambling is not permitted in any area on campus or in any activity registered with the University.

Guests

Students who have guests on campus are responsible for informing their guests of the University's rules and policies and may be held accountable for the actions of their guests.

Hazing

Respect for the dignity and right of other students is a basic tenet of the SUNY Downstate Health Sciences University community. Hazing has no place in the SUNY Downstate Health Sciences University community and may result in charges under the rules for the maintenance of public order (Education Law, Section 6450).

Hazing defined as conduct causing psychological, emotional, or physical harm to any person as a part of initiation into or affiliation with any organization is prohibited. Some examples include: forced or required participation in physical activities; forced, required or condoned application of foreign substances to the body resulting in lewdness or a potential for ridicule or bodily harm (such as tattooing or branding); participation in activities which involve illegal acts such as kidnappings; creation of excessive fatigue and stress through deprivation of privacy or sufficient sleep, decent and edible meals; forced or required consumption of any food, liquor, drug, or any other substance; forced or required conduct that would embarrass or negatively affect the dignity of the individual such as forced nudity or partial nudity or coercing or allowing an individual to dress in a degrading manner as part of initiation or affiliation with a group; use of physical brutality; participation in or creation of situations which cause psychological harm or substantial emotional strain such as causing a member or pledge to be the object of malicious amusement or ridicule or other verbal abuse, causing embarrassment or shame to a member of pledge, or compromising the dignity of a member or pledge.

I.D. Cards

Every registered student, whether part-time or full-time, matriculated or non-matriculated, is issued an identification card, which entitles him/her to certain privileges in the use of facilities and services of the University. The student to whom the ID card is issued is entirely responsible for its use or misuse. Students must carry their cards with them at all times. Students must not lend their ID cards to any other persons.

Students may be asked by University Police officers or other University personnel, including student managers, resident advisors, desk assistants and night guards, to show their ID cards. When such requests are made by authorized personnel, students are expected to cooperate by producing their ID cards. This helps assure that only persons with legitimate interests use campus facilities. The ID card is necessary on campus to use various services such as the student health service, gymnasium, library, etc. Any person not producing an updated, validated ID card when requested, is assumed not be a member of the campus community; and if the situation warrants, may be asked to leave campus or be charged with trespassing.

Your ID card must be validated each year for which you are registered as a student. If you lose your ID card, report it at once, and make arrangements to obtain a replacement from F.S.A., Student Center 203. It is important to report such a loss as soon as possible so that the Library and other areas where the card may be misused can be alerted. A charge is made for the replacement of lost or mutilated ID cards.

Misuse of ID cards may lead to University disciplinary action.

Loitering/Trespassing

As determined by the University, unauthorized persons are forbidden to loiter or trespass in University buildings or on campus grounds. In terms of enforcement, it should be noted that students are required to present identification upon request of University personnel (see ID cards), and overnight guests in the residence halls must be registered. While all University personnel are expected to be aware of this regulation and to assist in its enforcement; suspected loiterers or trespassers should be reported to Public Safety.

Noise

The academic nature of the University requires all persons to respect the rights of others to conduct classes without disturbance and to study, sleep, and fulfill academic responsibilities without interruption from excessive noise. Students must comply with reasonable requests to lower the noise level.

Obstruction or Disruption

Obstructing or disrupting SUNY Downstate activities, including but not limited to teaching, research, administration, disciplinary procedures, or other authorized activities including public service functions is prohibited.

Payment of Fines and Fees

A student who is delinquent in the payment of fees and charges to the University and who fails to make arrangements for such payment may be subject to various penalties, which include denial of transcripts, grades, registration, degree, and diploma.

Recognition of the Rights and Responsibility of Students

(The statement below is in response to Section 500.2 of the guidelines established by the SUNY Board of Trustees.)

SUNY Downstate Health Sciences University recognizes that students have within the law, the right of free expression and advocacy. SUNY Downstate Health Sciences University seeks to encourage and preserve freedom of expression and inquiry within the entire University. SUNY Downstate Health Sciences University does not permit the use of its name in announcements, advertisements, publications, or reports that imply SUNY Downstate endorsement of any commercial products or services or for personal business. Furthermore, students are advised against using the name of SUNY Downstate Health Sciences University in taking a stand on social or political issues. Official recognition of any student group must be granted by the University Council or student councils, the Office of the President or his/her designee. If any doubt exists in matters of this kind, specific clearance should be obtained from the President or his/her designee.

Reporting Crimes and Safety Hazards

The University strives to provide a safe environment for the campus community -- students, visitors, faculty, and staff. All campus-related crimes and safety hazards, actual or suspected, must be reported to the Public Safety Department to help protect the safety of all members of the campus community.

Residence Hall Regulations

Failure to abide by Residence Hall regulations as defined in the terms and conditions of the Residence Hall License and regulations will result in disciplinary action and/or termination of Residence Hall license.

Safety

Reckless actions or activities which could endanger the safety of others or which result in physical harm to others and/or in damage to property is prohibited.

Self-Defense Spray Device

Definition: Section 265.20(14) of the "New York State Penal Law" defines a self-defense spray device as a pocket size spray device that contains and releases a chemical or organic substance that, when directed at another person, is intended to produce temporary physical discomfort or disability against another person. A person may possess such a device unless he or she is less than 18 years of age, or has been convicted of a felony in and outside New York State.

Physical assault includes but is not limited to inflicting bodily harm upon a person by using a self-defense spray device in circumstances that do not justify the use of such a device.

The possession, storage, or use of fireworks, firearms, ammunition, explosives, or other weapons including any dangerous article or substance with the potential to injure or discomfort a person is prohibited at any time for any purpose at anyplace on the campus or other property.

This regulation does not prohibit an individual otherwise subject to its provisions from carrying or possessing a self-defense spray device on campus property provided that such carrying or possession would not constitute a crime under New York criminal law.

Sexual Violence

Sexual assault is prohibited. Sexual assault is defined as forced, manipulated, or coerced sexual acts, which include but are not limited to unwanted touching of an intimate part of another person such as sexual organ, buttocks, or breast; sodomy; oral copulation; and rape.

Under New York State Law, Affirmative Consent is required and is defined as follows:

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Please note that to comply with the above definition of Affirmative Consent, you should remember the following:

- Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent may be initially given but withdrawn at any time.
- Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choosing to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
- Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- When consent is withdrawn or can no longer be given, sexual activity must stop.

The State University of New York and Downstate Health Sciences University (Downstate) are committed to providing options, support and assistance to survivors of sexual assault, domestic violence, dating violence, and/or stalking to ensure that they can continue to participate in Downstate University-wide and campus programs, activities and employment. Policies regarding Sexual Violence appear in Appendix III of the Student Handbook and include resources, information about the student conduct process, the policy for alcohol and/or drug use amnesty in sexual violence cases, and a Students' Bill of Rights.

In cases of Sexual or Interpersonal Violence, all students have a right to:

1. Make a report to local law enforcement and/or the New York State Police.
2. Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously.
3. Make a decision about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure from the institution.
4. Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard.
5. Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available.
6. Be free from any suggestions that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations.
7. Describe the incident to as few institutional representatives as practicable and not to be required to unnecessarily repeat a description of the incident.
8. Be free from retaliation by the institution, the accused and/or the respondent, and/or their friends, family, and acquaintances within the jurisdiction of the institution.
9. Access to at least one level of appeal of a determination.
10. Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process.
11. Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the University.

In accordance with the Students' Bill of Rights, a respondent or reporting individual shall have the right to pursue more than one of the options below at the same time, or to choose not to participate in any of the options below (note that additional options are also mentioned in Appendix III):

- When either party is a student, to have the college issue a "No Contact Order," consistent with SUNY Downstate policy, meaning that continuing to contact the protected individual is a violation of college policy subject to additional conduct charges; if the accused and a protected person observe each other in a public place, it is the responsibility of the accused to leave the area immediately and without directly contacting the protected person. Both the respondent and reporting individual may request a prompt review of the need for and terms of a No Contact Order, consistent with SUNY Downstate policies. Parties may submit evidence in support of their request.
- To have assistance from University Police or other college officials in initiating legal proceedings in family court or civil court, including, but not limited to, obtaining an Order of Protection or, if outside of New York State, an equivalent protective or restraining order.
- To receive a copy of the Order of Protection or equivalent and have an opportunity to meet or speak with a college official who can explain the order and answer questions about it, including information from the Order about the accused's responsibility to stay away from the protected person(s); that burden does not rest on the protected person(s).
- To an explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and interim suspension.
- To have assistance from University Police in effecting an arrest when an individual violates an Order of Protection or, if outside of New York State, an equivalent protective or restraining order within the jurisdiction of University Police.
- When either party is a student and presents a continuing threat to the health and safety of the community, to have the student subject to interim suspension pending the outcome of a conduct process. Parties may request a prompt review of the need for and terms of an interim suspension.
- When either party is not a student, but is a member of the college community and presents a continuing threat to the health and safety of the community, to have the individual subject to interim measures in accordance with applicable collective bargaining agreements, employee handbooks, and SUNY Downstate policies and rules.
- When either party is not a member of the college community, to have assistance from University Police or other college officials in obtaining a persona non grata letter, subject to legal requirements and college policy.
- To obtain reasonable and available interim measures and accommodations that effect a change in academic, housing, employment, transportation, or other applicable arrangements in order to ensure safety, prevent retaliation, and avoid an ongoing hostile environment. Parties may request a prompt review of the need for and terms of any interim measures and accommodations that directly affect them. While reporting individuals may request accommodations through any of the offices referenced in this policy, the following offices can serve as a point to assist with these measures: Office of Diversity and Inclusion – (718) 270-1738 or Office of Student Affairs – (718) 270-2187.
- To request that student conduct charges be filed. Conduct proceedings are governed by the procedures set forth in the Downstate Health Sciences University Student Handbook, http://sls.downstate.edu/student_affairs/handbook.html, as well as federal and New York State law, including the due process provisions of the United States and New York State Constitutions.

- Throughout conduct proceedings, the respondent and the reporting individual will have:
 - The same opportunity to be accompanied by an advisor of their choice who may assist and advise the parties throughout the conduct process and any related hearings or meetings. Participation of the advisor in any proceeding is governed by federal law and the Student Code of Conduct;
 - The right to a prompt response to any complaint and to have their complaint investigated and adjudicated in an impartial and thorough manner by individuals who receive annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the respondent, including the right to a presumption that the respondent is “not responsible” until a finding of responsibility is made, and other issues related to sexual assault, domestic violence, dating violence, and stalking.
 - The right to an investigation and process conducted in a manner that recognizes the legal and policy requirements of due process (including fairness, impartiality and a meaningful opportunity to be heard) and is not conducted by individuals with a conflict of interest.
 - The right to receive advance written or electronic notice of the date, time, and location of any meeting or hearing they are required to or are eligible to attend. Accused individuals will also be told the factual allegations concerning the violation, a reference to the specific code of conduct provisions alleged to have been violated, and possible sanctions.
 - The right to have a conduct process run concurrently with a criminal justice investigation and proceeding, except for temporary delays as requested by external municipal entities while law enforcement gathers evidence. Temporary delays should not last more than 10 days except when law enforcement specifically requests and justifies a longer delay.
 - The right to offer evidence during and to review available relevant evidence in the case file (or otherwise held by SUNY Downstate).
 - The right to present evidence and testimony at a hearing where appropriate.
 - The right to a range of options for providing testimony via alternative arrangements, including telephone/videoconferencing or testifying with a room partition.
 - The right to exclude prior sexual history with persons other than the other party in the conduct process or their own mental health diagnosis or treatment from admittance in college disciplinary stage that determines responsibility. Past findings may be admissible in the disciplinary stage that determines sanction.
 - The right to ask questions of the decision maker and via the decision maker indirectly request responses from other parties and any other witnesses present.
 - The right to make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.
 - The right to simultaneous (among the parties) written or electronic notification of the outcome of a conduct proceeding, including the decision, any sanctions, and the rationale for the decision and any sanctions.
 - The right to know the sanction(s) that may be imposed on the accused based upon the outcome of the conduct proceeding and the reason for the actual sanction imposed. For students found responsible for sexual assault, the available sanctions are suspension with additional requirements and expulsion/dismissal.
 - Access to at least one level of appeal of a determination before a panel, which may include one or more students, that is fair and impartial and does not include individuals with a conflict of interest.
 - The right to have access to a full and fair record of a student conduct hearing, which shall be preserved and maintained for at least five years.
 - Contact the Office of Student Affairs for more information about the student conduct process = (718) 270-2187, Basic Sciences Building, Room 1-112.
 - The right to choose whether to disclose or discuss the outcome of a conduct hearing.
 - The right to have all information obtained during the course of the conduct or judicial process be protected from public release until the appeals panel makes a final determination unless otherwise required by law.

Sexual Harassment

Sexual harassment is prohibited. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and/or other unwelcome verbal or physical conduct of a sexual nature, which interferes with a student’s performance or creates an intimidating, hostile, or offensive environment.

Sexual harassment is a violation of the law (Section 703 of Title VII of the Civil Rights Act of 1964) and SUNY Downstate policy and may result in disciplinary actions or criminal prosecution.

Sexual Harassment Complaint Procedures

1. Any student of the SUNY Downstate Health Sciences University community who believes s/he is being or has been sexually harassed should immediately contact the Office of Student Affairs at 270-2187 and/or the Office of Diversity and Inclusion at 270-1738. (Additional information in Appendix III.)
2. Together, the person who believes s/he is being harassed and the Chief Diversity Officer will examine the available options.
3. Recognizing the highly sensitive nature of sexual harassment, the Office of Student Affairs and/or the Office of Diversity and Inclusion will treat all reports of sexual harassment with the greatest possible confidentiality.
4. Retaliatory action against anyone filing a sexual harassment complaint is strictly prohibited.

Sign Posting

Only registered student organizations and academic/administrative departments may use student organization bulletin boards, academic/administrative bulletin boards, or post notices on University property.

- 1) All posters/flyers must be hung on designated bulletin boards ONLY.
- 2) All posters/flyers must be removed by the sponsoring organization within 48 hours after the event has taken place.
- 3) Only masking tape may be used on walls and university bulletin boards. On bulletin boards, masking tape, thumb tack and staples may be used.
- 4) All posters/flyers must conform to public standards of “good taste” and may not be discriminatory or offensive.

“Open” or “non-designated” bulletin boards may be used by members of the SUNY Downstate Health Sciences University community but must conform to the following:

- 1) All notices must be hung on the designated bulletin boards ONLY;
- 2) All notices must be date stamped with the date they are hung or the date of the event. The notice must be removed within one month of posting (e.g. apartment rentals, book sales) or within 48 hours of the event;
- 3) Only masking tape may be used to post signs on University property and only masking tape and thumb tacks on bulletin boards;
- 4) All posters/flyers must conform to public standards of “good taste” and may not be discriminatory or offensive.

Any violation of this policy will result in the removal of the posting; any damages to University property from the posting will be charged back to the sponsoring group or individual.

Smoking

Article 13-E of the New York State Public Health Law prohibits smoking in areas open to the public. The law provides that violations are punishable with civil fines up to \$1,000.

Smoking is prohibited in all indoor areas opened to the public, unless an area is designated a public smoking areas by appropriate signs or if, in private rooms, apartments and duly designated areas of the residence halls. In private rooms/apartments shared by more than one person, smoking will not be allowed unless all occupants agree.

Telecommunication Services

Charging telephone or telecommunications charges to University telephones or extension numbers without authorization is prohibited. Students who register for telephone service are responsible for the payment of all service charges, tolls, and appropriate taxes, which appear on the monthly bill.

Theft

Theft or attempted theft of University property or knowingly possessing stolen property of the University and or services (telephone, computers, parts, etc.), or the property of any person is prohibited and may lead to University disciplinary action and/or criminal prosecution.

Visitors

Anyone not registered as a student or employed by the University is considered a visitor. Visitors to the campus are expected to abide by the University rules and regulations. Visitors failing to do so may be asked to leave campus and may be declared persona non grata, and /or subject to arrest in accordance with the Rules for the Maintenance of Public Order.

Weapons

Possession or keeping of a deadly weapon or dangerous instrument on campus, including firearms, explosive devices, knives, blackjacks, etc. is prohibited. Possession or use of fireworks, firecrackers, etc. is also prohibited. Possession of noxious materials (any container with any drug or other substance capable of generating offensive, noxious, or suffocating fumes, gases, or vapors or capable of immobilizing a person) is also prohibited.

Failure to comply with the above regulations may lead to University disciplinary action and/or criminal prosecution.

DISCIPLINARY PROCEDURES

(pertaining to all students at SUNY Downstate)

Students are expected to uphold the highest standards of integrity and ethical behavior. Any student who has been reported for academic dishonesty, or for violating the rights of others, or who engages in other unprofessional behavior will be subject to disciplinary action. Students of SUNY Downstate Health Sciences University implicitly agree to abide by the rules, regulations, and standards set by the faculty and administration as published in the student handbook, college catalog, residence hall, or institutional publications and notices; and civil and criminal laws dictated by local, state, and the federal government. The College reserves the right to have charges initiated through the disciplinary process against any student charged or convicted of breaking civil or criminal law.

Written charges must be filed with the Vice President for Student Affairs (or designee) by the faculty member, student, staff member or college administrator who is initiating disciplinary action. These charges must include the name of the person(s) being charged, and a description of the infraction/incident with as much detail as possible (e.g. dates, names of witnesses, supporting documents, etc.).

Upon receipt of the written charges, the Vice President for Student Affairs (or designee) will appoint a five person ad hoc committee in consultation with the Academic Dean of the College. The ad hoc committee will include at least one student member. Individuals excused from serving on the ad hoc committee include: any faculty member whose department is involved in the disciplinary proceeding; any student who is named in the complaint as a potential defendant or witness. The Vice President for Student Affairs or a designee will serve as a non-voting (sixth) member of the committee.

The purpose of the ad hoc committee is to:

- a. Collect and evaluate supporting evidence on both sides of the charged violation within a reasonable period of time.
- b. Recommend a course of action to the Academic Dean of the College.

Procedures

The Vice President for Student Affairs or a designee will convene the first meeting of the ad hoc committee upon receipt of written charges and designate the chair and secretary. Each member has one vote.

The chairperson will notify the accused by providing a copy of the charges to the accused. The potential range of penalties should be included with the notice.

The chairperson is required to employ only his/her best effort to notify the student(s), and the student(s) are responsible for keeping the institution informed of any changes in address necessary for receipt of charges. (Notification will be made to the student's current local address as on file with the Registrar's Office unless otherwise requested by the student.) The hearing may be held in the absence of the student(s) accused only if a reasonable effort has been made to notify the student(s).

The chairperson will concurrently notify the accused, the party (is) bringing charges, and all members of the ad hoc committee of the date, time and location for the formal hearing of charges. Notification shall be mailed to the student at least five business days in advance of the hearing.

The hearing shall not be governed by the formal rules of evidence. The committee shall examine all relevant facts and circumstances and reach its decision based upon a preponderance of the evidence. The recommendation of the committee may include, but is not limited to:

- a) dismissal of charges
- b) disciplinary warning letter
- c) disciplinary probation
- d) loss of privileges
- e) fines, restitution or community service
- f) suspension for all or part of the year
- g) dismissal from the college
- h) permanent transcript notation – a student found guilty of hazing or other serious violations of the student conduct code, especially when it leads to the death or serious physical injury to another person will have a permanent notation made on their permanent transcript. In addition, a student found responsible for such violations shall not receive credit for the semester in which the suspension or expulsion occurred, and will be liable for all tuition and fees for that semester. See also, "Transcript Notation" at the end of this policy.

Hearings are regarded as confidential and closed to all but the principals of the case, unless all parties agree to the presence of others. The student has the right to consult with an advisor* of his or her choice. The advisor may speak privately with the student, but may not participate in the hearing.

The chairperson will read the written charges to those assembled. At the hearing, the student has the right to present oral and written evidence on his or her behalf and to call his or her own witnesses. The student shall also have the opportunity to question any witnesses who appear, and to comment on any written documents or other evidence, submitted in support of the charges.

In student disciplinary proceedings involving domestic violence, dating violence, stalking, or sexual violence, several additional protections and requirements apply. (See policies on Sexual Violence Prevention in Appendix III.) During such disciplinary hearings, SUNY Downstate will allow involved parties to review available evidence held by the campus in accordance with college/university policy. Parties can also present available evidence as appropriate under campus policies.

In cases of domestic violence, dating violence, stalking, or sexual violence, the ad hoc committee shall make a written recommendation to the Academic Dean of the College who shall decide whether to modify or uphold the recommendation of the committee. The Dean shall notify all parties of his/her decision in writing. The decision can be appealed under the "Appeal Procedures" listed below.

In all other cases, the ad hoc committee shall make a written recommendation to the Academic Dean of the College. The Dean will decide whether to modify or uphold the recommendation of the committee. The Dean shall notify the student of his/her decision in writing. The Dean's decision is final and cannot be appealed.

Documentation of all action of the ad hoc committee is kept in a confidential file in the Office of the Vice President for Student Affairs.

** If one party elects to be represented by an attorney, they are obligated to notify all other parties, allowing reasonable time for all parties to retain counsel prior to the hearing. Attorneys who attend the hearing may not participate in the hearing, but may only advise the client.*

Appeal Procedures (In cases of domestic violence, dating violence, stalking, or sexual violence only)

In cases of domestic violence, dating violence, stalking, or sexual violence only, the following procedure shall be used following the issuance of a decision from the Academic Dean of the College (as described above). An appeal in these cases can be filed by either the accused student or the reporting student. During the period of appeal, the sanction imposed by the ad hoc disciplinary committee will be held in abeyance pending the outcome of the appeal, except in the cases where an Interim Suspension has been issued, that status will remain in effect.

To file an appeal to an Appeals Board:

1. File a request stating the intention to appeal the decision, in writing, to the Vice President for Student Affairs, within three working days of receipt of the discipline finding letter.
2. The letter must cite the specific ground(s) for the appeal, which can include:
 - a. fair consideration was not provided to the student, (i.e., there is evidence that some aspect of the hearing was prejudicial, arbitrary, or capricious);
 - b. new and significant information, not reasonably available at the time of the initial hearing, has become available; or
 - c. that the sanction or remedy imposed is not in due proportion to the nature and seriousness of the offense)

The letter must provide information which substantiates the ground(s) on which the appeal is being made.

3. The Vice President for Student Affairs shall appoint a three member panel to serve as the Appeal Board. Members of the Appeal Board will be selected from faculty who are not in the same program as the involved parties and may include up to one student. The Vice President for Student Affairs shall serve as an ex-officio member of the Appeal Board.
4. The materials outlined above and all relevant documentation from the ad hoc hearing committee, whose decision is being appealed, will be presented to a meeting of the Appeal Board within three weeks from date the written appeal is received by the Office of the Vice President for Student Affairs.
5. On the basis of a review of this information only, the Appeal Board will determine if grounds for an appeal exist and will issue a written decision.
6. If the Appeal Board determines that no grounds for the appeal exist, the student will be notified in writing and the sanction assigned at the initial hearing will take effect immediately.
7. If the Appeal Board determines that an appeal should be granted the Appeals Board may recommend to the Vice President for Student Affairs a modification of the decision, including a modification of the original sanction.
8. After hearing all information and evidence, the Appeal Board will deliberate in private. The board will prepare its finding on the matter and forward it, in writing, within two working days of completing its deliberations, to the Vice President for Student Affairs, who shall issue the final decision to all parties. The decision of the Appeal Board is final and shall not be subject to further appeal.

POLICY FOR ALCOHOL AND/OR DRUG USE AMNESTY IN SEXUAL AND INTERPERSONAL VIOLENCE CASES

The health and safety of every student at the State University of New York and its State-operated and community colleges is of utmost importance. SUNY Downstate recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. SUNY Downstate strongly encourages students to report incidents of domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to SUNY Downstate officials or law enforcement will not be subject to SUNY Downstate's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

[This policy applies to students and refers to the student conduct code, not to academic or external policies and requirements. Further, students in clinical programs may also be subject to professional standards beyond the campus conduct code. In a clinical setting, being under the influence of alcohol or drugs while performing patient care cannot be overlooked.]

OTHER ADMINISTRATIVE ACTIONS

A. No Contact Order

A No Contact Order is a formal directive issued by SUNY Downstate requiring parties in any interpersonal conflict to have no direct or indirect interaction, meaning that attempts to contact the protected individual is a violation of college policy subject to additional disciplinary action. No contact orders can contain specific restrictions on use of specific campus facilities, or a schedule for all parties to assure that all parties have access to campus facilities. No contact orders can be enforced by reporting violations to the Office of Student Affairs, Residence Life, Student Life, or University Police Department.

Students who are involved in such a conflict may request a No Contact Order be issued from the Office of the Vice President for Student Affairs. No contact orders can also be issued following the filing of a report, regardless of whether the reporting individual has requested the order. While no contact orders are normally issued by the Office of the Vice President for Student Affairs, they can also be issued by the University Police Department or Office of Student Life/Residence Life during hours that the Office of Student Affairs is not open.

It is standard procedure in all cases for no contact orders to be issued to all parties in a conflict, including the reporting individual, accused individual, and any other involved individuals. A no contact order remains in effect until it is officially removed in writing by the Office of the Vice President for Student Affairs.

The Office of the Vice President for Student Affairs will promptly review any existing no contact order at a party's request, including requests to modify the terms of or discontinue the order. The parties can submit evidence to support their requests. If the campus finds it appropriate, it can even make a schedule for parties who seek to use the same facilities without running afoul of the no contact order.

B. Interim Measures

In cases of sexual or other Violence, SUNY Downstate may require and/or provide reasonable and available interim measures and accommodations that effect a change in academic, housing, employment, transportation, or other applicable arrangement in order to ensure safety, prevent retaliation, and avoid an ongoing hostile environment. Interim measures may also apply if an individual accused of sexual or other violence is not a student, but is a member of the SUNY Downstate community and presents and continuing threat to the health and safety of the community, subject to applicable collective bargaining agreements, employee handbooks, and SUNY Downstate policies and rules.

SUNY Downstate will promptly review existing interim measures and accommodations at the request of the party who is affected by that interim measure or accommodation. The parties can submit evidence to support their request to the appropriate campus official who issued the interim measure.

C. Change in Student Status/Interim Suspension

When in the judgment of a Student Affairs Dean (Associate Dean, or Assistant Dean) the continued presence of a student charged with a violation of SUNY Downstate Health Sciences University policy presents an immediate danger to the fulfillment of the educational mission of the institution, to the life, health, welfare, safety or property of any member(s) of the SUNY Downstate community, the student may be subject to a change in student status including immediate denial of campus residency and/or suspension from the College pending the outcome of a disciplinary hearing (see Rules of Student Conduct in Appendix IV of the Student Handbook), which shall be scheduled as expeditiously as possible.

Such a recommendation would be communicated to the Vice President for Student Affairs or designee, who will review the recommendation and gather and consider whatever additional information may be needed; and will determine if any change in status, such as interim suspension, is warranted. Notification of any change of the student's status and the reasons for it will be communicated to the student, in writing, within 24 hours of the decision. The student will be provided with a formal charge letter and the terms of the immediate action changing student status.

SUNY Downstate will promptly review an existing interim suspension at a party's request, including requests to modify the terms or discontinue it. Parties can submit evidence to support their request. To request a review, submit a request, in writing, to the Vice President for Student Affairs.

This action may be taken, but is not limited to, situations which occur on or off campus, involving physical violence, drugs and other controlled substances, criminal or other illegal acts.

D. Involuntary Medical Leaves of Absence

SUNY Downstate Health Sciences University maintains a Student & Employee Health Service and a Student Counseling Service to serve physical and emotional needs of students. Students whose needs are beyond the resources of these offices will be referred to off-campus facilities and service providers when possible.

However, students who cannot adequately be helped by the available facilities, and/or who refuse to accept recommended emotional and/or medical treatment and whose resulting behavior renders them unable to effectively function in the residential or academic community; that is, without harming themselves, others, or disrupting the College community, may be required to leave the College following the described procedure below:

1. The Vice President for Student Affairs or his/her designee may require a mandatory psychological/psychiatric assessment if a student's condition renders him/her unable to function in the College community without harming themselves or others and/or disrupting the educational mission of the institution.
2. When in the opinion of a professional member of the Counseling or Health Services staff, a student is unable to be adequately helped by the on-site or by other available facilities, and the student's condition renders them unable to function in the College community without harming themselves or others and/or disrupting the educational mission of the institution, the staff member shall notify the Vice President for Student Affairs or designee of the situation as soon as possible.
3. When the Vice President for Student Affairs or his/her designee receives notification under either (1) or (2), described above, the Vice President for Student Affairs or his/her designee will seek other such professional opinion as is appropriate, and will confer with the student if possible. The student may submit other medical documentation secured independently for consideration and may be accompanied by a support person (friend, relative, faculty member etc.) to scheduled appointments with College personnel.

Failure to appear for a mandatory assessment may result in suspension from clinical courses until the assessment is completed satisfactorily and the student has received health clearance to resume clinical responsibilities.

POLICY ON TRANSCRIPT NOTATIONS

New York State Law states that:

For crimes of violence, including, but not limited to sexual violence, defined as crimes that meet the reporting requirements pursuant to the federal Clery Act established in 20 U.S.C. 1092(f)(1)(F)(i)(I)-(VIII), institutions shall make a notation on the transcript of students found responsible after a conduct process that they were “suspended after a finding of responsibility for a code of conduct violation” or “expelled after a finding of responsibility for a code of conduct violation.” For the respondent who withdraws from the institution while such conduct charges are pending, and declines to complete the disciplinary process, institutions shall make a notation on the transcript of such students that they “withdrew with conduct charges pending.” Each institution shall publish a policy on transcript notations and appeals seeking removal of a transcript notation for a suspension, provided that such notation shall not be removed prior to one year after conclusion of the suspension, while notations for expulsion shall not be removed. If a finding of responsibility is vacated for any reason, any such transcript notation shall be removed.

SUNY Downstate is in full compliance with New York State Law and will note on the academic transcript of students found responsible for violations of SUNY Downstate policy which are equivalent to the Clery Act Part I crimes (as updated by the Violence Against Women Act) that a student was “suspended after a finding of responsibility for a code of conduct violation” or “expelled after a finding of responsibility for a code of conduct violation.” (If the student receives either of those sanctions after a finding of responsibility.) The crimes which would require this notation currently include: murder; rape, fondling, incest and statutory rape; robbery; aggravated assault; burglary; motor vehicle theft; manslaughter; and arson. SUNY Downstate will also place a notation on the transcript “withdrew with conduct charges pending” if the student withdraws prior to the completion of a hearing and determination of responsibility.

Students may appeal to the Vice President for Student Affairs, in writing, for removal of a notation that they were suspended, no earlier than one year after the suspension is completed. Notations indicating a student was dismissed from SUNY Downstate shall not be subject to removal and therefore cannot be appealed.
