Our curriculum provides appropriate training...public health

What position best describes you?

What makes us special as a medical school?

Suggestions from Town Hall participants:

1. Earlier experience on the hospital clinical services
2. Revamp MS4 – do something useful
3. Reposition primary care coverage
4. More clinical technology in 1st 2 yrs, esp imaging
5. Improve research opportunities
6. Required radiology course
7. Better communication w/constituents during process – forum
8. Subspecialty tracks in curriculum
9. Unify clinical experience across affiliates¹
10. Merge & shorten yrs 1 and 2
11. Look overseas for examples (e.g., Oxford)
