No Emergency CPR Order Documentation Sheet #1
ADULT Patient With DECISIONAL CAPACITY

Directions: This Documentation Sheet sets forth in consecutive order the steps that must be followed before writing a No Emergency CPR order for an ADULT patient with DECISIONAL CAPACITY. Words that appear in the directions in all capital letters are defined in the No Emergency CPR Policy. When completed, this Sheet must be placed in the patient's medical record.

Step One

The PATIENT'S ATTENDING PHYSICIAN must provide the patient with information regarding CPR and a No Emergency CPR order.

PATIENT'S ATTENDING PHYSICIAN'S Statement

I have provided to the patient information about his/her diagnosis and prognosis, which information is adequately set forth in the patient's medical record, the range of available resuscitation measures, the reasonably foreseeable risks and benefits of cardiopulmonary resuscitation for him/her, and the consequences of a No Emergency CPR order.

Signature of PATIENT'S ATTENDING PHYSICIAN

Print Name

Date

Step Two

The patient must give oral or written consent to a No Emergency CPR order at or about the time the No Emergency CPR order is to be written. Oral consent must be given during hospitalization in the presence of two WITNESSES, one of whom must be a physician on staff at the hospital.

Witness' Statement

The patient has expressed orally in my presence the decision to consent to a No
Emergency CPR order, subject to the following condition or limitations (if any):

Signature of Witness

Print Name

Title/Relationship to Patient

Date

Signature of Physician Witness

Print Name

Date

Step Three

The PATIENT'S ATTENDING PHYSICIAN must promptly do one of the following:

- a. issue the No Emergency CPR order, or issue the order at such time as any conditions specified in the patient's decision are met; or
- b. make his/her objections to the No Emergency CPR order and the reasons known to the patient and either transfer the patient to another ATTENDING PHYSICIAN or refer the matter to the dispute mediation system.

Indicate action taken: (check one)

_____ No Emergency CPR order issued

_____ Patient transferred to another ATTENDING PHYSICIAN

_____ Referred to dispute mediation

REMINDER: The No Emergency CPR order must be reviewed every seven days, or sooner if there is an improvement in patient's condition, and the review must be documented in the medical record.
