THE 20TH ANNUAL COMPREHENSIVE OBSTETRICS AND GYNECOLOGY REVIEW COURSE

CONFERENCE DESCRIPTION:
This three-day conference will feature a group of highly qualified obstetricians and gynecologists, subspecialists, and practitioners from SUNY Downstate Medical Center and other major national centers. The course faculty will use real-world examples to provide the context for understanding clinical concepts. The focus will be on practical clinical strategies for addressing the most common clinical scenarios and management of acute and chronic conditions. Expected topics included in this course range from high-risk obstetrics, gynecologic oncology, endocrinology, infertility, and primary care. Participants will participate in a question and answer portion to review the day's material.

CONFERENCE LOCATION:
The conference will be held at SUNY Downstate Medical Center. Directions will be mailed out after the conference. Participants who purchase the CD or USB flash drive will automatically receive the CD after the conference. Presentations collected at the conference will be $30.00, and will be mailed out after the conference. Participants who purchase presentations in advance can be purchased for $45.00.
