**2015 Visiting Speaker**

**CLINICAL LECTURE SERIES**

**January 9-11, 2015**

**Current Concepts of Ophthalmology 2015**

**BORGATA Atlantic City, NJ**

- **VISITING FACULTY** -

Full Details on [www.eyecurrentconcepts.org](http://www.eyecurrentconcepts.org)

**February 6, 2015**

**Celso Tello, M.D.**
Professor and Chairman, MEETH Ophthalmology (eff 1/1/15)
Hofstra University School of Medicine

1. Pathophysiology, Diagnosis and Management of Angle-closure Glaucomas
2. Surgical Pearls of Glaucoma Drainage Implant Procedures

**March 5, 2015 | Special Oculoplasitcs Day**

**Timothy James McCulley, MD**
Associate Professor of Ophthalmology
Johns Hopkins University School of Medicine

1. The Evolution of Pediatric Cataract Surgery 1957- 2015
2. The Differential Diagnosis of Malignant Melanoma

**April 2, 2015**

**Roy S. Chuck, M.D., Ph.D.**
Professor and Chairman of Ophthalmology and Visual Sciences
Albert Einstein College of Medicine

1. Ocular Surface Reconstruction Update
2. Refractive Surgery Technology Applied to Corneal Disease

**May 7, 2015**

**Richard F. Spaide, M.D.**
Clinical Associate Professor of Ophthalmology
NYU Medical Center

1. OCT Angiography
2. Pseudodrusen

**June 11, 2015**

**43rd Annual Alumni Ophthalmology Meeting**
Alumni Auditorium, SUNY Downstate

- **VISITING FACULTY** -

  David H. Abramson, M.D.
  Clinical Professor, Ophthalmology
  Chief, Ophthalmic Oncology Service Memorial Sloan Kettering Cancer Center
  Cornell University Medical College

  Stanley Chang, M.D.
  K.K. Tse and Ku Teh Ying Professor, Ophthalmology
  Columbia University Medical Center

  Kathryn Colby, M.D., Ph.D.
  Adjunct Professor, Ophthalmology
  Harvard Medical School

  Douglas D. Koch, M.D.
  The Alien, Mosbacher, and Law Chair
  Professor, Ophthalmology
  Baylor College of Medicine

  Nathan Radcliffe, M.D.
  Assistant Professor, Ophthalmology
  Director, Glaucoma Service NYU Medical Center

Full Details on [www.eyecurrentconcepts.org](http://www.eyecurrentconcepts.org)

**September 10, 2015**

**Jennifer Thorne, M.D., Ph.D.**
Professor of Ophthalmology
Director, Ocular Immunology Service
Johns Hopkins School of Medicine

1. Immunosuppression Outcomes
2. Birdshot/White Spot Syndromes

**October 1, 2015**

**Jonathan D. Trobe, M.D.**
Professor of Ophthalmology and Visual Sciences
University of Michigan School of Medicine

4th Annual Arthur H. Wolintz, M.D. Memorial Lectureship
1. So Sue Me! Neuro-Ophthalmological Errors That End Up in Court Part 1
2. So Sue Me! Neuro-Ophthalmological Errors That End Up in Court Part 2

**November 5, 2015**

**Peter Pavan-Reed, M.D.**
Professor of Ophthalmology and Visual Sciences
University of South Florida School of Medicine

1. The History of Macular Degeneration
2. The Differential Diagnosis of Malignant Melanoma

**December 3, 2015**

**David A. Plager, M.D.**
Professor of Ophthalmology
Director, Pediatric Ophthalmology and Adult Strabismus
Indiana University School of Medicine

1. The Evolution of Pediatric Cataract Surgery 1957- 2015
2. Periocular vascular malformations in infants- inspect, inject, resect, neglect...or something else?

**January 22, 2015**

**Bart Krekelberg, PhD**
Associate Director, Center for Molecular and Behavioral Neuroscience, Rutgers University

**Transcranial Electric Stimulation: Myths and Mechanisms**

**February 26, 2015**

**Vasilis Vasiliiou, PhD**
Professor and Chair of the Department of Environmental Health Sciences, Yale University

**Aldehyde dehydrogenases: From crystallins to cancer stem cells**

**March 26, 2015**

**Daniel A Butts, PhD**
Assistant Professor, Department of Biology and NACS
University of Maryland, College Park

**Modulation of visual processing by the cortical network**

**April 23, 2015**

**Mary Elizabeth Hartnett, MD**
Professor of Ophthalmology & Visual Science
Adjunct Professor of Pediatrics, University of Utah

**Vascular Endothelial growth factor in retinal development and pathology**

**May 28, 2015**

**David Antonetti, PhD**
Professor Dept of Ophthalmology and Visual Sciences
Professor of Ophthalmology and Visual Science
University of Washington

**Lessons learned from gene therapy for color blindness in primates**

**November 19, 2015**

**Claude F Burgoyne, MD**
Senior Scientist and Research Director
Optic Nerve Head Research Laboratory, Devers Eye Institute

**Integrating OCT Anatomy into the Clinical Examination of the Optic Nerve Head**

**December 17, 2015**

**Janey Wiggs, MD, PhD**
Associate Chief, Ophthalmology Clinical Research; Associate Director, Howe Laboratory; Associate Director Ocular Genomics Institute, Harvard University

**Glucoma Genetics: New insights into a complex disease**

**September 17, 2015**

**Robert Mullins, MS, PhD**
Hansping C.J.W. Kolder, M.D. PhD, Professor in Breast Disease
Research Professor of Ophthalmology and Visual Sciences
Professor of Molecular Physiology and Biophysics, Biophysics University of Iowa

**The complement membrane attack complex and choriodociapellaris degeneration in AMD: implications for pathophysiology and therapy**

**October 22, 2015**

**Maureen Neitz, PhD**
Ray H. Hill Endowed Chair in Ophthalmology
University of Washington

**Lessons learned from gene therapy for color blindness in primates**

**November 19, 2015**

**Claude F Burgoyne, MD**
Senior Scientist and Research Director
Optic Nerve Head Research Laboratory, Devers Eye Institute

**Integrating OCT Anatomy into the Clinical Examination of the Optic Nerve Head**

**December 17, 2015**

**Janey Wiggs, MD, PhD**
Associate Chief, Ophthalmology Clinical Research; Associate Director, Howe Laboratory; Associate Director Ocular Genomics Institute, Harvard University

**Glucoma Genetics: New insights into a complex disease**
