DEPARTMENT OF PSYCHIATRY GRAND ROUNDS NOTICE

WEDNESDAYS, 1:00 - 2:30 P.M., Lecture Hall 1, BSB

April 1, 2015 – April 29, 2015

Target Audience:
Psychiatric physicians, residents, psychologists, nurse practitioners, social workers, occupational and recreational therapists, medical students, trainees and those who provide services to the mentally ill.

**April 1, 2015**

Graduate School Research Day – No Grand Rounds

*Please attend the poster sessions by our residents and others near the auditorium*

**April 8, 2015**

*Jonathan Barker, MD*
Assistant Professor, Department of Psychiatry
Oregon Health and Science University
*(Disclosure – None)*

**Topic:**

*Police and the Mentally Ill*

**Learning Objectives:**

1) To understand the challenges law enforcement faces with people who are mentally ill in the community.
2) To provide an overview of the different models used by law enforcement when responding to a crisis call from someone who is suspected of having a mental illness.
3) To discuss how the incarceration rate of people who have mental illness and the rate of excessive use of force during police encounters with people who have mental illness in the community can be reduced; to be able to describe common approaches to integrated care.

**April 15, 2015**

*Dr. HENRI BEGLEITER MEMORIAL GRAND ROUNDS*

*Jaqueline Meyers, Ph.D.*
Research Fellow in Psychiatry and Epidemiology
Columbia University Medical Center
*(Disclosure: None)*
**Topic:** Using Lessons Learned from Dr. Henri Begleiter to Uncover Genetic and Environmental Risk for Alcohol Use Disorders and Related Behaviors

**Learning Objectives:**
1) A global understanding of known genetic and environmental risk factors for alcohol use disorders and related behaviors.
2) A global understanding of the future of this line of scientific inquiry and its potential applications to clinical and population health.

**April 22, 2015**

Michael Myers, MD
Professor of Clinical Psychiatry
SUNY Downstate Medical Center
Immediate Past President
American Foundation for Suicide Prevention New York City Chapter
(Disclosure: None)

**Topic:** When Physicians Die By Suicide: Insights of Those They Leave Behind (Preliminary Findings)

**Learning Objectives:**
1) Appreciate the range of individuals who are impacted when a physician kills himself/herself.
2) List common thoughts, feelings and behaviors that occur in the aftermath of physician suicide.
3) Incorporate the suggestions and recommendations of these individuals into our advocacy efforts, teaching and clinical work with physician-patients.

**April 29, 2015**

Ramotse Saunders, MD
Clinical Assistant Professor, Psychiatry/Psychosomatic Medicine
SUNY Downstate Medical Center
(Disclosure: None)

Jordan Iordanou, MS3
(Disclosure: None)

**Topic:** Deep Brain Stimulation for Psychiatric Disorders

**Objectives:**
1) Understand the history of surgical interventions for psychiatric illness.
2) Understand the basic principles involved in DBS.
3) See how DBS is being used to treat psychiatric illnesses today.

**Commercial Support:** None

**Off Label Drugs Device Usage:** None
Accreditation Statement:
The State University of New York (SUNY) Downstate Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement
SUNY Downstate Medical Center designates this educational activity for a maximum of 1.5 AMA PRA Category 1 Credit(s). Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Statement:
SUNY Downstate Medical Center Office of CME (OCME) and its affiliates are committed to providing educational activities that are objective, balanced and as free of bias as possible. The OCME has established policies that will identify and resolve all conflicts of interest prior to this educational activity. All participating faculty are expected to disclose to the audience, verbally or in writing, any commercial relationships that might be perceived as a real or apparent conflict of interest related to the content of their presentations, and unlabeled/unapproved uses of drugs and devices. Detailed disclosures will be made verbally and/or in writing during the program.
