3. Submission of an official transcript of all degrees completed.

Individuals accepted as non-matriculated students are limited to specific courses in each department (see list below). Students must achieve a GPA of 3.0 for each course to be considered for subsequent admission as a matriculated student.

Courses Available for Non-matriculated Students:
Approved non-matriculated students may take any four (4) of any of the six (6) core MPH courses (listed below). No more than twelve (12) credits in a non-matriculated status are allowed.

MPH Core Courses:
- Principles of Biostatistics
- Principles of Epidemiology
- Health Behavior and Risk Reduction
- Principles of Environmental Health
- Introduction to Health Policy and Management
- Introduction to Public Health

* Non-matriculated students wishing to take other courses must secure the permission of the chair of that particular department.

Non-matriculate Application Process:
If the non-matriculated student subsequently wishes to apply to the program as a matriculated student, then s/he must complete the formal application process, and be accepted based on the criteria. Credits from the courses taken as a non-matriculated student will apply to the student’s MPH course credits.
