\* Where two or more cities are shown together, they belong to the same Metropolitan Statistical Area (MSA). In these cases, the city data were combined to create a single urban entity. Individual city rates are listed in a separate table below.

\*\* Suburbs refers to the MSA excluding the city(ies).

<sup>a</sup> Tabulations are based on numbers with more decimal places than shown.

---Because denominator is zero, percent change cannot be calculated.

N/A: Not applicable; Anchorage city and MSA boundaries are the same.
