AND ANNOUNCING

THE SUNY DOWNSTATE RESILIENCY AWARDS

ABOUT THE AWARDS

SUNY Downstate Health Sciences University proudly recognizes our faculty and staff's excellence, hard work, and dedication. We are honored to acknowledge those individuals and teams who have gone far beyond expectations in their roles, making significant contributions to Downstate's success.

Following over three years lost due to COVID, SUNY Downstate is pleased to resume its **Employee Recognition & Service Awards** program to recognize employees for their length of service. The Employee Recognition & Service Awards will honor employees who marked milestone anniversaries during 2020, 2021, and 2022, when we could not celebrate because of the pandemic. This year, we will recognize more than 1,700 individuals ranging from ten to more than 50 years of service to SUNY Downstate.

We will also recognize the noteworthy recipients of the **Chancellor's Awards for Excellence in Classified Service, Excellence in Faculty Service, Excellence in Professional Service, and Excellence in Teaching**. Under the Distinguished Faculty Rank Awards, we will present the **Distinguished Professorship**, the highest honor for faculty and solely awarded by the SUNY Board of Trustees.

The **Chancellor's Awards for Excellence** are System-level honors acknowledging system-wide recognition for consistently superior professionals and highlighting SUNY's commitment to sustaining intellectual vibrancy, advancing the boundaries of knowledge, providing the highest quality of instruction, and serving the public good.

This year, we are proud to introduce the **SUNY Downstate Resiliency Awards**, recognizing Downstate faculty, staff, and students who demonstrate exceptional leadership, advocacy, innovation, and teamwork contributing to Downstate's mission's overall success and spirit, vision, values, and strategic goals. Awards will be given in the **Advocate, Innovator, Leader, and Synergist** categories.

The **Advocate** Award focuses on positive, customer-centered outcomes and may be awarded to Downstate students or staff.

The **Innovator** Award focuses on developing or enhancing an existing work process or product to create efficiencies or improve effectiveness and/or quality. It may be awarded to Downstate students and staff.

The **Leader** Award focuses on contribution to the SUNY Downstate mission, values, and/or Strategic Plan by leading or directing a successful group or project. It may be awarded to Downstate students and staff.

The **Synergist** Award focuses on SUNY Downstate team(s) who have worked together, within or across departments, to accomplish goals serving the greater good through the spirit of Downstate's mission, values, or strategic goals. It may be awarded to a team of Downstate students, staff, or a team combining both.

CLOSING REMARKS

Dr. Wayne J. Riley

CHANCELLOR'S AWARD FOR EXCELLENCE IN THE CLASSIFIED SERVICES

The **Chancellor's Awards for Excellence in the Classified Service** are System-level awards established by the University to give System-wide recognition for superior performance and extraordinary achievement by employees in the Classified Service. These awards demonstrate the University's commitment to individuals who provide superior service to its students and the community. Employees selected for this award receive a personal certificate of recognition and a Chancellor's Excellence Medallion.

2019-2020

Donna Handley

Keyboard Specialist

In recognition of her 24 years of outstanding service in the Office of Continuing Medical Education and over 33 years of dedicated service to Downstate as a Keyboard Specialist, Donna Handley deserves this award. Her proficiency in her job, cheerful attitude, and willingness to go above and beyond for her colleagues and students make her an invaluable team member.

Verna Joseph

Plant Utility Engineer 2

Verna Joseph has enjoyed his 20 years of service in the Department of Facilities Management & Development, starting as a helper in the Plant and working his way up to Senior Plant Utility Engineer 2. His willingness to adapt to accommodate customers' needs, leadership, and willingness to offer advice has earned him the respect of his subordinates, peers, and managers. His colleagues and co-workers affirm his dedication, good character, and attention to detail.

Karen King

Office Assistant 1

Karen King celebrates her 30 years of service as Coordinator and Secretary for the Anesthesiology clerkship, organizing academic activities for more than 200 third and fourth-year medical students annually. Her empathetic and accommodating nature and exceptional organizational skills have made her well-liked by students, faculty, and other administrative staff. Her commitment to excellence has paid off in the clerkship, being rated number one in responsiveness, coordination, efficiency, and organization.

2020-2021

Stanley Augustin

Teaching & Research Center Nurse 2

Stanley Augustin possesses an unwavering commitment to patient care. As a strong patient advocate with excellent assessment skills, he ensures the patients' needs come first to receive the best possible care. His dedication is selfless, and he has exceeded expectations as a Teaching & Research Center Nurse 2. Stanley frequently comes in on his days off to administer chemotherapy to patients. He was the primary resource person when the Pediatric Unit was converted to a COVID unit during the pandemic. As a Nursing professional and a credit to Downstate, his knowledge and expertise were instrumental in administering Monoclonal Antibodies for treating COVID-19.

Hardie Dinham

Trades Specialist (General Mechanic)

Hardie Dinham served as a General Mechanic for over 30 years in the Department of Facilities Management & Development, supporting Downstate's infrastructure. Among his many accomplishments, including snow removal during off-hours, he committed his expertise to rebuild the catwalk on the external roof, renovating the boiler room, and building metal doors in the hospital. Throughout his tenure at Downstate, he

consistently displayed respect and kindness towards his colleagues and managers, willingly assisting visitors needing directions, sharing his extensive knowledge, and mentoring those who came after him.

Diane Zarb

Administrative Assistant 1

For the past 26 years, Diane Zarb has been an integral part of the Department of Surgery, providing administrative support to researchers and physicians. In addition to handling correspondence and applications, she always looks for new and more efficient ways to complete tasks, such as building the alumni surgical database and saving Downstate money. She willingly takes on new challenges and goes beyond her role, answering questions, helping lost visitors, and walking patients from the street to their physical therapy appointments.

2021-2022

Royon D'Andrade

Cleaner

Royon D'Andrade has been a Cleaner in the Department of Environmental Services at University Hospital for 12 years. He takes great pride in maintaining spotless offices and shiny corridors, earning him a reputation for a strong work ethic. In addition to his excellent cleaning skills, Mr. D'Andrade is diligent, responsive, and cooperative, always willing to go above and beyond to meet the needs of staff, visitors, and patients. He stays past his shift as needed and works through daily challenges earning the respect and admiration of all who work with him. As a leader on the snow detail team and the project team for SUNY's satellite clinics, he exemplifies the best of Downstate.

Mira Rima Palapos

Teaching & Research Center Nurse 2

Mira Rima Palapos has been a standout member of the Department of Perioperative Services for the past 15 years, excelling as a Teaching &

Research Center Nurse 2. Her expertise in Operating Room nursing is extensive, particularly in robotics, open heart, and genitourinary cases. She is known for her flexibility and willingness to help others, often volunteering to assist with other cases after completing her assigned tasks. She is a role model to new staff and always goes the extra mile to ensure patients receive the best possible care.

Maravic Padilla

Teaching & Research Center Nurse 3

Maravic Padilla has been a Nurse for nearly 20 years. She is known for her hardworking, competent, knowledgeable, and skillful approach to nursing. She is always “on the go” and ready to tackle challenges. One of her most significant strengths is her ability to remain professional in difficult situations, earning her the respect and admiration of colleagues and patients. She excels in scrub and circulating roles in almost all general and vascular cases and is a particularly adept circulator for Kidney Transplant and Orthopedic cases. Her expertise as a Charge Nurse and as a mentor for new staff makes her an invaluable team member.

2022-2023

Francis Hercules

Motor Vehicle Operator

For nearly eight years, Francis Hercules has been a dedicated Motor Vehicle Operator responsible for transporting employees and students around the campus, carrying out special assignments, including shuttling Hospital Administration executives to offsite and affiliate locations. During the height of the pandemic, Mr. Hercules went above and beyond the call of duty, driving over four hours to Syracuse, NY, at least twice a week to drop off swab samples for testing at SUNY Upstate Medical University. His efforts were critical to preventing the spread of COVID-19 here at Downstate, demonstrating an inspiring commitment and dedication. His work as a Motor Vehicle Operator is invaluable to the smooth operation of the campus, as is his willingness to take on special assignments in times of crisis.

Diana Potakey

Teaching & Research Center Nurse 3

Diana Potakey has been a Nurse for six years and has distinguished herself as a hardworking and efficient healthcare team member. She has a strong rapport with patients, families, and colleagues in the Coronary Care Unit and consistently demonstrates dedication and commitment to patient safety. She is dedicated to ongoing professional development, as evidenced by her Master of Science in Nursing and membership in the American Association of Critical Care Nurses. She positively influences all nursing staff and is vital in implementing programs to improve patient care.

Tatiana Sidorkina

Teaching & Research Center Nurse 1

Tatiana Sidorkina is a skilled Acute Rehabilitation Nurse with 14 years of experience delivering superior, high-quality patient care at the inpatient rehabilitation center. Her dedication to helping patients recover their independence is renowned. She is well-known for going the extra mile to assist patients with personal hygiene needs, clean-up, and transport to therapy sessions. She also instructs patients and their family members on effectively navigating medical barriers to discharge, managing their medications, and caring for wounds.

CHANCELLOR'S AWARD FOR EXCELLENCE IN FACULTY SERVICE

The **Chancellor's Award for Excellence in Faculty Service** recognizes full-time teaching faculty's outstanding service contributions. This service must be sustained over multiple years and may occur in various venues. To be nominated, a faculty member must demonstrate consistently superior service. Eligible service contributions may occur in various areas, including service to the campus, the State University, the local community, or regional, state-wide, national, or international contributions. Eligible activities may encompass a combination of service contributions to discipline or disciplinary and professional organizations and societies and leadership in local or system-wide faculty governance.

2021

Jasmin Thomas, OTD, O.T.R./L, who joined Downstate in 2013, is an Assistant Professor in the School of Health Professions whose faculty service commitment is exceptional. Her leadership, dedication, and service to the institution, the community, and the profession are evident in her work as the Academic Fieldwork Coordinator in the Department of Occupational Therapy and her role in mentoring students in over 25 community practice service-learning projects. Dr. Thomas serves on the SUNY Center-Wide Faculty and Professional Staff Governance and as a member of the Clinical Coordinators Committee, Ethics Day Committee, and the Occupational Therapy Faculty Advisor for the Dialysis Sidekicks Program, pairing students with our pediatric/adolescent dialysis patients and providing them with familiar faces during dialysis treatments.

Dr. Thomas has also demonstrated her compassion and generosity in co-founding Brooklyn Unites for SUNY Downstate: Meals + Masks, a campaign that raised over \$30K and provided essential workers with fresh meals, fruit, water, and snacks donated by local restaurants and minority-owned businesses during the peak of the pandemic.

CHANCELLOR'S AWARD FOR EXCELLENCE IN PROFESSIONAL SERVICE

The **Chancellor's Award for Excellence in Professional Service**

recognizes consistently superior professional achievement within and beyond the position. Nominees must be individuals who have repeatedly sought improvement of themselves, their campuses, and ultimately the State University and, in doing so, have transcended the typical definitions of excellence. At all position levels, nominees shall be those individuals who can serve as professional role models for a University system in the pursuit of excellence.

2020

Cheryl M. Marriott, DRE, is a dedicated and hardworking member of the Downstate community, having started her career at the institution in 1986. As the Coordinator of Archives and Special Collections in the Medical Research Library, Cheryl has been instrumental in developing the Digital Archives Collection and preserving Downstate's historical materials. Her positive attitude, attention to detail, and problem-solving skills are widely acknowledged on campus. She has served on numerous committees, including the Sesquicentennial Celebration Committee, Black History Committee, Commencement Committee, Robert F. Furchgott 20th Anniversary Celebration, and the 50th Anniversary celebrations of the College of Health Professions, the College of Nursing, and the School of Graduate Studies. Cheryl's willingness to assist others and share her knowledge with those in need is a testament to her dedication to excellence and admirable work ethic.

2023

Dorine Cooper, MA, is a valued member of the Downstate community, having joined the institution in 2010, and currently serves as Executive Assistant to the Dean of the School of Public Health (SPH). Dorine is responsible for overseeing the administration of the DrPH Qualifying Exam, maintaining the Alumni Network, and assisting with implementing new student recruitment and retention initiatives. She is also pursuing her Master's in Health Informatics at Downstate's School of Health Professions, demonstrating her strong commitment to education. Dorine's ability to anticipate and quickly address potential issues has been critical in securing the SPH Accreditation and Re-Accreditation from the Council on Education for Public Health (CEPH). Dorine is also a member of several committees, including the Commencement Committee and the Employee Assistance Committee, and was instrumental during the Downstate Covid-19 Surveillance Project.

CHANCELLOR'S AWARD FOR EXCELLENCE IN TEACHING

The **Chancellor's Award for Excellence in Teaching** recognizes consistently superior teaching at the graduate, undergraduate, or professional level in keeping with the State University's commitment to providing its students with instruction of the highest quality. The primary criterion is demonstrated skill in teaching. Consideration is also given to sound scholarship (usually demonstrated through publications or artistic productions), outstanding student service, and service to the State University and the campus.

2023

As an Assistant Professor in the Occupational Therapy program for the School of Health Professions, **Vikram Pagpatan, MS, OTR/L, ATP, CAS, BCTS**, has demonstrated a solid commitment to education and service. Prof. Pagpatan co-developed and implemented several interdisciplinary courses with the College of Nursing and the School of Public Health. He is pursuing his Doctor in Education, specializing in Educational Technology.

Dr. Pagpatan is a founder of the Downstate Chapter of the Coalition of Occupational Therapy Advocates for Diversity (COTAD) and is the Faculty advisor for the Student Occupational Therapy Association (SOTA). Prof. Pagpatan also serves on several committees, including the Student Technology Fee Committee and the Faculty Advisory Council on Teaching and Technology (FACT-2). In recognition of his dedication to education and service, he was awarded the SUNY FACT2 Award in 2021.

DISTINGUISHED FACULTY RANKS

Distinguished Faculty Rank programs encourage ongoing commitment to excellence, kindle intellectual vibrancy, elevate the standards of instruction, and enrich contributions to public service. Appointment constitutes a promotion to the State University's highest academic rank, conferred solely by the State University Board of Trustees. The **Distinguished Professorship** is conferred upon faculty who have achieved national or international prominence and a distinguished reputation within their chosen field through significant contributions to research and scholarship or through artistic performance or achievement in the fine and performing arts.

DISTINGUISHED PROFESSOR

2020

Since joining Downstate Health Sciences University in 2001, **Xian-Cheng Jiang, Ph.D.**, has significantly contributed to lipid biology. Dr. Jiang is a Professor in the Department of Cell Biology and has been continuously funded as a Principal Investigator (PI) on grants from prestigious organizations such as the National Institutes of Health, American Heart Association, and Veterans Affairs for over 20 years. His research has revolutionized the understanding the role of lipoproteins and phospholipids in cell membranes and their impact on cardiovascular disease.

Dr. Jiang has published over 170 peer-reviewed papers in top-tier journals, including Nature Medicine, the Journal of Clinical Investigation, and Science Translational Medicine. Dr. Jiang is also a dedicated teacher and has trained over 30 lipid biologists in his laboratory at Downstate.

Dr. Sheryl S. Smith, a Professor in the Department of Physiology and Pharmacology, is a leading expert in neuroscience. Her research has focused on the mechanisms underlying brain development during adolescence, a critical period for mood disorders, altered learning potential, and seizures.

Dr. Smith's discovery of a novel sub-type of GABAA receptor, $\alpha 4\beta\delta$, has been published in top-tier journals and continuously funded by the National Institute of Health. Her work has earned her international recognition and established her as an exemplary teacher and researcher.

SUNY DOWNSTATE RESILIENCY AWARDS

ADVOCATE AWARD

The Advocate Award focuses on positive, customer-centered outcomes and may be awarded to Downstate students or staff.

Dr. Farhad Haeri

School of Health Professions, Physical Therapy

When the pandemic emerged in New York City in March 2020, the PT program was just a few days ahead of its Musculoskeletal PT I midterm exam. Dr. Farhad Haeri, who teaches this course, quickly implemented the Respondus LockDown browser so students could take their exams remotely, also sharing the information with other PT faculty to set up their exams accordingly. In addition to his usual summer courses, he realigned a course generally taught in the fall to accommodate third-year PT students whose clinical schedules were altered because of the pandemic.

In the fall of 2020, the PT faculty and students returned to the classroom for all lab activities. When we were on lockdown, Dr. Haeri and the students had to make up missed labs from the spring and summer of 2020. Dr. Haeri held make-up lab sessions on weekends during the fall to accommodate students who missed labs during the spring and summer of 2020. He also created live webcasts using Panopto, an interactive video recording platform to assist students during remote lab sessions. Also, he shared instructions on webcasts with his PT colleagues for use in their classes.

Despite these changes to the curriculum amid the pandemic, Dr. Haeri maintained all his usual faculty and professional activities and other duties, helping the PT program move forward during the pandemic while ensuring students' safety and allowing them to advance in the program.

Grace Shadid

College of Medicine, Class of 2025

Department of Medicine, Division of Rheumatology

Grace Shadid is a second-year medical student and a vital member of the Aurinia-sponsored Patient Navigator Program in the Rheumatology Division, launched in July 2021. The program aims to mitigate health disparities in high-risk populations by identifying and supporting underserved patients at the rheumatology clinic to manage immune-mediated diseases. Navigators remind patients of clinic appointments, check on them post-appointments, help with social needs, and coordinate between patients and their resident or faculty care providers.

As a clinical research study coordinator, Grace was recruited to be the student manager of the Navigator program at the start of her MS1 year at Downstate because of her familiarity with the Rheumatology Division. Last summer, Grace received an award from The David E. Rogers Fellowship for Medical and Dental Students from the New York Academy of Medicine. Her focus was evaluating food insecurity among patients in the Navigator program. Finding a high degree of food insecurity, Grace has arranged to enroll patients from our clinic with God's Love, We Deliver, a New York City organization that specializes in preparing and delivering nutritious, high-quality meals to people who, because of their illnesses, are unable to provide or prepare meals for themselves.

Joya Ahmad

College of Medicine, Class of 2025

Joya Ahmad is a dynamic and inspiring leader who has tremendously impacted her community. Her unwavering commitment to justice and equity and her brilliant mind, passion, and determination have enabled her to effect positive change in many areas. She has worked extensively with Foundations faculty to review and update curricular and assessment materials. She has led student efforts to develop new sessions on the social determinants of health vis-à-vis physical disabilities and lupus.

Joya's leadership and advocacy are reflected in many other campus activities, including the Health Equity Advocacy Leadership (HEAL) pathway she leads. She is also an award-winning poet and published writer whose fundraising efforts for causes like the Med Supply Drive and the Anne Kastor Brooklyn Free Clinic have earned her recognition and admiration.

Trudy Johnson, RRT-ACCS

University Hospital at Downstate, Anesthesiology

Trudy Johnson, whose commitment to advocacy extends far beyond her role in the Respiratory Therapy Department, has earned her a reputation as a 'go-to' person. She is a tireless community supporter, working closely with the Department of Social Work to help overcome issues related to discharge planning.

Trudy's dedication to her colleagues and patients is evident in her countless hours of listening, supporting, and empowering those around her. She strongly supports and advocates personally and professionally, helping patients navigate complex care concerns and understand various therapy options.

INNOVATOR AWARD

The **Innovator Award** focuses on developing or enhancing an existing work process or product to create efficiencies or improve effectiveness and/or quality. It may be awarded to Downstate students and staff.

Edeline Mitton

Continuing Medical Education

Office of Academic Affairs

Edeline Mitton showed great initiative during the pandemic in helping clinical departments adapt to the new online environment. She worked tirelessly to streamline the process of obtaining CME credits, making it easier for physicians, nurses, and PAs to participate in webinars and

other online courses, describing what they learned from the pandemic emergency and allowing for submission to the Office of Continuing Medical Education for CME credit.

Edeline's efforts led to increased attendance and participation from a diverse range of communities, including India, Bermuda, and the U.K. Her online course, Physician Learning from Coronavirus (COVID-19), initiated through the use of instructive webinars for the evaluation process and a QR code for attendance, that helped department coordinators readily adapt to the process.

Dr. Loraine Antoine

School of Health Professions

Physical Therapy

Dr. Loraine Antoine proved to be a solid leader in the face of unprecedented challenges presented by the pandemic. With the third-year PT students forced to leave their final clinical rotation, Dr. Antoine worked to ensure they could graduate on time while meeting the requirements of the PT accrediting body, CAPTE. Through her collaboration with faculty, she developed complex virtual clinical cases that allowed the students to complete Clinical Education IV and satisfy the state education department's 12-week learning activity requirement.

Dr. Antoine's innovative thinking and dedication encouraged her students' success, allowing them to complete all requirements and graduate with the needed skills and knowledge. Dr. Antoine's changes are significant because PT programs across the country and other health professionals could not graduate their students on time due to the pandemic.

LEADER AWARD

The **Leader Award** focuses on contribution to the SUNY Downstate mission, values, and/or Strategic Plan by leading or directing a successful group or project. It may be awarded to Downstate students and staff.

Susan Fraser-McCleary, RN, LCSW, CCM

*Assistant Vice President for Care Coordination,
University Hospital at Downstate*

Susan Fraser-McCleary has demonstrated incredible strength, courage, and professionalism during her six-year tenure. During the height of the pandemic, Ms. Fraser-McCleary worked diligently to establish and staff an emergency clinic to screen and treat COVID-positive patients. She regularly evaluated the impact of CDC changes and pandemic assessments. Working alongside her team, sometimes 12-16 hours daily, she ensured that patients were treated with dignity and respect, particularly in the assessment of COVID screenings. She also comforted family members who could not be with their loved ones in some of the most challenging moments. As a dedicated team player, she is a dependable listening ear and support system for colleagues and others.

Dr. Sanya Goswami

Department of Medicine, Internal Medicine

Dr. Sanya Goswami is a leader and mentor who embodies integrity, humility, and appreciation. As a mentor to medical students, she is committed to their growth and development, ensuring full engagement and involvement in patient discussions, presentations, assessments, and plan development. Dr. Goswami teaches proper techniques for IV placement and blood draws, ensuring students' skills and knowledge translate to high-quality patient care. Her commitment to her student's success is a testament to her leadership and mentoring skills.

Dr. Jeffrey S. Putman

Vice President of Student Affairs

During the pandemic, Dr. Putman was consistently in person handling every problem that came his way. He managed the Department of Student Affairs. Through in-person and virtual work, he handled admissions, registration, financial aid, and counseling during one of the most challenging times in Downstate history. Students had some semblance of normalcy with orientation and classes continuing. Downstate was able to minimize decreases in enrollment that many other SUNY schools could not maintain.

Through Dr. Putman's leadership and steadfastness, we came through somewhat unscathed by the pandemic. During this time, he led many of the most important committees and led Downstate with the medical school's accreditation. The Student Affairs staff looked up to Dr. Putman's leadership and innovative technology usage to assist the school in maintaining administrative and communicative processes with students.

Gabriel Kabarriti

College of Medicine, Class of 2023

Gabriel Kabarriti is an exceptional mentor who has significantly impacted his fellow medical students. Despite the demands of studying for STEP 2, he assumed the role of teaching them how to become better researchers, using his expertise and mentorship skills to encourage critical thinking and advanced clinical outcomes through research methods.

Gabriel's methods and insights into various topics were invaluable, creating a positive student learning environment. Gabriel's mentorship was instrumental in shaping his fellow medical students and preparing them for future success.

SYNERGIST AWARD

The **Synergist** Award focuses on SUNY Downstate team(s) who have worked together, within or across departments, to accomplish goals serving the greater good through the spirit of Downstate’s mission, values, or strategic goals. It may be awarded to a team of Downstate students, staff, or a team combining both.

COVID Vaccination Team

The COVID Vaccination Team showed exceptional leadership and teamwork in managing pop-up COVID vaccine clinics. The team comprised various members, including site managers, pre-entrance screeners, greeters, security personnel, nurses, patient educators, vaccine inventory managers, and interpreters. Each team member was assigned specific roles and responsibilities, and they worked together to provide safe and effective COVID vaccinations to employees, students, and patients.

The team also involved the Public Health Department officials to advise and assist in the planning and execution of pop-up clinics. Their hard work, dedication, and collaboration resulted in successful vaccine administration and mitigation of fears and hesitancy surrounding the COVID vaccine.

Downstate Contact Tracing Corps and COVID Testing Team

The Downstate Testing and Contact Tracing Team served all Downstate students (across the five schools and seniority levels) and employees (hospital and non-hospital across all ranks). The team effectively worked with various departments and schools to establish a contact tracing plan approved by the New York State Department of Health.

They developed a process for identifying and tracing individuals in close contact with a confirmed COVID-19 case. They quickly isolated and quarantined those individuals to prevent further spread of the virus. Their diligent efforts helped to control the spread of COVID-19 within the Downstate community. The team also successfully communicated

with employee/student health and all departments and schools by communicating risks, isolating (infected), and quarantining (exposed) individuals.

The team demonstrated exceptional compassion and empathy in their interactions with individuals who had tested positive for COVID-19 or had been exposed to the virus. They provided emotional support and guidance to those individuals, helping alleviate their fears and concerns during a difficult time. Their caring approach helped foster trust and respect between the team and the Downstate community, which was essential for effective contact tracing and controlling the spread of the virus. Downstate Clinical Applications Team

The Clinical Applications Group showed adaptability by quickly adapting to technological changes during the pandemic. For instance, when the organization was required to switch to a new electronic health record system, the team worked tirelessly to ensure the system was implemented promptly. They also provided training and support to ensure all staff could use the new system effectively.

Through their adaptability and commitment to excellence, the Clinical Applications Group maintained the high level of patient care that the organization is known for, despite the challenges presented by the pandemic. Some team members worked on-site during the pandemic to ensure no interruption in mission-critical applications occurred. User access to HealthBridge was expeditiously granted to medical students, and others approved to provide HealthBridge Access.

The Team was also challenged to produce COVID reports and dashboards quickly, requiring them to work after hours, nights, and weekends again. The COVID immunization reporting that automatically routed the data

concerning those employees who were vaccinated to the City-Wide Immunization Registry was established. The Team also was responsible for configuring new COVID orders, new immunizations, medications, order sets, and documentation.
