Eliseo Pérez Stable, M.D. is the Director of the National Institute on Minority Health and Health Disparities (NIMHD) at the National Institute of Health (NIH). He oversees NIMHD’s annual budget to advance the science of minority health and health disparities research. NIMHD conducts and supports research programs to advance knowledge and understanding of health disparities, identify mechanisms to improve minority health and reduce health disparities, and develop effective interventions to reduce health disparities in community and clinical settings.
