

Healthbridge Sunrise Mobile: Navigation Bar

After you select a patient from a patient list, the navigation bar, containing icons linking to different sections of Sunrise Mobile, is displayed. You can customize the navigation bar to improve the efficacy of viewing a patient's record by tapping the More icon

Clinical Summary

Summar

After selecting a patient from the Patient List, a summary of that patient's vital signs appears. By default, the summary displays information from the past 72 hours. Tap **Last 72h** to select a different time range.
