What Comes Next?

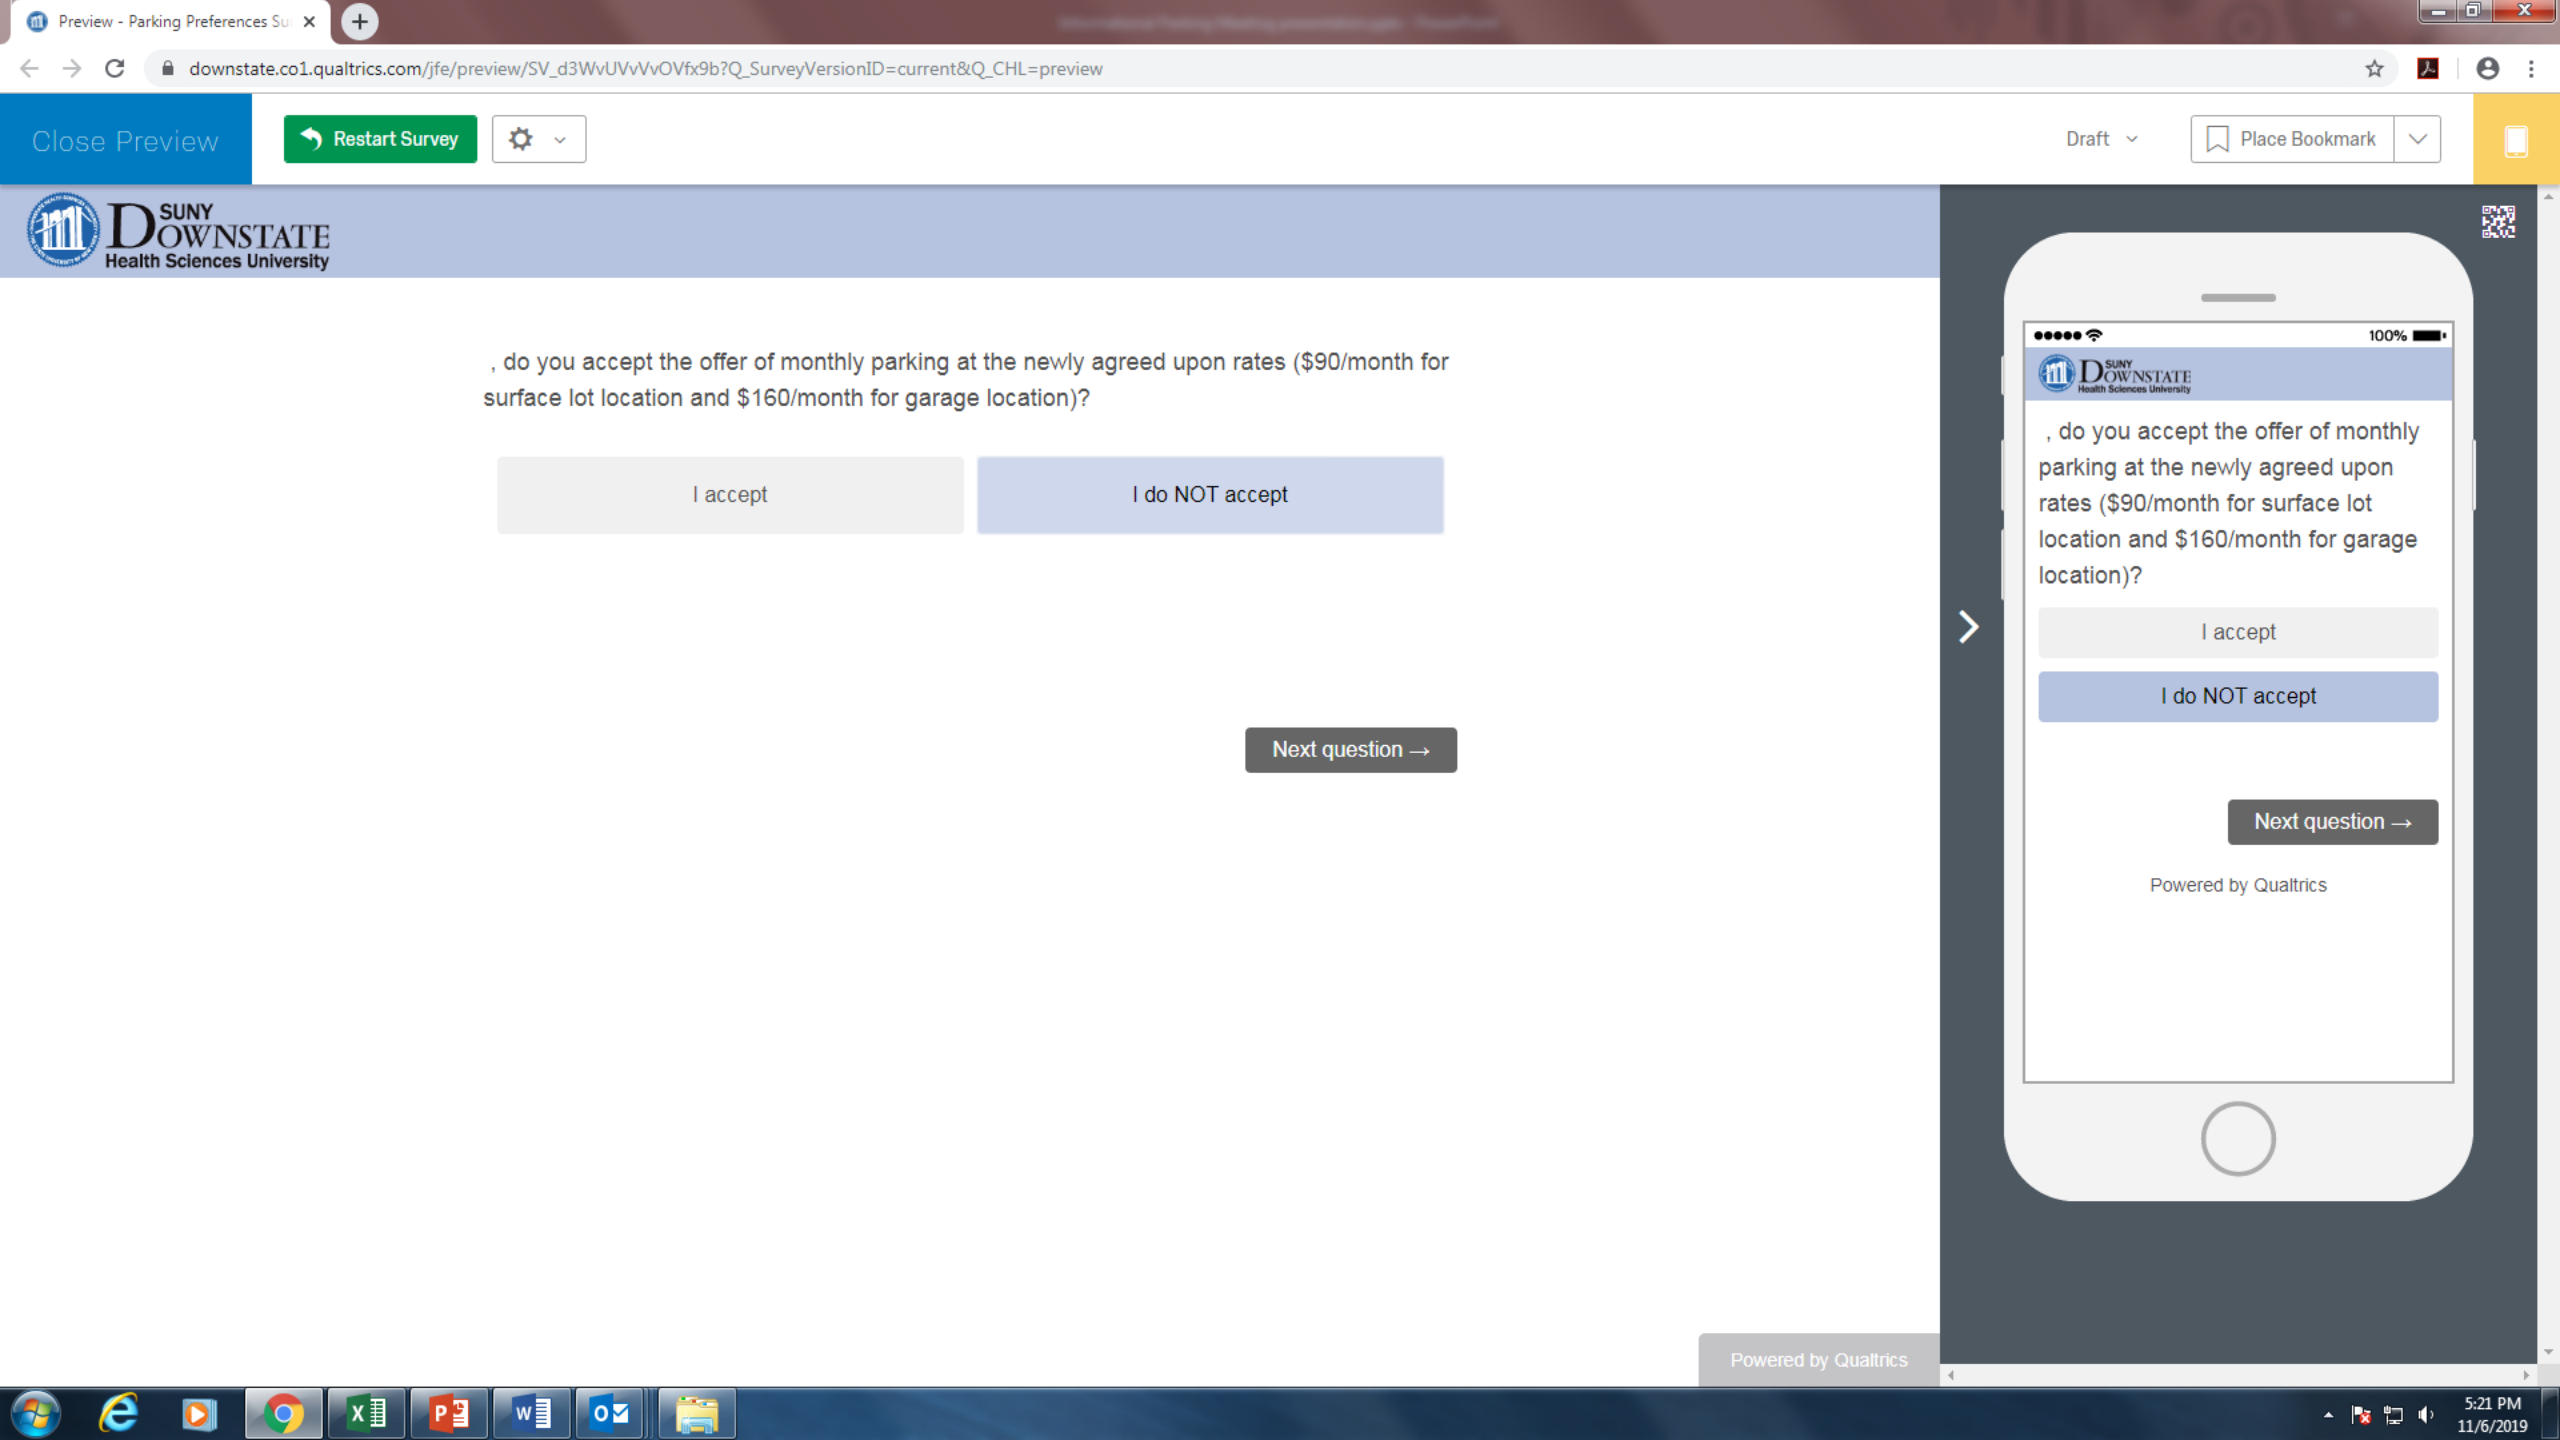

- Faculty Student Association (FSA) will administer the parking program
- Downstate will assign eligible parkers to one of the seven (7) parking locations based on a parking preferences questionnaire.
- Parking preferences questionnaire will be sent to those who currently have parking privileges or previously had parking privileges on the date of the closure of the State garage.
- Those completing the questionnaire will be assigned to a specific parking location based on their preferences, availability and how long they have been parking at Downstate facilities.

Parking Reassignment Process

- Based on:
 - Employees who get parking with their positions
 - Employees with an ADA parking accommodation
 - Employees who work the evening shift/overnight
 - Employees who live at 440 Lenox Road
- Parking Seniority Date – when your monthly parking privileges began at a Downstate parking facility
- Ranking of Parking Locations

Parking Preferences Questionnaire

- Only for those with monthly parking privileges at a Downstate facility either currently or at the time of the closure of the State garage
- E-mail from the Parking Office with a personalized link
- Ability to dispute the parking seniority date – by e-mail or by visiting the Parking Office; documentation is helpful
- Confirmation e-mail after questionnaire submission
- **Deadline for questionnaire completion: Monday, December 2, 2019**

I have chosen **NOT** to accept monthly parking at this time. I understand that I am foregoing my monthly parking privileges. If I want monthly parking in the future, I must contact the parking office and place my name at the bottom of the waitlist for all parking locations.
