PARKING PROGRAM UPDATE

As a reminder, **effective July 1, 2020 ALL Daily & Monthly parking rates are scheduled to resume:**

- Reminder: Payment for Monthly Parking is required for the month even if you will not be on campus; with exception made only for those on HR approved Leaves of Absence.

If you no longer require monthly parking, any monthly customer can cancel your monthly parking privileges effective at the end of the current monthly cycle. However, once canceled, including any automatic cancellation for non-payment by 15th of each month, should you desire future monthly parking privileges, you lose your current parking seniority date and must add your name to waiting list.
