

CORPORATE COMPLIANCE TRAINING INSTRUCTIONS SHEET

Downstate's *Fraud Awareness: Corporate Compliance* training program is an online program that is available from **ANY** computer with Internet access, whether at home or at work. On average, the program takes approximately 110 minutes to complete; however, you do not need to complete it in one session. As long as you exit out of the program properly, it will bookmark where you left off so that you can begin at that location upon your next logged in session.

Internet Explorer is recommended to run this program. Please note that **ALL POP-UP BLOCKERS MUST BE DISABLED BEFORE LOGGING ON.**

If you do not have access to a computer with Internet, please be aware that the Learning Resource Center (LRC) in the basement of the library has designated terminals for the HIPAA program. The LRC's hours of operation are as follows:
