An email will be sent to all email addresses stored in NYS Payroll Online when you make a change to your information along with the confirmation pop up shown below.

- Click OK to return to the Pay Statement Print Option page.

NOTE: Due to timing, your change may not be reflected in your next paycheck. This is because the change may have been made too late for the payroll system to stop the printing of your most recent direct deposit pay statement. If this is the case, the change will take effect in an upcoming paycheck.

Updating Tax Withholdings

One of the most exciting features of NYS Payroll Online is that you now have the ability to review and maintain your own tax withholding information. New employees must still complete the paper W-4 (federal) and IT-2104 (NYS) tax withholding forms when they first become employed by New York State but all future changes can be done in NYS Payroll Online. Current NYS employees can begin using NYS Payroll Online immediately to complete their New York State tax withholding changes.

NOTE: The system will only allow you to make changes to your tax withholding information once per day. Be sure to double check any changes before saving them in the system. If you enter inaccurate information you will not be able to correct it using NYS Payroll Online until the next business day. However, your payroll office does not have to wait and can update it for you in the payroll system the same day.

Welcome

New York State Comptroller Thomas P. DiNapoli

NYS Payroll Online is a new service that allows you to view and update payroll information. This self-service tool gives you greater control in managing your withholdings and managing direct deposit accounts. You can also help us save money and be greener by choosing to opt out of receiving your paper advice and join us in going paperless.

I'm pleased to introduce the initial phase of our implementation to OSC employees, who will have the first opportunity to use this self-service tool and provide feedback. Over time, we'll offer it to other State employees and expand features to meet more of your needs.
