Supervisors are able to view Employee Information Detail, Time Record, History and Time off Requests from their work roster.

If [...] icon appears under an employee's name, this indicates the employee is also a supervisor within the department. If you click on the [...] icon their supervisor work roster will be brought up, and you have all the same supervisor privileges.

Notes:

Supervisors have access to set up a Designee for their employees (see separate instructions on how to set up a Designee).

Supervisors are an automatic designee for their employees to submit time records.

All Time off Requests must be approved by the supervisor before employees are able to submit their time record for that particular month.
