I am an active member of the American Medical Association - Medical Student Section Chapter at SUNY Downstate and have served as the school Membership & Recruitment Chair as well as the school's Alternate Delegate to the national AMA Meetings in the past. I was invited as a guest lecturer as a result of Med Council's gracious support back in June 2016 to fund my trip to the Annual AMA Meeting in Chicago where I was able to present my resolution on clinical trial transparency; since then I have acquired more than \$11000 in funding from other sources in order to attend 6 other national AMA meetings. I am asking for the Med Council to assist me with the remaining coverage of funding to travel so that I can reach out to pre-medical students (some of whom who may be interested in coming to SUNY Downstate) about this issue as well as introduce them to Downstate as a great place to attend medical school.
