Minutes from last meeting (Diona):

**5/10/17**

**May minutes**

- Question by resident: Signed a guest in but the security guard said she had to come down to get the guest. What is the rule? Also, what is going on with getting into the residence hall with ID/pin?
  - Answer by Dr. Justin Alger: can sign people in but some security guards are more strict than others. Dr. Alger has spoken to the guards and hasn't gotten information about that yet. In the spirit of safety, just come down to get your guest since students should always be with their guests.
  - Answer #2: We should have gotten a pin when we moved in but Dr. Alger will look into this.
  - Mentioned during conversations: Elevators should be operated by the security guards. Also, security guards should not be sleeping on duty so let Dr. Alger know.
- Resident concern: Water issues this past weekend; she will be meeting with Justin about this concern
- Advisor's Comments: building work being done, new chairs, etc. and vision for the RHC this year

- New Business:

Review of budget by Ana Diaz

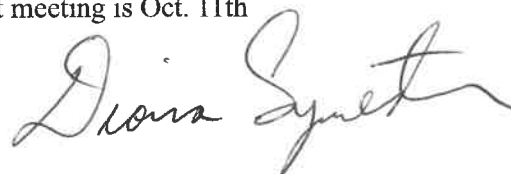

- Currently: At the new fiscal year (June) our balance is: \$5357.03
- There is a new foosball table and ping pong table that students should utilize
- If residents would like new things to be bought they can mention it to the RHC e-board

  - Student had a concern about her window
    - Dr. Alger mentioned that we are short staffed and is trying to advocate for the students to get more help. He also mentioned that the student can speak to him afterwards about this problem
  - Another student asked if they can sign a guest in early and have them come in without her coming down.
    - Dr. Alger mentioned that should be the case, students should be able to sign a guest in early and have the guest come up. If students have any problems, talk to Dr. Alger. If it is after 10pm, students must sign in their guest in person.
