Open Floor:

Residents in 825 have experienced really hot water at times even with cold water on. Justin advised to put in a work order.

Advisor Comments:

Heating problems can be addressed via work orders. Justin spoke about how inspections with the Fire Department will be conducted; Resident Hall Staff will be going into random rooms along with the Fire Marshall to ensure rooms have no fire hazards/are up to code. In this time of finals/summatives, mental/physical well-being is important, please remember to take care of yourself during this time, whether that be taking a break from studying and doing some exercise, watching TV or cooking for yourself. Justin also mentioned that we can leave the Res Halls without having to drop off our keys with the staff; we could also stay in the Res Halls for the break if we would like.

Motion to adjourn: **Alexandra Belzie**. **Diona Symester** seconded.
