

How to provide access to checklist and videos (For Faculties and learner)

1. Make sure the activity is closed

2. Go to Assignments -> Add new Group -> Assign faculty -> select the remediating student assigned to that faculty

The screenshot displays the 'EDIT ACTIVITY' interface in Canvas LMS. The activity title is '2020-2021 F1 G1 (All Days)'. The interface is split into two main sections: 'EVALUATOR' and 'EVALUEE'. In the 'EVALUATOR' section, the assignment 'Remediation 01' is shown with 'Sadovsky, Richard' assigned. In the 'EVALUEE' section, the assignment 'Faculty Evaluee subgroup 16' is shown with 'Jacobs, Menachem' assigned. An 'Add new group' button is located between the two sections. The left sidebar has 'Assignments' highlighted. Two orange arrows indicate the workflow: one from the 'Assignments' sidebar to the 'Remediation 01' assignment, and another from the 'Add new group' button to the 'Faculty Evaluee subgroup 16' assignment.

1. Go the Activity->Reports->Learner access tab
2. Change the report availability date
3. Make changes according to the picture below (Note: For remediation, Students only get access to their SP checklist (without Global Rating and videos))
