Discussions Tabled for Later Meetings

- Where do we go from here on the following: Residency Program Director survey, PGY1 survey, AAMC Graduation survey, elective evaluation form, Career Exposure Opportunities, TBL survey, and recommended electives for specialties? I suggest we invite Klara Papp to discuss some of these.
- Are there revisions for the COM Class of 2012 elective survey? (Shelly Regev, Dan Cucco Sue Hahn)
- How to implement our charge from the Dean to review and evaluate the Hem-Onc block?
- How to respond to a request from Sophie for CEPC to reach out to clinical departments to create 2 week clinical "Introduction to.... _____" electives? In the new configuration of the Core Clinical Medicine year, there are opportunities for students to do 2-week electives to explore career options. The administration is particularly interested in 2 week electives in fields that the students are not directly exposed to during the clerkships such as: Physical Med and Rehab, Dermatology, Radiology, and Radiation Oncology. She suggests that we raise the issue with Jeanne Macrae at this meeting.
- Are we revising the elective proposal form?
- New curriculum issues?

Next Meeting: Wednesday December 29 4PM Rm. 2-1 BSB
