CEPC 2014

Committee on Education Policy and Curriculum

Mission of CEPC is to insure that faculty involved in medical education have a voice that is represented in curriculum and educational policy decisions made by the Dean's Council and to serve as an independent oversight committee on curriculum and education policy issues.

Committee on Education Policy and Curriculum (CEPC) Roster:

Dr. Lee Eisner (Cell Biology) *2011*

Dr. Sabina Hrabetova (Cell Biology) *2011-2014*

2014 Activities

- CEPC met 6 times, fewer than in preceding years. Some work was accomplished by email.
- CEPC completed a review and evaluation of each unit 1-4 and the whole segment of Foundations 1 and submitted reports of comments and recommendations to the Dean's Council
- CEPC sent a faculty and student representative to participate in the 2014 clerkship reviews and facilitated feedback back to the Dean's Council and Foundations curriculum
- CEPC organized an open meeting of faculty and students to discuss ways to improve current survey methods to get student feedback to faculty on individual sessions and teaching modalities

2014 Activities

- CEPC supported and participated in spearheading a new Medical Educator Pathway for the College of Medicine curriculum approved by the Dean's Council in July, 2014.
- CEPC sent a representative to attended most Student Liaison Committee (SLC) or Curriculum Faculty Assessment (CFA) meetings
- CEPC participated in meetings to prepare responses to educational standards citations for the upcoming LCME limited site visit in March 2015.
- CEPC is a conduit for information between teaching faculty and the leadership of the IPC.
