Student Due Process Rights in Academic Promotions Committee Deliberations

Addendum to Student Handbook section on Academic Promotions Committee Procedures, p. 69.

During the consideration by the Academic Promotions Committee of a possible dismissal or required repeat academic year, the student will be allowed to present information in writing and/or in person that might influence the committee's recommendation. The student will be notified in advance by the Associate Dean for Student Affairs of this consideration and given a week to respond. Following the meeting the student will be notified of the outcome by email by the Associate Dean for Student Affairs within 10 days of the meeting.
