

ORTHOPAEDIC SURGERY APPLICATION QUESTIONNAIRE

We appreciate your time and effort in completing this questionnaire. The State University of New York (SUNY) Downstate Medical Center, Department of Orthopaedic Surgery and Rehabilitation Medicine, is investigating the basis for the applicants' interest in pursuing orthopaedic surgery as future career. The following survey encompasses **two** sections. The questions of the first section pertain to personal demographical data, whereas the second section comprises questions that explore the underlying reason(s) for the applicants' interest(s) in orthopaedic surgery in general and SUNY Downstate in particular.

This brief survey will take only 5 minutes to complete. Your feedback will help us improve our orthopaedic surgery training program for current and prospective SUNY Downstate residents. Your participation in this survey is entirely voluntary and your responses might be used for research purposes. No identifiable data will be reported and all efforts will be made to keep your information confidential. Your responses will not affect your residency application **in any way**. Upon **full** completion, the filled form should be emailed to orthopaedic.surgery@downstate.edu.

Thank you for your interest in our orthopaedic surgery residency training program. We wish you the best of luck and success in the interview process.

SECTION 1 – APPLICANT DEMOGRAPHICS

1. First name: _____
2. Last name: _____
3. Gender: Male Female
4. Race: White Asian Hispanic Black Other
5. Age: _____
6. Degrees: _____
7. Are you an Alpha Omega Alpha member? Yes No
8. What is your immigration status?
American medical graduate (AMG) International medical graduate (IMG)
9. What is your USMLE step 1 score? _____
