

Resident Name _____ Rotation _____

Training Level _____ Location (hosp./unit) _____

Month/Year _____ Evaluating Attending _____

SUNY-Downstate Medical Center
Pediatrics Residency Program
Resident Evaluation and Competency Assessment

The following evaluates performance and demonstrated competence in each area as expected for a resident at a particular stage of training (PL1, PL2, PL3) and for this specific rotation. The average resident with a satisfactory performance for the level of training should be identified as having met expectations. Residents in their final year of training should be expected to demonstrate performance approaching that of an independently practicing pediatrician.

I. Patient Care

Residents must be able to provide family centered patient care that is developmentally appropriate, compassionate, and effective for the treatment of health problems and the promotion of health.

Competency components assessed	Novice; Fails expectations	Below expectations	Proficient; Meets expectations	Exceeds expectations	Masters competency
1. Gathers essential, accurate information; appropriate history, physical exam and use of diagnostic tests	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Makes informed diagnostic and treatment decisions. (incl. knows limits of knowledge and expertise)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Develops and carries out care management plans. (incl. prescribing and perform procedures)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Effectively counsels patients and families, allays fears and provides comfort	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

II. Medical Knowledge

Residents must demonstrate knowledge about established and evolving biomedical, clinical, and cognate (e.g. epidemiological and social-behavioral) sciences and the application of this knowledge to patient care.

Competency components assessed	Novice; Fails expectations	Below expectations	Proficient; Meets expectations	Exceeds expectations	Masters competency
1. Fund of medical/pediatric knowledge	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Knowledge and application of established and evolving biomedical, clinical and supportive sciences to patient care and education of others.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Commitment to scholarship. Demonstrates an investigatory & analytic approach to problems /learning.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

III. Interpersonal Skills and Communication

Residents must be able to demonstrate interpersonal and communication skills that result in effective information exchange and teaming with patients, their families, and professional associates.

Competency components assessed	Novice; Fails expectations	Below expectations	Proficient; Meets expectations	Exceeds expectations	Masters competency
1. Effectively communicates & exchanges information with patients and their families.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

2. Effectively communicates & exchanges information with physicians and other health professionals	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Works effectively as a member or leader of health care team (approp. for level/assignment). Collaborates and is available as a consultant.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Performs appropriate, accurate, comprehensive and legible documentation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Shows interest, enthusiasm and ability to teach students, colleagues and healthcare personnel.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

IV. Professionalism

Residents must demonstrate a commitment to carrying out professional responsibilities, adherence to ethical principles, and sensitivity to a diverse patient population.

Competency components assessed	Novice; Fails expectations	Below expectations	Proficient; Meets expectations	Exceeds expectations	Masters competency
1. Demonstrates sensitivity, responsiveness and understanding for diverse populations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Demonstrates respect, compassion, and integrity. Respects patient's values and rights to confidentiality, information and consent.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Demonstrates a commitment to ethical principles in clinical care and all practices. Adheres to laws, rules, regulations and policies.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Accepts professional responsibility. Demonstrates appropriate professional attitudes and behaviors to patients, parents and colleagues. Responsiveness to others supercedes own self-interest.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Demonstrates a commitment to excellence and on-going professional development.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

V. Practice-Based Learning and Improvement

Residents must be able to investigate and evaluate their patient care practices, appraise and assimilate scientific evidence, and improve their patient care practices.

Competency components assessed	Novice; Fails expectations	Below expectations	Proficient; Meets expectations	Exceeds expectations	Masters competency
1. Investigates & evaluates practice experiences to improve patient care using systematic methodology.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Locates, appraises, assimilates scientific evidence related to patients' problems. Appraises medical literature using knowledge of study design, statistics.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Obtains and uses information about patient populations. Describes and applies epidemiological information in practice.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Uses information technology & other resources for own education and to promote life-long learning.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Uses feedback to identify areas for improvement; seeks opportunities to strengthen knowledge/skills. Demonstrates a willingness to learn from errors.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

VI. Systems-Based Practice

Residents must demonstrate an awareness of and responsiveness to the larger context and system of health care and the ability to effectively call on system resources to provide care that is of optimal value.

Competency components assessed	Novice; Fails expectations	Below expectations	Proficient; Meets expectations	Exceeds expectations	Masters competency
1. Knows how types of medical practice and delivery systems differ. Knows methods of health care cost control and resource allocation. Familiar with documentation criteria for levels of care.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Practices high quality, cost-effective health care and resource allocation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Assists patients with and advocates for quality care in dealing with healthcare system complexities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Partners with health care managers and providers to optimize care. Understands relationships between personal practices, health care teams, health care organizations and the community/society.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

VII. General information, comments and summary.

Overall performance evaluation.	No credit. Unsatisfactory.	Marginal performance.	Full credit. Satisfactory.	Full credit. Exceptional.
How do you evaluate the resident based on an overall assessment of the resident's performance during this rotation?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please provide comments regarding the resident's performance to summarize your evaluation. Please be specific & use examples.

Achievement of goals and objectives	Unable to demonstrate (0-5% of time)	Rarely demonstrates (<25% of time)	Sometimes demonstrates (25-50% of time)	Mostly demonstrates (50-75% of time)	Usually demonstrates (>75% of time)	Always demonstrates (95-100% of time)
The resident demonstrates achievement of objectives expected for this rotation.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Specify up to 3 assessment methods	Select methodology from list below.
a. Method of assessment - 1	<input type="text"/>
b. Method of assessment - 2	<input type="text"/>
c. Method of assessment - 3	<input type="text"/>

- Checklists
- OSCE (structured clinical observation)
 - 360 degree evaluations
 - Logs (case, procedure, practice)
 - Chart review/audit
 - Examination (written, oral, multimedia, computer)
 - Focused/direct observation
 - Committee evaluation
 - Standardized patient
 - Outcome review
 - Portfolio/project report (elaborate in comments)
 - Other (please specify in comments)
 - Simulation (incl. mock codes, workshops)
 - Resident self-assessment
 - Resident assessment by peers
 - Evaluation by patient/parents, support staff

<i>Please respond to the following questions regarding this evaluation:</i>	Check yes only if applicable.
Was this evaluation discussed directly with the resident evaluated as required?	<input type="checkbox"/>
Is this evaluation flagged for <i>critical</i> information requiring urgent attention?	<input type="checkbox"/>
