

Available for iPhone, iPad, and Android devices.

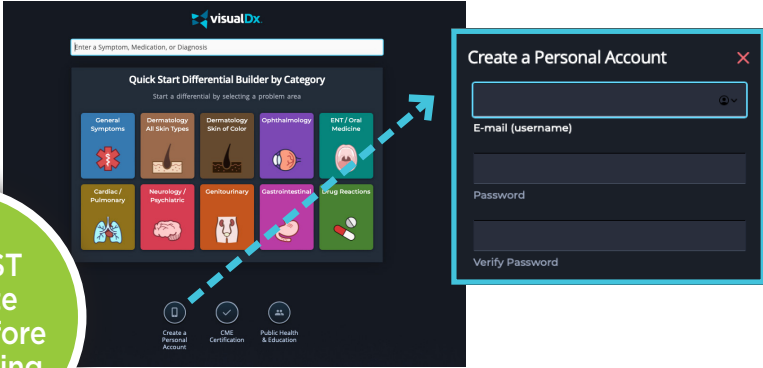

Create Your Personal Account

Bring VisualDx with you anywhere and everywhere.

1 From an IP-authenticated clinical computer, go to visualdx.com/visualdx.

2 Click **Create a Personal Account** and fill out the information to create a personal login account.

TIP
You MUST complete Step 2 before downloading the app.

3 Search **VisualDx** in either the App Store or Google Play. Download and enter the username and password you created in Step #2. Congratulations, you're ready to go!
