

## Midwifery (MS/Advanced Certificate)

Two Year Full Time Program

**DOWNSTATE**  
HEALTH SCIENCES UNIVERSITY

**Midwives certified by the American Midwifery Certification Board (AMCB) provide comprehensive reproductive health care across the lifespan. This includes primary, preventative, pregnancy, labor/birth, postpartum and newborn care.**

The increasing demand for midwifery services throughout the United States has created practice opportunities within a variety of clinical settings. Midwives work in private or group practices, birth centers, health maintenance organizations, hospitals, and ambulatory care centers. Although midwives are independent practitioners, they consult and collaborate with physicians when people in their care develop complications. They also initiate referrals to a variety of health team members as appropriate.

The Midwifery Program is a graduate level program that prepares students to become safe beginning practitioners in accordance with

the standards established by the American College of Nurse-Midwives. The program accepts Registered Nurses and other individuals who meet the admissions requirements. Students may select one of two tracks: Advanced Certificate in Midwifery; Master of Science in Midwifery.

The Advanced Certificate track is available only to students who enter the program with a masters degree in a related field at the discretion of the Midwifery Program.

Graduates of either track are eligible to take the national certifying examination administered by the American Midwifery Certification Board (AMCB).

### Before you apply

- Review the website to learn more about our program.
- Sign up to attend an Information Session (bring copies of all college transcripts for prerequisite evaluation).
- Prepare an academic completion plan for any outstanding prerequisites.
- Assess the best time to apply; early applications are encouraged.
- Review the curriculum and the tuition to determine costs and duration of the program.
- For additional information, please visit the website.

### Steps to apply

1. Download and Read the Application Instructions.
2. Check the Deadline on our website.
3. Prepare Your Documentation. You may be required to upload documents related to your application.
4. Submit Your Application via: [www.tinyurl.com/3xuftyk7](http://www.tinyurl.com/3xuftyk7)
5. Check Your Status. Upon submitting your online application, you are able to log back in to upload additional documents and monitor your application status.
