\*Attrition rate calculation: Number of students who attrited from cohort divided by the entering class size.

\*\*Graduation rate: Number of cohort graduates divided by the entering class size.

The program unintentionally exceeded its ARC-PA approved maximum class size in 2020, 2021, and 2022. The excess number of students was solely due to students who decelerated from a previous cohort, and added to the class, after the incoming class had been accepted and matriculated.
