

I. INSTRUCTIONS

Doctoral candidates work with their faculty advisor to nominate Dissertation Committee Members and a Committee Chair. The committee includes three members, two of whom hold primary faculty appointments in the SPH, and one of whom must be from the student's concentration. The Dissertation Committee Chair must hold a primary appointment in the SPH and is typically a faculty member in the student's concentration. In some cases, more than three committee members are approved. If a doctoral candidate proposes a committee member who does not hold an SPH primary appointment, a CV must be submitted, and the nominee must hold a terminal degree and work in a public health field. If a request is made to later change committee membership, a revised form must be submitted. Students should submit the completed form to the SPH Doctoral Program Committee via email to Tracey.Wilson@downstate.edu with subject line "Dissertation Committee Nomination Form". Approvals regarding the proposed committee and/or committee change will be emailed to the student and faculty advisor.
