Name Semester of Entry

Program Requirements: DrPH in Environmental & Occupational Health Sciences

The credits required for your degree are listed below. All DrPH students must complete 12 credits of DrPH Core courses, 12 credits of Environmental and Occupational Health Sciences courses, nine (6) credits of DrPH elective courses, three (3) credits of the Field Experience, and twelve (12) credits of the DrPH Dissertation. Students must complete the majority of their course work before they can begin the DrPH Dissertation.
