

Name

Semester of Entry

Program Requirements: MPH in Biostatistics

The credits required for your degree are listed below. All MPH students must complete 15 credits of MPH Core courses, 12 credits of Biostatistics courses, twelve (12) credits of MPH elective courses, one (1) of the Field Experience and two (2) credits of the Culminating Experience. Students must complete the majority of their course work before they can begin the Culminating Experience.

Transfer Courses
A maximum of twelve (12) credits may be approved for program of study transfer credit from other accredited graduate schools. Please refer to the SPH
Student Handbook for specific information and guidelines regarding the award of transfer credit.
