

2007 Foundation for Anesthesia Education and Research (FAER) Fellowship

Medical Student Information:

Medical students with and interest in anesthesiology and research are encouraged to apply. Students must be enrolled full-time at a Liaison Committee on Medical Education (LCME) accredited medical school. Additionally, students must remain enrolled in an MD or DO program throughout the fellowship. Therefore, students who are currently in their last year of medical school are ineligible.

- Student grant of \$400 per week, for 8 to 12 consecutive weeks.
- Additional grant of \$1,000 for student presentation at ASA Annual Meeting MSARF Symposium. The ASA Annual Meeting takes place in October.
- ASA Medical Student membership dues.

Medical Student Responsibilities:

- Once accepted, communicate with host department to finalize dedicated mentor(s) and project.
- Full-time (40 hours weekly) commitment to fellowship.
- Actively participate in research and didactic activities at the host department/institution.
- Participate in 15% clinical anesthesia exposure (such as OR, Pain, OB, Critical Care).
- Make a presentation at a didactic activity.
- Complete a post-fellowship survey.
- Complete future surveys from FAER regarding current professional activity.
- (Optional) Present research findings based on your MSARF research project at the American Society of Anesthesiologists Annual Meeting's FAER MSARF Symposium during October. See FAER website, faer.org/medicalstudents.php for more details.

Student applications available for download: Not later than January 3, 2007

Student applications due: January 26, 2007

Students notice of award mailed: February 16, 2007

Note for students planning to apply:

In addition to the application (available for download in early January), applicants must submit a Curriculum vitae (limit 2 pages) and at least two (2) letters of reference, including one from your Medical School Dean (Dean Ian Taylor), or the Dean of Students (Lorraine Terracina) or from a class dean (for MS 3 this would be your clinical assistant dean).
