The White Coat Ceremony was conceived by Dr. Arnold Gold, a pediatric neurologist at Columbia University, to encourage medical students to develop a greater understanding and appreciation for the human side of medicine

The Alumni Association and the College of Medicine of the State University of New York Downstate Medical Center, invite you to join us in welcoming the Class of 2010 as they publicly acknowledge the responsibility they are accepting to practice medicine with compassion and clinical excellence. To symbolize their entrance into the profession of medicine, the students will take the Hippocratic Oath at this, the beginning of their medical education, as well as at graduation.
