TOTAL CREDITS REQUIRED 41-45

*3 credits of supplemental courses for Direct-Entry Midwifery Track (the track for students without a Nursing background, which is required for state licensure). These courses, or their equivalents, are required only of direct entry students.

I acknowledge that the courses listed above are the courses I am required to successfully complete to be awarded the degree of Master of Science from the State University of New York Health Science Center at Brooklyn. The academic policies regarding the other components of the degree are published in the **most recent** University's Student Handbook, and should be reviewed to ensure my academic success.
