Repeated Courses (All Colleges except College of Medicine): When a student repeats a course, it is flagged in the "R" column (far right) as to include in GPA calculation or "E" to exclude GPA calculation. Unless otherwise noted, a student/graduate is considered to be in good standing. The College of Medicine and the School of Graduate Studies do not assign quality points to its grades and therefore does not calculate a GPA.

In accordance with the Family Educational Rights and Privacy Act of 1974, this information is released with the condition that it not be made available to any other party without written consent of the student.
