(917) 760-0846

SUNY Downstate Medical Center, School Based Health Centers are co-located in your child’s school.

Services are at no cost to you, even if you do not have health insurance. (We can help you sign-up for health coverage.)

Your child can use the School Based Health Center and still see your other doctors.

Registering with the clinic does not change your insurance, and does not affect the number of times you can see your private doctor.
**ACCESSING CARE**

**With the School Based Health Center:**
- Staff are licensed health care professionals from SUNY Downstate Medical Center.
- Your child will not have to miss a day of school to visit your primary care doctor. You will not have to miss a day out of work either!
- Walk-ins are welcome!
- We assist you and your family with health coverage if needed.
- There is no out of pocket cost to you or your family for the services provided!

**SCHOOL-BASED HEALTH CENTER SERVICES**

- Comprehensive Physical Examinations for working papers, sports physical, and after-school programs.
- Vaccinations (Shots).
- Management of chronic conditions (asthma, obesity, and diabetes).
- Sick visits, bumps and bruises, headaches, stomach pains, menstrual cramps and other acute care visits.
- Screening for vision and hearing.
- Age appropriate reproductive health care for our middle and high schools.
- Health education.
- Mental Health Services, supportive counseling and or referral for socioemotional needs including depression, anxiety, social and academic stress, family transitions and much more!

The School Based Health Center is there to **HELP!**

**HOW DO I SIGN MY CHILD UP?**

A completed parental registration packet is required for your child to receive care.

Stop by your child’s School Based Health Center to receive the parental packet. This packet includes the following:

- School Based Health Center cover letter
- Parent consent
- Allergy medication form
- Health insurance information document

Once you have completed and returned the entire package, let the medical services begin! You can now set up an appointment for your child to receive services. For older patients, they can set up an appointment for services on their own.

You are always welcome to stop by the School Based Health Center during the school year for more health care information and referrals.

See you **SOON!**
