SUBJECT: GME MISCONDUCT DUE PROCESS POLICY

Originating Department: Graduate Medical Education
Date Approved by GMEC: 12/11/2019
Original Date: 5/13/2011
Revisions: 12/11/2019

In accordance with section IV.C.1.b of the ACSME Institutional Requirements, the Sponsoring institution must have a policy that provides residents/fellows with due process relating to the following actions regardless of when the action is taken during the appointment period: suspension, non-renewal, non-promotion; or dismissal.

Purpose:

To establish a policy and procedure for all post-graduate medical programs of SUNY Downstate Medical Center ("SUNY Downstate") to use in addressing allegations of Misconduct (as defined below) made against a House Staff Officer (as defined below). This Policy provides fair, reasonable and readily available policies and procedures regarding charges of Misconduct.

Scope:

This Policy applies to all SUNY Downstate sponsored graduate medical education programs (each, a "GME Program") and House Staff Officers participating in such GME Programs. This Policy applies to any actions taken as a result of allegations of Misconduct. This Policy describes minimum GME Program expectations and the process for providing House Staff Officers with an opportunity to be notified of allegations and an opportunity to be heard and respond to such allegations and any proposed action taken as a result. Misconduct may trigger action under this Policy as well as the GME Academic Performance Due Process Policy. These actions may proceed simultaneously.

Definitions:

Ad Hoc Review and Appeal Subcommittee: refers to an ad hoc Review and Appeal Subcommittee of the GME Committee appointed by the GME Committee to hear and adjudicate resident/fellow grievances.

Adverse Action: disciplinary actions taken against a resident which alter the intended career development or timeframe. Such actions are reportable and allow a request for review and due process. Adverse actions include the following:
**Dismissal:** act of terminating a House Officer participating in a GME Program prior to successful completion of the course of training whether by early termination of a contract or by non-renewal of a contract.

**Non-renewal:** act of not reappointing a House Officer to subsequent years of training prior to fulfillment of a complete course of training.

**Non-promotion:** act of not advancing a House Officer to the next level of training according to the usual progression through a GME Program.

**Extension of Training:** act of extending the duration of time required by a House Officer to complete a course of training generally resulting from repeating unsatisfactory rotation assignments or remediating poor performance or needing additional time to demonstrate achievement of required competence in one or more domains.

**Probation:** placement of a resident or fellow under close monitoring for specific performance concerns which if not successfully resolved may result in other Adverse Actions including dismissal. This action is reportable to state licensing authorities and health care institutions.

**Suspension:** withdrawal of privileges for participating in clinical, didactic or research activities associated with appointment to the GME Program or hospital staff. This action is taken if, in the judgment of the Program Director, Department Chairperson or institutional leadership (Associate Dean, Dean, Medical Director) a resident’s or fellow’s competence or behavior is such that patients may be endangered, the educational process disrupted or other peers, staff, faculty are subjected to an adverse and unacceptable work environment. Under such circumstances, suspension may be implemented immediately pending further investigation and determination of other appropriate action. Suspension may be with salary or salary may be withheld after consultation with the labor relations department of the employing facility.

**Due Process:** an individual’s right to be adequately notified of any changes or proceedings involving him or her, and the opportunity to be meaningfully heard with respect to those proceedings.

**GME Program:** refers to a structured educational experience in graduate medical education designed to conform to the GME Program requirements of a particular specialty/subspecialty.

**House Officer or House Staff Officer:** refers to all interns, residents or fellows enrolled in post-graduate medical training or research program or activity at SUNY Downstate or as a visiting rotator to SUNY Downstate.

**Misconduct:** refers to serious departures from standards of professionalism or professional expectations; improper behavior; intentional wrongdoing; violation of law, rule, standard of practice, or policy of the program, department, institution or agency including NYS Education Law Section 6530 (synopsis attached to this Policy as Appendix 1).

**Structured Feedback:** routine feedback regarding a trainee’s performance or behavior and consistent with the educational program. Structured feedback can consist of verbal feedback, rotational and summative evaluations, spontaneous or “on-the-fly” formal evaluations, memos or letters to a resident’s or fellow’s record or to the Program Director and shared with the resident or fellow, discussion and recommendations of a Program’s Clinical Competence Committee or Resident/Fellow Performance or other similar committee.
Policy:

Initial Inquiry: A House Officer, employee of the hospital, attending physician, patient, or any other person who believes that a House Officer has engaged in Misconduct of any kind should immediately report his/her concern to his/her supervisor, or any other supervisor in the institution, who in turn should communicate the allegations to the House Officer's Program Director. Upon receipt of a complaint regarding the alleged Misconduct of a House Officer, the Program Director should conduct an initial inquiry ("Initial inquiry"), as follows:

a) Review documentation of and in support of the complaint;
b) If possible, meet with the person complaining of Misconduct;
c) Meet with the House Officer to advise the House Officer of the existence of the complaint, to notify him or her and provide an opportunity to respond to the allegations, and to identify any potential witnesses or other information relevant to the alleged Misconduct;
d) Consult with GME Office to determine whether the Dean, Associate Dean for GME, Department Chairperson, Legal Affairs and/or Human Resources and/or Labor Relations should be contacted as appropriate based on the issues and the people involved;
e) Upon the request of the House Officer, or if the Program Director, Associate Dean for GME/DIO, Department Chairperson or Human Resources decide the incident warrants more investigation, then a "Full Inquiry" (as defined below) must be done;
f) All allegations of sexual harassment, disruptive behavior or violence must be reported to Human Resources/Labor Relations in accordance with the Institution's policies; and
g) Upon consensus of the Program Director and the Associate Dean for GME/DIO or designee, the accused House Staff Officer can be removed from duty (with or without pay) pending the outcome of a Full Inquiry.

Full Inquiry: A full inquiry is an internal investigation of the allegations/incident by a committee of appropriate individuals appointed by the Department Chairperson from within the Department/Institution; this may include GME staff or leadership, Program Director, Department Chairperson, key faculty, Human Resources, Legal Affairs, Labor Relations, Hospital Administration, or others ("Full Inquiry"). The Full Inquiry process is administered by the Department Chairperson in consultation with the GME Office. Factual results of the Full Inquiry along with recommendations for action will be prepared by the Chairperson and/or other responsible faculty or staff participating in the Full Inquiry and reported back to the Program Director and the House Officer for appropriate action. A copy of this report will be submitted to the GME Office and Associate Dean for GME/DIO. If the Full Inquiry results in a finding that no misconduct occurred, no action will be taken against the House Officer. If the House Officer was suspended pending the Full Inquiry, the House Officer will be reinstated with full benefits and pay without prejudice. If the Full Inquiry results in a finding that the House Officer engaged in Misconduct, the Program Director shall determine, in consultation with the Department Chair, Human Resources, Legal Affairs, Labor Relations or other appropriate individuals, what action is appropriate under the circumstances, to remedy the situation. At all times, quality of patient care, safety of patients, staff, faculty and House Officers, and integrity and security of the work and education environment must be assured. The GME Program may take actions including, without limitation, the following:

a) Verbal or written warning or reprimand;
b) Election to not promote to the next training level;
c) Non-renewal of contract;
d) Suspension;
e) Probation; or
f) Immediate termination or dismissal from residency or fellowship program.

**Reportable Actions:** The decision not to promote a House Officer to the next PGY level, to extend training, to deny credit for a previously completed period of training, suspension, probation, and/or terminating a House Officer’s participation in a residency or fellowship program are each considered “reportable actions.” Such actions must be disclosed to others upon request, including without limitation, future employers, privileging hospitals, and licensing and specialty boards. House Officers who are subject to a reportable action are permitted to request a review of the decision and seek to appeal that decision.

For all such actions, the House Officer must be notified verbally, when possible, and in writing. A copy of the notification signed and dated by the Program Director with documentation that it was received by the resident or fellow (resident or fellow signed acknowledgement or witnessed or other receipt verification) must be included in the resident’s or fellow’s record and copied to the GME Office. Notice of Adverse Action or any action which can interfere with the resident’s or fellow’s intended career development must inform the House Officer of his/her right to review and appeal of such Adverse Action. The House Officer should be provided with or referred to applicable policies and procedures regarding due process, review and appeal. Notifications of Adverse Action should be done in consultation with the GME Office. Note that performance evaluations and assessments, even when unsatisfactory, are standard procedures in a training program and in and of themselves are not considered Adverse Actions, are not reportable actions and are not subject to appeal under this policy. Verbal or written warnings and/or reprimands are also not considered Adverse Actions, are not reportable and are not subject to appeal under this Policy.

**Request for Review and Appeal:** A review and appeal of a GME Program’s decision to take a Reportable Action or any action interfering with the House Officer’s intended career development may be requested by the House Officer. The request must be made in writing, addressed to the Associate Dean for GME, signed and dated, and submitted to the Director of Graduate Medical Education within 14 calendar days of the House Officer learning of the Reportable Action. The request should clearly describe the reason for requesting the review and any basis upon which an appeal is being made.

Upon receipt of a Request for Review and Appeal, the Associate Dean for GME will determine whether the matter is subject to review under this Policy. If so, the Associate Dean for GME will direct the Director of GME to appoint an Ad Hoc Ad Hoc Review and Appeal Subcommittee. The Ad Hoc Review and Appeal Subcommittee will be composed of neutral reviewers from Departments other than the one in which the requesting House Officer is appointed. The Ad Hoc Review and Appeal Subcommittee will consist of at least two SUNY Downstate faculty members and one resident or fellow. Additional committee members may be assigned at the discretion of the Associate Dean for GME/DIO. The Ad Hoc Review and Appeal Subcommittee may also include institutional GME Department leadership such as the Vice Dean for GME, Associate Dean for GME, the DIO or GME Office administrative officers. SUNY Downstate legal counsel may serve in an advisory capacity.

The Ad Hoc Review and Appeal Subcommittee will perform the following functions:

a) Conduct confidential meeting(s) open only to Ad Hoc Review and Appeal Subcommittee members, GME Office and GMEC staff, and any participants invited by and approved by the Ad Hoc Review and Appeal Subcommittee.
b) Identify one faculty member who will serve as Chairperson of the Ad Hoc Review and Appeal Subcommittee. The Ad Hoc Review and Appeal Subcommittee Chairperson should be a participant on the SUNY Downstate GME Committee ("GME Committee" or "GMEC").

c) Arrange for an individual to take notes and document a summary of minutes of meetings held.

d) Ad Hoc Review and Appeal Subcommittee meetings will be scheduled at the discretion of the committee Chairperson.

e) Establish a process for the review. Such process will not be rigidly prescribed and is not conducted in the manner of a legal hearing process. No legal representation will be permitted. No opportunity for cross examination or questioning is offered.

f) Review the House Officer complaint and request for review/appeal.

g) Provide the House Officer requesting the review or appeal the opportunity to appear before the Ad Hoc Review and Appeal Subcommittee to make a statement and/or present evidence of relevance for rescinding the action under review. The Ad Hoc Review and Appeal Subcommittee may also require the House Officer to respond to questions posed by the Ad Hoc Review and Appeal Subcommittee. As an academic review panel and not a legal hearing, when appearing before the Ad Hoc Review and Appeal Subcommittee, the House Officer may be accompanied by an advocate who is not an attorney. Failure of an appealing House Officer to appear as scheduled before the Ad Hoc Review and Appeal Subcommittee without just cause could result in a summary determination against the House Officer.

h) If applicable, review relevant records and documentation such as the House Officer's file, program records, policies, meeting minutes, etc.

i) Consider any extenuating circumstances.

j) The Ad Hoc Review and Appeal Subcommittee may meet with the Program Director or other program representative(s) and request presentation of evidence for upholding the proposed action.

k) The Ad Hoc Review and Appeal Subcommittee may request statements from or interview other House Officers, faculty, staff, administrators or members of the academic or health care team in order to gather additional information.

l) The Ad Hoc Review and Appeal Subcommittee may consult with others, as appropriate, to assist in the decision making process.

m) Determine whether this Policy was followed, the House Officer received notice and an opportunity to cure, and the decision to take the reportable action was reasonably made.

n) The Ad Hoc Review and Appeal Subcommittee Chairperson is responsible for preparing the committee's report summarizing findings and making recommendations to the Associate Dean for GME/DIC regarding the review and request for appeal of reportable actions.

o) The Ad Hoc Review and Appeal Subcommittee Chairperson or designee will report the outcome of the review and appeal process to the GME Committee.

Upon receipt of the Chairperson's report from the Ad Hoc Review and Appeal Subcommittee, the Associate Dean for GME shall review said findings and recommendations. The Associate Dean for GME/DIC finding the committee's review process to have followed procedure and be fair, reasonable and appropriate shall make notification to the House Officer of the Ad Hoc Review and Appeal Subcommittee's decision in writing with a copy to the Program Director, Department Chairperson, the employing institution, if applicable, and others as appropriate.

The decision resulting from this review is a final and binding decision. It is not subject to further formal review within the State University of New York Downstate Medical Center (Health Science Center at Brooklyn).
No Retaliation: Initial inquiries and Full Inquiries will be conducted with due regard for confidentiality to the extent practicable. Under no circumstances may anyone retaliate against, interfere with or discourage anyone from participating in good faith in an Initial Inquiry or Full Inquiry conducted under this Policy. A House Staff Officer who believes he/she may have been retaliated against in violation of this Policy should immediately report it to his/her supervisor, the Director of GME, resident ombudsman, Associate Dean for GME, DIO or other any other supervisor.

Approved by the GMEC and DIO, Effective 12/11/2019

Chairman of the GMEC

[DIO]

This Policy supersedes all prior, similar and/or related versions and revisions.
Appendix 1:

Synopsis of Selected Segments of NYS Education Law Section 6530

a) Obtaining a license or permit fraudulently;
b) Practicing the profession fraudulently or beyond its authorized scope;
c) Practicing the profession with gross negligence on a particular occasion or
   negligence on more than one occasion;
d) Practicing the profession with gross incompetence or incompetence on more than
   one occasion;
e) Practicing the profession while impaired by alcohol, drugs, physical disability, or
   mental disability;
f) Being a habitual abuser of alcohol, or being dependent on or a habitual
   user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs
   having similar effects, except if maintained on an approved therapeutic
   regimen which does not impair the ability to practice;
g) Having a psychiatric condition which impairs the ability to practice;
h) Being convicted of committing an act constituting a crime under New York State
   law, federal law or another jurisdiction which, if committed within New York State,
   would have constituted a crime under New York law; having been found guilty of
   improper professional practice or professional misconduct by a professional disciplinary
   agency in another state when the conduct, if committed in New York State would also
   constitute professional misconduct; having been found guilty in an adjudicatory
   proceeding of violating a state or federal statute or regulation pursuant to a final
   decision or determination, and such violation would constitute professional misconduct
   pursuant to this section;
i) Having his or her license to practice medicine revoked, suspended or having other
   disciplinary action taken, or application for a license refused, revoked, or suspended or
   having voluntarily surrendered his or her license after a disciplinary action was
   commenced in another state, where, if such conduct resulting in the refusal, revocation
   suspension or surrender were committed in New York State would constitute
   professional misconduct pursuant to this section;
j) Refusing to provide professional service to a person because of such person's
   race, creed, color or national origin;
k) Permitting, aiding or abetting an unlicensed person to perform activities requiring a
   license;
l) Practicing medicine while the license is suspended or inactive or willfully failing to
   register or notify the Department of Education of any change of name or mailing
   address;
m) Any willful violation of New York State Public Health Law or Education Law or
   Public Officers Law or failure to comply with any duly issued order pursuant to the
   Public Health Law relating to the practice of medicine;
n) A willful or grossly negligent failure to comply with substantial provisions of
   federal, state, or local laws, rules, or regulations governing the practice of
   medicine;
o) Exercise undue influence on the patient in such a manner as to exploit the patient
   for financial gain;
p) Directly or indirectly offering, giving, soliciting, or receiving or agreeing to
   receive, any fee or other consideration to or from a third party for the referral
   of a patient or in connection with the performance of professional services;
q) Conduct in the practice of medicine which evidences moral unfitness to practice
   medicine;
r) Willfully making or filing a false report, or failing to file a report required by law or by the Department of Health or the Education Department, or willfully impeding or obstructing such filing, or inducing another person to do so;
s) Failing to make available to a patient, upon request, copies of documents in the physician's control or possession which have been prepared for and paid for by the patient;
t) Revealing of personally identifiable facts, data, or information obtained in a professional capacity without the prior consent of the patient, except as authorized or required by law;
u) Practicing or offering to practice beyond the scope permitted by law, or accepting and performing professional responsibilities which the physician knows or has reason to know that he or she is not competent to perform, or performing without adequate supervision professional services which the physician is authorized to perform only under the supervision of a licensed or appropriate privileged professional, except in an emergency situation where a person's life or health are in danger;
v) Delegating professional responsibilities to a person while knowing or having reason to know that such person is not qualified, by training, by experience, or by licensure, to perform them;
w) Failing to respond to written communications from the Department of Health within applicable timeframes and to make any relevant records available in connection to any inquiry or complaint concerning the physician's misconduct;
x) Performing professional services which have not been duly authorized by the patient or his or her legal representative;
y) Abandoning or neglecting a patient under and in need of immediate professional care, without making reasonable arrangements for the continuation of such care, or abandoning a professional employment without reasonable notice and under circumstances which seriously impair the delivery of professional care to patients or clients;
z) Willfully harassing, abusing, or intimidating a patient either physically or verbally;
aa) Failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient;
bb) Failing to exercise appropriate supervision over persons who are authorized to practice only under the supervision of the physician;
c) Guaranteeing that satisfaction or a cure will result from the performance of professional services;
dd) Ordering of excessive tests, treatment, or use of treatment not warranted by the condition of the patient;
e) Failing to wear an identifying badge, which shall be conspicuously displayed and legible, indicating the practitioner's name and professional title while practicing as an employee offering health services to the public;
f) Failing to complete forms or reports required for the reimbursement of a patient by a third party;
gg) aa) Failing to use scientifically accepted barrier precautions and infection control practices as established by the Department of Health pursuant to section 230a of the public health law.

Note: This list is not exhaustive. Education Law 6530 should be consulted for the full breadth and scope of physician professional misconduct.
