This educational activity has NO commercial support

PURPOSE

The purpose of this conference is to engage nurses and our transdisciplinary healthcare partners in a discussion about strategies and best practices for the translation of new nursing and healthcare knowledge into meaning and beneficial practice at the point of care.

TARGET AUDIENCE

Nurses and transdisciplinary healthcare practitioners at the point of care, Advanced Practice Nurses, Nursing and Healthcare Leaders, Students and Faculty of Nursing and the healthcare disciplines.

EDUCATIONAL OBJECTIVES

At the end of the educational program, participants will be able to:

1. Discuss strategies to create and sustain an infrastructure that supports nursing research and evidence-based practice.
2. Analyze relevant and feasible strategies for integrating and sustaining clinical inquiry and evidence-based health care practices in the patient care setting.
3. Examine findings and outcomes of selected nursing studies for their translation to nursing practice.
4. Critically appraise original research reports for practice implications within the context of evidence-based practice.
5. Engage in networking opportunities for evidence-based practice and research.

NURSING CONTACT HOURS

Applied for 6.5 Contact Hours

ADA STATEMENT

In accordance with the Americans with Disabilities Act, SUNY Downstate Medical Center seeks to make this conference accessible to all. If you have a disability which might require special accommodations, please contact 718-270-8827 or email:
