Dec 11, 2025 3-4pm ET

# THE GREEN BOOK FOR HEALTH

Dr. Stella Safo, MD MPH, Facilitator

Co-hosted by:

DOWNSTATE  
HEALTH SCIENCES UNIVERSITY

JUST EQUITY  
FOR HEALTH  
JUSTICE. EQUITY. HEALTH.

## Finding Our Way to Safety: The Green Book for Health

As current federal policies threaten civil liberties and essential healthcare benefits, how can our communities secure safe and reliable care? The Green Book for Health is a grassroots movement empowering Black populations to crowdsource vital information about trusted healthcare clinicians and facilities—creating our own networks of care when systems fail us. Drawing inspiration from the historic Green Book that guided Black travelers to safe spaces, we're building a modern guide for healthcare access. Join us to discover how we're investing directly in Downstate and East Flatbush communities through collective knowledge, community action, and mutual support.
