accredited in 2010. Imperato now spearheads academic affairs at Downstate Health Sciences University. Under his guidance, the School of Public Health has grown rapidly and now occupies a \$100 million building on campus. Trained in internal medicine, public health and tropical medicine, he served for six years in Mali, West Africa with the Centers for Disease Control and Prevention as a medical epidemiologist in the Smallpox Eradication/Measles Control Program. Imperato was later appointed as the principal epidemiologist for the New York City Department of Health and subsequently became the city's Commissioner of Health.
