470 Clarkson Avenue

- 1 Suite R, Lower Level
- 2 Emergency Department

445 Lenox Road

- 3 UHD Lobby & Main Building

Getting Here

Public Transportation

By subway, take either a **#2** or **#5** “Flatbush” train to the Winthrop Avenue stop. Exit on Nostrand and walk to Clarkson.

Walk east on Clarkson Avenue. The main entrance to the Outpatient Department and Suite R is **470 Clarkson Avenue**.

By bus, take the **B12 bus** and get off at the stop near East 37th Street on Clarkson Avenue—the stop is directly in front of University Hospital at Downstate. You can also take the **B44 bus** and get off at New York and Clarkson Avenues and walk to the entrance.

Parking

Parking is available in the nearby Kings County Hospital Center parking garage on Clarkson Avenue for a small fee.

Making Brooklyn Better

The care in a medical home is personal, and our job is to make sure you get the healthcare you need.

What is Patient-Centered Medical Home (PCMH)?

PCMH is a unique approach to comprehensive high quality health care. The care in a 'medical home' is personal, and our job is to make sure you get the healthcare you need. Our goal here at Internal Medicine Associates is to form a partnership with you and your family to make your healthcare easy and accessible. Our most important job is caring for YOU.

As your PCMH we will utilize the most current evidence-based care guidelines to:

- Coordinate your referrals to all specialists
- Coordinate your care from inpatient to outpatient
- Coordinate and monitor your self-management efforts

Primary Care Services for Your Entire Family

- Expert diagnosis and treatment of all common illnesses using the most current evidence-based care guidelines
- Preventive care services
- Access and referral to world class specialists

Available Services

Adult Primary Care Services

- General physical exams
- Treatment of acute and chronic illnesses
- Geriatric care
- Cancer screening
- Podiatry

Pediatric Primary Care Services
