

## **COVID-19 Funding Opportunities by Institute**

The following opportunities represent both federal and non-federal funding opportunities. The federal opportunities are also posted on the [Grants.gov](#), [NIH Guide for Grants and Contracts](#), and [NSF.Gov](#).

Investigators should check eligibility and obtain any necessary approvals before applying.

**Notice of Special Interest (NOSI) applies to Administrative Supplements and Revision Supplements only for Coronavirus.**

*Revised 5/9/2020*

### **Amazon Web (AWS) NEW**

*The AWS Diagnostic Development Initiative (DDI) provides support for innovation in rapid and accurate patient testing for 2019 novel coronavirus (COVID-19), and other diagnostic solutions to mitigate future outbreaks. Although vaccine and treatment development research is generally funded by private foundations and government agencies, fast and reliable diagnostic techniques are slow to be developed. Accurate testing and diagnosis at point-of-care or regional locations for patients with COVID-19 is critical to early intervention and treatment. AWS is offering technical support and providing AWS promotional credits to support the use of AWS services to advance diagnostic research for selected institutions and companies.*

[AWS Diagnostic Development Initiative \(DDI\)](#); Deadline: June 30, 2020
