WHY WE VALUE YOUR INPUT?

Your knowledge and perspective is essential in shaping Community Connect. By taking your feedback through our brief, confidential survey, you'll help ensure that Community Connect is developed with your practical needs in consideration.

Tell Us What You Need!

Seeking Community Based Organization Feedback

SUNY Downstate is developing **Community Connect**, a free online platform designed to help community-based organizations (CBOs) build partnerships, access funding opportunities, and strengthen their programs.

To ensure the platform truly reflects the needs of CBOs in today's environment, we're inviting CBO staff to complete a brief, confidential survey (approx. 15 minutes).

Your input is essential for creating a tool and platform that genuinely serves you and your community.
