Admitted Patients can have ONE visitor at a time, limited to TWO per day, for up to four hours each per day, between the hours of 12pm-8pm. Visitors must remain in patient rooms at all times. Patients undergoing same day procedures may be accompanied to the facility by a companion. That person may remain with the patient through the initial intake process and may rejoin the patient for the discharge process. For pediatric patients under the age of 18 and undergoing a procedure, two parents will be allowed to accompany the patient.

VISITOR GUIDELINES

Each visitor must be 12 years of age or older.

No Visitors for COVID-19+ Patients

EXCEPTIONS:
- End-of-Life
- Special Needs/Intellectual Disabilities
- Maternal-Child Services:
  - Labor and Delivery: 24-hour visitation for 2 support persons
  - Post-partum: 2 support persons, 12pm-8pm, when possible, designated support person may remain with patient
  - Neonatal units: 1 parent/guardian at a time, 12pm-8pm
  - Pediatric patients: 24-hour visitation for 2 parent/guardian/support person at a time and they may rotate

To protect our patients, visitors and staff, we have new rules and safety guidelines:
- Admitted Patients can have ONE visitor at a time, limited to TWO per day, for up to four hours each per day, between the hours of 12pm-8pm.
- Visitors must remain in patient rooms at all times.
- Patients undergoing same day procedures may be accompanied to the facility by a companion. That person may remain with the patient through the initial intake process and may rejoin the patient for the discharge process. For pediatric patients under the age of 18 and undergoing a procedure, two parents will be allowed to accompany the patient.

Potential risks and benefits of the visitor’s presence:
- We are dedicated to the safety of patients, staff, and visitors.
- We recognize the role loved ones play in the process of illness and recovery, but visitation is strongly discouraged from visiting patients who are at high risk for severe illness from COVID-19, including older adults, or those with an underlying medical condition.
- Visitation poses a risk to the health of the visitor and we urge you to consider visitation by phone or Facetime/video.

EVERYONE WILL BE SCREENED BEFORE ENTERING THE HOSPITAL

PLEASE REMEMBER TO

- SANITIZE HANDS
- MAINTAIN SOCIAL DISTANCE
- WEAR A FACE COVERING OR MASK
- GET VACCINATED
